

The Ex-Husband's Revenge By Dragonsky

Chapter 2215

Chapter 2215

"Southern Boss, I've received another piece of information that says the Dragon Corps in the southern region has sought help from the Dragon Guards in the eastern region. A team has been sent to the southern region this morning and it was led by Zack with the sole purpose of hunting the Scarlet Thief down. I think the Dragon Guards from the two regions are now celebrating their success," The man continued.

The Southern Boss was one of the rulers of the southern region with extensive connections all over the area.

Alfred somehow managed to keep the operation a secret, but since the Dragon Guards from the eastern region arrived and a feast was arranged for the people from the eastern region, it was only a matter of time for the people who worked for the Southern Boss to learn about it.

Hence, the young man from the Spears caught the news that the Scarlet Thief was killed and that Alfred was having a feast with Zack and others.

"What?" The Southern Boss and the others were stunned.

None of them expected the Dragon Guards from the eastern region to travel so far to assist in the attack against the Scarlet Thief, so they were all taken by shock.

"It's no wonder that the Scarlet Thief failed! So the southern region has joined forces with the eastern region!"

Realization dawned on the Southern Boss.

As one of the most influential forces in the southern region, the Southern Boss heard that the Dragon Corps in the eastern region hunted down The Phantom, who ranked fifth place on the criminal list. He also heard that Zack, who was also in the Advanced Almighty State, was one of the Dragon Guards who hunted The Phantom down.

Since Zack led the Dragon Guards from the eastern region to back the Draon Corps in the southern region up, it made sense that the Scarlet Thief would not survive their attack.

On top of that, the arrival of Dragon Guards from the eastern region was kept a secret, and no one, including the Southern Boss and the Scarlet Thief, caught news of it, so it seemed possible that the Scarlet Thief was caught off guard.

Instantly, the last fog of confusion was lifted and the Southern Boss came to conclude that the Dragon Guards from both the southern and eastern regions joined forces to eliminate the Scarlet Thief.

"That has to be the case! How can Leon be so lucky? Back when the guardians went after him, Henry popped up out of nowhere to save Leon, but now, when the Scarlet Thief went after him, the Dragon Guards from the eastern region came out of the blue to get rid of the Scarlet Thief."

"Yeah. It's because of sheer dumb luck that Leon manages to escape death repeatedly!"

The others swore and cursed in resignation as they also thought that the Scarlet Thief was killed by the Dragon Corps.

What they did not know was that Leon killed the Scarlet Thief on his own and the Scarlet Thief's death had nothing to do with the Dragon Corps at all.

Still, the Southern Boss and his subordinates were looking down on Leon and would rather believe that the Dragon Corps was responsible than think that a young man like Leon had a hand in it.
