Chapter 2341

As the battle unfolded, Angus and the Thompsons soon struggled as they were outnumbered by the Hiltons and the Spears.

Thankfully, the Thompsons were all capable martial artists and managed to fend off their enemies for the time being, but they all

knew that they would soon be defeated if the battle lasted any longer.

"Damn it!" Yuri, Iris, and the others watched the battle from afar with heavy hearts.

Yuri, who was a talented martial artist himself, could tell that the Thompsons were at a disadvantage and it was only a matter of

time before Arthur and Angus were defeated.

If even one of them collapsed, the Thompsons would lose the chance to retreat or run and they would all be dead before they knew it.

"Yuri, what should we do now?" Roanne asked worriedly.

This was the first time she saw just a large-scale battle and she could not help but panic.

"That depends on Mister Wolf! If he can handle the Four Apostles, we might stand a chance of winning. If he fails, we will all be doomed," Yuri sighed as he analyzed the situation. Their only hope was Leon; so long as Leon defeated the Four Apostles and rushed to help the others, the Thompsons would stand a chance of turning the tables. However, if Leon failed, all the Thompsons would die along with him.

"I hope Leon can defeat the Four Apostles," Iris muttered, and the other women all turned to gaze in Leon's direction as they placed their hope on him.

Arthur and Angus all felt the same, as they knew that Leon became the key that determined who would win.

Arthur, who saw Leon defeating the Fourth and Grand Apostles, decided to trust Leon and ordered the Thompsons to act according to Leon's plan; the rest replied heavily to Leon.

On the other end, the Fourth Apostle regrouped with the other Apostles.

Though the Fourth and Grand Apostles were injured by Leon earlier, their injuries were not severe, and they were still capable of fighting.

Following the Southern Boss's order, they surrounded Leon in an attempt to kill him together.

"Do the Four Beasts Formation! This brat is too difficult to deal with, so let's use the Four Beasts Formation! Show him what we are capable of!" The Grand Apostle shouted.
