

The Ex Husbands Revenge Chapter 3056

The Ex Husbands Revenge Chapter 3056-“Mister Zimmerman.During my inspection, I discovered the outer layer and the inner part of the jadeite are different.Can you three check again to confirm that there is nothing wrong?”

Leon asked the appraisers.

Although he discovered the difference between the outer layer and inner part of the jadeite, he knew little about jadeite and did not know if it was normal.

Thus, he told the appraiser about his findings in the hope that the appraisers could inspect the jadeite to find evidence that the jadeite was not a Mystical Dragon Jade.

“Sure,” the appraisers said.

They reinspected the jadeite with their equipment.

“I see it now!”

After Leon’s finding, Mister Zimmerman and the two appraisers discovered something too.

“Mister Zimmerman, what is it? Is there something wrong with the jadeite?”

Shally asked nervously.

“Miss Summers, after another careful inspection, we also discover something wrong with this jadeite.The inner part of the jadeite is a clear green top-quality jade.However, it is wrapped around with Mystical Dragon Jade that is crushed into powder form with special means.That is why this jadeite has the fluorescence and characteristics of the Mystical Dragon Jade.But in reality, it’s just a piece of clear green top-quality jade,”

Mister Zimmerman reported his findings.

The clear green jade had similar fluorescence and characteristics as a Mystical Dragon Jade.

The powdered Mystical Dragon Jade’s layer could easily fool a person’s eyes.

That was why Mister Zimmerman and the two appraisers thought Mister Negus’ jadeite was a Mystical Dragon Jade.

“So Leon is right! Mister Negus, Marvin! How could you?”

Shally was furious and looked at Mister Negus and Marvin angrily.

At this point, even an idiot could tell Leon was right about Mister Negus and Marvin trying to scam her to buy a fake Mystical Dragon Jade just to ruin her business.

Although the price for a clear green jade was very high too, it was different from a Mystical Dragon Jade.

If she bought it with 386 million dollars, she and her family would become the laughingstock of the market.

The insufficient cash flow would make her business fall and she would very well be bankrupted.

Marvin's plan was cruel.

Luckily, Leon had sharp eyes and stopped her just in time from continuing to raise the bidding.

He even exposed Mister Negus and Marvin.

It would be a nightmare if she fell into Marvin's trap.

"Damn it! How can this be happening?"

Now that the truth came to light, Marvin and Mister negus both had expressions on their faces The.

He always thought Leon was just a nobody and could now discover the real problem of the jadeite

Especially Mister Negus.

It exceeded his expectations and caught him off guard.

Little did he know, Leon was capable of discovering the proptem and !!

At that moment, he and Marvin were surprised and angry.

The Ex Husbands Revenge Chapter 3057-"Miss Summers, I don't understand. Like I said, this is a real Mystical Dragon Jade. If you think otherwise, you don't have to buy it."

Mister Negus responded quickly and tried to take the jadeite back.

He refused to admit it was a fake Mystical Dragon Jade and refused to sell it anymore.

In that case, Shally would not buy a fake Mystical Dragon Jade from him and there was nothing she could do.

Besides, that would not ruin his reputation by selling a fake Mystical Dragon Jade.

“Marvin! Your plan has failed! Get out of my shop now!”

Shally knew there was nothing she could do since Mister Negus refused to admit it.

She asked Marvin and Mister Negus to leave her shop so she did not need to see them anymore.

“Shally Summers! This is not the end of it. That guy insulted me. If you want me to leave, you have to do something to satisfy me!”

Marvin said angrily while pointing his finger at Leon.

His plan was perfect.

However, it was ruined because of Leon.

He could not just leave after being defeated.

Thus, he had his eyes on Leon and wanted to teach Leon a lesson for messing up his plan.

Otherwise, he was unable to get rid of his anger.

“What do you want, Marvin?”

Shally’s face changed and she had a bad feeling.

“Easy. He tarnished my reputation without any proof by insulting him and accusing me of scamming you with Mister Negus. I’m not anybody he could easily talk badly of! If you know any better, hand him to me now! Or get ready to face the consequences!”

Marvin threatened arrogantly.

“Marvin, that’s too absurd!”

Shally was infuriated for she did not go after Marvin for scamming her with Mister Negus but Marvin threatened to hurt Leon after Leon exposed him.

It was unbelievable that Marvin did not stop and even acted up.

She saw many despicable men but never one as despicable as Marvin was.

“So what? Hand him to me and this ends here now. Or I’m going to do something that you’re going to regret and you better don’t blame me for that!”

Marvin continued to threaten.

“You! No! I’ll never let you take Leon!”

Shally rejected it immediately.

Leon exposed Marvin and helped her save her business.

How could she bite the hand that fed her and let Marvin take Leo away?

“ Fine! very well. this is your choice. Be prepared for the worst” Marvin laughed evilly.

The Summers were his family’s biggest competitor.

And Marvin thought hard to look for a reason to attack the Summers.

Now that Shally insisted on going

against him to I protection,Leon it was just the excusehe Deeded to attapk. Leor and Shally. The content.

If Shally dared to stop him from beating Leon he could use the m opportunityto attack Shally too! The plan was well drafted in his mind.

Without wasting more time, he walked toward Leon with ac O M murderous aura.

The Ex Husbands Revenge Chapter 3058-“Damn it!”

Shally shouted nervously as Marvin made his move at Leon.

Quickly, she took a step forward to protect Leon with the thought of blocking Marvin’s attack.

“Shally! Marvin’s more powerful than you.You can’t hold him.Get away! Don’t get yourself involved in their matters!”

Lucian panicked and shouted out.

He tried to remind Shally that she was not Marvin’s opponent and wanted Shally to move away to avoid getting hurt when Marvin attacked Leon.

“Lucian.How could you say that? After what Mister Wolf did for us.Marvin is angry at him because he helped US and our family business.How could we do nothing when he is in danger?”

Shally rebuked unhappily.

III II Lucian did not know what to say.

He knew Shally and the family business would be in trouble if it were not for Leon.

However, he did not like Leon due to the conflict he had with Leon earlier.

Marvin was one of their generation's best and most powerful martial artists.

Without a doubt, Shally and her people did not have the slightest chance of winning.

To protect himself and Shally, he did not want Shally to get involved in the fight.

"Mister Wolf, Marvin is a very strong martial artist. We can't hold him off for long. But I'll try to hold him off as long as I can so you have the chance to run. Do you understand what I'm saying?"

Shally disregarded Lucian.

She looked at Leon and told him to take the chance to run when it was available.

Marvin was not alone as he had two bodyguards with him.

That only decreased the chance of winning for Shally.

The two guards were the second generation of the Nortons but not members of the main family.

Despite that, they were very strong too.

In fact, with every guard Shally had in the Treasure Hunt fighting together, there was no chance of winning.

The only thing she could hope for was a chance for Leon to escape while she fought with Marvin and the two guards.

Once Leon and his friends managed to escape, Shally trusted that Marvin would somehow be scared of her family and did not dare to do anything to hurt her.

All problems would be solved by then.

"Run? That's not necessary. Don't worry, Miss Summers. He's just an insect to me. He can't do anything that will hurt me. Why don't you move away for now?"

"I'll show you how to teach him a lesson for being an arrogant prick!"

Leon snorted and gave Marvin a disdainful look “Are you serious?”

Shally and Lucian were shocked and could not believe what they just heard.

After knowing Leon for quite some time, they knew how rich Leon was as he used cash to buy a villa and jadeites.

Thus, they thought Leon was the boss of the pharmaceutical firm in the Western Region.

Even so, in their mind, Leon was just a normal person.

Yet, Marvin was from an ancient martial arts family with a high power level.

A normal person was not capable of defeating him.

The best bet Leon had was to look for a chance to run single Marvin in was certain that he wanted to beat Leon for ruining his plan.

However, that was not how Leon saw it.

Instead of running, he continued to provoke Marvin and call Marvin an insect. Which was quite unbelievable.

The Ex Husbands Revenge Chapter 3059-“Hey! Did you just call me an insect? Fine! If you wish to die, I shall grant you your wish!”

The anger welled up in Marvin’s chest.

He was so angry that he found it amusing.

Without any hesitation, he swung his fist viciously in the direction where Leon and Shally were standing.

So fierce and sharp as if there was nothing in this world that could stop him from killing Leon.

If Shally dared to stop him, he did not mind killing Shally too.

“We’re finished!”

Shally’s heart sank.

Leon was innocent and only got into this mess because of her.

Despite knowing she was not Marvin's opponent, she could not stand by and watched Marvin blame Leon and want to hurt Leon.

Thus, she got herself ready and prepared to block Marvin's attack by throwing a punch at Marvin.

Then again, before she could do it, something unexpected happened.

"You're very arrogant for being in the Advanced Overlord State. How naive,"

Leon snorted.

He took a step forward and moved in a flash.

Before anyone could see it, he was standing in front of Shally.

After swinging his arm, a powerful amount of spiritual energy appeared and whirled toward Marvin.

Boom! Leon's attack and Marvin's attack clashed with each other creating a loud noise.

Undoubtedly, Leon's attack was stronger than Marvin's.

The residual force of Leon's attack continued whirling and hit Marvin.

Crack! Marvin was hit severely.

The arm he threw his punch at Leon broke.

His body went flying like a kite and crash-landed on the floor after flying nearly 10 feet away.

As he landed, he spat a few mouthfuls of blood.

His arm and chest hurt so badly.

He ended up with a broken arm and five to six broken ribs.

His face was as pale as snow.

He was so badly wounded that he could stay lying down on the floor and look weak.

Luckily, Leon did not have the habit of killing people.

Even though Marvin was severely injured, he was not dead.

With Leon's strength and level, killing Marvin was an easy job.

"Marvin lost? How— How is that possible?"

Shally and Lucian were shocked.

They rubbed their eyes a few times just to make sure they were not imagining things.

They knew how strong Marvin was.

Marvin was the top of their generation.

He reached the Advanced Overlord State.

There was no one in the third-tier martial arts families could beat him.

On the contrary, Leon was just a normal rich kid to them.

There was no way Leon could have the power to defeat Marvin.

Yet, it was being proven otherwise.

All Leon needed was a swing of his arm to defeat the powerful Marvin.

And Leon's attack even gave Marvin a huge blow.

It was just unbelievable.

If Shally and Lucian did not see it with their own eyes neither of them would believe

"No. This is wrong!"

Marvin moaned painfully while lying on the floor.

He looked shocked as he endured the pain from his arm and chest.

Although he did not know who Leon was, he knew Leon was not a member of an ancient martial arts family from the central region because he had never seen Leon

before.

Thus, it made no sense to him.

How could a nobody from out of nowhere appear and defeat him with one attack? Most importantly, he could not accept this harsh and terrible reality. V

The Ex Husbands Revenge Chapter 3060-“Mister Norton, are you hurt? Are you alright?”

Finally, Marvin’s guards pulled themselves together and hurried over to Marvin to help Marvin get up from the floor.

“Donald, that bastard broke my arm and ribs. Don’t let him get away. I want him to see him end up in a wheelchair for the rest of his life!”

Marvin commanded angrily as he endured the pain from his injury.

The only thought in his mind was to get his revenge.

Hurting Leon was the only thing that could relieve his pain now.

“Yes, sir!” The guards answered and stomped toward Leon angrily and viciously.

“How dare you hurt Mister Norton? You have to pay for that. Die!”

The guards reprimanded Leon harshly.

As they each stood on the left and right side of Leon, they sent out a powerful attack with an overwhelming and unrivaled might at Leon.

“Intermediate Emperor State?”

Leon raised his brow and looked disdainful.

From the guards’ attacks, he could tell the power level of the guards was just Intermediate Emperor State.

Whereas, he already reached the Semi-Saint State.

The guards were nothing but insects to him.

In other words, the guards’ attacks would not harm him.

“Mister Wolf, watch out!”

Shally panicked and tried to warn Leon.

She had her worried face on.

Even though Leon defeated Marvin with just one attack, Marvin’s power level was Advanced Overlord State.

Marvin's guards were already at the Intermediate Emperor State which was much higher and more powerful than Marvin's.

Defeating Marvin did not mean Leon was capable of defeating Marvin's guards who had higher levels than Marvin.

At least, that was how Shally thought.

In her point of view, Leon was too young to have the power to defeat Marvin's guards.

And she was not the only one who thought that.

Lucian and Marvin had the same perception in their mind.

As they did not sense any true energy from Marvin, they could not tell which power level Leon was at.

However, there was one thing they were certain of.

There were just a handful of young generations in the regions of skyl!

county whoreached Emperor state and above.

All of those youngsters were either a member of a major family or a prodigy with natural-born talent.

Leon was neither and he was young.

Therefore, Lucian and Marvin never thought Leon could have reached the highest of Emperor state because it was unrealistic.

There was no chance of winning for Leon as he faced attacks from Marvin's guards unless there was a miracle.

Before Lucian and Marvin could think of how to mock Leon for losing.

The miracle happened.

Without a flinch, he swung his arm to release a strong forge of spiritual"

energy at the Indoming attack.

The spiritual energy whirled toward the guards.
