Chapter 951-960

The Ex-Husband's Revenge By Dragonsky Chapter 951

Leon just verbally instructed Louisa on the Mysterious Maiden Method back then, so he could not tell if there was something wrong with Louisa's processes or if she just misremembered a few lines of the Mysterious Maiden Method. He needed to check on both things.

"Oh, alright."

Louisa started to recite the method. After that, she activated her energy and started to train.

Beneath the bed, Ruth felt disdain when she heard Louisa reciting the method.

She saw that Louisa was only at the advanced Innate State. Even though she did not know what level of method the Mysterious Maiden Method was, she estimated that Louisa had at least been training for over ten years, since Louisa was young. Yet, Louisa was only at the advanced Acquired State.

It meant that the Mysterious Maiden Method definitely was not a high level method. At the very most, it was probably just a trash Ultimate Starting Class Method!

A Starting Class Method was just too low level. Even if one used it for their whole lives, they would not be able to become a Supreme Master.

Ruth was already a Supreme Master, there was no way she would want a Starting Method at all!

In the end, she never even regarded the Mysterious Maiden Method as anything worth her notice.

"Louisa, there's a problem with how you're circulating your energy. Let me help you."

Leon quickly realized where the problem was. After that, he started to carefully instruct Louisa, reciting the Mysterious Maiden Method all over again as well. Every sentence he went through, he would go into detail. about the meanings behind them.

With what he inherited from his ancestors and the way he explained things, it became incredibly easy to understand..

Listening to Leon's explanations, Ruth was frustrated.

She did not disregard the Mysterious Maiden Method as worth her notice at all.

However, Leon recited it, and explained it in a manner that was easy to understand.

With her terrifying potential in martial arts, it was difficult for her to even try and not memorize it!

What kind of useless method was that?

Ruth sniffed in disdain. She wondered if she was just too bored under the bed or if there was some strange allure to the Mysterious Maiden Method.

The internal energy in her body seemed to have been stirred. It actually started to move without her control as Leon recited everything!

"W-what's going on?"

Feeling the energy in her body circulating, Ruth was shocked. She hurriedly tried to compose herself and forcibly suppress her true energy.

Her current method was the Ultimate Progressive Class Method that belonged to the

Collins. If The Mysterious Maiden Method was Leon's Power Method, she would not have minded trying to learn it.

However, she already determined that the Mysterious Maiden Method was just a trash Starting Method. She was a Supreme Master, using a method like that would only harm her!

Yet, before she was able to suppress her energy, something that shocked her happened!

As her energy moved, the impurities within her energy were actually being forced out, causing the energy to become incredibly pure!

The more pure one's energy was, the faster they could get stronger, and the more they could achieve in the future.

Since the method the Collins used was not suited to women, Ruth just forced herself to use her family's methods all these years. She had a lot of impurities in her energy, more than any regular person.

If her potential was not that terrifying, she would never have become a Supreme Master!

Yet, the Mysterious Maiden Method actually pushed out all the impurities in her energy. There was only one possibility. It meant that the Mysterious Maiden Method was of a much higher level than her family's, and it suited her constitution very well!

The Ex-Husband's Revenge By Dragonsky Chapter 952

"Could this Mysterious Maiden Method be Leon's Power Method?"

Ruth realized something.

She knew that Louisa and the Youngs could not have a Power Method. When she realized that the Mysterious Maiden Method was stronger than the methods the Collins and the Youngs used, it was easy for her to guess that Leon must be teaching his Power Method to Louisa and Iris!

"It looks like I've greatly benefitted this time!

After realizing the truth, Ruth was ecstatic.

After that, she no longer dared to underestimate the Mysterious Maiden Method. She hurriedly focused her full attention on stealing it and started to practice!

"This is great! I haven't disappointed grandfather. I've finally gotten Leon's Power Method!" Ruth was incredibly excited as she eavesdropped.

She never expected that she would get the method so easily even though she tried so hard to find it in Leon's room!

It was obvious how excited and happy she was!

However, she quickly found herself unable to smile anymore. Something even more shocking happened!

As Leon explained the Mysterious Maiden Method, almost all of the impurities in her body were cleared. The speed of her training was incredibly quick. It was at least a few dozen times better than her family's method!

In just a moment, the energy in her body greatly improved!

Even more crazy was the fact that her energy became too pure. She quickly arrived at the cusp, and started to show signs of breaking through!

"So this isn't a Power Method! It's actually an amazing Absolute Method! H-how could that be?!" Ruth was shocked. She was so excited she almost exploded on the spot.

Even though she never used a Power Method before, and never even saw an Absolute Method, she knew about them. From the speed of their training and the purity of the energy, a martial artist could more or less tell what level a method was at. With how pure the Mysterious Maiden Method was, and how fast it was as well, Ruth was almost sure that it was at least an Absolute Method! Otherwise, there was no way she would be about to make a breakthrough so quickly. "Not good! If I level up here, wouldn't I be exposed?!" Ruth's expression changed. She was under Leon's bed, and was doing something shameful. If she made a breakthrough, the energy in her body would leak out. With Leon's abilities, it would definitely not escape Leon's notice. Then, she would not be able to escape! However, it was not like this was something she could just control. She could no longer suppress it. Boom! Right at that moment, as Leon explained everything and guided her, Louisa finally managed to make a breakthrough. The energy in her body started to rise, and she reached the peak Acquired State! "This is great! Louisa, you've finally broken through!" Iris let out a happy smile on her face. Louisa almost lost control just now, which scared Iris quite a bit. Louisa managed to avoid danger thanks to Leon, and smoothly made a breakthrough. Iris could finally relax. "Leon, thank you." Louisa excitedly gave Leon a hug, feeling incredibly happy.

The Ex-Husband's Revenge By Dragonsky Chapter 953

"Thankfully, there wasn't any danger," Leon smiled and said. Before he finished speaking, he suddenly felt something. The smile on his face suddenly froze. Boom! Almost at the same time, an incredibly strong force came from beneath the bed. From that energy, it was easy for him to tell that the person was probably an intermediate Supreme Master! It was at a similar level as he was, and that level of power was already enough to be called an incredibly strong martial artist in Springfield City! "Who's being sneaky! Come out right now!" After the shock, Leon was furious. He summoned up an incredible amount of power and started to attack the bed. Bang! Ruth reacted very quickly. She hurriedly rolled out of the bed, avoiding most of Leon's attack. She did not even turn around as she started to rush toward the door. "It won't be that easy to run!" Leon let out a sneer as he used Double Attack, punching Ruth's back. Ruth knew how strong Leon was, and did not dare to take the attack head on. She

hurriedly dodged aside, avoiding Leon's attack.

However, avoiding the attack caused Leon to cut off her path of retreat. At the same time, she was forced to face the other three, revealing who she was.

"Ruth, it's you!" Leon was shocked, not daring to believe his eyes.

He never would have expected the petty thief under his bed to be Ruth. It was completely unexpected.

"Ruth, why are you here?"

Iris and Louisa were shocked to see Ruth as well. They could not understand why Ruth was hiding under Leon's bed.

"That—"

"Would you believe me if I said I happened to pass by?"

Louisa let out an awkward smile.

She was one of the four beauties of Springfield City. She was like a goddess in the eyes of many men, but she was caught in the act like a thief. She could not help but feel her face starting to heat up.

"What nonsense! Ruth, you're the eldest daughter of the Collins, someone incredibly influential. Aren't you ashamed of yourself for hiding under a man's bed?" Leon admonished. He was a bit confused, not sure what Ruth was trying to do.

Did Ruth have a hobby of spying on men?

Could she have other intentions?

"I already told you. I happened to pass by your room, but I was worried you would misunderstand me, panicked and hid under your bed."

Ruth blushed even brighter. She tried her best to explain herself, but it was not convincing at all.

so I

Naturally, Leon did not believe her. He said unhappily, "Why did you hide in my room for no reason? What is your goal?"

"I don't have a goal. You can believe whatever you want! I'll take my leave now. You can continue."

Ruth prepared to leave.

"Do you think I'd let you leave?!" Leon said coldly. He quickly grabbed Ruth's arm. Before he found out Ruth's actual motives, there was no way he would let Ruth go. Ruth avoided it again.

"Leon, don't try your luck! Your true skill is only at the initial Innate State. If you insist on pestering me, don't blame me for being rude!" Ruth said unhappily. However, she was actually not confident at all.

The Ex-Husband's Revenge By Dragonsky Chapter 954

Even though it was already well-known that Leon's skills were already at the level of a peak Supreme Master, she just witnessed Leon reaching the initial Innate State!

There was no way that was fake!

Leon's real skills. Were they at the initial Innate State, or was he a peak Supreme Master? She could not figure it out!

"Do you think I'm messing around?"

Leon was getting furious. He forcibly pushed back his anger as he said in a low voice, "Ruth, I'm warning you. My patience is limited!"

"I'll give you one last chance. Tell me your true motive, or you'll bear the consequences!"

"Please, I'm just going to ignore you now!" Ruth sniffed, turning around to leave.

"Fine, you asked for it!" Leon was furious. He struck out with a punch containing immense power, quickly attacking Ruth.

"You don't know your place! Let's see if you're actually a Supreme Master, or if you're at the Innate State!" Ruth scoffed. She let out a punch, summoning up a gentle power as she quickly attacked Leon.

If it was before, she would never have dared to face Leon head on.

However, she was suspecting that Leon was actually only at the initial Innate State, so she planned on testing Leon out!

Bang!

With a violent clash, Leon's body did not move at all. Instead, Ruth paled as she retreated a few steps, but she was generally fine.

"Y-You really are more than just at the initial Innate State! You're not a peak Supreme Master either! What is happening!?" Ruth was shocked. She felt like everything was wrong.

After the clash with Leon, she already knew how strong Leon was. Leon was only around the level of an intermediate Supreme Master. Leon was slightly stronger than she was, but he was far from a peak Supreme Master!

She thought that Leon would either be at the initial Innate State or be a peak Supreme Master, but he ended up being an intermediate Supreme Master!

Leon's level was all over the palace. She never heard of anything like that before. It completely confused her!

"Huh, that's weird! Why are you an intermediate Supreme Master?!"

Leon was shocked as well, noticing something wrong.

He knew how strong Ruth was. Ruth was only an initial Supreme Master, but she was suddenly an intermediate Supreme Master.

Thinking about how he recited the Mysterious Maiden Method to Louisa earlier and the fact that Ruth was under the bed when her energy suddenly rose, Leon immediately understood!

Ruth must have secretly learned the Mysterious Maiden Method, and her skills greatly increased. That was why her energy leaked out!

"Ruth, so you snuck in to learn the Mysterious Maiden Method!"

"What's that? I don't understand what you're saying!" Ruth said, pretending to be calm. She tried to muddle her way out of this.

"You're refusing to admit it? Alright, that's fine, I'll make you shut up!" Leon had a glint in his eyes. His eyes were suddenly filled with killing intent.

Right after that, he did not hesitate as he used Double Attack again. His fists contained amazing power as he quickly attacked Ruth.

The Ex-Husband's Revenge By Dragonsky Chapter 955

"You!"

Ruth was shocked. She punched out and barely managed to stop Leon's first attack. After that, she hurriedly retreated, barely avoiding Leon's second blow.

Leon pressed on his attack, immediately catching up to Ruth. The two of them were

quickly finding themselves locked in battle.

Even though Leon and Ruth were both intermediate Supreme Masters, Leon had his Double Attack that was unmatched to those at the same level!

Instead, Ruth just became an intermediate Supreme Master. She did not even manage to stabilize her energy, so she was naturally no match for Leon.

Before even ten exchanges were done, she quickly found herself on the backfoot. She had no way of fighting back.

“Leon, y—you scoundrel! Are you trying to kill me to silence me?!” Ruth said angrily. She could tell that Leon’s attacks were all fatal. He did not hold back at all, and he was actually trying to kill her!

“That’s right! You’re to blame for finding out something you should not know. Only the dead can keep secrets forever!” Leon said coldly. He never stopped attacking.

An Absolute Method was an immense treasure in the world of martial arts. Every time an Absolute Method showed itself, a bloodbath would follow.

It was way too important, he could not let anything leak out!

Ruth accidentally learned the Mysterious Maiden Method. Daily new chapters upload Only On Alaniz(dot)com If she revealed the matter, Leon would definitely end up being killed. Even Iris and Louisa would not be able to avoid it.

For their sake and his own, Leon could not spare Ruth. Otherwise, the consequences would be dire!

“You-”

Ruth was shocked and angered when she felt the murderous intent coming from Leon..

She never expected Leon to flip the switch so quickly. He showed no mercy at all. However, she knew how important an Absolute Method was. If she was in Leon’s position, she would be trying to kill any threats as well!

Boom!

While Ruth was distracted, Leon cut off Ruth’s retreat with one blow. After that, he unleashed his killing blow. Double Attack was coming at Ruth with incredible force.

“Despicable!” Ruth’s expression changed. She wanted to dodge it, but she was already cut off by Leon. She had nowhere to go.

It was a desperate moment. She was forced to just strike back, trying her best to withstand Leon’s attack.

Bang!

With an intense clash, Leon’s attack pushed apart Ruth’s energy. The second strike struck Ruth right on the chest.

Ruth spat out a mouthful of blood as she staggered back a few steps. She ran into the wall behind her, barely able to stay up.

Leon continued to charge forward. Before Ruth could react, his hands were on her throat.

As long as he used a bit of force, he would snap Ruth’s throat immediately.

“No!”

Ruth was incredibly scared.

“Ruth, I’m sorry. I was forced. I hope you won’t blame me for being ruthless.”

Leon sighed.

He was not a ruthless person and never killed anyone before either. However, an

Absolute Method was too important for there to be any mistakes. Suddenly, he was very conflicted. He did not know if he should kill Ruth.

“No!”

“Leon, did you forget that I just helped you two days ago? If you kill me now, wouldn't you be just an ungrateful, petty man?”

The Ex-Husband's Revenge By Dragonsky Chapter 956

Ruth was incredibly shocked and scared, feeling the fear of death for the first time in her life.

“That-”

Leon was shocked. He immediately remembered how Ruth helped him.

A few days ago, at Zerbe Pharmacy, he almost fell to Theodore. It was thanks to Ruth arriving in time with her men that Iris and him managed to survive.

It was a debt he had to repay.

If he killed Ruth at that moment, it would just be way too cold hearted.

However, an Absolute Method concerned the lives of him, Iris and Louisa. If he just let Ruth go like that and Ruth exposed it to the Collins, the results would be disastrous!

“Leon, it's fine. Stop scaring Miss Collins! She just happened to learn some of the Mysterious Maiden Method. It's nothing too bad,” Iris hurriedly said.

She did not know much about martial arts and their methods. She just knew that the Mysterious Maiden Method was an incredible method, but she did not know how valuable it actually was!

Of course, even if she knew that, she would not just let Leon kill someone else.

Otherwise, what would separate Leon from those demons who caused bloodbaths for the sake of getting amazing methods?

“That's right! Leon, Miss Collins only learned the first half of the Mysterious Maiden Method anyway. She didn't even learn the whole thing, so why would you be so ruthless?” Louisa said as well.

The Mysterious Maiden Method was an incredible method. It was very deep and profound. She was still not at a high enough level, so she just learned the first half of the Mysterious Maiden Method, and Leon explained the first half as well..

Even if Ruth secretly learned it, she only knew half of it. It should not be too bad.

“Iris, Louisa, things aren't as simple as they seem,” Leon frowned, but he started to hesitate even more.

“Yes, I really don't understand, but it's not like Miss Collins is the only person who learned the Mysterious Maiden Method. Louisa and I have too. Since we won't spread this out, I think Miss Collins won't say anything about it too!”

As Iris said that, she blinked at Ruth, “Miss Collins, aren't I right?”

At Iris's look, Ruth immediately understood. She hurriedly nodded, “Yes, that's right.”

“Leon, I assure you, I would never tell anyone about the Mysterious Maiden Method! I can swear it to you if you want.”

Ruth stopped for a moment and made an oath.

“That-”

With Iris and Louisa's words and Ruth's guarantees, Leon's heart started to sway.

“Leon, I know you're worried that death will follow if I end up telling people about the Absolute Method, but

just think about it. I'm on the same boat as all of you right now. If I really tell anyone about this, I'll end up with the same fate! What benefit could that bring me?"

Seeing Leon starting to falter, Ruth hurriedly added.

"Yes, that's true!"

Leon thought about it, and was quickly convinced by Ruth.

Since Ruth learned the Mysterious Maiden Method just like Iris and Louisa had, then she would find it hard to avoid any trouble if word ever got out.

Ruth was not an idiot, there was no way she would do something so dumb!

Furthermore, Ruth only learned the first half of the Mysterious Maiden Technique.

Before she learned the whole thing, she would not act recklessly. Otherwise, she would never be able to get the whole method!

The Ex-Husband's Revenge By Dragonsky Chapter 957

Leon knew very well that Ruth was a smart person, and that Ruth should know what she needed to do!

"Ruth, since Iris and Louisa are speaking up for you, I'll let you off this time! However, I'll be honest with you. If you even dare to tell anyone about the Mysterious Maiden Technique, then I won't show you any mercy no matter where you hide!" Leon said coldly. He slowly let go of Ruth's throat.

"Don't worry, I won't tell anyone."

Ruth could finally relax. She could not help but feel happy that she just avoided losing her life.

Right after that, she did not forget to shoot Iris and Louisa thankful looks, thanking them for helping her.

"Alright, since you've already learned half of the Mysterious Maiden Method, it'll be more than enough for you to get to the Overlord State in three years! There's no reason for you to stay here anymore. You should just pack your things and leave!"

Leon said coldly, trying to chase Ruth away.

His deal with George was to help Ruth reach the Overlord State in three years.

Since Ruth stole half of the Mysterious Maiden Method, with Ruth's terrifying potential and the profoundness of the method, Ruth would probably be able to reach the Overlord State in one year, let alone three!

Since that was the case, Ruth no longer had a reason to stay!

"How could I?!"

Ruth was shocked when Leon wanted to chase her away.

"Leon, don't do that. I don't want to leave. Don't chase me away, okay?" Ruth started to plead.

She hid under the bed without regard for her dignity because she did not want Leon to notice her and chase her away.

Yet, Leon actually did what she was afraid of!

If this was before, she would have left without any hesitation at the slightest hint of Leon's contempt, considering she was a Collins and also one of the four beauties of Springfield City!

However, the situation was already different. An Absolute Method was something that she might not ever see again!

It was a treasure that every martial artist dreamed about, her included!

She only learned half of it, and her skills already increased dramatically. There was no way she would leave.

before she learned the other half!

“No! This isn’t up for discussion!” Leon said firmly.

Ruth snuck into his room with ill-intentions. There was no way he could let someone with such a scheming mind stay!

“Fine, you can chase me away if you want! As long as you teach me the other half of the Mysterious Maiden Method right now, I’ll leave immediately!” Ruth said slyly.

“What? Dream on!”

Leon was shocked. He did not hesitate to continue, “Ruth, I’m warning you. I’m already being very nice to you by not doing anything about you stealing the Mysterious Maiden Method, don’t cross the line!”

“You’re so petty,” Ruth mumbled.

After that, she let out an alluring smile as she said cutely, “Leon, don’t be angry. Listen to me.”

“You have so many enemies right now. All of them want to kill you! If I stay here, they will be worried about the Collins, and won’t act rashly against you. The moment I leave, they might take the chance to target you and Iris.”

“That-”

The Ex-Husband’s Revenge By Dragonsky Chapter 958

Leon was speechless.

What Ruth said made sense. It would actually not benefit him if he chased Ruth

“Fine, then you can stay.”

away.

Leon hesitated for a moment before he agreed reluctantly.

“That’s great!” Ruth was incredibly happy as she let out a radiant smile.

As long as Leon let her stay, then she would have a chance to learn the whole Mysterious Maiden Method! That was an Absolute Method. It was rare beyond belief! It was obvious how happy she was!

“Don’t be too happy just yet! I’m warning you. If you do anything shady again in the future, then I won’t hold back!” Leon warned coldly.

“Yes, I understand,” Ruth smiled casually.

She could finally see that Leon was actually incredibly soft-hearted no matter how he seemed on the outside. Leon never planned on killing her from the start, or she would already be dead!

In the end, Leon just tried to scare her, so she did not bother with Leon’s warning at all!

“Alright, I just made a breakthrough. I haven’t managed to stabilize my energy! I need to train!”

Seeing that Leon and Ruth already settled things, Louisa sat right down and eagerly started to train.

“I need to do that too!” Ruth sat down as well.

“Ruth, you can do that in your own room. Why are you staying here?” Leon said unhappily.

“It’s nice here. There’s more company. I’ll just train with all of you in the future!” Ruth

said.

She knew very well that Leon would not give her the rest of the Mysterious Maiden Method so easily. Daily new chapters upload Only On Alaniniz(dot)com She needed to train with the three of them in the future, which would make it easier for her to get the complete method!

Leon was frustrated when he saw that Ruth was showing no signs of leaving, but there was nothing he could do about it.

After that, he sat down and started to train, planning on properly stabilizing his strength!

With the Northern King, Harold and Jacob were discussing how to deal with Leon in the study.

After Ruth helped Leon cripple Theodore's legs two days ago, the Collins already announced that they were protecting Leon for three years.

During that period of time, anyone who did anything to Leon would be their enemies! It was precisely because of that, that Harold was quiet, not daring to make any rash moves!

"Despicable! The Collins clearly know of our grudge with Leon, but they actually dared to say that they would be protecting Leon. This is too much!" Harold slammed his hand on the table angrily.

"Dad, what do we do? Three years is too long. If we wait until then to deal with Leon, it might be way too late!" Jacob said as he was worried.

He knew how powerful Leon was. At such a young age, Leon was already a peak Supreme Master. He was the strongest among the younger generation of Springfield City!

With Leon's terrifying talent and potential, if they really gave Leon three years, it was possible that Leon would already be at the Overlord State!

If that happened, it would be much harder for them to deal with Leon!

The Ex-Husband's Revenge By Dragonsky Chapter 959

"I know! There's no way we can wait for so long. I need to do everything I can to get rid of Leon for our future!" Harold had a dark look on his face.

He had his hands behind his back as he paced around, deep in thought.

"Dad, I have a good plan!" Jacob suddenly had a moment of inspiration.

"Oh? What's your plan?" Harold stopped as he looked at his son.

"It's much harder to avoid a hidden blow! Leon's cunning and hard to deal with, but we can target Iris instead! He's Iris's boyfriend. As long as we can get Iris, he'll fall right into whatever we set up for him!" Jacob let out a sinister smile.

"Yes, that's a good idea! However, Ruth's currently staying with Iris. If we target Iris, we might end up going against Ruth as well. Then, we might end up making enemies of the Collins! That's not a good idea!" Harold said darkly.

Even though he was slowly gaining control of the Youngs and was not too afraid of the Collins, he did not want to face the Collins head on at that moment.

At the very least, it was not the time for them to truly fight each other just yet!

"Then what do we do?" Jacob's smile froze and he looked a little disappointed.

"Don't worry, you have a good idea. We can just tweak it a bit, and set up some bait instead!" Harold sneered. A cold glint flashed in his eyes.

At Dragonbay Villas, a luxurious dinner was set up. Leon, Iris, Louisa and Ruth sat down together and got ready to eat.

“How strange! Where’s uncle? Why don’t I see him?” Louisa looked all around in surprise, only just realizing that Gilbert was not at home the whole afternoon.

“My father could be trying to find out about grandfather,” Iris hesitated for a moment. She looked worried.

Leon could tell that Iris was worried, and he asked, “Iris, are you worried about Elder Young?”

“Yes, grandfather’s alone with the Youngs right now. I don’t know how he’s been,” Iris said with some concern.

Elder Young fell sick and was comatose.

When she was still with the Youngs, she was the one taking care of her unconscious grandfather. She fed him. Graham’s medicine on time everyday, hoping he would wake up.

However, she was already kicked out of the Youngs with her father. On top of them, they were already Daisy’s enemies. She did not know if Daisy would have anyone take care of Elder Young!

It was normal for her to be so worried!

“Don’t worry, Elder Young was still the head of the Youngs before, I doubt they would mistreat him,” Leon consoled.

“Yes, I know. It’s just that Daisy is such a sly person. She might not treat grandfather that well. Dad and I have been hoping that we’d be able to bring grandfather here.”

Iris sighed, her tone was incredibly worried.

“Isn’t that simple?”

Ruth said in a casual manner, “Elder Young’s your grandfather and Mister Young’s father. The two of you have been kicked out, but that doesn’t change your blood relations!”

“Dad, you’re back. Where’d you go just now?” Iris got up to welcome him. Leon and the others followed suit.

“Oh, I went to see Jonah. He agreed to help me get your grandfather out,” Gilbert explained everything briefly.

He was not at home the whole afternoon because he went over to investigate his father’s situation.

Even though he was no longer part of the family, he still used to be a direct descendant. His blood ties to the family were undeniable.

Jonah Young was a direct descendant of the second bloodline, and was Gilbert’s cousin. For family’s sake, Jonah told Gilbert quite a lot about Elder Young.

The Ex-Husband’s Revenge By Dragonsky Chapter 960

“If the two of you are worried about Elder Young still being with the family, then just go over and ask for him.

“We can’t. We’ve already tried that, but Daisy refuses to let us take him away.”

Iris shook her head, feeling a bit frustrated.

Gilbert and Iris immediately requested for Elder Young the moment they were kicked out, but Daisy rejected them.

After that, Gilbert was still not willing to accept it. He went over to the family to ask

about Elder Young a few times, and was trying to find a chance to quietly bring Elder Young over.

However, Daisy was already prepared. She already moved Elder Young to a different room, and had people keeping guard. Gilbert was not that strong, so he never succeeded.

“That despicable woman! She’s clearly trying to make things difficult for you two!” Leon slammed the desk angrily.

It was only normal for Iris and Gilbert to want to take care of Elder Young considering their relationship.

Yet, Daisy was deliberately stopping it. It was despicable!

Of course, Leon did not know that Daisy was not doing something so simple as trying to cause trouble for Iris and Gilbert, Daisy had other considerations!

“Leon, you’re very strong. You’re even stronger than my father. Could you help us get grandfather here?” Iris looked over at Leon expectantly.

She knew that Leon was incredibly strong. If Leon worked with her father, they might be able to sneak Elder Young out of the place!

Not only that! Ever since Leon saved her last time, she trusted Leon’s amazing medical skills even more. If they could bring Elder Young back, then Leon might be able to cure Elder young!

“Well, I’ll give it my best try,” Leon said, not daring to sound too confident.

Like the Shears, the Youngs were one of the four great families of Springfield City. They would definitely have a very stern guard.

However, the two places were incredibly different to him!

He stayed with the Shears for such a long time, so he knew of how the security there worked.

It was not that hard for him to sneak in there.

The Young were different. He did not know much about the situation inside. On top of that, Daisy purposely arranged for people to keep watch of Elder Young. It would be incredibly difficult for him to retrieve Elder Young without anyone knowing!

“There’s no need! Iris, I already found a way to get your grandfather!”

Right at that moment, Gilbert’s voice was heard. He walked right in from the outside.
