

## The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2836-“Ruth, what’s wrong with you? Why are you attacking me?” Leon was shocked and sent out his spiritual energy to cancel out Ruth’s attack.

He wore a displeased expression as he did not know what Ruth was up to.

“What do you think? Leon, we’ve all been missing you and worried sick about you because you went to the western region on your own. You, on the other hand, have been cheating here and having the best time of your life in the western region. How can you wrong Cynthia and Iris?” Ruth questioned angrily.

“Cheating? What are you talking about?” Leon was taken aback. Then, realization dawned on him when he glanced at Renee and Candice.

“Iris, don’t listen to Ruth. Miss Daglesh and Renee are just friends I got to know here in the western region. That’s all!” Leon ignored Ruth and spoke directly to Iris.

Ruth was hot-tempered so he did not care much about what she said.

However, Iris was his girlfriend and he was worried that Iris would be convinced that there was something between him and Candice and Renee.

That was hardly what he wished to see.

“Friends? You two seem like more than friends,” Iris said expressionlessly.

“What?” Leon was confused.

Though Iris seemed calm, he could tell that she was upset.

He already explained that he was merely friends with Renee and Candice, so he could not figure out why Iris was mad.

“Leon, don’t act dumb! We heard this girl confessing her love for you in this room just now! What kind of friends do that?” Ruth sneered.

The group overheard Renee confessing to Leon.

Hence, Iris, Ruth, and the others were all displeased with him.

“I see,” Realization dawned on Leon.

“Leon, who are they?” Renee asked.

The Ex Husbands Revenge Chapter 2837-“Oh, Renee, allow me to introduce my girlfriend, Iris Young. Iris, this is Mister Hugo Morrison’s sister, Renee,” Leon took this opportunity to introduce them.

He did not have the chance to explain himself after Renee’s confession so he made a point to introduce Iris as an indirect answer to Renee’s question.

“What? You already have a girlfriend?” Renee was shaken.

She initially thought that Leon rejected her because of Candice, but it turned out that he was already seeing someone.

It was no wonder that he rejected her.

“Damn it! How can this happen?” She paled and took a step back, almost falling.

She was a rare beauty and no one in the western region managed to win her over. Hence, she had yet to find someone she liked.

It took so long for her to finally find a man she liked, yet he turned out to be dating someone else.

This was even more devastating than the fact that Leon turned her down earlier.

If Leon rejected her because of Candice, she could at least compete with Candice for Leon’s heart.

However, if Leon already had a girlfriend, she would not even stand a fighting chance and she was devastated.

But then, she recalled something. “Leon, if you already have a girlfriend, why would you sleep with Candice? That’s horrible!”

Renee bit her lip and stared at Leon with a mixture of devastation, frustration, and sadness.

She did not forget about what she witnessed earlier.

Upon learning that Leon had a girlfriend, she could not understand why a virtuous man like him would betray his girlfriend.

Did Leon make a mistake because Candice seduced him?

“What?” Leon and the others were all taken aback.

On the other hand, a betrayal was different from attracting others’ attention.

According to Renee, Leon slept with Candice and this was unquestionably a betrayal.

Instantly, they were all furious.

“Leon, how dare you? You’ve disappointed me!” Iris roared angrily and lost her composure.

The Ex Husbands Revenge Chapter 2838-“I didn’t do it! Iris, it’s not what you think! This is just a misunderstanding. Renee misunderstood what happened between me and Miss Daglesh,” Leon did not expect Renee to still have doubts about him and Candice, let alone say it out loud in front of everyone.

This completely caught him by surprise and he immediately explained himself.

“That’s right! Miss Young, Mister Wolf was just treating me. We are innocent and nothing happened. Please don’t misunderstand,” Candice agreed along.

“Treating?” Iris and the others relaxed slightly.

Leon was a skilled doctor and cured plenty of people.

Upon learning that Leon was merely treating Candice, they found Leon and Candice’s words reasonable and started to believe them.

“That’s not possible! When I arrived, Candice was on the bed blushing and Leon was covered in sweat. How can he be treating her?” Renee questioned.

Unlike Iris and the others, she saw Leon and Candice in a suspicious state.

There were plenty of points that she found odd, such as why Candice was on the bed and why Leon took so long to open the door.

Everything seemed odd and her instinct was telling her that there was more than treatment going on.

“What? Did that happen?” Iris’s expression darkened.

She studied the robe Leon was wearing and spotted sweat stains on it.

This proved that Renee was telling the truth.

Her initial trust in Leon turned into doubts once again.

“Leon, what’s with the sweat stain on your body? Care to explain?” Iris questioned coldly.

Cynthia and the others turned to Leon as well, waiting for him to offer a reasonable answer.

“I-” Leon was rendered speechless.

He could not tell them that the moans and noises Candice made while he was treating her messed with his mind.

He almost caved to temptation and ended up drenched in sweat.

Hence, it would be inappropriate for him to say anything.

The Ex Husbands Revenge Chapter 2839-“Miss Daglesh, right? Can you tell US what happened?” Iris’s expression darkened and she turned to Candice.

“I-” Candice blushed and lowered her head to avoid eye contact with Iris.

As Leon guessed, Candice was shy and could not possibly describe what happened if even a man like Leon could not do so.

Hence, she stumbled on her words like Leon, unable to say a thing.

“Very well! Looks like something’s wrong!” Iris was furious.

She was no fool and from their reactions, she could tell that something was wrong and the treatment was likely just an excuse Leon and Candice used.

Instantly, she was overwhelmed by rage. Taking a deep breath, she suppressed her anger and stared sharply at Leon. "Leon, what else do you have to say for yourself?"

Leon was her boyfriend and the only man she loved. Out of her love for him, she intended to give him another chance to explain himself.

"I have nothing to say. I'm innocent, Iris. After all that we've been through, you should know what kind of a man I am. Nothing happened between me and Miss Daglesh. Please believe me," Leon stared into Iris's eyes sincerely.

He was always virtuous and righteous. After being with Iris for so long, they went through storms.

Based on what Iris knew about him, he felt that she should trust him unconditionally. At the very least, she was not supposed to doubt his virtue over trivial matters.

"Believe you? After what you've done behind my back, you expect me to believe you?" Iris laughed angrily and stared at him in disappointment.

Though she knew that Leon was not a man who would cheat, the truth was staring her in the eyes and Leon refused to explain himself.

Amid her rage, she could not bring herself to believe him.

In the end, Iris almost died because of that incident.

This upset him and made him feel extremely disappointed.
