

The Ex Husbands Revenge Chapter 3066

The Ex Husbands Revenge Chapter 3066-After Shally and the two Elders left, Keith said to another Elder, " Clifford, go right now to the Jansons.

Tell them about the Nortons attacking US.

See if they could send some support to help US solve this matter." They were as strong as the Nortons.

Keith was not afraid of them.

The only issue was that the Nortons were being supported by the Central Boss and the Micahs.

The fact that the Nortons gathered a group of fighters to attack them meant that they most probably had the support of the Micahs.

Or worse, they could have used the Micahs as an excuse to attack them! The Micahs were much wealthier and more powerful than them.

They could barely compete with them! Just to be on the safe side, Keith was prepared to ask the Jansons for support and to get them to interfere in this matter.

This was to ensure the safety of the Summers! "Okay!" Clifford, the Third Elder, responded and left in a hurry to look for the Jansons.

"Alright, gather our remaining descendants and prepare to fight the Nortons!"

Keith commanded the other core members of the family.

They all left to prepare for war with the Nortons.

In the villa of the Pearl Garden Estates, when Shally and the two Elders arrived, they bumped into Leon, Cynthia, and a few others in the living area.

"Miss Summers, what brings you here?" Leon was a little surprised to see Shally.

"Mister Wolf, something terrible has happened! The Nortons have gathered a group of fighters, and they are attacking the Summers right now.

Their main goal is most likely seeking revenge on you." Shally looked grim.

"What? The Nortons want to come at me? How stupid are they?" Leon laughed in fury.

Marvin failed at his scheme to frame Shally.

Then, he attacked Leon first, which was why he got hurt.

It was no exaggeration to say that Marvin ended up that way was all his doing!

Leon only hurt Marvin and did not kill him.

That was him showing the Nortons mercy! Yet, they were using that as an excuse to attack the Summers! They were such bullies! Even if Leon was usually good-tempered, he was infuriated by the Nortons' behavior.

"Mister Wolf, it's pointless to say anything right now.

You should leave with Miss Shear and the others before they arrive.

Find a safe place to hide and lay low for the time being," Shally said what Keith instructed her to say.

"Hide? No need! Miss Summers.

Don't worry.

The Nortons are nothing to me! I don't need to hide!" Leon said with a sneer.

That was indeed the fact.

He was in a Semi-Saint State.

The puny Nortons were not strong enough for him to go into hicking!"!

What" Shally Was stunned.

When they found out that the

Nortons were coming at them Keith and her first thought was to protect

Leon, since Leon was their savior.

The Summers had to do their best to protect Leon so that he could escape and hide in time

She never expected that Leon was not planning to hide at all.

This caught her off guard!

The Ex Husbands Revenge Chapter 3067-“Mister Wolf, this isn’t the time to be reckless! Although your power level isn’t too low, the Nortons have a lot of fighters! “They are all either at the Advanced Emperor State or Peak Emperor State.

Some of them are even in the Semi Almighty State.

You really should hide! Better to be cautious.” Shally tried to persuade Leon.

After witnessing the fight between Leon and Marvin, she realized that Leon was indeed quite powerful.

His power level might be Advanced Emperor State or beyond.

However, the overall strength of many of the ancient martial arts families in the central region was much more powerful than the other four regions.

A third-tier ancient martial arts family like the Summers or the Nortons was as strong as a second-tier ancient martial arts family in other regions.

Many of them in the Summers or the Nortons were at the Advanced Emperor State or beyond.

Some were even at the Semi Almighty State! This was not something Leon could fight against! Shally did not think that Leon had the power to take down the group of fighters from the Nortons.

This was impractical! “So, what? They are just a bunch of puny Semi Almighty State martial artists.

That’s nothing impressive!” Leon snickered condescendingly.

“Uh!” Shally was dumbfounded at Leon’s condescension against the Semi Almighty State fighters.

She could not believe her ears.

In her world, the Semi Almighty State martial artists were extremely powerful!

She could not imagine where Leon had the guts to look down on them! “Child, you’re being too arrogant! Don’t you know how strong a Semi Almighty State fighter is? This isn’t something a young person like you could comprehend!” The two Elders of the Summers were also unhappy.

They thought that Leon was too arrogant.

“That might not be the case!” Leon did not want to argue with them.

He looked straight at Shally.

“Miss Summers.

I was the one who injured Marvin Norton.

The Nortons are coming at the Summers because they want to seek revenge on me.

“In any case, since this matter started from me, I’ll deal with it! Just take me to the Summers.

I’ll deal with the Nortons!” Leon said confidently.

“No!” Shally shook her head, immediately refusing Leon’s proposition.

Leon was too young.

In her mind, he would not possibly be able to go up against so many m people! Shg was not going to let Leon send him self to his death”Mister Wolff the Nortons have

She even brought up the Central Boss and the Micahs so that the arrogant Leon would understand his situation and back down.

“They might have even gotten fighters from the Micahs if i take you fighters from the Micans if i take you over this is no different than sending you to your death!” Shally tried to persuade Leon.

Boss and the Micahs supporting them! The fact that the Nortansm would grendy affack us meant that.

they already got the Micahs’ support.

.

“What? That tiny family of the Nortons has the support of the Cen tral Boss and the Micahs?” Leon was surprised to hear that.

He never thought that the Nortons would have such huge families backing them up.

The Ex Husbands Revenge Chapter 3068-“yes! Mister Wolf, the Micahs are one of the Four Major Families in the central region.

They have many martial artists in the Almighty State! Many of them are either Advanced Almighty State or Peak Almighty State! “If you choose to face the Nortons head-on, that means you’re also going up against the Micahs! It will only be death for you! Which is why you should run away and hide.

This is the best choice, but seeing how surprised Leon was, Shally thought that he was shocked by the Central Boss the Micahs.

She took advantage of that and tried to persuade him to run away once more, hoping that Leon would give up fighting the Nortons head-on and send himself to death.

However, before she could finish her sentence, what Leon said next caught her completely off guard! "Amazing! That's just amazing! I was trying to find the time to meet the Central Boss and the Micahs! I never thought that they would come find me instead! The universe is helping me!" Leon was delighted.

The reason he was in the central region was to open up the market there and set up branches of the Cynthion Group and the Elegante Group.

The other reason was to look for Brahma.

He was going to find Brahma out and avenge Renee.

However, the central region was a huge place, not to mention how sly and malicious Brahma was.

He was great at covering his tracks.

Searching for Brahma in the central region was like finding a needle in a haystack! Fortunately for him, after a few rounds of sparring with the Southern Boss and the other criminals, he realized something.

The Eight Criminals on the Criminals List would usually hide themselves in the grey area of the Gangster World to avoid being caught by the Dragon Corps.

They were inextricably linked to the forces in the Gangster World.

The Central Boss was the overlord of the central region.

He oversaw many forces.

If Leon's guess was right, the Central Boss would know a thing or two about Brahma's whereabouts! The Central Boss was an important figure.

He was in charge of ensuring order in the Gangster World.

On the other hand, the Dragon Corps in the central region was in charge of order and stability in the martial world.

Naturally, they would not dare to easily attack the Central Boss.

At the same time, they could not investigate Brahma through the Central Boss.

Leon was different.

He was an external member of the southern region Dragon Corps.

He had less bureaucracy tying him down.

That was why when he arrived at the central region two days ago, he considered that after he settled down and dealt with the acquisition of the jadeite, he would take Mason to the Gangster World or the Black Market to see if he had a chance to get in touch with the Central Boss or the Micahs and find out about Brahma through them.

The Universe helped him! Never would he have dreamt that they would come look for him even before he found them! This was just what he wanted if he could reach out to the Central Boss and the Micahs through the Nortons, it would save him a lot of trouble! "What? Do you want to meet the Central Boss and the Micahs? Have I misheard?" Shally was utterly stunned! She deliberately mentioned the Central Boss and the Micahs so that Leon would back down.

She never would have thought that not only did he not back down, but he also wanted to meet them he sounded like he was not afraid of them at all!

This was unbelievable! She was extremely dumbfounded.

Even the Elders next to her were completely baffled by what Leon said!

The Ex Husbands Revenge Chapter 3069-"Dude, watch your tongue! The Central Boss is one of our most powerful figures in the central region.

No one would dare to offend him and the Micahs!" "You better watch what you say about Central Boss.

If the Micahs heard about it, they would bring you trouble." The Elders quickly reminded Leon to not be too arrogant.

"Look at how frightened you two are! It's just the Central Boss!" "You and the Summers might be afraid of him and the Micahs, but Leon isn't!" Cynthia and

Ruth could no longer sit and watch Shally and the Elders constantly undermining Leon's abilities.

They stood up for Leon.

They knew much about Leon's powers! Previously, even the leader of the Eight Criminals, Brahma, lost to Leon.

He was beaten up so badly that he had to flee! Not only that, the Southern Boss and the Spears as well as the Western Boss and the Farmers all lost to Leon!

Leon was so powerful that they did not think he would ever lose to the Central Boss.

At the same time, they thought that the Central Boss and the Micahs could not do anything to Leon.

“Birds of the same feathers flock together.

These three have lost their minds.” The Elders looked at them in disbelief.

They could understand if Leon was an arrogant young person who looked down on the Nortons.

However, Leon and the two ladies were looking down on the Central Boss and the Micahs! This was absurd! They could not understand where they found the courage to do so! They guessed that Leon was perhaps too arrogant, and he was showing off.

Other than that, they could not come up with any reason! “Miss Summer, time is running out.

Please just take me to your manor.

Let me deal with the Nortons.

If you don't want to take me there, I'll head there on my own.” Leon was not familiar with the Summers' manor.

He had never been there before, but he knew that the area surrounding the Pearl Garden Estates belonged to the Summers, therefore it should not be far.

If Shally insisted on not taking him there, he could just ask anyone on the street.

Most likely he would find the Summers' manor easily.

“I-” Shally hesitated.

She did not know what to do.

1 Leon saved their business.

She was grateful to him.

Naturally, she did not want to lead him to his death.

The problem was that she could not possibly restrict Leon.

If she did not agree with him, he could just head over there on his own.

She was feeling conflicted and helpless.

“Shally, since he insists on going up against the Nortons, we’ll just take him there! We’ve already said what we should say.

If he still wants to do it.

We can’t control him,” Cecil, the Fifth Elder, said rather angrily.

He was infuriated by Leon’s arrogance.

“Yes, Shally! If he wants to go, let him go! The Nortons must have gotten the Micahs’ support, which was why they openly attacked US.

With their help, even if Mister Wolf heads over there, it would be fine.

He wouldn’t get hurt,” Ansel, the Fourth Elder, chimed in.

“Hmm, you’re right.” Shally agreed with the Elders.

The Jansons were powerful in the central region.

With their help, there should not be much of a problem.

Even if she took Leon over, he would not get hurt.

She need not worry.

She suddenly felt much more relieved.

“Alright, then! Mister Wolf, i’ll take you there but i have to remind you to be careful the content is on Don’t try to be a hero,” Shally warned.

“Hmm, I understand,” Leon replied perfunctorily.

With Shally leading the way, they drove off and headed to the Summers’ manor the content is on Read the latest chapter there!

The Ex Husbands Revenge Chapter 3070-Outside, the Summers’ manor.

When Clarence Norton, the head of the Nortons, arrived with the group of fighters, Keith, the Summers’ descendants, and fighters were already waiting for them.

The Nortons stopped about 20 meters away from them.

They were at a standoff.

Clarence did not only lead more than 30 elite fighters, but he also took the victim, Marvin, along.

Marvin was heavily injured by Leon over at the Treasure Hunt.

He was in a wheelchair with a cast over his broken arm.

He broke a few of his rib cages too.

He looked pathetic! "Clarence, there are rules! We are merely business competitors! If you have any problem with it, we deal with it in business! "Yet, now you broke the rules.

You led a huge group of men to invade the Summers' manor! How do you explain yourself!" Keith barked at Clarence angrily. "Keith, your granddaughter got in cahoots with a bastard.

He hurt my grandson, Marvin! He was cruel! I'm only taking men here to help my grandson seek justice! The Summers have to give me a satisfactory answer before I leave!" Clarence sneered domineeringly.

He knew that the person who hurt Marvin was Leon.

It had nothing to do with Shally, but he took advantage of the situation by involving Shally so that he could take the Summers down! That way, he could stop the Summers from trying to avoid responsibility! "You want to seek justice?

Clarence, you were the one at wrong first! Marvin tried to set Shally up.

After things went south, not only did he stop, but he even tried to bully Mister Wolf with his powers! Even if he was hurt by Mister Wolf, he brought it on himself! He has no one else to blame!" Keith initially thought that the Nortons attacking them was only because they wanted to seek revenge on Leon.

He never would have thought that Clarence was not only trying to seek revenge on Leon but also got Shally involved.

He accused Shally of joining forces with Leon to hurt Marvin, making Marvin the victim how despicable of course Keith understood that

Clarence was just trying to find an excuse to make things difficult for the Summers!

This was a common tactic used among the ancient martial arts families.

He was not at all surprised.

“Keith, I don’t understand what you’re talking about! only know that Shally ganged do on’ Marvin with that

bastard..

They broke Marvin’s arm and beat him up terribly they went too far if, you know any better youll hand that bastard over to us right away if not you have only yourselves to blame!”

Clarence threatened.
