

The Ex-Husband's Revenge By Dragonsky

Chapter 370

Chapter 370

“**Yes**, I trust you...” Feeling the warmth in Leon’s hand, Janice let out a smile. A feeling of security surfaced in her heart.

“Brat, have you had enough?! I’ll give you one chance. Let go of Mister Sullivan right now. Otherwise, don’t blame me for being impolite!” Xander scoffed. With a wave of his hand, his subordinates immediately surrounded Leon and Janice.

Even though he did not know how Leon found his place, the fact that Leon barged into his den alone was suicide!

Only, Brody was in Leon’s hands. He was afraid of making any reckless movements for the moment.

“If I let him **go** just because you asked me to, wouldn’t that be embarrassing?!” **Leon** smiled.

Xander’s expression sank, “What do you want, then?”

“I already said it earlier. Since the two of you tried to harm Janice, I’ll make you pay a heavy price for that! I’ll make sure I do what I say!”

Leon’s sharp gaze looked at Brody under him, and he said coldly, “Brody, let’s start with you!”

Feeling the murderous gaze from Leon, Brody shuddered. Even his voice trembled, “W–what are you trying to do?”

“I already warned you to not provoke me! You kept on causing me trouble, and you crossed the line this time!

“Marilyn was willing to be with you. It was her choice. I can’t say anything about you taking her away.

“However, you should never have put your sights on Janice. That’s crossed the line in my eyes. Since you want to die, I’ll grant you your wish!”

Leon’s face was incredibly cold. He was getting angrier as he spoke. After that, he stamped right on Brody’s kneecaps.

He was always merciful. For the sake of Marilyn’s grandfather, he repeatedly let Brody and Marilyn off.

This time, Brody crossed the line. He would not be merciful anymore!

He stomped down with true energy and completely shattered Brody’s kneecaps. With the true energy, Brody’s legs were probably completely crippled!

“Ah!”

As the sound of bone shattering was heard, Brody let out a squeal before he almost fainted on the spot!

Fane broke one of his legs before, but the pain this time was ten times worse!

He could even clearly feel that all his bones were shattered around his knee. It would be very difficult to recover!

“Leon...”

“Just wait! Once Xander has you in his hands, I won’t let you off!” Brody clenched his teeth in pain.

“I don’t know if you’ll let me off or not, but there’s no way I’ll let you off easy!” Leon sneered as he raised his leg and stomped on Brody’s other leg.

Crack!

Brody let out another cry of agony. He started to sweat intensely at the pain.

“Leon, if you can, then kill me. If you don’t kill me, I’ll make sure you and your girlfriend are ripped to shreds when you’re in my hands!” Brody had an intense look in his eyes. His eyes were completely red, and he looked very horrifying.

Xander did not dare to kill Leon in public, but Leon would not dare to kill him either!

Since Leon would not dare to do it, there was nothing he needed to be afraid of!
