

The Ex-Husband's Revenge By Dragonsky

Chapter 2264

Chapter 2264

Bang!

With an intense clash, Leon and John's attacks struck each other!

Even though Leon's Mirror of Sovereign could stop attacks from the Semi Almighty State and below, John was already at the Almighty State!

That was not something his mirror could take!

After the clash, Leon was no match and was sent back by John's attack. He staggered a few steps back before managing to regain his footing!

Of course, John just wanted to stop Leon's attack. He had no intention of harming Leon!

Other than being forced back, Leon was perfectly fine!

"Mister Thompson, what is the meaning of this?" Leon's expression darkened as he looked at John unhappily.

"Mister Wolf, please calm down! Yonas is at fault this time for sure. He wronged you and Miss Yong so much, I wish to apologize to you two in his stead. But please, for the sake of the Thompsons, spare him this time," John said sincerely, helping Yonas ask for mercy.

"What?"

Leon, Iris and the others were shocked to hear that, they could not believe their ears!

"Mister Thompsons, Yonas injured you just now, and almost cost you your life! So why are you protecting him and helping him ask for mercy right now? Are you crazy?" Leon said coldly.

Even though he reached the place quite late, Iris already told him everything that happened, including how Yonas injured John with a sneak attack!novel.xo

It was precisely because of that, that he could not believe that John was trying to help Yonas!

"That's right! Uncle John, Yonas crossed the line this time! You should just like Leon teach him a lesson so he doesn't get worse in the future," Roanne agreed angrily.

"That-"

"Leon, Miss, no matter what, he's still a direct descendant of the daily! He can be cruel to me, but I can't forget my duty to him! In the end, I'm a Thompson. I'm responsible for protecting the family. I can't just sit by and watch as he's injured by someone else," John shook his head and said.

"You idiot!"

Leon was furious, but he started to respect John in his heart!

After interacting with each other for some time, he could tell that John was an honorable person. He was incredibly loyal to the Thompsons!

Even despite Yonas injuring John, John did not hate him at all. Instead, he even thought about the family's benefits and the bigger picture as he immediately protected Yonas!

That kind of loyalty felt a bit stupid, but it was also very rare and valuable!

"Mister Thompson, please forgive me for being direct. Your relationship with our family has always been a friendly one. You've already thought Yonas a lesson by injuring him. If you cripple his arm and the matter gets bigger, it might destroy our friendly relationship," John said with a complex expression, hoping Leon would stop there so things did not get bigger!

That would not be good for Leon or the Thompsons!
