

The Ex-Husband's Revenge By Dragonsky

Chapter 359

Chapter 359

Leon shook his head in rejection.

The Energy Nurturing Pills that were with him were the ones with the best effects.

He wanted to leave them for himself, Iris and Louisa, so he could not sell them to anyone else.

Earlier, he was willing to give one to Fane because he owed Fane a favor.

“Are you really not going to sell any? I don’t need that many. Even three or five will do…” Fane did not give

1. up.

Even though he did not know where Fane got those pills from, he knew that the Energy Nurturing Pills were amazing things for martial artists. It was incredibly rare, so Leon not being willing to sell it was normal.

However, he saw that Leon had at least a few dozen in the bottle.

As long as Leon was willing to sell a few to him, he would already be satisfied. He did not wish for too much.

“Mister Poole, don’t panic. If you want the Energy Nurturing Pills, it’s not that hard. The Shears have recently established a new company called the Cynthion Group. These pills were made by them. In just two or three days at most, Cynthion will officially start a business. Then, many Energy Nurturing Pills and other things will be sold,” Leon said with a smile, briefly explaining the situation.

Even though he was the chairman of Cynthion, he needed help managing the company. So, the company was temporarily under the Shears, and Cynthia was in charge of it.

It was something he discussed with Elder Shear.

“Cynthion? Mister Wolf, you’re telling me the Cynthion Group has a lot of Energy Nurturing Pills that can be sold in volume?” Fane was shocked.

He knew that Leon was close to the Shears. Since those pills were made by a company under the Shears, it was normal for Leon to know of the inner workings.

He even guessed that those pills in Leon’s hands were probably from the Shears.

Of course, he did not know that Leon made those pills himself. Otherwise, his jaw would drop!

“That’s right. If you’re just talking about the Energy Nurturing Pills, there should be over ten thousand pills,

“Leon said with a nod.

“Good, that’s amazing!”

Fane was elated. He made up his mind that he would buy a lot of them when Cynthion started operations.

In the future, he would be able to reach even higher realms very easily with the help of those pills!

He could not miss out on something so amazing!

“Mister Poole, do you have anything else you need? If you don’t, I want to catch up with Janice and her family,” Leon got up and excused himself.

“Yes, alright.”

“Mister wolf, leave me your contact. If you need me for anything in the future, just let me know. I’ll do my best to help you,” Fane said with a smile.

After that, the two of them exchanged contacts, and Leon left.

In the other room, under Horsen’s orders, the employees quickly brought the best dishes of the restaurant for Leanne and Janice’s group.

Once everything was arranged, Horsen and the employees all left.

Leanne could not hold back any longer. She pulled her daughter’s hand and asked, “Janice, who exactly is your boyfriend? How is he so capable?!”

“What boyfriend?” Janice found herself momentarily puzzled.

“Of course it’s Leon!” Leanne said excitedly.

Earlier, she witnessed Leon’s power and connections. Leon was her daughter’s boyfriend, which meant he was her future son-in-law. The more powerful Leon was, the happier she was. She was incredibly excited.
