

The Ex Husbands Revenge Chapter 3091-3100

The Ex Husbands Revenge Chapter 3091-“Hmm, yes, the Demon Lord was indeed slayed by Leon!” Seeing that Shally already learned the truth, Cynthia and Ruth could no longer keep it a secret.

They both nodded to confirm the matter on behalf of Leon.

“Good, that’s great! Truly, there is justice in this world.” Upon receiving the affirmative answer from Cynthia and Ruth, Shally’s eyes reddened with excitement, and tears began to uncontrollably flow from her beautiful eyes.

As the saying goes, the enmity of one’s parents is irreconcilable! Demon Lord killed her parents and older brother, so she always wanted to meet the hero who slayed the Demon Lord and thank him in person.

This was her greatest wish at the moment! Now, by a stroke of fate, that hero came to her.

Moreover, she initially approached Leon with kindness, even helping him solve some troubles.

It felt as if her parents and older brother’s spirits in heaven specifically arranged for her to meet Leon, fulfilling her wish.

For a moment, she was overwhelmed with gratitude toward Leon and felt a sense of relief.

Of course, she was not the only one feeling this way.

Keith and the experts of the Summers around her shared the same sentiment.

Especially Keith, who, like Shally, could not help but shed tears of joy and gratitude toward Leon.

He even felt an urge to rush forward and thank Leon properly for avenging their family’s deep hatred! However, considering that Leon was currently confronting Hades, the timing and setting were inappropriate.

He had to temporarily suppress his gratitude, planning to thank Leon when the opportunity arose.

On the other side.

“Unexpectedly, this young Mister Wolf could have the capability to slay the highly skilled Demon Lord!” “No wonder Hades was frightened away by him!”

Howser and several Janson experts were both shocked and suddenly enlightened.

Although they did not know exactly how Leon slayed the Demon Lord, they knew one thing for certain.

As the third-ranked criminal on the Criminal list, the Demon Lord reached an extremely high level of mastery, almost at the peak of Almighty state! Since Leon could easily kill the Demon Lord, his strength likely reached the pinnacle of Almighty state, comparable to Hades! No wonder Hades fled in panic when faced with Leon.

“Damn it! “Could this kid, like Elder Destiny, also be a top-tier expert at the peak Almighty state? “But given his age, how’s this possible?” Beside them, Mister Micah’s face darkened, and his mood plummeted.

His thoughts were similar to Howser and the others.

Through Leon’s feat of slaying the Demon Lord, he vaguely guessed that Leon’s strength might rival Hades’s.

Otherwise, the notorious Hades wouldn’t have been scared off by Leon was just a young junior, appearing to be around his age, at most 26 or 21 years old.

Given Leon’s age, Mister Micah found it hard to believe that Leon already reached such a high level of mastery! It seemed too incredible.

He doubted whether Hades made a mistake or if there was some other hidden reason behind it.

“Fourth Holy Guardian, go help Elder Destiny deal with that kid! I want to see if he has some extraordinary abilities” Mister Micah decided promptly and ordered the Fourth Holy

Guardian to find out if Leon truly reached the peak of Almighty state.

If it was true, with the combined strength of Elder Destiny and then fourth holy guardian Leon would be outmatched even if he fought two

against one! At that point, he could consider retreating with his men.

On the contrary, if Elder Destiny was mistaken and Leon’s strength was inferior, he could let Elder Destiny and the Fourth Holy Guardian directly eliminate Leon.

This would solve all problems effortlessly.

‘Yes! » The Fourth Holy Guardian received the order and strode toward where Hades and Leon were facing each other.

The Ex Husbands Revenge Chapter 3092-“Elder Destiny, let me lend you a hand!” The Fourth Holy Guardian spoke quickly as he arrived by Hades’s side, positioning himself opposite Leon.

Together, they formed a menacing trio.

“Hmm, very well!” With the support of the Fourth Holy Guardian, Hades felt a slight sense of relief.

Though he knew Leon’s strength was unfathomable, he never actually fought him before and was uncertain of Leon’s true capabilities.

Now that Leon was refusing to let him escape, there was no option to sit idle or surrender.

He had to fight with all he had, ready to clash with Leon right there and then.

With the combined might of himself and the Fourth Holy Guardian, they might just stand a chance to defeat Leon or create a miracle! “Fools who don’t know their place! “Both of you, come at me together.

It will save me the trouble!” Leon sneered, pointing at Hades and the Fourth Holy Guardian with a look of disdain in his eyes.

“Such arrogance from a mere child! “Kid, since you seek death, I’ll grant your wish! “Take this!” The Fourth Holy Guardian, enraged by Leon’s arrogance, could no longer hold back.

Like Mister Micah, he doubted that someone as young as Leon could have reached the peak of Almighty State.

It seemed impossible! Naturally, he did not fear Leon as much as Hades did.

He struck first, his palm sweeping out with immense power, attacking Leon with a force that seemed to engulf the heavens and earth, aiming to cripple Leon in one blow and prevent Hades from being intimidated by a mere youth.

“Kid, prepare to die!” Seeing the Fourth Holy Guardian take the lead, Hades felt a surge of confidence, his fear of Leon diminishing significantly.

He moved swiftly, appearing behind Leon in an instant.

With a powerful strike from his palm, he aimed to attack Leon from behind, coordinating perfectly with the Fourth Holy Guardian’s frontal assault.

Even if Leon had an unbeatable sword technique, it would be impossible for him to fend off both the Fourth Holy Guardian and Hades simultaneously! “Such petty tricks, daring to show off? You’re overestimating yourselves!” Leon sneered.

Faced with the combined assault of Hades and the Fourth Holy Guardian, he showed no sign of retreat.

With a swift motion, he unleashed a ferocious strike toward the Fourth Holy Guardian, his palm carrying an overwhelming force.

At the same time, he pointed a finger, executing the mid-tier Earth Class technique, Earthly Plunder, channeling a sharp and deadly energy toward Hades’s attack from behind.

“Not good! Mister Wolf is being too careless!” Witnessing Leon take the initiative, Keith and Howser could not help but worry.

After learning about Leon’s defeat of the Demon Lord, they had a vague sense that Leon’s cultivation might have reached the peak of Almighty State.

However, Hades and the Fourth Holy Guardian were not weaklings.

Especially Hades, who was among the top-tier Almighty fighters and might not lose to Leon in terms of power.

Now, Leon was facing both Hades and the Fourth Holy Guardian simultaneously, dividing his attention to engage both in a direct clash of strength.

This seemed overly reckless! They worried that Leon might not be able to withstand the combined might of Hades and the Fourth Holy Guardian, leading to his downfall.

“Fools who don’t know their place!” In stark contrast to Keith and the others’ concern, Micah sneered coldly, looking at Leon as if he were a clown.

Because of Leon’s youth, Mister Micah did not believe that Leon’s cultivation reached the pinnacle of the Almighty State.

Facing a coordinated attack from two top-tier experts like Hades and the Fourth Holy Guardian; Leon neither avoided their sharp blows nor dodged them.

Instead, he chose to face both opponents head-on, which seemed like a death wish.

If nothing unexpected happened, Hades and the Fourth Holy Guardian’s attack would undoubtedly defeat Leon.

There was no other possible outcome! However, reality often defied expectations in harsh ways.

In the next moment, before Mister Micah's sneer could even fade an astonishing, scandal unfolded before.

him and Keith's group, leaving them all in shock.

The Ex Husbands Revenge Chapter 3093-Bang! At that moment, with two violent collisions, Leon's attack clashed head-on with the combined assault of the Fourth Holy Guardian and Hades.

The outcome was unsurprising.

Leon's comprehensive strength reached an extraordinarily high level of the Semi-Saint State.

How could the Fourth Holy Guardian and Hades possibly be his match? After the collision, the Fourth Holy Guardian, whose cultivation was relatively low, seemed as fragile as paper.

Leon's palm strike sent him flying, his body crashing heavily to the ground.

As for Hades, his situation was no better.

Leon's Earthly Plunder technique effortlessly broke through Hades's attack and defense, sending him flying several meters away, where he rolled heavily to the ground.

Coughing violently, the Fourth Holy Guardian and Hades turned pale, each vomiting several mouthfuls of blood.

They lay on the ground, utterly drained and severely injured, losing all combat capability.

"What?" "How, how's this possible?" Seeing this, everyone was stunned, rubbing their eyes in disbelief.

They thought that the combined strength of the Fourth Holy Guardian and Hades was formidable.

Even if Leon reached the peak of Almighty State, they believed he would not be able to defeat the combined assault of these two.

Now, contrary to their expectations, not only had Leon withstood their joint attack, but he also defeated them in a single move, severely injuring them.

This was simply incredible! Their shock was palpable.

“No, this is impossible!” The astonished ones included Keith and Howser, as well as Mister Micah, whose eyes were filled with disbelief.

Considering the immense strength of Hades and the Fourth Holy Guardian, Mister Micah could not fathom how the young Leon could defeat them so easily.

He also found it hard to accept such a harsh reality.

What Mister Micah did not know was that Leon’s current strength reached the extraordinary level of the Semi-Saint State, a level that neither Hades at peak Almighty State nor the Fourth Holy Guardian at the Advanced Almighty State could contend with.

If Hades chose to flee or to engage in guerrilla tactics, he might have been able to last a few more moves against Leon.

Unfortunately, influenced by the Fourth Holy Guardian, Hades foolishly decided to face Leon head-on.

This was tantamount to seeking death.

As a result, Hades suffered a crushing defeat.

“Hades, it’s over.

Now it’s time for US to settle our score!” After knocking down the Fourth Holy Guardian and Hades in one move, Leon ignored the fate of the Fourth Holy Guardian and walked straight toward Hades.

With every step Leon took, it felt like a heavy hammer striking Hades’s fragile heart.

“Damn it! How did it come to this?”

Hades’s face turned ashen his heart sinking into an icy abyss.

Although he knew of Leon’s prowess beforehand, he never imagined that Leon’s abilities would far exceed his expectations.

from Leon.

With his powerful strength at the peak of Almighty State Hades could not even withstand a single move

The blow to his confidence was unimaginable.

Moreover, now that he was severely injured and incapacitated by Leon, he was utterly defenseless.

If nothing unexpected happened, he would soon become a helpless victim, at Leon's mercy.

Realizing this, a sense of hopelessness surged within him, filling his heart with despair.

The Ex Husbands Revenge Chapter 3094-And just like that.

Leon walked closer to the hopeless Hades, stepped his foot on Hades' chest, and looked at Hades from above.

"Hades! I have a question for you.

Where is Bharma hiding? If you tell me the truth, perhaps I could go easy on you," Leon asked harshly.

He knew Hades and Bharma once helped the Southern Boss so the three of them could have kept in contact.

If he was right, Hades should know where Bharm was hiding.

That was why he did not kill Hades just now.

He wanted to use this opportunity to interrogate Hades to find out where Bharma was hiding.

"Bharma? I— I don't know." After a slight hesitation, Hades quickly denied knowing where Bharma was.

He was the one who introduced Bharma to the Southern Boss when Bharma was hiding in the Southern Region.

Then Bharma and the Southern Boss worked together to go after Leon.

Bharma was the one who arranged for Hades to work under the Central Boss.

Originally, Bharma planned to help Hades hide his true identity for other purposes.

Too bad, Hades had bad luck and saw Leon.

Not only did Leon expose his real identity, but Leon also defeated him.

In conclusion, Hades and Bharma were on the same boat so Hades knew a lot about Bharma.

However, he ranked second on the Criminal List.

As someone who committed many crimes, he deserved a death sentence.

Hence, Leon and the central region's Dragon Corps would never spare him his life even if he told Leon where Bharma was.

He was going to die anyway so why should he tell Leon what he knew about Bharma?
"You don't know? Hades, even if you don't tell me, I can guess it too.

Bharma is the Central Boss, isn't he?" Leon questioned and had his eyes fixed on Hades' eyes.

He wanted to see Hades' reaction to determine if he was right.

After a few encounters with the Southern Boss, he realized the top eight criminals on the Criminal List were somehow related to the Gangster World.

Just like how Hades changed his identity to be a part of the Micahs and worked for the Central Boss.

It surely was not a coincidence.

Leon suspected the real identity of the Central Boss was perhaps Bharma, the top criminal on the Criminal List.

There was no other possibility other than that.

"I — " Hades' reaction was huge.

However, he calmed down very fast.

"I don't know what you're talking about.

The one who loses is always the criminal.

I admit my losses.

You can do whatever you want to me.

But you never get any information about Bharma out of my mouth!" Hades said with determination.

"You! Fine.

You did this to yourself.

If death is what you want, that's what you'll get!" Leon chuckled angrily.

Hades was right.

Although Leon was never a man who liked to kill, Hades deserved to die after all the crimes he committed.

Even if Hades was willing to spill out the bean, Leon would not let him go.

Since Hades refused to talk, there was no use letting Hades live.

Leon had already got what he wanted to know through Hades' reaction just now.

He just needed to go look for the Central Boss to make sure his assumption was correct and there was no use of Hades anymore.

Hades died with his eyes opened wide and angry.

Hence, he wasted no time, stepped on Hades' chest strongly and crushed Hades' heart.

Blood spilled out from his eyes, nose, ears, and mouth.

It was a tragic death.

And that was the last chapter of Hades' life.

The Ex-Husbands Revenge Chapter 3095-"I'm finished!" Eaton looked scared, which was different from his calm face just now after seeing how easily Leon killed Hades.

Because of the Nortons, he and his family became Leon's enemy.

Hades died.

The Fourth Holy Guardian was hurt and his vital was unknown.

The only people left in the Michaels were Eaton and his three guards.

The guards were very weak and definitely could not defeat Leon.

If everything were how Eaton guessed, he would be Leon's next target.

His ending would not be better off than Hades'.

Due to that, he started to feel scared and did not know how to face Leon.

“Mister Micah, he’s too strong.

We need to run now!” The guards finally snapped out and were in a hurry to help Eaton run for his life.

Too bad, it was too late by now.

“Run? Do you think that’s possible?” Leon snorted.

With a wave of his arms, a powerful spiritual energy whirled at Eaton and his guards.

Eaton was just a young man.

The guards were the Micahs’ second – generation fighters.

All of them were still at a low power level and did not even reach The Almighty State.

Just how could they fight Leon? Boom! After a loud sound, four of them got blasted away by Leon’s attack.

As they crash-landed, they suffered internal injury and spat out blood.

Due to the injury, they did not even have the power to get up from the floor.

“Mason, take away their power as punishment.

Capture that Eaton guy.

I still need him,” Leon ordered.

“Yes, sir,” Mason replied and walked out to Eaton and his guards.

“What? How, how dare you?” Eaton was shocked and scared as he looked at Leon.

“Hey! I’m warning you.

My father is the Central Boss.

If you dare to take away my power or harm me, my father and my family will never let you go!” Eaton reprimanded and tried to threaten Leon.

“Central Boss? So what? Mr.

Micah, is it? I don’t mind telling you now.

I’m preparing to meet with the Central Boss later.

Let's see who's the one not letting who go!" Leon snorted and was not scared.

Through Hades' reaction, he vaguely believed the Central Begs and m Bharna werelsomewhat related or they could be the same person.

To get to the bottom, he wanted to go find the Central Boss now.

Just in case, something else happened.

"What?" The others presented there were shocked and could not believe what they heard.

Although Leon defeated Hades and the Fourth Holy Guardian and no one Men we stone off mas the powerful families in the central region.

They had many Advanced Almighty State Holy Guardians and Peak Almighty State Apostles.

The Central Boss was the strongest among them.

Rumors had it that the Central Boss had reached The Semi-Saint State.

For certain, Leon was unable to defeat the Central Boss by himself.

Yet, Leon prepared to go to the Micahs to meet the Central Boss after he killed Hades.

Wasn't Leon digging his own grave by doing that At that, moment !!!

everyone was/shocked at Leon's decision.

The Ex Husbands Revenge Chapter 3096-"Mister Wolf, you certainly must not do that.

The Central Boss has many strong fighters.

Going there now is not a wise option.

Why don't you let Eaton go before this gets out of hand? Let's just have things as they are now," Howser quickly advised after recovering from the shock.

The Central Boss and the Micahs should not be easily messed with.

Even he and his family were afraid of them.

Luckily Leon was very strong and not someone who got bullied easily.

If he let Eaton go now, there could be a chance that the Central Boss was scared of Leon and was willing to make peace with Leon.

Then everything would be solved.

A better choice than seeing Leon digging his own grave by going to meet with the Micahs now.

“That’s impossible! I’ll never let the Central Boss go!” Leon rejected it immediately and sternly.

After interrogating Hades, Leon was quite confirmed the Central Boss and Bharna were the same person.

Regardless if killing the Central Boss was to help Renee take her revenge or for the safety of the society, he was never going to let the Central Boss go or make peace with the Central Boss.

Other than that, he had to prevent things happened here got out, and alerted the Central Boss.

That was why he had to hurry and look for the Central Boss to ambush him.

It would put him Ina much more favorable position.

“But- a The determined Leon shocked Howser and the others.

Although they were worried about Leon’s life, they were nothing they could do since Leon insisted on his decision.

“Argh!” Eaton and the guards screamed hectically.

Mason did as he was told.

Getting rid of Eaton and his guards’ power.

Mason also did not forget about the Fourth Holy Guardian, Clarence, and the other people.

Their power was taken from them and they received the punishment they deserved.

While Mason was doing that, Keith brought his fighters to Leon.

All of a sudden, Keith, Shally, and the others kneeled at Leon.

“Elder Summers, Miss Summers, what? What are you doing?” Leon was shocked and quickly went over to help Elder Summers and Shally get up on their feet.

“Mister Wolf, thank you for the Demon Lord and avenge for US.

We don't know how to thank you.

Please accept this bow from US.” Keith and Shally's eyes looked red as they gratefully thanked Leon.

They bowed to Leon with great sincerity, including Lucian.

Although Lucian never liked Leon, Shally's parents and brothers were his family too.

Now that he knew Leon killed The

Demon Lord and avenged his family he could not be an ungrateful person and continued to think of Leon as his enemy.

Besides, Leon's power scared him.

Even if he had the audacity, he would never dare to become Leon enemy anymore

“T see!” Finally, Leon knew why Keith, Shally, and the others would bow at him, The content is on

Lucian was nobody to Leon.

For Shally's sake, he would just ignore Lucian and the things he did.

“Elder Summers, please get up.

The Demon Lord was one of the criminals on the Criminal List.

After what he did, it was what he deserved.

I was just there to kill him.

It's nothing,” Leon said while trying to help Keith and Shally stand up.

“Mister Wolf, you're a good man,” Keith complimented.

However, they started to look worried when they remembered Leon on decided to go and meet the Micahs.

The Ex Husbands Revenge Chapter 3097-“Mister Wolf, the Micahs have many strong fighters.

It's too dangerous.

You have to be careful when you are there.

Please take care of yourself,” Keith and Shally said worryingly.

They were grateful to Leon because Leon killed The Demon Lord.

They wished to lend a helping hand to Leon to repay Leon's kindness.

Sadly, they were too weak.

Even if they help Leon to fight, they would not make a difference in terms of power.

They would likely end up being a burden to Leon.

Thus, the only thing they could do for Leon was to pray for him and wish he could be safe.

“Yes.

Leon.

You must be careful,” Cynthia and Ruth also were worried about Leon.

Although they knew how powerful Leon was, the Central Boss was still the most powerful person in the Central Region.

His power and forces were far greater than the Southern Boss and the Western Boss.

Cynthia and Ruth could not help but worry about Leon's safety after knowing Leon was going to the Micahs by himself.

“Don't worry.

I'll be fine,” Leon smiled and comforted them.

He knew time was of the essence.

He looked at Howser and asked, ” Mister Janson.

Do you know where the Micahs lived? Could you please ask someone to show me the direction and bring me there?” “Err, Mister Wolf, let me bring you there,”

Howser said after giving it a thought.

Leon decided and there was nothing he could say to change Leon's mind.

Thus, he weighed the pros and cons and decided to bring Leon there himself.

"Okay.

Thank you," Leon smiled.

"You're welcome, Mister Wolf," Howser replied and secretly gave Severin a look.

Severin was the Seventh Elder of the family.

"Seventh Elder, would you please go back home and inform my grandpa about this? Ask if he could bring our family's fighters to the Micahs," Howser whispered.

The Central Boss and the Micahs were too powerful.

Up until now, he did not believe Leon could defeat them by himself.

To prevent Leon from dying, he decided to inform his grandpa and request reinforcement.

Although his family was not close with Leon, it was quite impossible his family would agree to help Leon go against the Central Boss and the Micahs at all costs.

At least, they could save Leon when Leon's life was at stake.

In Howser's point of view, his family should be capable of doing that.

Leon was young but he was already at a very high power level.

Who knew how capable and powerful would he be in the future? If Howser could save Leon and use this opportunity to get closer to Leon, it would only bring much benefit to him and his family.

Thus, he took the initiative to bring Leon to the Micahs so he would have a good reason to get involved when necessary.

"To understand," Severin replied and left first.

"Mister Janson, let's go now," Leon said.

He looked at Howser and immediately knew what Howser was thinking of.

To be honest, he was strong enough and he did not need the help from the Jansons but it was a good gesture from Howser.

Thus, he did not stop Howser and remembered Howser's good gesture.

At first, he also thought of informing the Dragon Corps of the central region.

However, time was of the essence.

It was yet to confirm the Central Boss and Bharma were the same person.

With the influence the Central Boss had in the central region the dragon corps had ga reasbin to do anything to the Central Boss without any solid proof.

Thus, he scrapped that idea and thought he should go ahead with his plan first.

Leon grabbed Eaton and followed Howser and Isaac, the Sixth Elder of the Jansons, where they drove to the Micahs.

Mason and Howser's guards were too weak and could not help even if they went to the Micahs.

Thus, they were left behind to help the Summers to take care of the Nortons.

The Ex Husbands Revenge Chapter 3098-Outside of the Micah's manor.

Leon, Howser, and the other arrived at the Micah's manor.

Their car was parked just a short distance from the entrance.

Leon opened the door and grabbed the tired and injured Eaton out of the vehicle.

Howser and Isaac came out of the car too.

"Mister Wolf, that's the Micah's manor.

To be honest, I've asked my grandpa to send reinforcement.

I think he'll be here with the fighters soon.

Why don't we wait outside for them? We can all go in together to meet the Central Boss later.

I think that's a better option," Howser thought hard and finally decided to tell Leon his plan.

“No.

It’s not necessary.

I can settle it myself.

Please don’t trouble your family,” Leon said and shook his head.

He took The Dragon Pill and the effect would last around two to three hours before he became weak.

There was no time available for him to wait for the fighters from the Jansons to arrive.

Thus he rejected the kind offer.

Without wasting anything, he grabbed Eaton and walked straight toward the manor.

“What’s he trying to do? Is he going to barge in?” Howser was shocked and had a bad feeling when he saw it.

Immediately, he knew he was right.

“Central Boss! Today is the day you die! Get the hell out now!” As Leon walked toward the manor, he yelled out loud in an attempt to lure the Central Boss to save time.

“What is he doing?” Howser and Isaac were shocked.

Especially Howser.

He thought Leon was here to meet the Central Boss or maybe came to negotiate a deal with the Central Boss.

Never had he thought Leon would barge into the manor and provoke the Central Boss.

That was too arrogant, even for Leon.

It was no wonder Howser and Isaac were shocked and dumbstruck.

“Mister Janson, what should we do?” Isaac asked in a deep voice as he was caught off guard by Leon’s arrogance.

“We’re here already.

Let’s just follow him and see,” Howser thought and said.

He knew very well that Leon was blatantly forcing his way into the Micahs' manor and provoking the Central Boss.

It was no different from picking a fight.

The situation was far more serious than he previously imagined.

If it was not handled well, he would suffer together with Leon.

For the sake of his life, he felt it was better to keep some Distance from Leon, and try to Stay as far away from León as possible.

Being the honorable young master of the Jansons, he did not think then Micahs. would think he was their enemy or take action against him if he could keep his distance from

Leon.

At least, it was not something that he would worry about.

Therefore, he and Isaac quickly went after Leon.

At the entrance of the Micahs' manor.

"Who is making noises at the door? Do you want to die?" Two guards were standing post at the entrance.

Their face sank upon hearing Leon shouting and got ready to go to check out the situation.

Before they had the chance to approach Leon, Leon swung Oslarm to unleasha powerful spiritual energy that whirled toward them.

Bang! Bang! After two loud bangs, the guards had a blurry vision as Leon's spiritual energy swept them out.

Their bodies flew back through the gate and flopped twice as they fell into the courtyard of the manor.

Immediately, Leon grabbed Eaton with one hand and strutted inside.

The Ex Husbands Revenge Chapter 3099-Swoosh! Swoosh! Swoosh! Due to the commotion at the gate, the fighters of the Micahs around the courtyard were startled and rushed over from all directions.

Within a blink of an eye, more than ten fighters assembled in the courtyard and stopped 15 feet away from Leon to confront Leon.

The leaders of the fighters were two old men in their sixties or so.

They were no other than Alex, the Second Holy Guardian, and Simon, the Sixth Holy Guardian.

“Who dares to come and mess with our family? How dare you?” Alex took the lead and crossed the crowd.

His aura blazed as he rebuked angrily.

Before he could finish his sentence, he saw Leon grabbing Eaton.

His face changed and no sound was coming out of his mouth anymore.

“Second Holy Guardian, save me!” As Eaton saw Alex and the others, he quickly begged for help from them.

Unlike the depressed and weak person he was, he suddenly revitalized his spirit.

He knew Leon was very strong and that Alex and the others were most likely not a match for Leon.

This was however his territory.

There were many strong fighters in the manor.

It was a good thing Leon brought him back home and forced the way into the manor.

Once his father and the other apostles stepped in, they would be able to save him from Leon and kill Leon.

“Hey, kid, who are you? Let go of our young master! Or I’m going have to fight you!” rebuked the Second Holy Guardian.

He was eager to save Eaton.

However Leon had control over Eaton, he was afraid Leon would do something to hurt Eaton so he did not dare to act rashly.

“Fight me? Rubbish like you? What a joke!” Leon snorted and gave Alex a contemptuous look.

“You!! Do you want to die?” Alex was angered because of Leon’s arrogance.

Although he was a little scared because Leon had Eaton, he figured Leon would not dare to hurt Eaton because they were in the Micahs ‘ manor.

After careful consideration, he made his decision.

“Simon, I’ll fight this guy.

You’re in charge of saving the young master,” Alex gave Simon a look.

Before Leon could react, Alex suddenly leaped forward, and punched out his palm with an enormous powerful might at the speed of lightning with Leon as his target.

That stance seemed as if he was prepared to slap Leon to death to dispel the hatred in his heart.

Whoosh! At the same time, Simon got the signal.

He probed his hand and formed his palm into a claw.

The claw had a powerful might.

He tried to reach Eaton to save Eaton from Leon.

“Be careful!” Eaton was taken aback when Alex and Simon make their “
moves at Leon

“Be careful!” Eaton was taken aback when Alex and Simon make their “
moves at Leon

He already knew Alex and Simon were not Leon’s opponents.

Before this, he wanted to tell them how powerful Leon was)but if was too late!

Alex and Simon launched their attacks

The Ex Husbands Revenge Chapter 3100-“Two idiots! Scram!” Leon snorted while facing Alex and Simon’s powerful attack.

He swung his arm to unleash a powerful spiritual energy that whirled toward Alex and Simon.

Bang! Bang! The attacks collided.

Easily, Leon’s spiritual energy stopped Alex and Simon’s attack.

The remaining power of the spiritual energy hit Alex and Simon sending both of them flying out a few feet away.

Then they crash-landed on the ground.

Their face turned pale.

Each of them could not help but stoop down and spit out two mouthfuls of blood.

Then they collapsed on the ground, looked weak, and lost the ability to fight.

“What? This is impossible!” The Micahs’ fighters were dumbstruck.

Rubbing their eyes to make sure they were not hallucinating.

They were aware that Alex and Simon reached the Advanced Almighty State and that Alex and Simon were one of the strongest fighters in the family and the central region.

Yet, Alex and Simon were easily defeated by a young man with a simple attack.

How unbelievable that was.

It was an extremely shocking result for the fighters.

“No! This is impossible! Who is he? Why is he so powerful?” Alex and Simon were shocked too.

They did not think Leon could be so powerful because Leon looked very young.

It was only now they realized they underestimated Leon.

No wonder Leon dared to barge in here and ask for a fight.

“Central Boss! This is your last chance! Get your ass out here now! Or I’m going to destroy this place!” After winning with one attack, Leon ignored the other fighters and continued to shout out loud to attract the Central Boss’ attention.

“Kid, how dare you disrespect our Central Boss? Do you wish to die? “

Immediately after Leon finished shouting, two people spoke angrily.

It was two old men with grim faces and a cold and strong aura came flying in and landed steadily in front of Leon.

They were no other than Daren, the Third Apostle, and Steven, the Fifth Apostle from the Five Apostles under the Central Boss.

“Two old men? Where is the Central Boss? I want to see him!” Leon squinted his eyes and looked at Daren and Steven.

From the cold and strong aura the two old men possessed Leon could tell they were probably at the same power level as Hades.

If he was right, they were the Apostles of the central boss and not the central BOSS he was looking for.

I “Outrageous! You’re asking to die!”

Daren and Steven got mad because of Leon’s contemptuous attitude and how disrespectful Leon treated the

Central Boss.

Immediately, they gathered the true energy in their palms and prepared to teach Leon a lesson.

Before they could launch their attack, they heard Eaton speaking to them.

“Third Apostle, Fifth Apostle, this guy is very powerful.

He killed Elder Destiny.
