

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2536-State! We seemed to be worrying over nothing!”

Renee, Jensen, and Ariella were all overjoyed and the concern in their hearts vanished instantly.

Through the wave of true energy around Leon when he fought the guards, they Though they did not know how Leon managed to defeat the guards easily when he was on the same level as them, they knew one thing: Felton was being stalled and his guards were defeated.

So long as Leon took this opportunity to run, Felton would not be able to do anything and all issues would be resolved once Leon got away.

“No! No way! This isn’t real!” Contrary to their reaction, Jacob, who was waiting for Leon to embarrass himself, froze and stared at Leon in disbelief.

Ever since he was introduced to Leon, he was told that Leon was a mere vice president of Cynthion Group and he looked down on Leon because of that.

Even when Leon spent over 200 million to purchase all the rare herbs and presented a few powerful alchemical pills, his contempt for Leon remained.

In his mind, Leon was merely a representative of the Cynthion Group and could not rival him regarding status and strength.

Hence, he continued to feel a sense of superiority over Leon.

Overwhelmed by jealousy toward Leon, he even wished that Felton could teach Leon a lesson.

Overlord State.

This was unbelievable.

The Hackets were moderately influential and as the eldest son, he was in the Initial Overlord State just like Ariella.

Motherwort Pill.

strong as most descendants of influential families.

This also meant that Leon surpassed Jacob by miles and this completely shattered Jacob's sense of superiority.

Shaken, he could not understand why someone like Leon would be so powerful and struggled to accept this.

"Damn it! How can this happen?" Felton recovered from the shock and his expression darkened.

Like Jacob, he could not figure out why Leon was so formidable or how he managed to defeat the guards.

Still, his resentment toward Leon would not allow him to let Leon live even if he displayed unexpected strength.

Since the guards could not defeat Leon, Felton decided that he would need to take matters into his own hands.

With that thought in mind, he extended both his arms and sent Renee and Jensen flying with his true energy to stop them from interfering.

The Ex Husbands Revenge Chapter 2537-"Let me see what you can do! Take this!" Taking the opportunity of the distance between him and the other two, Felton leaped into the air and darted toward Leon, intending to destroy Leon himself.

"Mister Fermer, you need to get past me if you want to hurt Mister Wolf!" Jensen was the first to react. Not daring to delay, he hurried over and stood before Leon.

He then launched a powerful punch at Felton to stop him from harming Leon.

"Get out of the way!" Felton scoffed and sent his true energy at Jensen.

"Mister Daglesh, let me help you!" Renee knew that Jensen could not withstand Felton's attack on his own and hurried over to him without hesitation.

She launched a powerful blow that combined with Jensen's true energy as they fended off Felton's attack.

Baam!

Following a loud noise, the combined attack launched by Jensen and Renee met Felton's. As expected, Felton was far too strong and the two were yet again sent flying away.

Thankfully, their combined attack successfully stopped Felton.

"Damn it!" Felton was furious that he was stopped.

Though he already reached the Intermediate Emperor State, making him much stronger than Renee and Jensen, they were both martial artists in the Initial Emperor State.

With them working together to protect Leon, it would be challenging for Felton to get past their defenses to get to Leon.

He was frustrated but was rendered helpless.

"Hugh, you are Felton's target. Mister Daglesh and I will stop him. Take this chance to run without us!" Renee urged while fighting Felton.

She knew that she somehow managed to stop Felton by working with Jensen, but Felton was one level above them and they could not rival him in terms of strength.

They could only hold out for minutes and keep him occupied while Leon ran.

So long as Leon took this opportunity to run, Felton would not dare to harm her or Jensen out of concern for their respective families.

This would resolve all issues.

"Yeah, Miss Morrison is right! Mister Wolf, please go!" Jensen agreed along.

He shared Renee's thoughts and knew he could not beat Felton. For now, their only option was for Leon to run as soon as possible. If they waited until Felton defeated him and Renee, Leon would not have had any chance to escape.

The Ex Husbands Revenge Chapter 2538-“Damn it! Am I going just to let him get away?” Felton’s heart sank when he heard the two urging Leon to run.

His resentment toward Leon would not allow Leon to get away, but with Renee and Jensen in his way, he could not spare the time to get to Leon.

If Leon took this opportunity to run, he would only be able to do a little apart from watch.

Hence, he was utterly frustrated, but rendered helpless.

However, what happened next shook them all.

“Run? That won’t be necessary! Miss Morrison, Mister Dagleth, thank you, but Felton won’t be able to harm me. The two of you should get out of the way.

Leave him to me.” Leon shook his head.

Western Boss himself would not be seen as a threat, let alone his son, Felton.

Ever since he met Felton at the bouquet, Felton acted arrogantly. Apart from undermining Leon, his actions now escalated to violence.

This provoked Leon and he decided to teach Felton a lesson.

However, Renee and Jensen were still standing in front of him and he could not find the chance to attack Felton.

Hence, he could only ask them to back away out of concern that they might get caught in the crossfire.

“What? You want to deal with Felton?”

“Are we hearing this right?”

Both Renee and Jensen could not believe what they were hearing.

Based on what they detected from Leon’s energy, they could tell that Leon was Emperor State Felton was in.

With that considered, there was no way that they could defeat Felton even if the three of them worked together, let alone if Leon was facing Felton on his own.

At the moment, Leon's best chance was to run while he could. To their bewilderment, Leon refused to run and insisted on facing Felton on his own.

This was practically suicidal and neither of them could figure out why Leon was this confident.

Naturally, Ariella and Jacob, who were behind them, were all shocked that Leon challenged Felton as well.

"You heard me right! Miss Morrison, Mister Daglesh, don't worry. Felton is not even a threat! I can destroy him with just a finger." Sensing their concern, Leon lifted a finger and challenged Felton in contempt.

The Ex Husbands Revenge Chapter 2539-"What?" "Has he gone mad?"

Renee, Ariella, Jensen, and Jacob were all shocked.

They all knew that Felton was in the Intermediate Emperor State and amongst younger martial artists, only Hugo could rival him in strength.

It was no exaggeration to say that even Hugo would struggle to win against Felton.

However, Leon demanded to fight Felton and even claimed he could win with just a finger.

There was no way that they would believe what he said.

Hence, they assumed that Leon was so frustrated by Felton's provocation that he started losing control in an attempt to mock Felton.

Other than that, they could not think of a reasonable explanation.

"How arrogant! Let's see how you are going to destroy me with a finger! Renee, Jensen, get out of my way!" Felton laughed angrily and snapped at Leon's contemptuous attitude.

Unable to suppress his anger any longer, he extended both his arms and sent two waves of overwhelming energy at Renee and Jensen while they were distracted.

“Oh, no!” Renee and Jensen both paled when they sensed Felton’s attack.

A moment of distraction was enough to make a difference in fights between skilled martial artists.

Due to Leon’s arrogant words, the two were distracted and Felton’s sudden attack caught them by surprise.

By the time they snapped out of it, it was already too late to stop Felton or fend him off.

At the very last moment, they were forced to back away a few steps to dodge the attack. However, because of that, they left a gap open and Felton saw the opportunity to shake them off.

He leaped into the air at the speed of lightning and darted through the gap between Renee and Jensen to break free from their restraints, before charging at Leon.

“Brat, it’s time to die!” Felton roared maliciously.

It took him quite a lot of effort to break past Renee and Jensen’s defense to get to Leon. Hence, he was not about to show any mercy.

Without hesitation, he wielded a powerful wave of energy as he launched a lethal blow at Leon to vent his frustration.

“Hugh, watch out. Dodge!” Renee paled and shouted.

Now that Felton broke through their defense, it would be challenging for them to hurry to Leon’s rescue or stop Felton.

Overlord State, he should be able to dodge Felton’s attack at the very least.

Once Leon managed to dodge, Renee and Jensen could rush to his rescue.
