Chapter 2328

Chapter 2328

"Running? Not so soon! Block their way. Don't let them get away!" The Southern Boss and Devon commanded.

The Spears and Hiltons instantly surrounded Leon and the Thompsons, blocking all paths they could use to escape.

"Damn it! Mister Wolf, the Thompsons will make a way for you. Hurry up and run!" Arthur's expression darkened and raised his arm to order an attack, only to be stopped by Leon.

"It's fine, Elder Thompson! I don't intend to run, nor is there a need to! I stand by my words. You and the Thompsons need to keep the Southern Boss and the Hiltons in place while I deal with the Four Apostles! We will join forces and eliminate the Southern Boss and the Hiltons in one go!" Leon said.

"Why you!" Arthur's expression darkened.

He never anticipated for Leon to be so stubborn and insist on fighting the Southern Boss.

If he acted according to Leon's plan, Leon himself and the Thompsons would all perish and no one would escape alive, so he could not allow Leon to act as he pleased.

"How dare you?!" The Four Apostles roared in rage.

Leon was merely a young man, yet looked down on the Four Apostles in public and openly claimed that he would destroy the Four Apostles, which provoked them.

They glared daggers at Leon, desperately hoping that they could smash Leon on the spot, but none of them dared to move before the Southern Boss gave his order.

"Leon, you sure are good at bluffing! Let's see how you're going to handle my Apostles! Great Apostle, take care of him and show him how it's done!" The Southern Boss commanded maliciously.

Arthur and the Thompsons were surrounded and could no longer escape, so the Southern Boss was not in a hurry to act against the Thompsons.

He decided to order the Great Apostle to kill Leon and bring down the Thompsons' spirits, before killing every last one of them.

"Yes!" The Great Apostle was about to attack when the Fourth Apostle stopped him.

"Sir, why waste so much resource on a puny man like him? The Great Apostle shouldn't have to do this. Let me take care of that kid!" The Fourth Apostle suggested, eager to make Leon pay for his arrogance.

"Alright. Make it quick. Don't waste my time!" The Southern Boss nodded.

The Southern Boss witnessed Leon displaying his strength during the sales drive and assumed that Leon was in the Overlord State.

Since both the Great and Fourth Apostles were in the

Intermediate Almighty State, either one could easily kill Leon. i "Yes, sir!" The Fourth Apostle said, before striding up to Leon. 1
