Chapter 2138

Chapter 2138

"Haha!" "Cynthia, Iris, just come here!"

The Third Guardian could not help but laugh loudly once he got there.

After that, he did not care about Leon and Henry behind him as he quickly reached forward to grab the two girls!

He knew very well that the girls there were all weak. They were not strong enough to do anything to him!

As long as he captured Iris and Cynthia, Leon and Henry's attacks would stop!

Then, he could use the two girls to threaten Leon, turning the tables!

However, before he could even finish his plan, something that shocked him happened at the next moment!

Boom!

Iris quickly reacted when she heard Leon.

After that, with a flick of her wrist, an unbelievably strong aura surged out from the Cuff of Doom, charging right at the Third Guardian!

"W-what is this? Is this another treasure?!" The Third Guardian was shocked when he felt the intense attack.

The Cuff of Doom was already painted gold Leon, he had no way of telling that it was Asmodeus' famous treasure!

However, with his rich experiences and Leon's cry to Iris just now, he quickly realized that it could very well be an incredibly powerful treasure!

Not only that, treasures in the martial world, whether they were defensive or offensive ones, were remarkably rare.

They were highly sought after!

Yet, Leon did not just have a strange defensive treasure on him, but even gave Iris an offensive one!

He could not understand where Leon got all the treasures from!

It exceeded his expectations greatly, catching him completely off guard!

He did not dare to delay things for a single moment, quickly changing his approach as he attacked the Cuff of Doom instead!

Bang!

With a violent clash, the Third Guardian's attack clashed violently with the Cuff of Doom's power!

Since it was a sudden occurrence, the Third Guardian was not prepared at all. On top of that, he never expected the Cuff of Doom to be at the Almighty Level!

In his hurry, he was able to stand up to the Cuff of Doom's power. He was sent flying by the attack!

However, the Cuff of Doom only contained power at the initial Almighty State. It did not reach the intermediate Almighty State!

With his immense power and skill, it would not deal any real damage to him!

He flipped in the air, staggering before he steadied himself!

"You shameless and despicable old man. Die!"

Leon and Henry finally caught up at that moment.

After that, the two of them unleashed their attacks right at the Third Guardian's back!

"Not good!"

The Third Guardian's expression changed dramatically when he felt the attack coming for him!

Earlier, he ignored Leon and Henry to capture Iris and Cynthia!

Yet, he never expected that he would fail at his goal, being beaten back by Iris' treasure!

It was a complete mistake, and he was immediately in a very bad spot!
