

# The Ex-Husband's Revenge By Dragonsky

Chapter 369

## Chapter 369

Leon did not think that much about it.

He felt like Janice just reacted out of her control after being so scared.

It did not mean anything.

By the side, Brody managed to bear the pain in his chest and crawled up from the ground.

Even though *he* did not know how Leon found this place, he knew something very well. There was no way Leon would let him off easily!

While Leon was focused on Janice, he sneakily moved to the door. After that, he turned around and frantically ran away.

“Trying to run? It’s not that easy!” Leon snorted coldly. He put his jacket on Janice before he picked Janice up and quickly pursued Brody.

“Mister Long, save me...” Brody frantically ran as he cried out loudly.

Bang!

Leon was incredibly quick, and he caught up in a flash.

He kicked Brody right on the back, and Brody fell to the ground face-first.

Brody rolled on the ground and tried to crawl up.

However, Leon stomped on his back harshly, not allowing him to move.

There were quite a few guards there. Earlier, Leon already got rid of Xander’s subordinates when he was coming in to save Janice.

That alerted Xander, and he hurried over with his men.

Both of them met in the space in the yard. They were on opposing ends.

“Brat, it’s you. How are you here?”

“How’d you find this place?!” Xander was shocked to see Leon.

He never would have dreamed that Leon would already have found them. He just kidnapped Janice not too long ago, and they did not even have the time to carry out their plans..

It was too quick. He was completely caught off guard.

“If you don’t want anyone to find out, then you shouldn’t have done it in the first place!

“Xander, we’ve never dragged others into our conflicts. Both Brody and you worked together and dared to kidnap my good friend. You don’t have any honor at all! You’re both looking for death!” Leon was thoroughly angered. Murderous intent seeped out from his body.

Before that, he thought that Xander hated him because of what happened at the bar, and looked for Janice

because of that.

Yet, after seeing Brody, he quickly realized that Brody was the true mastermind!

They completely crossed the line!

Leon was an orphan who did not have any family or friends. He saw Janice as family.

Brody and Xander worked together to harm Janice. It was enough **to** thoroughly anger him!

“Leon, be careful. The two of them are plotting to harm you. We should leave while we can...” Janice thought of Brody’s plans from earlier and paled. She hurriedly whispered to Leon.

She knew that Leon was very skilled. Before they could react, Leon would have a chance of escaping with her.

Otherwise, if they waited until the opponents had enough numbers, it would be difficult for Leon to run away with her!

“Janice, don’t worry. I don’t think much of trash like them at all! They dared to harm you this time. I have to seek justice for you!” Leon’s voice was very firm.

“But..” Janice was still hesitant. She worried **that** Leon would not be able to handle it alone.

“There at not buts! Don’t worry, as long as I’m here, it’ll all be fine!” Leon patted Janice’s cold hand, consoling her.

**Spread the love**
