Chapter 2337

"Can it be that Leon is really in the Intermediate Almighty State?" Realization dawned on the Southern Boss.

He jumped to conclusion and assumed that Leon was in the Peak Overlord or Semi-Almighty State at best earlier, yet Leon's

speed seemed to surpass the Grand Apostle, and he managed to defeat two of the Four Apostles.

It could no longer be considered a coincidence and Leon's victory could not possibly be because of the defensive tool he

possessed; it became evident that Leon was likely a martial artist in the Intermediate Almighty State as well.

"Right, that has to be it! This brat has been concealing his strength! How cunning!" The Southern Boss's expression darkened.

Though he could not confirm his theory, he could tell that Leon was not far from reaching the Intermediate Almighty State, if he was not already in it.

On top of that, Leon possessed a powerful defensive tool, and it began to make sense that both the Grand and Forth Apostles lost.

He thought back to how his attempts to assassinate Leon failed each time.

At the time, he was confused about how Leon managed to evade his attack repeatedly, and it was at this moment, he finally realized Leon was far more powerful than he originally imagined.

He underestimated Leon due to his young age, and that led to his failure.

"Great! Who would've thought that Mister Wolf has reached the Intermediate Almighty State at such a young age!"

"No wonder he dared to challenge the Four Apostles!"

Contrary to the Southern Boss's and Devon's disappointment, Arthur and Angus were both overjoyed.

Arthur, who was just as experienced in battle as the Southern Boss, could tell that Leon likely reached the Intermediate Almighty State, as he would not be able to defeat both the Grand and Fourth Apostles consecutively.

In the beginning, Arthur was hesitant about accepting Leon's plan, but since Leon seemed to be in the Intermediate Almighty State and had the help of the Mirror of Sovereign, Arthur realized that he might have what it took to defeat the Four Apostles alone.

His spirit was instantly uplifted and his eyes lit up with hope.

Though the Southern Boss had the Hiltons' support, both the Hiltons and the Spears were slightly less influential than the

Thompsons. So long as Leon managed to defeat all of the Four Apostles, the Thompsons might be able to find a way to victory.
