

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2926-“Uncle, elders, forgive me for being blunt. If the Southern Boss works with the Western Boss to defeat US, I’m sure he is fully prepared. If we fight them, we probably won’t stand a chance of winning,” Angus said.

“Well,” Everyone was instantly rendered speechless.

They knew that Angus was right. The Southern Boss was cunning and capable.

He would not come knocking on their door with the Western Boss if he was not certain about his chance of winning.

It seemed overly foolish and unlike what the Southern Boss would do.

“Also, Mister Wolf is currently heading over to support US. He advised that we hide and avoid direct contact with Southern and Western bosses. Let’s wait until he arrives. I agree with him as well,” Angus added.

Contrary to Arthur’s intention of facing the Southern Boss and the Western Boss, Angus leaned toward Leon’s advice of hiding.

“Well, that’s a pretty good idea! We can move to another location to avoid them.

Once Mister Wolf arrives, his power combined with ours should be more than enough to defeat the Southern Boss and the Western Boss.”

Everyone revealed expressions of joy.

When Leon took down the Demon Lord and injured the Southern Boss, many of them witnessed Leon’s power. They were all aware of how powerful he was and that he had Potential Energy Forces.

Given Leon’s strength, the Thompsons should be able to defeat the Southern Boss and the Western Boss once Leon arrives as their backup.

All problems would be resolved by then.

However, Arthur soon shattered their hope.

“Hide? Where would we go? Though the Spears have scattered, the Southern Boss’s connection here in the southern region is still intact. There are too many people in this family and no matter where we hide, the Southern Boss would find US,” Arthur sighed.

He was not as optimistic as the others.

The Thompsons were a big family. Including the elderly, women, and children, they had hundreds of members within the family.

It seemed impossible for such a big family to go into hiding without the Southern Boss noticing.

Since there were fewer members in the main bloodline, they would be easier to hide.

Still, this would not mean anything.

The Thompsons could not possibly stand idly by while the Southern Boss hurt them.

Well,” Angus and the others realized they were too naive.
