

The Ex-Husband's Revenge By Dragonsky

Chapter 2279

Chapter 2279

"What?!"

Hearing that, both Angus and Roanne were shocked. They could not believe their ears!

Roanne, in particular, had been right there when Leon and Yonas had their conflict. She knew better than anyone how things went!

At the time, Leon had only broken Yonas' arm. He did not try to kill Yonas at all!

When Yonas left, he had been quite lively as he scrambled away. He did not seem to be in any danger!

Yet, Norm and Sully were saying that Leon was the one who killed Yonas!

That was just unbelievable!

She could not believe that Leon was the one behind it!

"No, that's impossible! Granduncle, even though Leon did injure Yonas, he did not use that much force! There's no way he could've killed Yonas!" Roanne did not even think about it before she spoke up in Leon's defense.

"That's right! Leon's always had a good relationship with us. There's no way he would try to kill Yonas," Angus hurriedly agreed.

He had not seen Leon's conflict with Yonas, but considering Leon's relationship with their family, he felt that it was unlikely for Leon to kill Angus!

He did not need to do that at all!

' Norm, Sully, explain it a bit more! Wasn't Yonas fine when he left Elegante? How did Leon end up killing him?!" Arthur said, holding back his rage.

Roanne and John had already reported to him about how Leon had injured Yonas!

Arthur was of the same mind as Angus. He did not think that Leon would try to kill Yonas!

With Leon's ability and intelligence, there was no way Leon would do something so stupid!

"It's like this. After Yonas came back, his condition worsened, and he died before he could get any treatment..."

Norm and Sully explained, briefly going through what happened.

"How do the two of you know that Yonas' condition worsened? Did you see it for yourself?"

Angus frowned after he heard that.

Based on what Norm and Sully said, the two of them had left Yonas' side for quite some time to find a doctor for his treatment.

By the time the two of them got back, they found Yonas already dead on the bed!

It was quite a strange and unusual situation!

However, since Fiona was Yonas' girlfriend, he did not suspect Fiona at all, especially since he could tell that Fiona was just an ordinary, weak girl and not some incredibly powerful martial artist!

"That's what Doctor Seger said..." Norm and Sully replied as they pointed at Finlay.

"Doctor Seger, are you sure that Yonas really died because his severe injuries were not treated in time?" Arthur looked at Finlay with an intense expression.

"Elder Thompson, based on my evaluation, Mister Thompson's chest was injured. The injury harmed his heart as well, which is why he died," Finlay voiced out his conclusion.

"Leon! How dare you kill Yonas! You've made enemies out of us now!" Arthur was absolutely furious. The murderous intent in his body rose to the skies!

With Norm and Sully's accusation of Leon and Finlay's evaluation, he was already certain that Yonas was killed by Leon!

Even though Yonas had tried to use despicable ways to gain Elegante's shares and was the one at fault, it was still not a crime worthy of death!

Regardless, Leon acted ruthlessly and ended up killing Yonas!

That changed everything!

Suddenly, it was evident how angry he was and how much he hated Leon!

"That..."

Angus opened his mouth to speak but stopped in the end. i

Even though he could not believe that Leon would try to kill Yonas, the truth was right in front of them. All the evidence was pointing at Leon!

Even if he wanted to say a few words to protect Leon, he was at a loss for words.
