## Read The Ex-Husband's Revenge By Dragonsky Chapter 383

The two of them were well aware of Leon and Iris's connection and thus knew that Iris was probably here for Leon's sake!

Anson, on the other hand, did not know this. Instead, he plastered a charming smile onto his face and approached Iris. "What are you doing here, Iris? Did you come all the way here to help me?"

Despite the striking grin on his face, a glimmer of lust flashed through his eyes when his gaze fell onto Iris's face.

Iris was the prettiest out of the Four Beauties, and her looks charmed and stole the hearts of many!

Anson was one of them—he tried to win Iris's heart for over two years now.

Iris's sudden appearance made him excited to think that she came there to help him. Surely she could not have possibly shown up for that orphan Leon Wolf!

"Get lost! I'm here to help Leon, not you!" Iris snapped, shooting him a frosty glance.

Anson was one of the biggest flirts in town and got in and out of relationships quicker than one could recite the alphabet. She always detested flighty men like this and naturally, did not give Anson the time of day!

"What? How...how can this be?" Anson felt as though he was struck by lightning.

He knew of Iris's aloof personality; she was always cold and distant, constantly rejecting the hearts of many.

Because of this, he could not understand how a nobody like Leon Wolf could have gotten on Iris's good side, so much so that she was willing to come all the way to help him!

"Who...who the hell is this?" even Jacob and Xander were appalled by this. They knew thought that someone who hailed from absolutely nothing would not only be friends with Fane Poole and Harvey Shear but Iris Young as well!

This man was far more powerful than they ever thought!

Not even Jacob and Anson managed to accomplish such the impressive feat of having connections with three of the most influential forces in the city, yet Leon managed to pull this off, and this astounded them greatly!

"This is impressive, Mister Wolf! I'm utterly amazed!" Fane immediately gave Leon a thumbs up.

He knew that the Four Major Families were always at each other's throats, but the fact that Leon could summon both Harvey Shear and Iris Young to help him said a lot about his character!

Mason felt the same; he was willing to work for Leon out of gratitude, but now, after witnessing the extent of Leon's reach, he immediately realized how correct his decision was!

Leon was still so young—if he continued working for Leon, there was no doubt that he would be able to bring him to great places!

Janice, on the other hand, bit her lip nervously. She stared at Leon's handsome face with an intent look, confusion, and shock swirling through her mind.

This was not a simple coincidence anymore; there was no way Leon could **have** gained the trust of three powerful people based on pure luck alone.

At this moment, she finally realized that Leon was no longer the naive, parentless child she remembered. Iris did not seem to notice everyone's shock and instead circled past Anson to stand in front of Leon.
