

Chapter 2786

### Chapter 2786

"Leon Wolf, right? You promised to be our guest here, so how can you break your promise and decide to work with the Morrisons instead? That's so despicable of you!" Candice snapped out of it and challenged angrily.

She felt the same as the others.

From her perspective, Leon chose the Daglehs as his partners by accepting their invitation.

At the very least, the Daglehs were supposed to be at an advantage.

However, Leon reached an agreement with the Morrisons behind their backs.

Not only would this be viewed as him toying with the Daglehs, but it was also despicable of him to break his words.

Without waiting for Elder Dagleh to say anything, she lost control and snapped at Leon.

She now saw Leon as a despicable man who would shamelessly break his promise.

"That's enough! Candice, how can you be so rude? Mister Wolf's a guest here. How can you disrespect him like that? Apologize to him right now!" Elder Dagleh's expression darkened.

Though he was disappointed and displeased that Leon decided to work with the Morrisons, Leon never promised to partner with the

Dagleshs and he did not break any promises.

As the chairman of Cynthion Group, Leon had the right to partner with anyone he wanted and the Dagleshs had no right to interfere.

Besides, Leon's future was filled with possibility considering how powerful he was as a martial artist and the influence his alchemical pills would have on martial artists.

The Dagleshs must befriend such a powerful figure instead of making him their enemy.

Elder Daglesh was wise enough to realize that.

Even if Leon did not choose to work with the Dagleshs this time, he saw no reason to pick a fight with Leon over such a trivial matter.

Candice, on the other hand, was already quite disrespectful toward Leon earlier. Now, she was even insulting Leon.

It was out of line and she would end up creating a powerful enemy for the Dagleshs if she enraged Leon.

This would hardly benefit the Dagleshs. Hence, Elder Daglesh made sure that he reprimanded Candice and demanded she apologize.

"I-" Candice's face flushed and she dared not to argue with Elder Daglesh.

However, she was already certain that Leon was a cunning, despicable man and was reluctant to apologize to him.

"No way! Grandpa, I'm just telling the truth. I didn't do anything

wrong, so why should I apologize to him?" She gritted her teeth and said stubbornly.

She dared not to insult Leon again because of what Elder Daglesh said, but she would never apologize to him.

"Why you!" Elder Daglesh was furious.

Just as he was about to lose his temper, Leon stopped him.
