Chapter 400

## Read The Ex-Husband's Revenge By Dragonsky Chapter 400

“Brat, how dare an orphan like you try to pursue Iris! Dream on!” Anson sneered in contempt.

After what happened, he looked into Leon's background and learned that not only was Leon an orphan, he was known to be a good-for-nothing. However, he remained baffled as to how Leon managed to befriend the Shears, the Youngs, and the son of the Southern King, Fane.

“That's not it! Mister Collins, you don't know this, but this kid's ex-wife cheated on **him** and chased him out of her house! Even a hound would be worthy of more! If I was him, I would've just killed myself!” A voice echoed within the hall and Jacob walked over with a few of his men, all the while eying Leon warily.

“So this kid's an orphan!”

“He was cheated on!”

“This is the opening ceremony of Cynthion Group. Everyone here is from a powerful and wealthy background, so I wonder how this kind of scum gets in!”

The crowd erupted into chaos as they stared at Leon in contempt.

“You two!” Iris's expression darkened at the words, furious at their insults.

Both Anson and Jacob humiliated Leon in public in the most despicable manner and she could not accept it.

Leon was furious as well, but since what they said was the truth, there was nothing much he could say.

“So what if he's an orphan? Everyone has to start somewhere! There are plenty of heroes who come from a lowly background who manage to make it out there on their own later in life!” Following a burst of proud laughter, Harvey, Cynthia along with a few members of the Shear Family stepped backstage.

“My brother's right! Jacob, Anson, the two of you should watch yourselves here! Leon's our guest and if you dare to insult him again, we will make you pay for it!” Cynthia warned.

Jaws dropped around them as everyone was shocked by Cynthia's protective tone over Leon.

They were informed by Anson and Jacob that Leon was an orphan and never expected the Shears to befriend an orphan; the fact that Cynthia risked crossing Anson and Jacob to protect Leon seemed impossible.

Cynthia was the second most beautiful woman in Springfield City, the goddess that all men dreamt of aside from Iris. Seeing how Iris was close to Leon and even Cynthia seemed keen to protect Leon, all the men in the hall turned to stare at Leon enviously.

Iris shot Cynthia a look. Though she was pleased that Cynthia defended Leon, she was still jealous of the look she received from Cynthia the time before.

“Cynthia, stop acting all smug! We've come here to participate in the opening ceremony for Cynthion Group to see the Energy Nurturing Pill for ourselves!”
