

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2616-At the moment, around thirty people were gathering outside Leon's room and they were all from powerful families.

During Jaxon 's bouquet, everyone witnessed the true power of the alchemical pills, and the direct descendants of some influential families all realized that Cynthion Group had great market value and potential.

Hence, they hurriedly brought the elders or powerful figures of their families here, hoping to meet with Leon to discuss the terms of a potential partnership.

Jensen, too, brought his grandfather along.

Leon clearly stated that Cynthion Group would prioritize working with the Morrisons, but there was no such thing as first come first serve in the business world.

Jensen and the others refused to give up on such a great opportunity and let the Morrisons partner with Cynthion Group.

Hence, they all arrived earlier that morning with their seniors in the hope of convincing Leon to work with them instead of the Morrisons.

Unfortunately, Leon went outside early in the morning to meet with Jaxon for the Rainbow Flower, so these people arrived to find that Leon was not around.

In the end, they could only gather outside his room and wait for his return.

Stunned by the sight before them, they gasped. "What's going on?"

They exchanged surprised glances as they wondered why so many people were gathering outside Leon's room.

Each person was of high status and most of them were either elders or direct descendants of various families.

It was truly a sight to behold for so many important figures to gather outside Leon's room and anyone who saw this would be stunned.

The Morrisons were no exception.

“Grandfather, I think Jensen and the others are here to try and convince Hugh to work with them,” Renee said thoughtfully.

There were a few direct descendants of powerful families before them, including Jensen, and she saw them all from the night before.

After taking a moment to think, she immediately realized that Jensen and the others were reluctant to let go of the chance to work with Cynthion Group.

Hence, they gathered here early in the morning to compete with the Morrisons.

However, she did not know why they were gathering outside the room and not going inside.

“Damn it! How can this happen?” Caleb’s expression darkened.

He thought that he could easily secure the deal by coming here in person and agreeing to Hugh’s initial proposal.

To his bewilderment, the situation was far more complicated than he anticipated.

A few other families entered the race and it would be more challenging for the Morrisons to obtain the partnership with Cynthion Group.

Instantly, he felt a mixture of emotions.

The Ex Husbands Revenge Chapter 2617-“So what Renee said was true! There are plenty of other families that want to work with Cynthion Group. Grandfather, what should we do now?” Hugo asked worriedly and felt just as pressured as Caleb was.

“Don’t panic! We will cross that bridge when it comes to it! We are the most powerful family and we are better than these other families. It won’t be that easy for these people to win against us!” Jayden scoffed.

“You are one to speak! You were the one messing things up yesterday, or we would have secured the deal by now!” Caleb reprimanded.

When Hugh arrived at the Morrisons' mansion, he came sincerely hoping to seal the deal. However, Jayden acted arrogantly and tirelessly and encouraged the others to fight for more profit, causing the negotiation to go sour.

However, since Jayden was the leader of the second generation in the Morrisons and had great talent, Caleb and the elders always valued him.

Caleb and the elders were also responsible for what happened, so Caleb did not blame Jayden before this.

Still, Jayden did not reflect on his mistakes and remained arrogant, which provoked Caleb.

He glared daggers at Jayden and his expression darkened.

"I-" Sensing his father's anger, Jayden quieted down.

"Grandfather, don't get upset. Hugh already said that he will prioritize US as partners. Since you are already here, I'm sure Cynthion Group will work with US and not anyone else so long as we are sincere," Renee consoled him.

After the night before, she could tell that Leon was an understanding person and since Leon agreed to prioritize the Morrisons as potential partners, she trusted that Leon would not go back on his words.

However, that would be possible only if the Morrisons displayed a sincere attitude and stopped acting rudely like they did the day before.

"Yeah, you're right! It's a good thing that I came or your uncle would have screwed everything up!" Caleb said.

When he initially planned to come to the hotel in person, Jayden stopped him.

Thankfully, he received the third elder's call in time and decided otherwise.

All the other influential families were fighting for the opportunity to work with Cynthion Group and everyone here was either heads or elders of the families.

If the Morrisons were represented by just Jayden and Hugo, it would look as though they were not keen at all, and they would not be able to rival the others.

With that thought in mind, Caleb felt glad and cast Jayden another glare again, silently blaming him for coming close to messing things up.

“Father, I didn’t expect Cynthion Group to be so powerful. I didn’t mean to,”

Jayden said sheepishly.

If he knew that would happen, he should have never asked to come along and would not have been reprimanded by Caleb.

He practically brought this upon himself.

The Ex Husbands Revenge Chapter 2618-“Grandpa, we can’t delay this any further! There are a lot of families competing with US right now. Let’s go and meet with Mister Wolf! We can’t let others get ahead of us!” Hugo was worried about the partnership and immediately changed the subject.

“Yeah, let’s go and meet with Mister Wolf!” Caleb nodded and strode toward the room along with the others.

“The Morrisons are here,” The others were shocked and all focused on Caleb.

During the bouquet the night before, Leon mentioned that he would be prioritizing the Morrisons as potential partners.

They only came this morning to meet with Leon because they wanted to go around the Morrisons. To their surprise, Caleb came here in person before they had the chance to meet with Leon.

This caught them off guard.

“Miss Morrison, I didn’t expect to meet you again so soon!” Jensen, who stood at the very front, greeted them kindly.

Though the Morrisons and the Daglehs were both powerful families, their territories differed and they were not all that close.

However, after the event of the night before, Jensen fought alongside Renee against Felton to protect Leon.

This brought them closer so he took the initiative to greet Renee.

“Yeah! Mister Dagleth, I didn’t expect to see you here.” She paused and said, “Hugh has already said that Cynthion Group will prioritize US as partners. Don’t you think it’s a bit inappropriate for you all to come here and speak with Hugh in private?”

Renee was slightly displeased that the others wanted to compete with the Morrisons.

“Well,” Jensen was rendered speechless.

After all, what Renee said was the truth.

Leon already informed everyone that he would prioritize the Morrisons as potential partners and it was rather unethical for the other families to go around the Morrisons and seek Leon’s private audience.

Therefore, he could not quite argue with Renee’s point.

“Miss Morrison, I’m afraid I don’t agree with that. Mister Wolf only said that he would prioritize the Morrisons as potential partners. He never said he would work with you. So long as you haven’t reached an agreement with him, we all have the right to compete against each other!” Elder Dagleth said calmly.

“Yeah, Elder Dagleth is right! whoever has what it takes will get the deal. It’s a fair competition and the one who wins gets to work with Cynthion Group!”

The others agreed along.

“But,” Renee was rendered speechless.

She knew that people were driven by their gain and it was normal for other families to compete for a chance to work with Cynthion Group.

Indeed, she had no right to stop them.
