Chapter 2338

"Take another blow, old man!" Leon charged forward to attack the Grand Apostle on the ground to eliminate him at once.

"Don't you dare!" The Southern Boss roared viciously.

Upon learning that Loen was a martial artist in the Intermediate Almighty State, he dared not to underestimate Leon and leaped toward him without hesitation.

"Southern Boss, it's me you need to worry about!" Arthur shouted and scoffed.

The Southern Boss stopped him multiple times from rushing to Leon's rescue and it was finally Arthur's chance to retaliate.

He darted toward the Southern Boss and swung his arm, releasing a wave of powerful energy that stopped the Southern Boss in his track.

The two instantly erupted into a heated battle.

Meanwhile, Leon's attack was inches away from the Grand Apostle.

"No!" The Grand Apostle gasped in fear as he rolled on the ground to evade Leon's attack.

However, Leon's Phantom Steps were far too swift and he struggled to escape from the range of attack.

"Don't you dare, kid!" The Second and Third Apostles rushed over.

Leon was already right before the Grand Apostle, so the two would not make it in time to stop Leon.

Hence, they launched

powerful attacks from both left and right, directed at Leon's back, intending to force Leon to give up his attack against the Grand

Apostle.

"Damn it!" Leon's expression darkened.

If he continued to go after the Grand Apostle, he could kill him, but he would also suffer severe injury

from the Second and Third

Apostles' attacks.

It was hardly a worthy deal, so he gave up and

turned around to launch two Double Attacks at the Second and Third Apostles.

Both the Second and Third Apostles found out that Leon was in the Intermediate Almighty state and that

he had a powerful

defensive tool in the Almighty State, so neither of them attempted to fight Leon directly.

The two darted away from Leon's attack and leaped toward the Grand Apostle to help him up from the ground.

The Southern Boss was relieved that the Grand Apostle was rescued in time and instantly decided to send all the Four Apostles

to attack. "Heed my words, Four Apostles! Leon's causing far too much trouble. Get rid of him immediately!" He commanded.

Though Leon was quite formidable and had a powerful defensive tool, the Four Apostles were all in the Intermediate Almighty

State and even the Southern Boss himself would struggle to face all four of them at once; hence, he refused to believe that Leon could be capable of such a miracle.
