

The Ex-Husband's Revenge By Dragonsky

Chapter 313

Chapter 313

“**B**ut training methods are very precious to every martial artist. Why would Leon agree to teach you without any reason?” Iris was still a little suspicious.

“Uh...of course, it's because of you! I told **you** yesterday that Leon has ill intentions toward

you. I'm cousin. He's only willing to teach me the training method to please you...” Louisa **said** with a straight face, throwing Leon under the bus.

your

“You...” Iris blushed.

Leon's face flushed too.

Their relationship was initially rather flirtatious already. No one wanted to **tear** away the last facade of pretense, yet Louisa tore it right off!

Leon was a man, so he was less prone to embarrassment. However, Iris was easily embarrassed. Her face burned and she wanted to hide.

“Enough, Louisa, stop fooling around! It's late, go back to your room!” Iris, still blushing, pulled Louisa by the elbows, wanting to escape this hell.

“No, Leon hasn't taught me the training method yet! Once he finishes teaching me, I'll leave.” Louisa shrugged Iris off, unwilling to leave.

“But you have school tomorrow...”

||

Iris barely finished her sentence when she was interrupted by Louisa, “Iris, the Youngs' Flaming Sun Methods are unsuitable for ladies to cultivate. Why don't you join me and learn training methods from Leon? We could be each other's partner,” Louisa suggested.

Previously, she agreed to help Leon pursue Iris. If Iris agreed to learn training methods, it was indirectly creating opportunities for Leon.

Leon was surprised. He instantly understood Louisa's intention. Then, he looked at Iris hopefully, worried that she would refuse.

“Can I learn them too?” Iris was a little hesitant. She was different compared to Louisa. She did not have any interest in martial arts. Furthermore, the Flaming Sun Methods were not suitable for ladies to cultivate, so she has never considered training.

However, recalling back to the last incident where she was kidnapped, she was forced to reconsider training.

“Sure, of course!” Leon nodded fervently.

“Okay, then I'll join in and learn.” Iris agreed. She decided to learn a little bit of martial arts for self-defense. That was not necessarily a bad thing.

“Amazing!” Leon was delighted. In the future, if Iris followed him and learned training methods from him, it was much easier for him to get closer to her.

This was an opportunity that Louisa created for him. He looked at Louisa gratefully. He secretly thought that his future cousin-in-law was indeed quite reliable!

Then, under Louisa's urge, Leon closed his eyes to search for training method manuals.

At that moment, with the addition of Iris, he was extremely motivated. Of course, he wanted to teach Iris the most suitable training method!

A long time later, after careful selection, he finally found a great training method most suitable for women.

“Iris, Louisa, this training method is called the Mysterious Maiden Method. I'm going to teach them to you now...”

Leon recited the chant out, then he instructed the two ladies on how to concentrate true energy and cultivate.

Although he was not a martial artist, spiritual energy and true energy came from the same source. With his capabilities, he could still easily instruct two beginners.

Iris and Louisa sat on the bed with crossed legs and seriously started training according to Leon's guidance.

The first step was to concentrate energy. Once the body concentrates true energy, it would be able to enter the initial Acquired stage, starting on the path of training!
