

## The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2901-“How- how powerful!”

Witnessing the damage caused by the Hurricane Break, the others were all shaken.

This included the Morrisons, the Daglehs, the Grimstons, and the Underwoods.

They all wore expressions of disbelief as they were impressed by the sheer power of Hurricane Break.

They all thought that there was no way Leon could defeat the Farmers on his own, but to their bewilderment, they could not be more wrong.

Leon launched a surprisingly powerful technique and managed to defeat the Apostles along with a few other skilled martial artists.

This was so surreal that they were all stunned.

“Who would expect Mister Wolf to be so formidable and resourceful?”

There’s no bound to what he’s capable of.”

Snapping out of it, Caleb and the others were overjoyed and looked at Leon admiringly.

They all knew that it was already a miracle for someone Leon’s age to reach the Intermediate Almighty state.

On top of that, he had a defensive tool in the Intermediate Almighty state and could even wield a powerful technique like the Hurricane Break.

This was truly a miracle and they were all impressed by Leon.

“Damn it! Is he even human? How’d he do this?” Contrary to the Morrisons’ reaction, Felton’s expression darkened and his heart sank.

He thought that with the Apostles in the Intermediate Almighty state along with a few capable martial artists, they should easily defeat Leon.

However, the reality proved him wrong.

Not only did the Apostles and Farmers fail to take Leon down, but they also ended up severely injured by Leon's Hurricane Break.

This was so surreal that he could not figure out how Leon got so powerful, nor could he accept the reality.

Meanwhile, Leon sat on the ground and immediately took a Premium Spirit Nurturing Pill.

Hurricane Break was his most powerful technique that took up a lot of spiritual energy.

Each step he took felt like a strike to Felton's heart.

The Ex Husbands Revenge Chapter 2900-In the next moment, a deafening noise sounded as the Farmers' attack clashed with Leon's Hurricane Break.

Though the Hurricane Break was formidable, its advantage was its wide range.

On top of that, Leon did not take the Dragon Pill and the Hurricane Break was This was far weaker than the combined attack launched by the Farmers.

The Fenners' combined attack immediately pierced through the Hurricane Break and darted toward Leon.

Leon was not in any position to dodge as he was launching the Hurricane Break, so he could only take the blow with the Mirror of Sovereign.

Baam!

A loud noise rose and the attack struck Leon, breaking past the defense of the Mirror of Sovereign and sending Leon flying.

Midair, Leon flipped and brushed off some of the impact before landing on the ground, stumbling.

Once he landed, he backed away with a pale look on his face. Blood streamed down the corner of his lips and he fell backward, clearly suffering some extent of internal injury.

Thankfully, the Hurricane Break minimized the power of the combined attack and with the powerful defense of the Mirror of Sovereign, he only suffered minor injuries.

The Apostles and Felton, on the other hand, were in a much worse situation.

Though their combined attack pierced through the center of the Hurricane Break, its attack range was too wide and the aftermath of it overwhelmed them mercilessly.

Baam, baam, baam!

Following a series of deafening noises, Felton and the Apostles were all sent flying.

They slammed hard against the ground and each spat blood with a pale look on their faces. It was evident that they all suffered severe injuries.

The First, Third, and Fourth Apostles suffered the worst injuries and did not even have the strength to get up.

A corner of the stage was sent flying and the stage instantly collapsed.

This was never the result he wanted.

As he anticipated, the stage was damaged by Hurricane Break

The Ex Husbands Revenge Chapter 2902-“Leon, what are you doing? Don’t get any closer!” Terrified, Felton crawled backward through his pain, his arrogant demeanor vanishing without a trace.

He knew that he enraged Leon by targeting him repeatedly.

Now that all the Farmers were defeated and disabled by Leon, he instinctively knew that Leon would not spare him.

Instantly, fear overwhelmed him and he did not know what to do.

“Oh, no!” The Apostles and the Farmers attempted to run to Felton’s rescue as it was their duty to do so.

Unfortunately, they were so severely injured that they did not even have the strength to get up, so there was no way they could protect Felton.

“Elder Grimston, Elder Underwoods, hurry up and stop Leon. Help me!” Just then, Felton recalled someone and sought help from Dorian and Cassius.

To take Leon down, he allied with the Grimstons and the Underwoods.

Though the Farmers were all defeated, the Grimstons and the Underwoods were still unscathed.

Given the united strength of the Grimstons and the Underwoods, Dorian and Cassius should be able to rescue him from Leon.

However, Leon displayed unimaginable skills and at this point, Felton gave up on eliminating Leon.

He merely wished for Dorian and Cassius to save him.

Since the Western Boss and the Southern Boss had other plans, he could leave Leon to them.

“Well,” Dorian and Cassius exchanged hesitant glances.

Before this, they would not turn Felton down since he invited them to go up against Leon.

However, the strength Leon displayed when he fought the Farmers was far too terrifying. The Hurricane Break was exceptionally powerful and managed to take down the Farmers and the Apostles within an instant.

Both Dorian and Cassius were shaken by the sight.

Instantly, they were hesitant as to whether they wanted to be Leon’s enemy and rescue Felton.

“Elder Grimston, we’re allies! Besides, I helped your son and grandson the last time. You can’t just stand and watch me die!” Seeing as the two were hesitant, Felton’s heart sank and a bad feeling overwhelmed him.

He immediately brought up the fact that he rescued Bucky and the others, hoping to convince them.

“I-” Dorian fell into silence.

Besides, Felton did save the lives of Bucky and the others and Dorian could not leave Felton to die.

Soon, he made up his mind.

The Ex Husbands Revenge Chapter 2903-“Mister Fermer, don’t worry. We won’t let Leon harm you.” Dorian no longer hesitated and strode forward with his men.

Since the Underwoods and the Grimstons were joined by marriage, they were on the same side.

Now that Dorian decided to help Felton, Cassius could not stand idly by and strode forward with his men as well.

The two families stopped Leon from approaching Felton.

“Great!” Felton knew that he would survive now that the two families got involved and he sighed a breath of relief.

“What? Elder Grimston, Elder Underwood, are you sure you want to be my enemies for Felton’s sake?” Leon said coldly with a malicious look in his eyes.

“So what? Leon, I admit that you’re powerful beyond our anticipation. However, the Grimstons and Underwoods are a force to be feared as well. Take my advice and let the Farmers go. That would put an end to the situation and we won’t harm you,” Dorian said.

After witnessing the fight between Leon and the Farmers, he realized how powerful Leon was.

Not only did he possess a defensive tool in the Intermediate Almighty State, but he was also capable of wielding a technique as terrifying as Hurricane Break.

Given Leon's power, the Grimstons and the Underwoods had the number but would have to pay a huge price to take Leon down.

To avoid unnecessary casualty, he felt the same as Felton and did not wish to eliminate Leon.

He merely hoped that Leon would give up and spare the Farmers.

"You want me to let Felton go? Dream on. Elder Grimston, Elder Underwoods, I have nothing against your families. The gods are merciful and I shall give you two one last chance. If you know what's best for yourself, you'll leave and I won't come after you. Refuse and you shall bear the consequence of this!" Leon scoffed, his tone unquestionable.

This would surely affect the sales drive negatively or even ruin it. This was the last thing Leon wanted.

Besides, the Grimstons and the Underwoods were only here because he injured Bucky. To avoid ruining the sales drive, he had no reason to fight them.

The Ex Husbands Revenge Chapter 2905-"No way! We won't leave without Mister Farmer! Leon, since you won't give up, let's just see who's more powerful!" Dorian said without hesitation.

He then turned to Cassius and said, "Cassius, leave Leon to US. We will stall him. The Underwoods will be responsible for rescuing Mister Farmers and his men. Let's work together so that we can retreat as soon as possible!" Dorian said.

He knew that Leon's Hurricane Break was far too powerful. If they teamed up against Leon as the Farmers did, Leon would use the Hurricane Break on them.

He was not going to do such a foolish thing.

At the moment, his only option was to surround Leon with his men to prevent Leon from using the Hurricane Break.

However, Leon was too swift and had a defensive tool in the Intermediate Almighty state. Even if he could not use the Hurricane Break, the Grimstons would not be capable of taking him down.

Regardless, Dorian's intention was merely to rescue Felton and the Fermers and he did not hope he could defeat Leon.

It did not matter if the Grimstons could defeat Leon. They merely needed to stall him and buy time for the Underwoods to rescue the Fermers.

Once Felton and the others left safely, all issues would be resolved.

"Very well!" Cassius immediately got his message and waved his arm, preparing to command his men to rescue Felton.

"Why you!" Leon's expression darkened.

He was no fool and understood what they meant to do.

As powerful as he may be, he was just one man.

The Grimstons and the Underwoods intended to retreat and did not intend to face him head-on. On top of that, there were plenty of martial artists in the Initial and Intermediate Almighty State amongst his enemies, so they were more than capable of stalling him.

Outnumbered, it would be impossible for him to stop them from rescuing Felton.

Naturally, he had even more powerful tricks other than the Mirror of Sovereign and the Hurricane Break, like the Dragon Pill and poisonous daggers.

Both could easily defeat the group of people before him.

However, there was a recovery period after taking the Dragon Pill.

As for the poisonous daggers, the poison was too strong and would kill upon contact.

Not only was it morally wrong, but it would also ruin the sales drive.

This would hardly benefit him or Cynthion Group.

His heart sank at this thought and he kept searching for a solution to this situation.

The Ex Husbands Revenge Chapter 2905-“Mister Glasbey, it doesn't matter who killed the Poisonwielder and Asmodeus!

We came here to assist your mission in killing the Scarlet Thief! Please give the command so we can start right away!” Zack changed the subject.

Though Zack guessed that Leon relied on connection instead of true power, this was merely an issue with the southern region Dragon Corps and not the Dragon Corps in the eastern region. Hence, all Zack wanted was to start the operation and eliminate the Scarlet Thief as soon as possible, so that they could all return home.

“Start? Zack, didn’t Leon just say that he’s killed the Scarlet Thief? What’s there to start now?” Alfred asked.

“Forgive me for being blunt, Mister Glasbey, but the Scarlet Thief ranks fourth place on the criminal list because he is a powerful martial artist with a cunning mind! Even if I am to go up against him alone, I might not be able to kill him.

Mister Wolf is still young and I don’t think he can kill the Scarlet Thief! I think there might be some kind of misunderstanding. We have to be careful and not take his words for it,” Zack said calmly.

could always run once he realized he fell short compared to his opponent.

Hence, even Zack was not confident that he could kill the Scarlet Thief on his own, let alone Leon, who did not have any true talent.

“Yeah, Zack is right!”

“We need to see the body!”

“Mister Glasbey, since Mister Wolf insists that he killed the Scarlet Thief, where’s the Scarlet Thief’s body?”

The others from the eastern region agreed along, as they all thought that it was unrealistic for a young man like Leon to defeat the Scarlet Thief on his own.

“Yeah! Leon, where’s the body?” Reminded by the others, Alfred turned to look at Leon in confusion.

“Oh, I handed the body to Captain Scots from the National Security Department,” Leon explained.

According to the rules set by the Dragon Corps, all criminals would need to undergo a DNA test once they were killed for identification.

Hence, Leon handed the body to Captain Scots right away as soon as he arrived.

“I see!” Alfred exclaimed.

He trusted Leon and since Leon’s explanation was reasonable, he did not suspect a single word.

However, Zack and the others felt different.

They all concluded that Leon could not have killed the Scarlet Thief on his own, and since Leon had no proof in hand, none of them were willing to believe Leon.

“Mister Wolf, since you claim that the Scarlet Thief’s body is with the National Security Department, why don’t you take us there to have a look? We’re all dying to see if the Scarlet Thief is dead!” Zack smirked.

Since the National Security Department was nearby, they would learn the truth as soon as they headed over.

‘Let’s see how this kid is going to cover up his lies once we arrive and the Scarlet Thiefs body is nowhere to be seen!’ Zack thought.
