

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2923-“Miss Morrison, what is the meaning of this? Leon is my boyfriend. Who are you to worry about his safety?” Iris said with displeasure.

She knew that Renee was in love with Leon and she disliked Renee because of that.

Back in the hotel, Renee even tried to take Leon away from Iris and Cynthia and failed.

Still, Renee was yet to give up and still wanted to be with Leon, and Iris was upset about it.

“Miss Young, I know that Leon is your boyfriend, but so what? It’s my choice to care for him. I don’t think you have the right to decide what I can and cannot do, right?” Renee refused to back down.

She knew that Leon had a girlfriend and she should not bother him, but it was a dangerous situation and given how she felt about him, she could not rest assured if she did not tag along.

“Why you!” Iris was furious and rendered speechless.

“No way! Renee, I need to take care of something important and I can’t possibly take you with me. Go back!” Leon snapped out of it and rejected her without hesitation.

He was going to the southern region to ambush the Western Boss and the Southern Boss.

He had no choice but to take Roanne and Iris with her.

Given the Western Boss and the Southern Boss’s strength, the two women would likely slow him down. If he had any other option, he would not have taken them with him.

This was the most he could compromise.

If he took Renee with him as well, he would have to look after three women and that simply would not work.

The Western Boss and the Southern Boss were both formidable martial artists.

As powerful as Leon may be, he dared not to be careless.

“I won’t go back! If you won’t take me with you, I’ll just follow you in my car! “

Renee pointed at her red race car and said stubbornly.

“Why you!” Seeing how prepared Renee was, Leon’s expression darkened with resignation.

He was in a hurry to go after the Western Boss and the Southern Boss, so he had no time to waste with Renee.

“Follow us if you want to. Iris, let’s go!” Leon said with displeasure.

He started the car and it darted toward the direction of the southern region.

Still, she could not control how she felt.

In the end, she gritted her teeth and went into her race car, before racing after Leon.
