

The Ex Husbands Revenge Chapter 3071 - 3080

The Ex Husbands Revenge Chapter 3071-“You Nortons? What a joke! Clarence, the Summers are just as strong as the Nortons.

You don’t have what it takes to take US down!” Keith snickered.

He looked at Clarence with condescension, completely ignoring Clarence’s threats.

“That might not be true! If it was in the past, the Nortons might not be able to do anything to the Summers, but we are not the same as in the past!” Clarence sneered.

“What the hell do you mean by that?” Keith furrowed his brows in confusion, unable to process what Clarence was saying.

“Ezra, come out! Show Keith your powers!” Clarence did not reply to Keith.

He merely turned around and called a person out.

The person in black was no one else but the second grandson of the Norton family, Ezra Norton.

“Okay.” Ezra walked out and released a Semi Almighty State aura.

The aura immediately loomed toward Keith! Not only that, but Clarence also emitted the same powerful aura at Keith! “Two of you are in the Semi Almighty State? How is this possible?” Keith was stunned to feel their powers.

His heart instantly sank.

Third-tier ancient martial arts families like the Summers and the Nortons were in the same situation as the second-tier families in other regions.

They usually train in the great cultivation methods that belong to the Advanced Power class.

These methods were limited by their levels.

Usually, one could only train until the Semi Almighty State.

It was hard for any of them to break through to the Almighty State! The Summers and the Nortons were no different! A few years ago, Keith already broke through to the Semi Almighty State.

He was the only one among the Summers.

The Nortons were in a similar situation as well where only Clarence was in the Semi Almighty State.

He never thought that even Ezra broke through to the Semi Almighty State! They had two Semi. Almighty State martial artists this immediately split the Summers in a weaker position! The disparity in power was immediately clear! "Damn it!" "How could this happen!" Keith was not the only shocked one.

The other elders and core members of the Summers were equally shocked too.

If Ezra was only at the Emperor State, they would not need to be afraid.

At the same time, the powers of the two families were more or less the same.

However, Ezra was already in the

Semi Almighty state! The situation changed the Nortons powers were strong enough to take down the Summers! This was not something

The Ex Husbands Revenge Chapter 3072-Keith, you've seen our powers! Although Shally joined forces with that bastard to hurt Marvin seeing how we have always been the ancient martial arts family of the central region, I'll look the other way and not make Shally pay.

"But you have to hand over that culprit and give in to some of the Nortons' business demands.

Then, we'll call it even! If not, you'll have to bear the consequences!" Clarence sneered.

He looked at Keith with arrogance as if he was sure he was going to win.

That seemed to be the case too! The Nortons were currently stronger than the Summers.

If the Summers were to fight with them, they would be no match for them!

However, Clarence did not want to overplay his hand as well.

Shally was their only direct descendant.

If he continued to put the blame on Shally and make her pay, the Summers would naturally fight back.

This would cause the Nortons unnecessary injuries and death.

This would do nothing good for them! Thus, Clarence was prepared to let Shally go in exchange for some compromise on business deals from the Summers.

This would bring them more profit! Of course, the Summers had to hand over Leon to the Nortons as well! "Impossible! We will never hand over Mister Wolf!"

Keith harrumphed and refused to give in to Clarence's demands.

Keith was not an unappreciative person.

Leon only hurt Marvin because he was trying to stand up for Shally.

Not to mention the fact that Leon also saved their business.

The Summers owed it to him.

Even if the Nortons were powerful, Keith was not going to hand Leon over to them! This was not something that he could do! "Keith, you should know your place! I've already given you a chance, but you choose to make things difficult."

Clarence was infuriated.

"Clarence, just shut up! I'll be honest with you.

Mister Wolf has left this place.

He is in a safe place right now! I suggest you give up right now!" Keith snickered.

"What? You!" Clarence was furious.

Although Keith did not spell it out,

Clarence knew that Keith must have sensed that something was going on and hid Leon away before the

That way, even if the Nortons sent someone over to look around, would not be able to find Leon let alone make him pay! Keith completely cut the Norton off their chance to seek revenge! Clarence was fuming.

Nortons arrived.

"Keith, you brought this upon yourself!" He was so furious he laughed..

The only remaining thing to do to avenge Marvin was to take down

Summers by force! As long as they could defeat the summer or apprehend Keith and the other M important family members, he could make Keith tell him where Leon was hiding! At that thought, he immediately made up his mind!

The Ex Husbands Revenge Chapter 3073-The Nortons.

Listen up! Prepare to attack! Arrest Keith or other important family members!”

Clarence waved his hand and commanded the Nortons’ fighters.

Upon his command, the fighters rushed forward and surrounded Keith and the Summers.

They were on guard, prepared to attack on command.

“The Summers.

Be on defense!” Keith reacted quickly.

He waved his hand to get the Summers’ fighters to be in a defense formation.

The situation was extremely tense.

They were on the brink of a full -out war.

“Stop!” A sudden yell rang out.

Two black luxurious cars came speeding forth.

Then, Shally, the two Elders, Leon, Cynthia, and the others quickly got out of the car.

They immediately went up to Keith and the others.

“Shally, didn’t I ask you and the two Elders to get Mister Wolf to safety? Why are you here?” Keith was stunned to see them there.

He could not understand why Shally would suddenly return, even bringing guests with quite a power level with her.

Of course, he never saw Leon, Cynthia, and the others before.

He did not know that the man next to Shally was Leon Wolf! “Grandpa, let me introduce him to you.

This is Mister Hugh Wolf.

I wanted to take him away, but he refused.

He insists on coming over to check on the situation.” Shally chuckled bitterly and recounted the entire affair to Keith.

“What?” Keith was even more shocked after he heard what Shally said.

He thought that Shally and the other two Elders sent Leon to a safe place.

He even deliberately said that to Clarence to piss him off.

He never would have dreamt that not only did Leon not leave, but he also asked to come along with Shally.

This caught him completely off guard! “Hello, Elder Summers,” Leon said with a polite smile.

He and Shally were friends.

Keith was her grandfather, so he had to be polite.

“Mister Wolf, y-you shouldn’t have come.

Things are more troublesome now,” Keith’s heart sank instantly.

The Nortons openly attacked them because they wanted seeko m revenge on Leon.

If Leon left and the Nortons could not find him, thing would be much easier to solve Even if the Nortons were much more powerful than the Summers.

Keith already got Clifford to look for the Jansons to help in this matter.

As long as the Summers could fend off the Nortons just long enough, the Jansons to arrive thá Nortons would strely not do anything to them! By then, everything would be solved!

Things did not go as planned at all.

Leon arriving there was no different than sending him self tg his death!

this comploiated matters much more!

The Ex Husbands Revenge Chapter 3074-When Leon arrived with Shally and the others, Marvin, who was in his wheelchair, suddenly perked up.

He immediately recognized Leon.

“Grandpa, the young man next to Shally is the bastard who beat me up! Get someone to arrest him! Get me justice!”

Marvin pointed at Leon with a malicious gleam in his eyes.

His eyes were filled with utter contempt.

“What? That’s him?”

Clarence was stunned.

He initially thought that the Summers hid him up.

Never would he have dreamt that the universe would be blessing him by sending Leon right to his doorstep! “Dude, you’ve come to hell! Since you’re here, prepare to die!”

Clarence chuckled.

He instantly changed his mind.

He was going to capture Leon first! The rest could wait! Once Leon was apprehended, he could deal with Keith and the Summers! “No!”

Keith was terrified.

He naturally understood what Clarence was trying to do.

He immediately looked at Leon.

“Mister Wolf, the Nortons are powerful.

The Summers are no match for them! “We’ll help buy you some time! While we fend them off, run away with Shally! Don’t send yourself to death!”

Keith said decisively.

The Nortons were powerful, but they did not have the powers to crush the Summers in one go! The Summers could still drag the fight on so that Leon could escape.

This was not a hard thing to do.

“No need! Elder Summers, to be frank.

I’m here because I want to end it once and for all with the Nortons! I was the one who hurt Marvin Norton.

This started all because of me.

I should be the one who ends it.

I'll crush this inconsequential family.

I'll make them pay a painful price for their arrogance,"

Leon said calmly.

"What?"

This stunned Keith and the other Elders.

They knew how powerful the Nortons were! Even if everyone in the o M Summers went up against them, they might not even defeat the Nortons!

Let alone, Leon! This was impossible!

Leon must have gone nuts.

Not only was he not listening to Keith by leaving, but he was even saying absurd things about how he was going to crush the Nortons! How preposterous they talk could not understand where Leon got the courage to go up against the Nortons on his own! He was sending himself to death! "Dude, you're pretty arrogant yourself! Since you want to die so badly, I'll fulfill your wish!

"Nortons, listen up! Capture this bastard at once! Let him know how terrible it will be to go up against the Nortons!"

Clarence bellowed.

He was completely provoked by Leon's words he waved his hand at his fighters at once

The Ex Husbands Revenge Chapter 3075-"Yes, sir!"

Upon Clarence's command, the first four fighters in front immediately made a hawk pose and pounced on Leon! As for the other fighters, they secretly harnessed their true energy to prepare to stop Keith and the Summers from rescuing Leon! "Mason, I'll let you deal with these minions!"

Leon calmly ordered Mason.

The reason he was at the Summers' manor was to be done with the Nortons once and for all.

The other reason was that he wanted to take the opportunity to get to know the Micahs and the Central Boss who were backing the Nortons.

At that moment, he did not see the Micahs or the Central Boss yet.

Since he was at a Semi Saint State, he could not be bothered with the little minions.

He handed this to Mason, letting Mason use this as training! "Okay!"

Mason responded.

He took a huge step forward and waved his arms.

A strong force of true energy immediately sprang forward toward the four fighters!
"Mister Wolf is finished this time,"

Keith and the others were completely upset when they saw what was happening.

None of them thought that Leon could go up solo against the Nortons! Leon only sent one of his subordinates to fight.

That was no different than seeking death! Not only that, but the other Nortons' fighters also blocked the Summers' defense.

Even if the Summers wanted to help Leon and Mason, they were too late.

They could only stand there and watch them die! If there were no surprises, as long as Mason could not take the attack from the four fighters, Leon and Mason would fall into their hands! The Summers looked on in despair and helplessness.

However, even before they could despair, a stunning thing happened! Bang!

With a loud crashing sound, Mason's attack clashed with the four fighters!

Mason was at the Almighty State.

Those fours were nothing to him! The moment Mason's attack hit them, they flew away and fell heavily on the ground! The moment they landed on the ground, they spat out a mouthful of blood.

They looked listless and completely lost their strength to fight! "What?"

"H-How is this possible?"

Mason only used one move to defeat four of the Nortons' fighters.

The Summers and the other Nortons were completely stunned! they rubbed their eyes in disbelief, thinking that they were hallucinating!

Especially Shally, Lucian, and Marvin.

They were the third- generation descendants.

Their power level was so low that they could not even sense how m powerful Masorf was! They were dazzled.

The subordinate that Leon sent out

defeated four fighter with one move now amazing was that They were utterly shocked.

Of course, Keith, Clarence, and the

others whose power levels were higher sensed mason's true power level through his true energy. He was content is on

a true blue Almighty martial artist!

The Ex Husbands Revenge Chapter 3076-“He's in the Almighty State?”

“W-Who the hell is this person? How could he be in the Almighty State?”

“Impossible!”

Keith and Clarence were completely shocked at Mason's power level.

Especially the Nortons.

They initially thought that Leon was just a nobody.

They thought that it would be easy to capture Leon or to seek revenge on him!

They never would have thought that just one of Leon's subordinates would already be at the Almighty State! Besides, Mason looked like he was only in his forties! He was a second-generation descendant.

With a power level like that at his age, it was a miracle! They could not imagine how Mason did it.

At the same time, they could not accept such a cruel reality! “There is nothing impossible! You're a bunch of puny people, yet you dare to offend my master!

You even thought of bullying him! How arrogant!”

Mason snickered condescendingly and looked at Clarence and the Nortons as if they were a group of fools.

He was secretly in delight.

He thought back to when he was in Springfield City.

He was just a nobody.

He did not even reach the Supreme State, and often wondered if he was just going to die a nobody! However, under Leon’s guidance, he became a powerful Almighty martial artist! It was no exaggeration to say that those before him were as tiny as ants! He turned over a new leaf and became someone respectable and someone that everyone looked up to! This made him extremely delighted.

At the same time, he praised himself for his smart choice in following Leon!

Leon changed his life! “Amazing! I never thought that Mister Wolf would have an Almighty State subordinate!”

“No wonder he looked down on the Nortons just now!”

Keith and the Summers were delighted once they came to their senses.

After witnessing Mason’s powers, they finally understood Why Leam was not willing to leave and insisted of settling the score with the Nortons!

Leon was not boasting or being arrogant.

He was truly powerful! They were the ones who underestimated air”I Damn it

“How could this happen?”

On the contrary, the Nortons were stunned and disappointed.

The strongest in their family were only in a Semi Almighty State. Although it was just a difference of one small level the power disparity was extremely huge between the Semi Almighty state and the Almighty state! Not to mention that Mason was at a very high level in the Almighty state! The Nortons were no match for him! They could not do anything to him! This was a huge blow to them!

.

The Ex Husbands Revenge Chapter 3077-You're the Nortons, right? Bunch of insignificant people.How dare you mess with my master! You should die! I'm going to teach you all a lesson for messing with him! Be prepared to die!"

Mason chided with a murderous gleam in his eyes.

He immediately waved his hands and attacked the rest of the Nortons! "Shit!

He's too powerful!"

"We need to run away!"

The fighters looked horrified.

Among them, other than Clarence and Ezra right behind the group, the others were mostly at the Advanced Emperor State or the Peak Emperor State.

They were no match for Mason who was at the Almighty State! Of course, they would not dare to face Mason's attack head-on! They immediately flee for their lives, trying to avoid Mason's attacks.

They scrambled.

Of course, Mason was so much more powerful than them.

It would not be easy for them to avoid his attacks! In a blink of an eye, Mason took down six people! The other fighters took the opportunity to put some distance between them and Mason! Combining the four fighters that Mason had taken down before, in a short period, Mason already defeated more than ten of them! This was a huge damage to the Nortons! "Ezra, join me.

We'll fight together and take him down!"

Clarence yelled.

He immediately got Ezra over and they pounced at Mason! "You're just in Semi Almighty State, yet you want to come at me?

What a joke!"

Mason snickered.

Mason immediately took one step forward.

He threw both palms out at the same time.

A powerful force immediately came down on Clarence and Ezra! Swoosh!

Clarence and Ezra knew that they were not as powerful as Mason.

Naturally, they did not dare to face him head-on.

They swerved his attack in synchronization and started getting into a fight with Mason! The sad thing was that the disparity in their power was too huge.

Even if they ganged up and fought Mason, they were still no match for him!

Under Mason's constant attacks, in less than a few moves, Mason had them backed down.

They could only defend themselves.

They had no chance of fighting back at all.

"Damn it!"

Clarence had an ugly expression.

His heart sank.

He realized that he and Ezra could not defeat Mason at all.

Not to mention that the Summers were still watching them on.

He realized that he lost half of his powers.

The only reasonable choice was to retreat! However, this was not up to him.

Since the fight has broken out, he would be naive to think that he could stop the fight halfway or retreat!

Unless he and Ezra abandoned the others and fled on their own.

Since they were the strongest in the Nortons, they might be able to escape Mason alive the rest would surely die, But that would also cause the Nortons to go toward destruction.

This was not the consequence that he could bear! Thus, Clarence had no choice but to brace himself to fight "O.V Mason together with Ezra. They could only hope that the tables would turn around or a miracle would appear!

The Ex Husbands Revenge Chapter 3078-"Clarence, I'll help you!"

At that moment, the 20 other fighters who stepped aside gathered forces once more, under the direction of Caden Norton, the Great Elder of the Nortons.

They gathered their true energy, forming it into one super big attack, and threw it toward Mason.

They were going to take down Mason together with Clarence and Ezra! "Damn!"

Mason was stunned when he sensed the 20 other fighters joining forces.

Although they were weaker than him, their powers together were not to be reckoned with! He did not dare to face the attack.

So, he swerved to the side to avoid the attack! Swoosh! As Mason swerved, Clarence and Ezra, who were almost depleted of their powers, finally had a chance to breathe.

"Great! Amazing!"

"Great Elder, we'll join forces and fight the enemy together!"

Seeing how it was effective, Clarence immediately got the rest to join forces.

Then, they all gathered their true energy together into one ball of power.

They threw it at Mason once more! "Damnit!"

Mason snarled.

With the addition of Clarence and Ezra, their attacks were much more powerful.

It would be as great as an Intermediate Almighty State! Naturally, he was not going to take it head-on.

He could only swerve.

He played to his strength with speed and avoided their attacks.

Bam! Bam! Bam! Just like that, they continued to join forces and threw attacks at Mason while Mason swerved! He looked a little out of breath! "You bunch of tiny ants! You are asking for this! I'll show you my true powers! Take my Earth Class Double Dragon Fist!"

Mason was infuriated by their attacks.

In between their attacks, he cast his ultimate technique, the Earth Class Double Dragon Fist.

Two fists of true energy spewed forth from him immediately.

They turned into fire dragons, roaring toward Clarence and Ezra this, was a technique that was taught to him by Leon! Leon inherited many methods and techniques from his ancestors.

Ever since Mason and Chandler leveled up, Leon considered teaching them deeper techniques, seeing how they were already at the Almighty State.

He deliberately chose the Advanced Power Class techniques for Mason and Chandler.

This was one of them that he taught.

The Double Dragon Fist was similar to the Hurricane Break.

They were both wide-range attacks.

The only difference was that the

Double Dragon Fist was on a much smaller scale than the Hurricane Break. However it was more than enough for Mason to deal with the Nortons!

The Ex-Husbands Revenge Chapter 3079—"What a terrifying technique!"

Clarence and Ezra were horrified by the powers of the Double Dragon Fist.

They immediately retreated backward, trying to avoid the attack.

Mason was too powerful.

Not to mention the fact that a technique could enhance one's attack powers.

No matter how they retreated, they could not avoid the attack range of the Double Dragon Fist! Of course, they were not going to just sit and take the attack.

In the nick of time, they had to brace themselves and throw an attack forward to try to counter Mason's attack.

Slam! Their attacks crashed together.

Mason's Double Dragon Fist punched through Clarence's and Ezra's attacks and hit them! They flew away like a kite with a broken string before landing heavily on the ground.

After falling to the ground, Clarence and Ezra felt immense pain in their chest.

They could not help but spit blood out.

They wretchedly slumped to the ground.

They were so seriously injured that they could no longer get back up.

At the same time, Caden and the other fighters gathered one more attack to throw at Mason! Mason was prepared.

He crouched down on the ground and rolled a few times.

He might seem messy, but he avoided their attacks successfully.

He then stood up and glared at them.

“It’s my turn! Take my Double Dragon Fist!”

Mason harrumphed.

He cast another Double Dragon Fist at them.

The two fire dragons immediately sprang forth and pounced on the fighters.

“No! “

“Everyone, hide!”

They were terrified.

They tried their best to hide to avoid the hit.

However, the range of the attack was so huge that they could not hide in time only a few of the fighters behind luckily managed to escape the attack.

The others received the blow and flew away before landing on the ground.

They suffered the same fate as Clarence and Ezra, Do you think you can hide!

Seeing the remaining fighters, Mason was not going to let them go.

He quickly sped forth and pounced at them! “We’re dead meat!”

The fighters were instantly in despair.

They were the weakest among the fighters.

Naturally, they were no match for

Mason! In less than a few moves they fell to the ground no longer able to fight. The Nortons were completely The

wiped out by Mason!

The Ex Husbands Revenge Chapter 3080-“So this is the power of an Almighty martial artist.”

“How amazing!”

Seeing Mason single-handedly taking down the Nortons, Keith and the Summers were astounded.

They looked at Mason with excitement and adoration.

When they realized how strong Mason was, they only had a deep respect for him!
“Mason, take away their powers as punishment!”

Leon ordered coldly.

Although the Nortons were arrogant and big bullies, they did not deserve to die.

Besides, Leon never had the habit of killing anyone.

He was planning to take away their powers and leave them be!

“Okay!” Mason responded.

He took a step forward, about to cripple the fighters of their powers.

Before he could do it, Keith suddenly went forward.

“Mister Wolf, no!”

He quickly led Shally and the others to Leon.

“Why not?”

Leon looked at Keith in confusion, not understanding why Keith would stop him.

“Mister Wolf, the Nortons are being backed by the Central Boss and the Micahs!

You should be wary of them. You’ve already taught the Nortons a lesson. Let’s call it even. You should let them leave,” Keith explained.

He thought that Leon did not know about the Central Boss and the Micahs, so he deliberately warned Leon! After all, the Micahs were the Four Major Families of the central region.

They were not to be messed with! The Nortons paid the Micahs a huge amount of money in exchange for protection every year.

If Leon and Mason only hurt the Nortons, the Micahs would not have interfered, seeing how it was just a personal grudge between the two of them.

However, if Leon and Mason took away their powers, the situation would change.

Wiping out the Nortons meant that the Micahs' profits would be affected top! 4 the Micahs were to pursue this, it would not do Leon any good!

"So, what if the Nortons have the support of the Micahs and the o M Central Best they Pe Rothing! Others might be afraid of them, but I'm not!"

The reason he was there was to meet the Central Boss and the Micahs.

He wanted them to interfere in this matter!

"What?"

The Summers could not believe their ears.

Everyone knew how powerful the Micahs were. They were not someone that Leon and Mason could mess! |1 that Leon and Mason could mess with Did Ledr rose his mind? How dare he be so arrogant? He must have a death wish! They truly could not understand where Leon got the guts to look down on the Micahs!
