

THE EXHUSBANDS REVENGE BY DRAGONSKY

Chapter 2741

Chapter 2741

"Hugh, are you alright?" Terrified, Renee hurried over to support Leon worriedly.

"I'm fine." Leon nodded.

"Good!" Renee scanned him up and down and relaxed when she confirmed that he was unharmed.

Meanwhile, the two elderly men did not go after Leon.

One of the men grabbed Bucky and rescued him from Leon's restraint to prevent Leon from hurting

Bucky further or using him as a hostage.

"I'm finally safe!" Bucky sighed a breath of relief.

Both Aurelia and Gaston were relieved as well.

Gaston was defeated by Leon and came close to suffering further injuries from Leon's attacks.

Thankfully, the two men he brought leaped into action in time.

They fended Leon off and managed to rescue Bucky, which was quite fortunate considering the current

situation.

"This kid's powerful. Why don't we just let this pass?" The two elderly men said thoughtfully

Since Leon was using his spiritual energy, the two of them could not detect anything from Leon and

could not guess which level Leon was in.

However, since Leon managed to defeat Gaston and dodge their attacks, he had to be in the Semi-

Almighty state or above.

For someone Leon's age to reach the Semi-Almighty state, he had to be extremely talented and held

great potential for future growth.

On top of that, Leon was Renee's boyfriend and had the support of the Morrisons.

With all aspects considered, they should not cross Leon.

Hence, the elderly men felt that it was best to stop before the situation escalated further to prevent

making a powerful enemy for the Grimstons.

Continuing would not benefit the Grimstons in any way, so they did not continue to attack as they did

not wish to worsen the situation.

"Let this pass? No way! This guy broke my leg. There's no way I'll let this pass!" Bucky shouted

resentfully.

Leon embarrassed him in public in the shop and now broke his leg, so there was no way that he could

make peace.

"Bucky's right! We can't just let this pass. The Grimstons have a reputation to uphold!" Gaston said

viciously.

Though Leon was likely in the Semi-Almighty State and this caught them by surprise, the two men he

brought with him were both in the Almighty State.

They should be able to deal with Leon.

Not only did Leon Bucky's leg, but he also injured Gaston.

Gaston knew that the Grimstons would be the laughingstock of the region if he admitted defeat to a

young man.

He wanted something else.

To retaliate for the injuries they suffered and defend their family's honor, he refused to admit defeat.
