

## The Ex-Husband's Revenge chapter 2154

In the office, a knock was heard. Leon, Oliver, and Abraham pushed the door open and walked in, seeing Alfred sitting at his desk.

“Greetings, Mister Glasbey,” The three of them greeted and bowed.

“Leon, why are you here?”

Alfred was quite surprised when he saw Leon there, so he got up and walked over.

“Mister Glasbey, the Nine Suns Flower you gave me last time was remarkable. I came over to thank you,” Leon said with a smile.

The Nine Suns Flower was an amazing and rare herb. It was something highly sought after!

Alfred kept it and planned on using it for himself, but ended up giving it to Leon instead!

Otherwise, there was no way Leon would have broken through with his sage arts so easily, and improved so much in his martial arts as well!

He was very grateful to Alfred!

“We’re all family here, there’s no need to be so polite! So how’s your power right now? Are you already in the Almighty State?” Alfred asked with a smile.

“Yes, more or less,” Leon said vaguely.

Even though his actual skills were still not at the Almighty State, he was already able to reach the intermediate Almighty State and battle.

However, it involved way too many details that he could not share with Alfred.

So, he was forced to vaguely brush over it!

“That’s good! I hope you’ll continue working hard. You’ll be able to achieve more in the future,” Alfred patted Leon on the shoulder and said. His tone was full of praise and admiration.

With Leon already at the Almighty State, it meant that Leon was already a true member of the Platinum Dragon Guard!

Other than that, Leon was still so young, and he was already so strong. He was an incredibly rare genius!

Whether it was in the Southern region or the whole Sky County, Leon was probably unrivaled amongst the younger generation!

He had high hopes for Leon!

“Mister Glasbey, I have a Nine Suns Pill here. It was made with the Nine Suns Flower. I came over to give it to you to thank you,” Leon changed the topic.

After that, he took out a Nine Suns Pill for Alfred.

He repaid favors!

Alfred gave him such an amazing gift, he naturally had to give one Nine Suns Pill to Alfred as repayment!

That was why he came to see Alfred.

“Nine Suns Pill? What is it? What are the effects?” Alfred looked at the pill in confusion.

The Dragon Corps was in charge of order in the martial world, so they had a vast information system!

Ever since Cynthion Group emerged in the southern region and used pills to gain a name for themselves, they attracted the attention of the DragonCorps!

Alfred heard about how Leon was announced as the chairman of Cynthion Group after the second sales drive as well. Head heard about the amazing effects of the pills from the company too!

However, he never heard about the Nine Suns Pill.

So, he did not know what the effects were!
