## The Ex-Husband's Revenge By Dragonsky Chapter 327

“Dad, I think I know what happened. That kid went to the flea market and bought a jade stone. He was lucky enough to end up with an imperial green jade. After that, he sold it to Elder Shear...” Brody thought about it and quickly told his dad about Leon buying a jadestone.

He thought the transaction between Leon and Benedict was in cash term and they were no longer related. It was in his wildest dream that the Shears would help Leon. It was just too unbelievable!

“So, that’s why!”

Samuel and Xander finally understood how Leon would get to know the Shears. Especially Xander. At first, he thought Leon was from the Shears, so he was slightly scared. Now that he knew Leon had a bit of dumb luck and knew Benedict, his hanging heart was finally able to rest.

After all, cash deal was too common. It could not prove anything. The Shears would also not help Leon all the time just because of a small relationship like that. It was just impractical.

Their thoughts were in the right direction. However, they did not know Leon helped the Shears countless times. The relationship between Leon and the Shears was far thicker than they imagined.

“Xander, it’s my mistake for not providing the full and accurate information to you. Let me apologize to you .... But don’t you worry. That kid’s just having some dumb luck. The Shears did their part by helping him once. They are not going to help him for the second time. It’s impossible that he will forever be that lucky!! Samuel said.

“You’re right but nothing is impossible. No one can guarantee that the Shears will never help him anymore. Anyway, this is too risky. Please hire someone else to do the job.” Xander waved his hand.

It looked like he was about to withdraw himself from the job and not help the Sullivans to kill Leon anymore.

“Don’t! Xander, I know you have support from the Northern King. His power isn’t any lesser than the Shears. If the Shears want to help Leon, they won’t do so because of you and the Northern King,” Samuel buttered up.

Leon caused all of the makeup chain stores from Sullivan Enterprises to be closed down for investigation. The Sullivans lost a couple of million due to that. Samuel was not able to let Leon go so easily.

“Of course. Other people might be afraid of the Shears but not the Northern King.” Xander smiled proudly.

The Four Major Families were the top–class influential family in Springfield City but the Northern King and the Southern King were the kings in the Gangster World. On the bright side, the Four Major Families could be slightly overtaking the Northern King and the Southern King. However, both parties were equally the same when you compared them eye to eye. Either of them could easily defeat the others!

Xander was under the Northern King. He was not afraid of people like Harvey. However, that did not mean he would purposely go and offend him. Despite that, Leon was not from the Shears family and he was not a Shears too. Killing Leon meant nothing to him.

“Mr. Sullivan. I’ll be frank. I can continue with the job of killing Leon. But 3 million dollars is too low,”

Xander said.

Samuel offered to pay him 3 million dollars to kill Leon in the first place. Now that Xander knew Leon had

some connection with the Shears, he could not accept that price anymore. This was the main purpose why he visited the Sullivans today. He was here to negotiate the price.

“I’ll add another 3 million dollars and make it 6 million dollars. What about that?”

Only then did Samuel understand why Xander deliberately put on a show. Xander’s main purpose was to increase the price. He secretly scolded Xander as a sneaky and despicable man in his heart.
