

The Ex-Husband's Revenge By Dragonsky

Chapter 2149

Chapter 2149

"M-Mister Wolf?"

The three guardians were stunned at the sight.

They exchanged looks of utter shock with each other!

They were all members of the underworld, and they'd encountered those from the Dragon Cops a few times!

The three of them all recognized Oliver and Abraham, and they knew that both of them were quite high-ranking in the southern region's Dragon Corps, being Second-level Gold Dragon Guards!

Yet, they never would have dreamed that the two of them would be so polite to Leon the moment they appeared, even apologizing to him for being late!

It caught them completely by surprise!

Suddenly, they were filled with shock, and an uneasy feeling rose in their hearts!

"C-could Leon be a part of the Dragon Corps?"

"He could even be a First-level Gold Dragon Guard."

The Fifth and Sixth Guardians felt their hearts skip a beat, seeming to understand something!

Back when they accompanied Rodney to the Scammells during their first confrontation with Leon, Leon asked those two to capture Rodney before!

At the time, they wondered why Oliver and Abraham would listen to someone like Leon, capturing Rodney for no reason!

Yet, at that moment, after seeing how respectful those two were to Leon, they seemed to have a moment of realization!

Leon might be part of the southern region's Dragon Corps, just like Abraham and Oliver!

Furthermore, Leon was higher ranked than the other two, and was at least a First-level Gold Dragon Guard!

Otherwise, there was no way Leon would have had the ability to instruct those two to capture Rodney!

"What a load of crap! Who said Mister Wolf is just a Gold Dragon Guard?! I don't mind telling you this, but Mister Wolf is part of the Platinum Dragon Guard!" Abraham said coldly, revealing Leon's identity.

"What? The Platinum Dragon Guard? H-how is that possible?! if

The moment Abraham said that, it was like a bomb went off. The three guardians were utterly shocked!

Even though they vaguely guessed the situation, the three of them still never expected Leon to be a part of the Dragon Corps. He was even a high-ranking Platinum Dragon Guard!

That was not all, based on what they knew, the Platinum Dragon Guard was the highest rank in the southern region. Only those at the Almighty State had the right to take up the mantle!

Yet, Leon managed to achieve the rank at his age!

That was just too unbelievable!

It was obvious how shocked they were!

"No wonder!"

"No wonder this guy is so strong!"

"So that's it."

The three guardians had a change of expression after they recovered from their shock.

After fighting against Leon, the three of them saw Leon's abilities and skills. Even if he was not at the Almighty State, he was not that far off!

They were quite surprised. Leon was so young, and was someone without any power or background. They did not know how he was so strong!

They finally understood that Leon was part of the Platinum Dragon Guard!

Since that was the case, Leon was at least at the Almighty State!

It was no wonder that Leon was able to defeat them.
