

The Ex-Husband's Revenge By Dragonsky

Chapter 2266

Chapter 2266

"Mister Thompson, are you insisting on going against me?!" Leon's face turned cold when he saw that John was unwilling to give way. He was thoroughly angered by John's stubborn loyalty!

"Mister Wolf, that's not what I want. I just hope that this matter can be dropped here. I don't want to ruin the friendship between you and our family," John said stubbornly.

As he said that, he looked to Yonas behind him as he hurriedly urged, "Sir, I'll help you hold Mister Wolf off. Go now!"

He knew very well that Leon was still furious at that moment, and would not drop the matter that easily!

Since that was the case, all he could do was do his best to stop Leon so Yonas could escape!

As long as Yonas managed to leave safely, he could get Angus to come over and the matter would probably be resolved!

Then, all the problems could be avoided!

At that moment, Yonas forced himself up despite his injuries. With Fiona's help, he staggered up to the ground.

Leon's Hurricane Break was too strong earlier, and the two of them were struck!

Thankfully, with Norm and Sully in front, their injuries were not that severe!

In particular, Fiona merely had some light injuries. Other than looking a bit pale, there was nothing else wrong with her!

"Yes, alright!" With John's urging, Yonas suddenly knew what to do!

He knew that Leon did not plan on letting him go so easily. He needed to flee as soon as he could!

However, Leon injured him quite badly this time, and he already hated Leon to the bone!

Before he left, he did not forget to glare at Leon viciously before he spat out, "Leon, I'll remember what happened today! Just wait! In the future, I'll make you pay twice- no, ten times back!"

Yonas looked at Leon with eyes that were full of hatred!

Even though he already decided to run away, he knew that John was someone at the Almighty State. He was much stronger than a young and insignificant man like Leon!

With John helping him stop Leon, he gained quite a lot of confidence!

Because of that, he immediately lost all his fear. He was no longer panicking like before and instead looked calm. He had a renewed sense of arrogance!

"Yonas, you're courting death!" Leon was furious when he heard that!

He was already angry in the first place. Yonas's arrogant words caused his temper to flare to its limits!

Right after that, he did not hesitate at all to unleash an incredibly strong attack right at Yonas!

"Mister Wolf, I'm sorry! I owe you a debt for the pills. I shouldn't be attacking or disrespecting you, but I can't let you hurt him. I'll make up for it in the future," John clenched his teeth as he tried to stop Leon again!

"You don't know your place! Fifi, let's go!" Yonas looked at Leon with disdain before he called for Fiona. Then, he calmly started to walk to the exit!

He knew that John was stronger than Leon. With John protecting him, he did not think that Leon would be able to hurt him at all!

It did not sound possible!

However, before he could even finish his thoughts, something that shocked him happened the next moment!
