

The Ex-Husband's Revenge By Dragonsky

Chapter 2198

Chapter 2198

"It's over..." Chandler despaired as he sensed how fierce the Scarlet Thief's attack was.

He had just managed to get up from the ground. The Scarlet Thief was far too swift, so there was no time for him to dodge the attack. He could only watch as the Scarlet Thief's energy charged toward him.

Unless there was a miracle, he would undoubtedly die instantly if he took the attack.

"Don't you dare!" Just then, Leon managed to catch up to them.

Seeing how Chandler was in danger, Leon immediately used the Phantom Steps to move at incredible speed and stood still in front of Chandler. However, since he did not have time to counter the attack, he could only angle his chest to receive the attack with his Mirror of Sovereign.

With a deafening sound, the Scarlet Thief's attack collided with Leon's chest. However, Leon stood strong and was unscathed.

"Die, Scarlet Thief!" Frustrated by the Scarlet Thiefs repeated escape from him, Leon refused to let go of the chance to kill the Scarlet Thief slip by.

He launched the Earthly Plunder and gathered all his spiritual energy on the tip of his finger before releasing it at the Scarlet Thief's chest.

"Damn it!" The Scarlet Thief exclaimed in terror.

He was still riding on the momentum of the attack he launched toward Henry and Chandler, so he could not muster the strength to dodge Leon's incoming attack!

With a loud booming sound, Leon's Earthly Plunder pierced through the Scarlet Thief's chest, leaving a hole that bled out profusely.

"Why you...!" The Scarlet Thief widened his eyes in rage and remorse before dying and collapsing onto the ground with his eyes wide open.

"It's finally over!" Leon sighed a breath of relief.

It was rather challenging for Leon to eliminate the Scarlet Thief.

Though he surpassed the Scarlet Thief in overall strength, it was not by a huge margin.

The Scarlet Thief was a martial artist in the Intermediate Almighty State who possessed a black-class martial technique. On top of that, he was infamous as one of the most cunning people on the criminal list.

The southern region branch of the Dragon Corps had been going after the Scarlet Thief for years and failed miserably in bringing him to justice. That was sufficient to show how formidable the Scarlet Thief was.

Leon had somehow managed to kill the Scarlet Thief by himself. Luck also played a minor role in his success.

He was far too young, and the Scarlet Thief had underestimated him, giving Leon an advantage.

Had the Scarlet Thief escaped right from the start, Leon might not be able to hurt him at all. However, due to the Scarlet Thief's misjudgment, he underestimated his opponent, and the mistake cost him his life.
