

The Ex-Husband's Revenge By Dragonsky

Chapter 2145

Chapter 2145

With the Dragon Corps, outside the security gates, Leon walked out of the car with the Sharp brothers, alongside the three guardians.

At that moment, after the journey, the unconscious Third Guardian already woke up.

After they got out of the car.

"Leon, what are you trying to do? Where did you bring us?" The Third Guardian said darkly, looking at Leon venomously.

Leon did not only break his arm but crippled his strength as well, turning him into a useless person!

Thanks to that, he already hated Leon to the bone, wanting to rip Leon apart!

"What am I doing? You'll know very soon!" Leon said with a sneer.

"Hey, this looks like the southern region's Dragon Corps!

Brat, are you planning on leaving us to them to deal with?" The Fifth and Sixth Guardians looked around and quickly recognized where they were.

Right after that, all three of them were shocked, vaguely guessing Leon's intentions!

"What if I am?! Stop talking and wasting my time!" Leon said coldly. After that, he motioned for the Sharp brothers to bring their captives over to the security department.

"You don't know your place!"

"Do you think you can do whatever you want with the

Dragon Corps?!"

Hearing Leon admit to it, the three guardians could not help but sneer. They looked at Leon like he was an idiot.

All of them knew that the Dragon Corps was there to maintain law and order in the martial world. They rarely interfered with the grudges between martial artists!

The three of them were not on the Criminal List, and they were not evildoing thugs either!

With their situation, there was no way Leon would be able to just get the Draogn Corps to deal with them!

Furthermore, the Dragon Corps was a special department that not everyone could enter!

If they were not mistaken, they guessed that Leon would not even be able to get past security, let alone hand them over to the Dragon Corps!

It was not possible at all!

Yet, before they could even finish that thought, something that shocked them happened!

"This is a special department! Non-authorized personnel is all to stop!"

As Leon and the others walked over, they were quickly stopped by two guards in black uniforms.

However, when they saw that Leon was walking in front, they quickly swallowed their words in shock!

"So it's M-Mister Wolf!" The guards said respectfully.

Ever since Leon joined the Platinum Dragon Guard, especially because he was in charge of leading the team against Poisonwielder, he went in and out of the building a few times.

The guards there saw him before and naturally knew who he was.

However, Leon's rank was too high. They only knew that Leon was probably a member of the Dragon Corps, but did not know that Leon was part of the Platinum Dragon Guard!

On top of that, Leon was non-staff personnel. His identity could not be exposed!
