

## The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2831-“Nonsense! Leon, you’re not a doctor and I’ve never heard that you know anything about medicine. How can you treat her? Do you two take me for a fool?” Renee said angrily.

After spending some time with Leon, she felt that she knew Leon quite well, but she never heard that Leon practiced medicine.

Since Leon was not a professional doctor, he would be an amateur at best.

If Candice was truly feeling unwell, she should have gone to the hospital or professional doctors.

It did not make sense that she would come to the hotel to seek Leon’s help.

Hence, her first reaction was that Leon and Candice were lying to her.

“Renee, I’m not lying to you! I’m telling the truth,” Leon explained patiently but was soon interrupted by Renee.

“I don’t want to hear it, Leon! How could you sleep with Candice behind my back? You two are shameless,” Renee roared, her eyes reddening.

“Why you!” Leon was annoyed that Renee refused to believe him.

Naturally, Candice felt the same as well and her expression darkened.

Getting off the bed, she strode over. “Renee Morrison, who are you calling shameless? I’m warning you!” she reprimanded while suppressing her anger.

Though both Candice and Renee were noble ladies, they did not meet that many times in the past and were not close.

Since the Morrisons somehow stole the partnership with Cynthion Group from the Dagleshs, Candice had a bad impression of the Morrisons.

On top of that, Renee accused her of sleeping with Leon, slandered her virtue, and called her shameless, so she was enraged.

Still, Leon was right there and he seemed close with Renee. Therefore, she suppressed her anger out of respect for Leon.

Since Candice was at the hotel, she must have been the person who approached Leon.

Assuming that they slept together, Renee did not think that the fault was with Leon.

She concluded that Candice must have seduced Leon and Leon caved to temptation by accident.

The Ex Husbands Revenge Chapter 2832-“Renee, you are out of line. I’ll say this one last time. Mister Wolf was just treating me. If you keep slandering me, I won’t let this slide!” Candice was so angry that she was shaking all over.

The embarrassment she felt completely faded.

“You won’t let this slide? I’m curious what a shameless vixen like you can do,”

Renee said in contempt.

Ever since she got to know Leon, she rose to the Intermediate Emperor State with his help.

Amongst the youngest generation, apart from Hugo and Felton, not many could compare with her, and she had nothing to fear from the likes of Candice.

After spending time with Leon, she gradually started developing feelings for him.

Candice “seduced” Leon and even threatened her. For someone as proud as Renee, there was no way she could let this slide.

If Candice dared to attack, she could take this opportunity to teach Candice a lesson and show her the consequences of acting shamelessly.

“Why you!” Candice was furious.

Unable to suppress her anger any longer, she extended her arm and launched an attack at Renee.

She knew that Renee was a quite formidable martial artist and she may not win, but she had to do her best to fight for her innocence and reputation.

“Know your place!” Renee sneered and intended to counter without hesitation.

“Stop!” Leon was taken aback and positioned himself in between the two women, grabbing Renee and Candice’s wrists with both hands.

This stopped the fight and prevented the situation from escalating.

“Renee, calm down. I told the truth. Nothing happened between me and Miss Daglesh. Can you stop messing around?” Leon reprimanded Renee, displeased by her unreasonable behavior.

As she grew angrier, she was less inclined to believe him.

She was in love with Leon and subconsciously considered him her boyfriend.

Hence, she refused to believe what Leon and Candice said.

The Ex Husbands Revenge Chapter 2833-“Why you!” Leon was frustrated that Renee refused to listen to reason, but could not do much as Renee’s accusation was not entirely baseless.

When he was treating Candice, they were in a rather compromising position and coincidentally, Renee saw them.

It was normal for her to misunderstand.

At the moment, Renee stubbornly refused to believe that nothing happened between him and Candice.

Leon did not know where he could begin to explain himself.

Candice took a deep breath and slowly regained her composure due to Leon’s interference.

She knew that this was all just a misunderstanding and if she ended up fighting Renee, this would only deepen the misunderstanding and cause the situation to escalate.

This would hardly benefit her and Leon.

Naturally, it was rude of Renee to repeatedly question her innocence, so she could not accept backing down without putting up a fight.

Suddenly, an idea crossed her mind and she recalled something. "Renee, you are being ridiculous! So what if something did happen between me and Mister Wolf? You are no one to him, so how is it any of your business?" She scoffed and retorted.

"That's right! Renee, this has nothing to do with you, right?" Leon finally caught up to it.

He was so busy explaining himself to Renee that he did not think much of it.

However, Candice's words reminded him that Renee was not his girlfriend or a family member.

Even if something did happen between him and Candice, Renee had no right to question it.

"I-" Renee was taken aback and rendered speechless by Candice's words.

Because of jealousy and her feelings toward Leon, she accused Candice of being shameless.

However, Candice's retort struck a crucial point.

It was at this moment that she remembered she was not Leon's girlfriend and that it was up to them to do whatever they wanted.

She had no right to confront Candice, and she could not argue with that.

"Renee, what else do you have to say?" Candice mocked.

Candice was furious and was pleased that Renee was rendered speechless by her words.

"Who said that it's not my business? I-," Renee's face flushed.

The Ex Husbands Revenge Chapter 2834-“That’s right. I like Leon! I won’t let a shameless vixen seduce him!”

Renee was too proud to stand being mocked by Candice. Overwhelmed by jealousy, she did not think twice before confessing her affection for Leon.

“What? Renee, is that a joke? It’s not funny!” Leon was shocked.

Renee was the almighty eldest daughter of the Morrisons and the most beautiful woman in the western region, who had countless pursuers.

With what she had, Renee could date anyone she wanted so he never expected her to like him.

This completely caught him by surprise.

However, Renee seemed frustrated so he assumed she was just saying things out of anger instead of saying what she said.

“I,” Renee snapped out of it, unable to regain her composure.

She was inexperienced in love and did not realize how she felt about Leon.

It was not until now that she thought Candice was about to snatch Leon away that the jealousy within her made it impossible for her to deny her feelings.

At that moment, she realized she was in love with Leon.

“I’m not joking. I mean it! Leon, I don’t know when it happened, but I fell for you.

All I know is that I’m happy whenever I’m with you and I want to be with you forever. If you’re willing to accept me, can you make me your girlfriend?” Renee gritted her teeth and summoned the courage to confess her feelings.

Though she was proud because of her beauty and status, she was a straightforward person who was never good at scheming.

Since she realized she was in love with Leon, she decided to simply come clean.

“What?” Leon was shaken by her confession as he initially thought Renee was just fooling around.

To his bewilderment, Renee was telling the truth.

Most importantly, he merely saw Hugo and Renee as friends and he never thought of Renee romantically.

Hence, her confession was utterly unexpected and he was shaken to the core.

He froze in shock, unsure of what to do.

“Leon, will you be my boyfriend or not? Say something,” Renee grew nervous when Leon did not respond.

Suddenly, realization dawned on her when she turned and saw Candice.

The Ex Husbands Revenge Chapter 2835-“Renee, I’m sorry, but I can’t be your boyfriend,” Leon snapped out of it and rejected Renee.

“What? Why not? Is it because of Candice?’ Renee did not expect to be rejected and was shaken.

She turned to Candice with rage and jealousy as she assumed Leon rejected her for the sake of Candice.

“No, this has nothing to do with Miss Daglesh. You don’t know this, but I already have a girl-” Leon shook his head, intending to explain that he already had a girlfriend.

However, something unexpected happened before he could finish his sentence.

“How impressive!” A sneer sounded outside.

Ruth, with her petite frame and beautiful features, stormed into the room, followed by four equally beautiful women.

They were none other than Iris, Cynthia, Snow, and Roanne.

Apart from them, Leon’s subordinates, Henry and Chandler, were there as well.

Leon completed the production of the alchemical pills in the afternoon the day before.

He called Cynthia the same night, arranging for Chandler to escort Cynthia to the western region to assist him with the sales drive.

After being apart for so long, Iris, Cynthia, and the others all missed Leon.

Upon hearing from Leon, everyone wanted to go to the western region to see Leon, so they departed together earlier that morning.

According to the address Leon provided Cynthia, they found the hotel Leon stayed in and just arrived not long ago.

Since Renee had a misunderstanding when she came and found Candice, she left the door open.

Hence, Iris and the others arrive just in time to hear Renee confessing her feelings for Leon.

Ruth, who had always been hot-tempered, was the first to snap and walk through the door.

“They’re so beautiful! Who are they?” Candice and Renee were both taken aback by Iris and the others’ beauty.

Candice was a beautiful woman and she had always been proud of her looks, but Iris and the other four women who stepped in were all more beautiful than her.

Renee, who was the most beautiful woman in the western region, was the only one who could compare with Leon’s five confidantes.

Even so, Iris and Cynthia were still slightly more beautiful than Renee.

It was practically a miracle.

“Iris, you’re all here? That’s great!”

Unlike Candice and Renee, Leon was overjoyed to see them.

He could not be bothered to speak with Renee and hurried over to Iris.
