

The Ex-Husband's Revenge By Dragonsky

Chapter 353

Chapter 353

Was that not too unbelievable?

However, when they remembered Mason's introduction, they quickly realized what happened.

Mason clearly said that Leon was a Supreme Master, and even had a relationship with the Shears.

They were no fighters, **so** they did not know what a Supreme Master was, but the Shears were one of the four great families in Springfield City. They had long **since** heard of the Shears!

The fact that Leon had a relationship with the Shears meant there was no way Leon was a **useless** piece of trash like they thought!

Could Leon be someone amazing?

Everyone started to realize the fact, and all **of** them went numb from the shock!

"Mister Poole, y—you're being too polite. I wouldn't dare," Leon never **expected** Fane to apologize, and he was caught off guard.

However, he quickly realized that Fane tried to be friendly, and did not plan on making an enemy of him.

It suited his plans perfectly!

"Mister Wolf, I'm very happy to meet a hero like you. Why don't we be friends? If you don't mind of course. What do you think?" Fane said with a smile.

He was no idiot. He thought that Leon was a Supreme Master, and Leon even had a relationship with the Shears.

How could he make an enemy out of Leon for something as trivial as this?!

"Very well, I'll accept it!" Leon nodded. Since Fane was being so polite, there was no reason for him to refuse.

"That..."

Theodore, Leanne, and everyone else were stunned.

They never would have dreamed that Leon, who was nothing in their eyes, would not only be able to have a relationship with the Shears but even end up being friends with someone as amazing as Fane.

It was unbelievable.

They were about to go crazy from the shock!

Of course, they were not the only ones who were shocked. Horsen was even more shocked!

As an expert martial artist, Horsen knew how strong Supreme Masters were.

He never would have dreamt that Leon would reach that level despite being so young. Leon was even related to the Shears.

Leon was not someone he could afford to offend!

Yet, he was blind earlier and already offended Leon. If Leon wanted to do anything about it, he would not be able to escape unscathed.

That was not the most important part. The important part was the fact that even Fane was trying to be friends with Leon. If Leon wanted to do anything to him, Fane would not protect him, and might even just hand him over to Leon personally.

It was obvious what awaited him!

Thinking about that, Horsen shuddered. He did not know what to do.

However, he was still a significant figure in the underworld and was not a careless person.

He quickly knew what to do. He hurriedly knelt in front of Leon.

"Mister Wolf, I was completely at fault just now. I kept on offending you. I apologize..."

"Please forgive me," Horsen pleaded sincerely.

Before Leon could say anything, he stepped up to apologize. It looked more sincere that way.

With how high up Leon seemed to be, Leon would probably not be so petty if Horsen showed some sincerity.

"Mister Drew, please stand up!"
