

The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2991-Though the Western Boss was in the Peak Almighty State, he was injured and one of his arms was broken by Leon.

Under the attack of Levi and the other Dragon Guards, he and the Farmers struggled to escape.

When they saw that Leon eliminated the Southern Boss, they all fell into despair and lost their fighting spirits.

On the contrary, Levi and the Dragon Guards were excited because the Southern Boss was defeated.

Still, the Western Boss and the Farmers were not easy to defeat. Levi and the others only managed to stall them and struggled to defeat them.

“Levi, let us help!” Seeing as the Western Boss and the Farmers were the only ones left to fight, Angus led the Thompsons to aid the Dragon Guards.

Leon, on the other hand, was busy treating Renee and signaled Chandler to join the Thompsons as well.

Both Chandler and Levi were in the Advanced Almighty State. Along with three other Dragon Guards in the Intermediate Almighty State, they instantly had the upper hand over the Western Boss.

With the help of Angus and the Thompsons, the Dragon Corps instantly defeated the Farmers.

“Western Boss, it’s all over. The gods are merciful and I will give you one chance. So long as you and the Farmers admit defeat and accept punishments, your lives will be spared. Refuse to comply and you will suffer the consequences,” Levi threatened.

The Dragon Corps was established to maintain order.

Though the Western Boss aided the Southern Boss and Brahma, he did not cause much damage.

Now that the Southern Boss was gone, the Dragon Corps would merely stripe the Farmers of their power and imprison them so long as the Western Boss admitted defeat.

However, if the Farmers insisted on resisting, the Dragon Corps would show no mercy.

T” The Western Boss’s expression darkened and his heart sank.

He knew that he failed and that continuing to resist would only get everyone killed.

He might as well surrender.

According to what he knew about the Dragon Corps, they would endy stripe the Fermers of their power and imprison them for a few years.

At least they would be able to survive and that was better than perishing right there and then.

Instantly, he looked as though he aged over a matter of moments.

“Forget it. I admit defeat and accept my punishment,” the Wgstern BOSs said gloomil and signaled the Fermers to surrender.

The Ex Husbands Revenge Chapter 2992-After the Western Boss surrendered, Levi and the other Dragon Guards sealed their power and captured them.

With that, the battle finally ended.

Meanwhile, on Leon’s end, his expression darkened after checking on Renee.

“Leon, how is Miss Morrison?” Seeing the look on his face, Iris asked worriedly.

“Renee isn’t doing so well. Her heart and other vital organs are damaged. It’s worse than what I thought,” Leon sighed.

Renee’s condition differed from what Iris suffered previously.

Iris suffered great injuries in her heart and almost died.

Renee, on the other hand, had other vital organs damaged as well, but the damage she suffered in her heart was milder compared to Iris’s previous condition.

This was the silver lining of the entire situation.

“So can you fix her?” Iris’s heart sank.

“I can, but,” Leon nodded hesitantly.

“But, what?” Iris urged.

“Renee’s heart suffered great damage and this cut off the oxygen supply to her brain, causing further damage. I can fix her wounds, but I can’t say when she will regain consciousness, or if she would wake up at all,” Leon explained.

“Are you saying that she may become vegetative?” Iris was taken aback.

“Yeah, technically.” Leon sighed.

The heart is a vital organ and damage to it or the lungs could cause people to go into a vegetative state.

Renee suffered damage to all her vital organs and though treating her was not challenging for someone with Leon’s skills, it was completely up to the odds if Renee could wake up.

“How could this happen?” Iris’s heart sank and she wore a worried expression.

After all, Renee was injured because she tried to save Iris.

If Renee truly failed to regain consciousness, Iris would be so tormented by her conscience for the rest of her life.

“Iris, don’t worry. To my knowledge, there are plenty of precious herbs that can fix damage to the brain. One of the supreme spiritual herbs, Heavenly Flower, works best. Once we find it, I can guarantee that Renee will wake up,” Leon consoled her.

Though supreme spiritual herbs were rare, it was not that big a challenge for Leon to locate them.

As a Platinum Dragon Guard, he could exchange herbs with contribution points.

Given the Dragon Corps’ ability, finding the Heavenly Flower would not be difficult.

“Good, then.” Iris was thrilled and relieved.

The only concern was that the Dragon Corps would likely need some time to locate a supreme spiritual herb, taking a month or up to five months.

The Ex Husbands Revenge Chapter 2993-“Alright, let me treat her now. Once her condition stabilizes, I will continue the treatment afterward,” Leon said.

He took out a Rainbow Pill, crushed it into powder, and fed it to Renee.

The Rainbow Pill was made from the Rainbow Fruit and the Emperor Herb.

Both herbs were mild in terms of properties. Not only could they enhance martial artists' power, but they also worked wonders in treating injuries.

To be safe, Leon intended to use the Rainbow Pill to stabilize Renee's condition, facilitating his treatment afterward.

Once Renee took the pill, Leon executed the Eternity Compression Method on the pressure points around Renee's vital organs with the effect of the Rainbow Pill.

Since Leon took the Dragon Pill, he would soon enter the recovery phase and did not have enough time to treat Renee.

Hence, he could only take temporary measures to stabilize her condition.

Once he was out of the recovery phase, he could continue treating her.

While Leon was treating Renee, Angus and the others started cleaning up, treating injured individuals, and handling the aftermath of the battle.

After half an hour, Leon managed to stabilize Renee's condition. He paused the treatment and withdrew his hands.

Angus and Levi were done cleaning up and came over.

"Mister Wolf, what should we do with the Western Boss and the others?" Levi asked.

He knew that Mister Orpwood left Leon in charge. Now that the Western Boss and the Farmers were captured, he needed to seek Leon's opinion on what to do with them.

"Um, just lock them up and wait for Mister Orpwood to return," Leon said thoughtfully.

"Sure. Mister Wolf, we will take our leave now then," Levi said and led the Dragon guards to leave.

After they left, Angus, Arthur, and the others walked over.

"Mister Wolf, thank you for saving US.

It you did not rush here, we woutch have all perished: We don't know how we can ever repay your kindness,"

Angus and Arthur said gratefully.

"Uncle Angus, you don't have to thank me. The Southern Boss was my, enemy as well and NaiDwhat Phad to df, It's not a big deal." Suddenly, Leon paused as though he recalled something.

The Ex Husbands Revenge Chapter 2994-"Elder Thompson, I can't bring your power back for the moment. Once I gather the necessary herbs, I will treat the damage to your Energy Sea Point," Leon added.

After fighting for so long, he was about to enter the recovery phase and could not treat Arthur immediately.

On top of that, treating damage to one's Energy Sea Point was no easy task.

Apart from the Cleansing Pill, he also needed other herbs and that could not be rushed.

He would reach out to the Scammells to get all the herbs he needed before treating Arthur.

"Alright. Mister Wolf, thank you," Arthur said gratefully.

"Well, since things have ended here, I should leave now. I will stay in the southern region for a few days. If you need anything, just come to the Heavenly Waters Estate," Leon said.

He came to the southern region, planning to return to the western region as soon as possible after taking the Western Boss and the Southern Boss down.

To his bewilderment, the situation was far more complicated than he anticipated.

Both the Southern Boss and the Western Boss reached the Peak Almighty State and the Southern Boss even got Brahma involved.

This almost caused Leon's downfall. As a result, Renee was severely injured and Arthur lost his power.

Hence, Leon intended to stay in the southern region for a while to settle everything, before returning to the western region to join Cynthia and the others.

He bid his farewell to the Thompsons and carried Renee into the car, before leaving with Chandler and Iris.

Roanne, on the other hand, remained with her family after the chaos instead of returning to the Heavenly Waters Estate.

After they left, Angus contacted Yuri and the others to return with the other members of the family.

Since the Southern Boss was eliminated, two of the Thompsons captured Rodney and he was once again their prisoner.

With the Southern Boss gone, the Thompsons were no longer concerned.

Angus ordered the two Thompsons to lock Rodney up and his execution would be scheduled soon to avenge Yonas's death.

With that, the grievances between the Thompsons and the Southern Boss finally came to an end.

Meanwhile, in the Heavenly Waters Estate.

Leon and Iris helped Renee settle in, while Leon called Hugo to inform him that Renee followed him to the southern region.

This was to prevent the Morrisons from worrying. However, Renee's injury was complicated and Leon did not mention it to Hugo.

He intended to explain everything after he returned to the western region.

Once he handled everything, he soon entered the recovery phase and lay in bed to rest.

Iris was responsible for caring for him and did so attentively: After all, this was the main reason why she followed him to the southern region.

The Ex Husbands Revenge Chapter 2995-The next morning, Leon felt less drained under Iris's care.

Still, he would only fully recover in the evening.

Just then, he heard footsteps approaching and Chandler strode in.

"Mister Wolf, Mister Glasbey from the Dragon Corps is here to speak with you,"

Chandler said respectfully.

"Oh, sure. Bring him in, Chandler." Leon thought for a moment and realized Alfred was likely here to ask about Brahma.

"Yes, sir." Chandler went out and soon returned with Alfred and a few other Dragon Guards.

Contrary to his previous calm demeanor, Alfred seemed to be in a horrible mood.

Indeed, he returned from the central region as soon as he could after learning that Brahma attacked the Dragon Corps in the southern region.

He even took a few Dragon Guards from the central region with him to take Brahma down.

Before Levi and the Dragon Guards returned to the western region, they paid a visit to the branch in the southern region to deliver Scott's head.

The Dragon Guards from the southern region thus learned that Leon eliminated the Southern Boss and that Brahma escaped with injuries.

Alfred soon learned about what happened when he returned.

He contacted the Dragon Corps in the central region along with the police force to track Brahma, hoping to find clues to his whereabouts and attack while he was injured to avenge the dead Dragon Guards.

Unfortunately, all signs indicated that Brahma escaped to the central region.

Alfred and the Dragon Guards found nothing and were all frustrated.

In the morning, the Dragon Guards prepared to return to the central region.

When Leon saw Alfred, he sat up from the bed and Iris attentively placed a pillow behind his back so that he could sit more comfortably.

Before leaving, Alfred took them to meet with Leon, hoping to get more information about Brahma to facilitate the mission of eliminating him.

"Iris, Chandler, excuse yourselves. I need to speak with Mister Glasbey and the others," Leon said.

"Sure." Iris and Chandler left as they were told, leaving Leon to speak with Alfred and the others.

"Mister Glasbey, I can't get out of bed now. Sorry for being seude, Leon smiled apologetically.

"I'm fine, just exhausted. It's not a big deal." Leon shook his head.

"It's fine. Leon, did you get injured from fighting Brahma yesterday? Are you alright?" Alfred asked with concern.

The Ex Husbands Revenge Chapter 2996-After exchanging pleasantries, Leon asked, ‘Mister Glasbey, what happened when Brahma attacked the southern branch?’

He knew that Brahma attacked the Dragon Corps and murdered Scott, but that was all that he was aware of.

“Brahma killed three Platinum Dragon Guards and four Gold Dragon Guards, injuring a dozen more,” Alfred said hatefully.

Though the criminals were enemies to the Dragon Corps and many Dragon Guards perished while hunting these criminals, it was the first time that a

criminal attacked the Dragon Corps and took the lives of multiple Dragon Guards.

This was unforgivable.

Thankfully, the Dragon Corps was protected by the National Security Department, which possessed heavy firearms that hindered Brahma to a certain extent.

To avoid getting killed, Brahma merely stayed in the Dragon Corps for a while before leaving. Otherwise, all Dragon Guards in the branch would have perished.

“Seven died? How vicious! If I run into Brahma again, I’m going to tear him apart to avenge them!” Leon was furious.

Brahma created quite a lot of trouble for him by aiding the Southern Boss.

Without Brahma’s involvement, it would have been much easier for him to eliminate the Southern Boss and the Western Boss.

Iris would not be in danger and Renee would not fall unconscious from severe injuries.

It was no exaggeration to say that everything was related to Brahma.

There was no way that Leon would spare him for both his own sake and to avenge Scott.

He was determined to eliminate Brahma the next time he saw him.

“Mister Wolf, it’s been a while.” Just then, an old man dressed in green greeted Leon.

He was none other than Zach from the central region.

When the Demon Lord and Hades came to the southern region, the Dragon Corps sensed Something”

amiss. Zach Was sent along with a few other Dragon Guards from the central region to pursue the two criminals.

Leon once met with Zach as he was introduced by Alfred, so he knew that Zach was a level-two Platinum Dragon Guard.

“Mister Jubert, I didn’t expect to see you again so soon.” Leon recognized him right away.

The last time they met, Zach led a team to pursue the Demon Lord and Hades, but now another. A formidable-looking old man was standing next to him.

Zach and the others were extremely respectful toward this old man. This old man in gray was the leader of this mission and his status likely surpassed that of Zach.

No data found.

The Ex Husbands Revenge Chapter 2998-“What? Are you saying that Brahma is only in the Peak Almighty state? How is that possible?” Zach and the others were shocked.

According to the information they obtained, Brahma long reached the Semi – Saint State and was close to reaching the Saint state.

Yet, Leon claimed that Brahma was only in the Peak Almighty State.

This was so unbelievable that they could not understand what was happening.

“Mister Wolf, can this be a mistake?” Zach and the others asked in disbelief.

“No. I can guarantee that Brahma was only in the Peak Almighty State. Though, he does have a weapon that’s in the Semi-Saint State,” Leon said with confidence.

“That shouldn’t be. Can there be more than one Brahma?” The old man in gray frowned.

“Mister Neale, are you saying that there are multiple Brahmas?” Zach and the others were taken aback.

The old man in gray was the person in charge of the Dragon Corps in the central region, Roderic Neale.

Since Brahma was at the top of the criminal list and was already close to reaching Saint State, Roderic came over to the southern region in the hope of eliminating Brahma.

Unfortunately, he did not manage to find Brahma.

Still, from the information provided by Leon, he realized that there was more than one Brahma.

“Yeah. I’ve been thinking about this for a while. Every time we receive reports about Brahma, the information would be slightly different from the last ones.

This is the main reason why we can’t locate them and get played by him repeatedly. I think there may be two to three people posing as Brahma to confuse US. It’s no wonder that we failed continuously,” Roderic said.

Though the Dragon Corps attempted to confront Brahma multiple times and failed, some of the Dragon Guards did fight Brahma in the past.

They could not quite locate Brahma, but they were all certain that Brahma was already in the Semi-Saint state.

Yet, the Brahma who fought Leon was only in the Peak Almighty State.

If Leon was telling the truth, there must be more than one Brahma.

Including all the contradicting information the Dragon Corps, m received over the years, Roderic thedrized that two to three people were posing as Brahma.

Otherwise, the Dragon Corps would not have struggled for years to m capture\kim.

“I see!” Leon, Zach, and the others came to a realization.

Leon finally understood why Brahma’s power did not, match the rumorspand why he was so easily defeated.

It turned out that the person he fought was not the real Brahma.

The Ex Husbands Revenge Chapter 2999-“Damn it. Who would’ve thought there were imposters? Brahma sure hid it well!” As realization struck them, the Dragon Guards all wore dark expressions as they realized how cunning Brahma was.

Thankfully, they now knew about Brahma’s trick, and with caution, it would be easier to track Brahma down and they would not be at such a disadvantage.

“I don’t care if he’s an imposter or what. If I run into him again, I’ll take him down!” Leon scoffed.

Due to the massacre at the Dragon Corps and the injuries Renee suffered, Leon resented Brahma.

To avenge Renee and Scott and to eliminate a threat to the community, he swore to get rid of Brahma.

“Young man, the real Brahma is almost in the Saint State with almost no rival in the central region. It won’t be that easy for you to take him down!” Roderic shook his head and assumed that Leon was just bluffing.

Naturally, he was not the only one who thought so. Zach and the others shared the same thought as well.

Brahma was formidable and cunning. Even the Dragon Guards from the central region failed to track him down, so Leon stood no chance at all.

It was already an issue for Leon to locate Brahma. Even if he did, it would be pointless.

Though Leon managed to defeat Brahma’s imposter, he still managed to escape.

If Leon could not deal with Brahma’s imposer, how could he be a match for the real Brahma?

It would be impossible so no one took him seriously.

“Maybe.” Leon smiled and did not argue.

In the next moment, he recalled something and retrieved a few flasks from his nightstand.

“Mister Glasbey, Mister Neale, there’s something I’d like to give you This is Soul Searcher and it came to help you track enemies from a thousand miles away,” Leon explained.

Since the Soul Searcher was special and could be used to track criminals down, he did not hand them Over to the pragon Corps when he was.

weaker as he may need to use it on people who bore ill intentions toward him.

This could be his way of contributing to the Dragon Corps’ purpose.

However, his overall strength reached the Semi-saint State so he was no longer concerned. Hence, he intended to hand the Soul Searcher over to the Dragon Corps to facilitate their mission.

At the moment, Brahma and Hades were the only ones left on the criminal list, but there would be more criminals emerging every year and there was no end to this.

With the Soul Searcher, the Dragon Corps could use it against criminals and better maintain the order of the community.

The Ex Husbands Revenge Chapter 3000-“What? This Soul Searcher is that powerful? That’s wonderful!

Alfred and Roderic were both overjoyed.

The Dragon Guards from the central region were exceptionally excited as they struggled in the past to capture criminals like Brahma and Hades precisely because they could not locate them.

Even with great manpower and resources to track them down, they would run ahead of time, making it extremely hard for the Dragon Corps to capture criminals.

With the Soul Searcher, they could easily locate their enemies and so long as they tracked down people like Brahma, they could find them by using the Soul Searcher on them.

This was how important the Soul Searcher was for them.

When Leon said he wanted to take Brahma down, they all assumed that he was being arrogant.

To their bewilderment, Leon possessed such great invention.

If Leon truly met Brahma, he could easily handle Brahma’s imposter even if he could not defeat the real one.

At this moment, they finally realized that Leon was truly capable and they merely underestimated them.

“Mister Glasbey, Mister Neale, I don’t have that many Soul Searchers with me now, so I can only give a few to the Dragon Corps in the southern and central regions. Once I have more time, I will make more and deliver to the other three regions,” Leon said and handed the Soul Searcher to Alfred and Roderic, before explaining the detailed instructions for using it.

“Thank you, young man! This Soul Searcher would be useful for US. I don’t know how to thank you. How about this? If you need something, name it and we’ll try our best to fulfill it,” Roderic said thankfully

“Need? Mister Neale, to be honest, I do have a request. I need a Heavenly Flower now Can the Dragon Corps help find one?” Leon requested..

The Heavenly Flower was a supreme spiritual herb and with it, he could help Renee regain consciousness.

The southern region of Dragon Corps was just a branch and if he asked for Alfred's help, it would take more time.

If the Dragon Corps from the central region could help, it would be much easier to locate it.

"Heavenly Flower? Sure, no problem!!

Once I return to the central region, I will arrange for someone to research for a Heavenly Flower. Give me your contact and I will let you know immediately once we find one."

Roderic nodded and agreed directly.

"Sure, thank you," Leon said with a smile and exchanged contact with Roderic.
