

# **The Ex Husbands Revenge**

## **Chapter 2982**

The Ex Husbands Revenge Chapter 2982-Meanwhile, Leon stood up and took a Premium Spirit Nurturing Pill with a pale look on his face.

The Hurricane Break was his most powerful technique and it exhausted a tremendous amount of spiritual energy.

Before this, he launched multiple attacks on Brahma, the Southern Boss, and the Western Boss, which cost a lot of spiritual energy as well.

At this point, he was almost out of energy.

The Premium spirit Nurturing Pill was made from spiritual herbs and could quickly replenish his spiritual energy.

“Brahma, you scum. I shall take your life to avenge the Dragon Guards and Scott!” Leon said maliciously.

Without hesitation, he strode toward Brahma, the Southern Boss and the Western Boss as he recovered his spiritual energy.

Each step he took filled the three with fear.

“I-” Brahma’s heart raced as fear overwhelmed him.

He was a criminal who took countless lives, but the more vicious he was, the more he feared death.

It was precisely because he feared death so much that he remained hidden in the central region without getting caught by the Dragon Guards.

Once he realized that Leon was in the Semi-Saint state, he knew they were no match for him now that they were all injured.

Seeing as he was at a disadvantage, he was not about to sit around to wait for his demise.

“Kid, get over yourself. You have the upper hand this time and I admit defeat.

This doesn’t end here!” Brahma immediately decided to retreat.

Ignoring the Western Boss and the Southern Boss, he turned and ran toward the door.

“Master Brahma, you,” Both the Western Boss and the Southern Boss were shocked as they did not expect Brahma to run away.

Leon was too formidable and already injured the three of them.

They would not be able to defeat Leon and if Brahma stayed any longer, he would be doomed.

Brahma was not their family or friend, so it seemed normal ips him to 11 abandon then instead of waiting to die alongside them.

“Running? Not so soon!” Leon scoffed.

Not only did Brahma storm into the Dragon Corps, but he also killed Scott and a few other Dragon Guards.

Leon was not about to let him escape and swung his arm to send threen daggers flying from the back of Brahma to stop him from running.

“Those are poisonous daggers!” Brahma turned around and was instantly terrified.

Those daggers emitted a cold glint and he instantly recognized them.

He already learned from the Southern Boss that Leon was formidabte land possessed poisonous daggers that kitled upon contact.

Not daring to delay, he tilted his body and dodged the daggers.

The Ex Husbands Revenge Chapter 2983-Just as Brahma was dodging, Leon executed the Phantom Steps and closed in on Brahma within a split second.

“Brahma, prepare to die!” Leon roared and launched the Earthly Plunder at the speed of lightning.

“Kid, that’s enough!” Brahma’s expression darkened.

He knew how formidable Leon was and knew that he was no match for him.

Thankfully, his weapon could still be used once. Without hesitation, he activated his weapon and threw a powerful punch at Leon.

Baam!

Following a loud sound, Leon's attack clashed with Brahma's attack.

Brahma's brass knuckle was a Semi-Saint weapon and it was almost as powerful as ones in the Saint State.

Leon fell short in handling the weapon's power and was sent back away a few steps.

After distancing himself from Leon, Brahma dared not to stay and leaped into the distance.

He knew that his weapon only had one strike left and this was his only opportunity to run.

With all the strength he had, he ran without looking back.

"Damn it!" Leon's expression darkened.

He knew that Brahma ran out of time to use his Semi-Saint weapon and so long as he caught up with Brahma, he would be able to eliminate Brahma.

Without much time to think, he executed the Phantom Steps again to run after Brahma.

Meanwhile, the Western Boss perked up with hope and said, "Southern Boss, good luck to you."

After getting injured by Leon, the Western Boss thought that he was going to die.

Thankfully, Leon was going after Brahma and did not have time to deal with him.

This was the best opportunity for him to retreat and he was not about to miss it.

Ignoring the Southern Boss, the Western Boss leaped over to Felton.

"Felton, let's go!" he said and grabbed Felton's shoulder to run.

Since Leon was running after.

Brahma, he dared not to run in the same direction. Hence, he took Felton and the Farmers and ran toward the West.

"Running? Not so soon! Dragon Guards, stop the Western Boss from running" Lgvi reacted swiftly when he noticed that the Western Boss was plotting to run.

The Western Boss worked with the member of the dragon clan. Leil was responsible for the western region and the Farmers belonged to the western region.

Hence, he was not about to let the Western Boss escape.

Since Leon was busy going after Brahma, he decisively ordered the Dragon Guards to stop the Western Boss and the Farmers.

The Ex Husbands Revenge Chapter 2985-“Oh, no! The Southern Boss is coming after Miss Young! Let’s stop him. We can’t let him harm Miss Young!”

The Thompsons were all shocked and instantly guessed what the Southern Boss’s intention was.

Angus decisively signaled a few others to protect Iris, Roanne, and Renee while he stood at the front with a few others to stop the Southern Boss.

Though this was the best arrangement he could manage at the moment, he did so with a heavy heart.

After the earlier battle, the strongest among them all, Arthur, had his power destroyed.

All the elders who were in the Intermediate Almighty state were severely injured as well.

The remaining Thompsons were only in the Initial Almighty State, which was miles away from the Peak Almighty State the Southern Boss was in.

It would be impossible for them to stop the Southern Boss.

“Southern Boss, don’t you dare!” A roar rang out.

Chandler, who was responsible for protecting Iris, launched a powerful attack on the Southern Boss.

“What? The Advanced Almighty State?” The Southern Boss was taken aback.

He thought that the Thompsons’ side consisted of only weak martial artists and were not much of a threat. To his bewilderment, there was a martial artist in the Advanced Almighty state among them.

This caught him by surprise.

Not daring to take this lightly, he launched a powerful counterattack at Chandler’s attack.

Chandler knew that the Southern Boss was already in the Peak Almighty State and that was no match for him. Hence, instead of facing him head-on, he simply dodged the attack and struck again to keep the Southern Boss occupied.

“Great! Let US all attack to stall the Southern Boss!” Angus did not expect Chandler to be in the Peak Almighty State and was pleasantly surprised.

Meanwhile, Brahma was running at full speed and reached the gate.

With Chandler holding the Southern Boss off, the Thompsons were less burdened and they all joined Chandler to stall the Southern Boss.

Leon was hurrying after him when he turned and noticed that the Southern Boss was trying to capture Iris.
