

The Ex-Husband's Revenge By Dragonsky

Chapter 352

Chapter 352

Right at that moment, a man suddenly appeared behind Fane.

It was no one else but Mason Shelton!

"Mister Poole, please don't get angry. Let me introduce you to Mister Wolf. He's the Leon Wolf that I've mentioned to you before! He's not just a Supreme Master, he's even related to the Shears!"

"Both Harvey and Cynthia Shear are his friends," Mason introduced.

"What? He's Mister Wolf?!" Fane was stunned.

Mason was only at the Peak Acquired Stage before. It was something everyone knew. However, during his altercation with Xander Long, he suddenly improved to the Intermediate Innate Stage.

In just a few days, Mason's power improved by two whole levels. It **was** something unbelievable to martial artists!

When Fane found out about it, he was deeply interested.

He immediately gave Mason a call to ask about it and learned of Leon from Mason. Leon managed to get Mason to improve by two whole levels in just over ten minutes!

That was not all.

Mason even told him that Leon was young, but was already a Supreme Master. Leon even had a relationship with the Shears, and Harvey and Cynthia both treated Leon respectfully.

For someone so young to be a Supreme Master, Leon had to be a genius with endless potential.

He was even related to the Shears. He had to have an extraordinary background!

Fane immediately wanted to be friends with Leon.

He invited Mason over to the hotel precisely to talk to Mason, and to try to get Mason to introduce him to

Leon.

He never would have expected that Leon would appear in front of him before Mason could even do that!

"Mister Wolf, this is the son of the Southern King, Mister Fane Poole," Mason introduced Fane to Leon again.

Leon nodded, not saying anything. However, he was incredibly anxious, worried that Fane would cause him

trouble because of Horsen.

At that moment, he did not know what to do.

Fane did not know what Leon thought. When he saw that Leon's reaction was quite cold, he thought that Leon was angered by his arrogance earlier.

He anxiously composed himself, and suddenly seemed much friendlier. He quickly put a smile on his face, Mister Wolf, it was my fault this time. I didn't know who you were, and might have offended you. Please forgive me..."

Everyone was stunned at Fane's words. The whole place was completely silent.

What was happening?

Horsen was dumbfounded.

Theodore was dumbfounded.

Everyone else was too!

The Southern King was one of the most powerful people in Springfield City. As the son of the Southern King, Fane was one of the most powerful young people in the city!

Forgetting regular folks like Janice and Leanne, even in the eyes of Theodore, Fane was someone so high up that he could never hope to touch. Fane **was** so much more important of a person than he was!

Everyone thought that Leon was just an orphan without any power and would die in front of Fane.

Yet, they never expected that Fane would be the one apologizing to Leon instead!
