

# The Ex-Husband's Revenge By Dragonsky

Chapter 2166

Chapter 2166

"Sir, I'm willing to offer my services to deal with Leon," the Fourth Apostle immediately stood up when he heard what the Grand Apostle said.

"There's no need. It would just be overkill! The Second Guardian said earlier that the Scarlet Thief has a big grudge against Henry! Since that's the case, let's face the Scarlet Thief deal with Henry and Leon! There would be no need for us to do anything!" The Southern Boss sneered.

"Sir, do you mean you want to use the Scarlet Thief?"

Everyone immediately realized what the Southern Boss was planning on doing!

"Yes, that's right! The Scarlet Thief is one of the Eight Criminals. He's an incredibly violent person, and doesn't blink an eye when killing others! Leon dared to accept an enemy of the Scarlet Thief into his fold. He is looking for it! If the Scarlet Thief finds out, he won't let Leon and Henry off! " The Southern boss said darkly.

"You're right! Henry stabbed the Scarlet Thief in the eye before. The two of them are mortal enemies! If the Scarlet Thief finds out where Henry is, there's no way he'll hold anything back in trying to kill Henry to take his revenge!" The Second Guardian said with a nod.

"Leon will bring about his undoing! I'll think of a way to contact the Scarlet Thief. I'll make sure to tell him about

Leon recruiting Henry! With his skills, it will be easy for him to kill Leon and Henry!" The Southern Boss said coldly.

The underworld was full of gray areas.

The Eight Criminals were all extreme evildoers. To hide their tracks and hide from the Dragon Corps, they had ties with the underworld!

Even though he did not know where the Scarlet Thief was hiding, it would not be hard for him to contact the man!

Just like with Asmodeus, the fact that he managed to contact Asmodeus naturally meant he had a way of contacting the Scarlet Thief!

As long as he revealed Leon and Henry's matter to Scarlet Thief, Scarlet Thief would find a way to take revenge!

Then he just needed to give Scarlet Thief some help or money to get rid of Leon too!

It was the perfect plan!

"That's a good idea! The Scarlet Thief is ranked fourth among the Eight Criminals. He's very strong, and there aren't many who can defeat him in the southern region!

Furthermore, he managed to get an Advanced Black Class martial technique a few days ago, he's gotten even stronger! With his skills, there's no way Leon and Henry will be a match for him!"

Everyone agreed with the plan, praising the Southern Boss!

All of them already heard about the Scarlet Thief stealing a Black Class technique a few days ago!

With the Scarlet Thief's skills, on top of that Black Class technique, he could already be considered to be at the top of those that were at his level!

Even the Four Apostles, other than the Grand Apostle, might not be able to face the SScarlet Thief!

If the Scarlet Thief dealt with Leon, things would get done!

"Brat, let's see if you'll die this time!" The Southern Boss said coldly. There was a sharp and murderous glint in his eyes.

The Eight Criminals were all ruthless, cruel, and cunning evildoers. They were very hard to deal with!

Furthermore, the Scarlet Thief was around for many years. Even the southern region's Dragon Corps failed to do anything to him despite many attempts!

Leon would stand no chance!

There was no way Leon would have the ability to deal with the Scarlet Thief!

He would die!

Other than that, there were no other possibilities!

Of course, he did not know that the information about Henry was deliberately released by Leon through Oliver and Abraham. It was meant to lure the Scarlet Thief in!

The fact that he was planning on using the Scarlet Thief against Leon and Henry was helping Leon!

If Leon knew about the matter, Leon might have thanked the Souther Boss!
