

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2941-“What a shame!” Sixth-Uncle Thompson and the others were disappointed.

“Damn you, Thompsons! As expected of the most powerful family in the southern region.” The Western Boss was taken aback as he did not expect the Southern Boss to be at a disadvantage.

Still, it made sense.

The Thompson elders were all in the Intermediate Almighty state. With the help of a dozen martial artists in the Initial Almighty State, their formidable was an unstoppable force.

It seemed reasonable for the Southern Boss to be caught off-guard.

“Farmers, attack!” The Western Boss reacted swiftly and ordered the Farmers to attack the rest of the Thompsons.

A battle instantly erupted.

“Southern Boss, the Thompsons are powerful and the Farmers won’t last long.

You need to act quickly to defeat those elders!” the Western Boss reminded the Southern Boss while fighting Arthur.

He left his most capable subordinates, the Five Apostles, with Felton, so he did not bring many men with him.

He merely had five of his guardians along with five other martial artists with him.

This was the best force he could gather at the time.

Though the Farmers were outnumbered, the western region was known for its abundant supply of herbs. Hence, martial artists in the western region were slightly more powerful than the ones in the southern region.

All the Farmers present were already in the Initial Almighty State. Still, they were inferior in comparison to the Thompsons.

If the Southern Boss could not find a way to deal with Angus and the elders, the Thompsons would soon defeat the Farmers and aid Angus.

When that happened, it would be even more challenging for the Southern Boss to deal with them.

“I know. I will destroy them as soon as possible!” the Southern Boss said coldly as he was enraged by Angus and the elders’ stubbornness.

Underestimating one’s opponent could be dangerous. He failed to defeat the elders mainly because he underestimated his opponent.

Now, he recognized his mistake and aimed to defeat them as soon as possible.

“Take this!” The Southern Boss took a deep breath and regained his composure.

Reaching his arm out, he launched a powerful attack at Angus and the elders.

“Angus, let’s resume the formation!” the first elder said hastily.

The elders dared not to delay and immediately got into formation.

Meanwhile, Angus and John stood behind them to strengthen the formation.

He then launched the Divine Kick from above against the other five of them

The Ex Husbands Revenge Chapter 2942-“Oh, no! Back away, everyone,” The three elders and Angus were terrified.

Though their formation was formidable, the Southern Boss was far superior in speed and explosive power.

The Southern Boss learned his lesson and dodged the first and second elders’ attacks. After that, he broke the formation with his powerful technique.

The three elders, Angus and John had no time to react or fend off the southern Boss’s attack.

The five of them rolled off the ground, narrowly dodging the Southern Boss's attack.

"You won't get away!" The Southern Boss advanced and charged at the three elders who were closest to him.

"It's over." The third, fourth, and fifth elders paled.

They just narrowly dodged the first attack and were yet to get up, so they could not possibly get away from the Southern Boss.

With that said, they could only watch as the Southern Boss's attack fell upon them.

"Don't you dare!" The first and second elders were alarmed.

They changed their positions and attacked from behind the Southern Boss, attempting to force the Southern Boss to give up on attacking the three elders.

"You must have a death wish!" The Southern Boss sneered maliciously.

He already saw the power of the formation and anticipated that the first and second elders would attack from behind him to save the third, fourth, and fifth elders.

He was prepared for it.

He was acting like he was trying to attack the third, fourth, and fifth elders when he was saving his true energy for the first and second elders.

Seeing as the first and second elders fell for it, he was not about to show them mercy.

In the next moment, he turned to face the first and second elders, releasing two streams of true energy at them.

"Oh no!" Realizing that they fell for the Southern Boss's trick, the two of them were terrified.

They intended to back away, but it was too late.

Baam! Baam!

Following two loud sounds, the Southern Boss's attacks clashed with the first and second elders.

Thankfully, they reacted in time to take most of the blow with their arms, which saved their lives.

Otherwise, given the Southern Boss's strength at the Peak Almighty State, they would have died.

The Ex Husbands Revenge Chapter 2943-"Die!" The Southern Boss was slightly surprised that he failed to kill the first and second elders.

However, given his resentment toward the Thompsons, he was not about to spare them.

He strode forward, intending to end their lives.

Just then, the three elders, Angus and John managed to get up from the ground.

"Let's help them!" Seeing as the Southern Boss was about to strike, they were shocked.

Without much time to think, they released their true energy and combined it into a more powerful strike, launching it at the Southern Boss's back to stop him.

"Know your place!" Sensing the attack behind him, the Southern Boss had to give up on killing the first and second elders.

He turned and launched the Divine Kick. It transformed into a tremendous force that struck the five of them.

Baam!

Following a loud sound, their attacks clashed.

The Southern Boss's attack tore through the Thompsons' combined attack and darted toward them.

Baam, baam, baam!

The Southern Boss was too powerful. The three elders, Angus and John were instantly sent flying.

The three elders suffered the worst injuries and spat blood, before collapsing on the ground.

Angus and John were slightly better off with blood streaming down the corner of their lips.

The two of them merely suffered moderate injuries.

“Great! You did well, Southern Boss laughed when he saw the Southern Boss defeated Angus and the elders.

The Farmers were equally pleased.

They were outnumbered and at a disadvantage.

They all felt pressured to face fifteen Thompsons and were slowly forced into a defensive position.

Since the Southern Boss defeated Angus and the elders, their spirits heightened and they started to fight back fiercely.

“How could this happen?” Contrary to their delight, Arthur and the Thompsons fell into despair.

Arthur initially thought that Angus and the elders could stall the Southern Boss for a while longer using the formation.

However, the reality proved him wrong.

By then, the others could defeat the Farmers and hurry to their aid. That way, they could continue to keep the Southern Boss occupied until Leon arrived to turn the tides.

He never expected them to lose so soon. On top of that, all five elders were severely injured and incapable of fighting.

Once the Southern Boss regrouped with the Western Boss or the Farmers, the Thompsons would surely lose.

Instantly, the Thompsons were all devastated.

The Ex Husbands Revenge Chapter 2944-“Angus, you can all die now!” The Southern Boss laughed smugly after defeating Angus and the elders.

The formation executed by them gave him a tough time. However, he was experienced enough to see through the weakness of the formation.

He lured the first and second elders in, then broke the formation with ease and injured all five elders.

This filled with him a sense of accomplishment.

Without hesitation, he strode toward Angus maliciously, intending to take his life along with the elders’.

Angus and John, who were not as badly injured, struggled to get up and stared at the Southern Boss in despair.

Though they could still fight, they were hardly comparable to the elders in terms of strength.

Yet, all the elders were defeated and badly injured.

With just the two of them left, they could not possibly stand a chance against the Southern Boss.

If they were not mistaken, they would be at the Southern Boss’s mercy.

“Southern Boss, you wouldn’t dare!” Arthur was furious as he saw the Southern Boss preparing to finish Angus and the others off.

He sent the Western Boss back away and charged toward the Southern Boss to stop him.

“You must have a death wish, Arthur!” The Southern Boss narrowed his eyes sharply.

He knew that Arthur was powerful and instantly gave up on attacking the Thompsons, before shooting a knowing glance at the Western Boss.

He then turned and launched a powerful attack at Arthur.

The Western Boss instantly realized what the Southern Boss meant and launched a powerful strike from behind Arthur's back.

This meant that Arthur was caught between the two of them.

"Oh, no!" Arthur paled, realizing that he was too reckless, and left himself in a vulnerable position.

At such a critical moment, he rolled off the ground and narrowly escaped the attacks.

"Running? It's too late!" The Southern Boss sneered.

During a duel between skilled martial artists, the slight carelessness could make a big difference.

Given Arthur's strength at the Peak Almighty State, it would be O M challenging for the southern Boss and the Western Boss to defeat him.

However, Arthur left himself in a vulnerable state because he was too caught up in rescuing his family.

This was practically suicidal and the Southern Boss was not about to let this opportunity slip.

Without hesitation, the Southern Boss launched his most powerful!

technique, slamming his leg down at Arthur with tremendous force.

"Arthur, take this. Divine Kick!"

The Ex Husbands Revenge Chapter 2945-Arthur just got up from the ground.

The Southern Boss's ceaseless attacks left him with no time to rest or energy to dodge.

In the end, he hurriedly launched the Stormy Punch to counter the Southern Boss's attack.

Baam!

Following a deafening sound, their attacks clashed.

Since they were on the same level, their attacks were of equal strength.

However, this gave the Western Boss a chance.

“Arthur, take this! Phantom strike!” The Western Boss reached both his hands out and gathered his energy, before sending it toward Arthur.

“It’s over.” Arthur’s heart sank.

He was still on the momentum of his counterattack against the Southern Boss and was incapable of fending off the Western Boss’s attack.

However, he was a martial artist in the Peak Almighty State and was not about to give up so easily.

He summoned the remaining true energy within him and backed away swiftly, intending to dodge the Western Boss’s attack.

However, the Phantom Strike had a wide range and no matter how hard he tried, he could not get away and ended up taking the blow in the chest.

Baam!

Arthur was sent flying and slammed hard against the ground.

As soon as he landed, a devastating pain pierced through his chest and he spewed a mouthful of blood, before collapsing on the ground.

“Arthur lost, Is this the end of the Thompsons?”

Angus and the Thompsons were all devastated and paled at the sight.

They thought that they could stall the Southern Boss and the Western Boss until Leon arrived.

To their bewilderment, the Southern Boss and the Western Boss were far more powerful than they anticipated.

The Southern Boss was cunning and found a way to defeat the five elders first, before working with the Western Boss to injure Arthur.

With that, the most powerful martial artists amongst the Thompsons were all defeated by the Southern Boss and the Western Boss.

The Thompsons would perish and that seemed to be the only possible outcome.

“Great!”

Contrary to their despair, the Farmers and Rodney cheered with joy.

The dust settled and they all cheered for the Southern Boss and the Western Boss with triumphant smiles on their faces.

“Arthur, it’s all over now. I will kill you and the others as payback for the !

dawnfall of the Spears!” The Southern Boss strode toward Arthur darkly.

He then fired up his true energy, prepared to eliminate Arthur, before doing the same to Angus and the others to end the grievances between him and the Thompsons.

However, the situation took a sudden turn before he had the chance to attack.

“Stop!” A roar was heard, followed by a few cars racing over before stopping before them all.

The car door flew open and Leon, along with Iris, Chandler, and a few Dragon Guards, stepped out. 1
