

## Chapter 4

"I think you misunderstood." He pulled out his arm expressionlessly, but his eyes were filled with disgust. Si Lijue adjusted his sleeves and took a step back." Your sister and I haven't divorced, have we, Yan Yan?"

The Ye Yanyan who was hiding behind the door was unable to stand up because of the pain in her stomach. When she suddenly heard her name, she suddenly opened her eyes wide and the glass door was suddenly opened. She stood up straight and tried her best to make herself look ne.

"Sis?" "Why are you here?"

Ye Mo looked at Ye Yanyan in disbelief. Didn't Ye Family already kick the Ye Yanyan out? Why was she still here and in Vice-President oce?

"What do you think?" Ye Yanyan suddenly found it funny. Since Si Lijue wanted to play, she would play with Si Lijue. "Isn't it normal for me to be here?" "I'm Ye Family Vice President!"

"But ——" Ye Mo bit his lips, his eyes slightly resentful." You're not already ——"

"Yan Yan, what's wrong with you?" "Your expression isn't very good." Si Lijue saw that Ye Yanyan's expression was very bad and immediately went forward to support her body. Sensing the coldness of her body, he frowned even more." Damn it, you didn't eat in the morning and didn't eat at noon?"

"I'm ne." Ye Yanyan shook his head." If there's nothing else, you can all go out rest. I still have something to do."

"What else?" "Follow me to dinner!"

Without any explanation, she grabbed her hand and Si Lijue ignored Ye Mo's existence and pulled Ye Yanyan away.

###Chapter 6, Just can't see her

Si Lijue grabbed Ye Yanyan's hand and rushed out of Vice-President oce.

Only Ye Mo one person was left in Ye Yanyan oce.

Ye Mo was extremely jealous of her sister's Ye Yanyan. She was mad and angry.

"Why? Why is that?" Si Lijue I love you so much, why do you only have Ye Yanyan in your eyes."

Angry Ye Mo she lost her rationality.

"Ye Yanyan, I hate you!"

Ye Mo that pretty face was deformed by anger. That long jet-black hair was also messy. There were two lines of tears on his face, and his makeup was also messy. He looked extremely sorry.

Ye Yanyan the moment she was pulled out of the oce by the Si Lijue, she was extremely weak and her face was pale. Her stomach was violently convulsing because she had no food for a long time.

She couldn't hold on any longer. Her legs went limp and her eyes darkened. Ye Yanyan lost consciousness and fell.

Fortunately, Si Lijue noticed it in time and grabbed Ye Yanyan and picked her up. She would not fall to the ground.

Si Lijue was very nervous. He carried Ye Yanyan and ran towards the door of the company. His face turned ashen because he was worried Ye Yanyan.

"Drive!" "Drive!" Si Lijue said as he ran.

The people outside the oce were obviously shocked by the Si Lijue's voice. The driver immediately ran to the door to prepare.

Si Lijue rushed out of the company's door and sat back in the car.

Si Lijue gently placed Ye Yanyan in the seat behind the car, he quickly got into the car.

"Go to the nearest hospital immediately," he ordered anxiously.

The driver stepped on the accelerator and the car sped towards the hospital.

Si Lijue held Ye Yanyan in his arms and looked at Ye Yanyan's bright white face. His heart ached as he frowned. He gently stroked the Ye Yanyan, his dark eyes filled with love.

Silly girl, isn't it possible for the two of us to get along quietly like before at this time? You must be blaming me for stealing your company.

He had no choice but to betray you.

God, if you really exist, please transfer her pain to me, even if she hates me.

Or perhaps Ye Yanyan she heard someone calling out to her, she could feel Si Lijue's warm fingers resting on her cold face. She opened her big eyes that were tired and lifeless.

The scene in front of her, Si Lijue's red eyes looked at her and held her in his arms. His warm fingers rested on her face. This warm scene seemed familiar.

Could it be that the dream was real?

Impossible!

Si Lijue worked with her family to steal her company.

Ye Yanyan denied it from her heart. This scene was too far away from her.

She couldn't be soft-hearted anymore, lest she would be hurt again. She remembered that she had n't come to the world yet.

"Yan Yan, you're nally awake. I'll take you to the hospital now." Si Lijue saw Ye Yanyan nally wake up and hugged her tightly." That's great."

"Let me go, I'm ne. There's no need to trouble you to take me to the hospital. Please take me back to the company or let me get out of the car. I'll take a taxi home myself."

"Yan Yan, your stomach hurts like this. Why are you going to the company?" "Please take good care of yourself and go to the doctor. Then I'll take you to a meal. Then you can go home and have a good sleep." Si Lijue's gentle words with a little command infuriated Ye Yanyan.

"Do you have anything on me that is worth wasting your time? Did you and my family jointly take all of me away? Please let me go, President Li."

Ye Yanyan coldly looked at the dazed Si Lijue in his eyes, and the anger in his eyes became even more intense.

Ye Yanyan used all of his strength to push Si Lijue's hand away. She was so weak that she could barely sit up straight. Her stomach was still violently convulsing, and the great pain in her body almost made Ye Yanyan cry.

Ye Yanyan moved her weak body and sat next to the door. She leaned weakly against the seat cushion and looked out the window. She did not want Si Lijue to see her being so miserable because of his betrayal. Cold tears rolled down her eyes.

The moment Ye Yanyan pushed him away, Si Lijue could clearly feel the coldness coming from Ye Yanyan's hand. More importantly, he understood how much he loved Ye Yanyan before and how much he hated him now.

"Go back to the company." "There's no need to go to the hospital. I'm ne." Ye Yanyan said helplessly.

Si Lijue was just thinking about Ye Yanyan pushing him away when she suddenly heard that she was going back to the company.

The driver was about to turn around when he was turning.

"You dare!"

The driver was frightened by the Si Lijue and didn't mind. The car almost hit the back of the car in front of him. The driver hurriedly turned the steering wheel and continued to drive forward.

The car continued to drive forward. Ye Yanyan was too weak to argue with Si Lijue.

She drove the car window to its maximum and allowed the cold wind to blow her thin body.

She wanted to leave this world of betrayal and pain in the wind, like a falling leaf.

But when she thought of her poor dead child and her mother's ght Ye Family being snatched away by Ye Linglian and Ran Yuwei, a disgusting woman, and her most trusted Si Lijue, she found her only hope of surviving.

Revenge!

"Yan Yan, close the window. The wind is too strong. Your hands are so cold."

Si Lijue suppressed the anger and unhappiness in his heart and looked at Ye Yanyan with gentle and deep eyes.

Seeing that Ye Yanyan did not respond, Si Lijue closed the window.

She didn't feel the slightest bit of Ye Yanyan's aura. It could be seen how weak she was.

The two of them remained silent all the way. If Si Lijue wanted to take her to the hospital, follow him. Anyway, she wouldn't be touched by it. Ye Yanyan was already dead.

The car slowly drove into the private hospital and stopped at the entrance of the hospital.

Si Lijue got out of the car and opened the door. He hugged Ye Yanyan like a treasure.

Ye Yanyan didn't struggle. She did n't have the strength to struggle anymore. Instead of walking and fainting in front of Si Lijue, she might as well let Si Lijue hug her and wait for her body to recover.

Si Lijue kept holding Ye Yanyan like that.

After registering, arranging for the ward, and seeing the doctor, she stayed with her all the time and didn't leave.

Lying in the white ward, Ye Yanyan stared coldly at the ceiling, not saying a word.

When the doctor examined her, she did not respond. The doctor suddenly pressed on Ye Yanyan's abdomen.

"Ah..." She was caught off guard and cried out in pain.

"The Miss Ye's stomach has started to iname, and there's a low fever. We need to examine it further." The doctor said to Si Lijue.

"Miss Ye's situation is very serious. We need to be hospitalized." The doctor frowned and said.

Si Lijue carried Ye Yanyan back to the ward. Si Lijue sat down next to Ye Yanyan's bed and tried to pull her hand. Ye Yanyan dodged her hand and looked coldly at Si Lijue.

"Si Lijue, if you have anything to say, the door is opposite if you have nothing to say. Please leave."

Si Lijue looked at the missing hand and smiled gently.

"It's ne. Have a good rest." "I'll nd a nurse for you, so you wo n't have to worry about me."

Ye Yanyan didn't respond, but he could n't help but feel cold. Si Lijue Ah Si Lijue, you still left. I'm still soft-hearted towards you.

Ye Yanyan closed his eyes and fell asleep.

Si Lijue didn't really leave the hospital. He had been guarding the Ye Yanyan in front of the ward until she fell asleep. Si Lijue went to the doctor's oce to inquire about Ye Yanyan's condition.

"The condition of her stomach is very bad. There are many inflammatory areas in her stomach. She may have intermittent fever at night. If someone is to accompany her, just press the bell. I'm on duty tonight."

The doctor patiently explained to the big boy.

He could see how much he cared about this girl.

"Okay, thank you. What can she eat now?" "Is porridge okay?" Si Lijue anxiously asked the doctor.

"Sure, but it's going to be very soft."

"Thank you." Si Lijue thanked the doctor and drove home quickly. She had to immediately cook her porridge.

He remembered that in the past Ye Yanyan every time he got sick, he had no appetite and only loved to drink the porridge he made.

As Si Lijue cut the vegetables, she recalled the beautiful memories of cooking for Ye Yanyan. At that time, she would Ye Yanyan hold him like a spoiled child.

Now, he could only care about her from afar.

After nishing the porridge, Si Lijue didn't care about anything else. He only saw the person on the bed.

After returning to Ye Yanyan's ward, Ye Yanyan was still unconscious. Si Lijue touched her forehead and felt her body hot.

After wiping her with warm water, she even asked the doctor for a fever-relieving paste to prevent her from needing it.

Si Lijue looked at Ye Yanyan frowning because of his discomfort, but a trace of desolation ached through his heart. He reached out his hand and gently stroked Ye Yanyan's brows, causing her brows to stretch.

Si Lijue grabbed Ye Yanyan's hand and gently stroked it. His deep eyes were filled with love and pity.

Ye Yanyan opened her eyes at this moment.

"Water, I want to drink water." She said weakly.

Si Lijue immediately ran to pour a cup of warm water and helped her up Ye Yanyan leaning against his chest.

"Yan Yan, come, the water is here."

As he spoke softly, he helped Ye Yanyan hold a water cup for her to drink.

"Yan Yan, slow down. There's no rush." Si Lijue said gently.

After Ye Yanyan nished, Si Lijue helped her lie down.

At 7 or 8 p.m., Si Lijue softly called out to Ye Yanyan." Yan Yan, eat something before you sleep."
