## Chapter 961-970

The Ex-Husband's Revenge By Dragonsky Chapter 961

After that, he pleaded to Jonah, and Jonah agreed to help him get Elder Young out so the family could be reunited!

However, Daisy controlled most of the family at that moment. Since Jonah was a direct descendant, he could not help Gilbert so directly in case he ended up being blamed as well.

After that, Jonah and Gilbert discussed things. The two of them reached an agreement. During the night, Jonah would figure out a way to send the guards guarding Elder Young away. Then, Gilbert could sneak in himself to bring Elder Young away.

"Good, this is amazing!" Iris was incredibly happy.

Since she was young, her closest family was her grandfather and her aunt.

Ever since she was forced out of the family, she already gave up on the Youngs. The only one she could not let go of was Elder Young.

It was obvious how happy she was that Gilbert found a way to get Elder Young out!

"Dad, why don't I go with you at night? I want to see my grandfather as soon as possible. I can wait for in the car to help you get away later as well," Iris suggested after her excitement.

"That sounds good," Gilbert fell silent for a moment before he agreed.

Even though going over to 'steal' a person was not something to be proud of, Iris and Gilbert's relationship with the Youngs meant that the Youngs would probably not harm them even if they failed.

Since this was nothing dangerous, it was fine for Iris to follow.

On top of that, it would not be easy for him to bring his unconscious father around alone. It was better if Iris was there with a car.

"Uncle, I want to go too!" Louisa immediately said in an eager manner.

She was always a strange girl who loved to join in on whatever seemed fun, there was no way she would pass this up.

"What's the point of you going?" Gilbert said unhappily.

She knew how Louisa was. He would not let Louisa go over and cause trouble for them!

"I want to see my grandfather soon, can't I? I'll be going no matter what. If you don't bring me there, then. I'll drive there myself!" Louisa pouted and said stubbornly.

"You-"

Gilbert was very angry, but there was nothing he could do, "Whatever, you can come with us if you want!"

"However, let me make things clear. You're to wait outside in the car with Iris for me. Don't cause any trouble!"

"Yes, I understand," Louisa answered with a pleased smile.

"Alright, let's have dinner first. After that, we'll prepare for a bit and make out move at

night!" Gilbert said.

"Wait!"

Leon suddenly stood up at that moment.

"Leon, what is it?" Iris looked at Leon curiously.

"Iris, I think there's something off about this situation! I really can't figure out why Jonah would be willing to help for no reason."

Leon was suspicious.

He had some past conflicts with the Youngs. From what he knew of them, the Youngs were always very profit oriented. They would always act in accordance with their own benefits.

This time, Jonah was risking offending Daisy, and actually trying to help Gilbert bring Elder Young out.

There were no benefits.

It did not seem like something a Young would do, so Leon started to get suspicious.

"What's wrong about it? I'm Jonah's cousin in the end. For the sake of his own family, he wants to help reunite us."

### Chapter 963

"This is our own family matter. It has nothing to do with an outsider like you. Why would you go?!" Gilbert said coldly.

Iris was incredibly unhappy, "Dad, can you stop being so rude to Leon?! He has good intentions and he's very strong. If he wants to go, just let him. He might be able to help if there are any surprises."

"Fine then, do whatever you want," Gilbert said coldly, turning away to brood by himself, no longer saying anything.

"Iris, let me follow you too. I don't want to stay at home alone," Ruth said after some thought.

"Fine then," Iris hesitated for a moment before agreeing. Everyone was going anyway, she did not mind having Ruth along as well.

At night, Leon, Iris and the others drove nearby the Young Mansion under the night sky.

At that moment, Jonah was already waiting outside as per his agreement with Gilbert. Seeing Gilbert and the others exit the car, Jonah emerged from a dark corner.

"Gilbert, you're finally here. I've been waiting for a long time," Jonah greeted Gilbert with a smile.

After that, his smile froze when he saw Leon behind Gilbert. He looked surprised,

"Leon is here too!"

"Yes."

Leon's heart started to beat faster.

Due to Iris and Gilbert's insistence, he already tossed aside his suspicions toward Jonah. However, Jonah's reaction caused his suspicions to rise again.

He had some grudges with the Youngs, especially during him and Cynthia's engagement party. Melvin attacked him while representing the Youngs, trying to kill him!

He did not forget about that!

Even if Iris was there, he could be considered mortal enemies of the Youngs. There

was no way they could be friends!

Jonah reacting so calmly toward him was definitely a little strange!

"Uncle, it's been awhile," Iris greeted Jonah.

"It has! Iris, I heard about you being willing to die for your love a while ago. Thankfully, you're blessed and lucky enough to be safe."

After that, both sides exchanged some pleasantries.

"Jonah, time is of the essence. Let's get to work! Show me where my father is. We have to save him!" Gilbert said.

Even though he knew so much about the Youngs, Daisy already shifted Elder Young's room to another place. He did not know where Elder Young was being kept at that moment, so he needed Jonah's guidance.

"Yes, I'll bring you there right now!" Jonah nodded and said.

"Wait!"

Leon suddenly stopped them.

"What is it? What do you want now?" Gilbert looked at Leon unhappily, not knowing what Leon was trying this time.

"Mister Young, let me follow you there. If anything happens, I might be able to help," Leon said.

"No."

Gilbert was about to reject it, but Jonah interjected before he could even finish.

"That sounds good. If the two of you go together, at least you'll have help!" Jonah said in a hurry. There was a flash of happiness on his face, but it was obscured by the darkness.

## Chapter 964

Leon felt a chill in his heart when Jonah said that.

He just tried to test Jonah earlier, but Jonah actually invited him in!

It was not hard for Leon to guess that it would not be a good thing.

"Iris, Louisa, wait in the car. We'll be right out."

Leon turned to look at Iris, Louisa and Ruth. As he said that, he secretly shot Ruth a look.

Ruth immediately understood what Leon meant.

However, Iris and Louisa were completely oblivious, not knowing what Loen's look meant!

"No, I want to go too!" Louisa said happily. There was no way she would miss out on something so exciting.

Iris was still fine. She was not a troublemaker like Louisa.

Even though she wanted to see her grandfather as soon as possible, she was always calm and intelligent. She knew that Louisa and herself were both too weak. They would not only fail to be of any help if they followed, but they would burden Leon and Gilbert instead.

"Sure! I've already diverted all the guards away. It's very safe inside. You can all go in together!" Jonah smiled and said.

"That-"

Even Iris was starting to get tempted when Jonah said that.

“No need! Iris, Louisa, just wait in the car!” Leon forced out a smile. His heart started to sink.

Even though he did not know what Jonah was trying to do, he felt like Jonah was making it too obvious. They were here to save someone, they were not here on holiday!

There was definitely a problem with how eager Jonah seemed!

Even worse was the fact that he wanted Iris and the girls to stay in the car so he could slip away while Jonah was not prepared.

However, other than Ruth, the others did not understand what he wanted.

“It’s fine! Leon, Iris and Louisa are my nieces. Do you think the Youngs would harm one of our own?” Jonah could vaguely tell that Leon was suspicious, so he started to look unhappy.

“Uncle, don’t be angry, that’s not what Leon means,” Iris hurriedly defended Leon.

“Alright, let’s stop wasting time! Since Jonah says it’s very safe, come with us if you want to!” Gilbert said decisively.

He planned on having Iris and Louisa stay behind, but since Jonah already diverted all the guards away, it was not a big deal for Iris and Louisa to follow them in.

“Iris, uncle already agreed. Let’s go in and take a look,” Louisa looked incredibly happy as she pulled at Iris’s arm.

Iris really wanted to see Elder Young, so she hesitated for a moment, not rejecting it.

“No! You can’t go in!” Leon panicked. He pulled Iris’s wrist and Louisa’s arm, stopping the two of them.

“Leon, what are you doing?”

Iris and Louisa were both surprised, not understanding what Leon was up to.

“Iris, Louisa, there’s something wrong about this. You can’t go in!”

Since things were already at that stage, Leon no longer cared as he decided to just be straightforward.

“Something wrong? What’s wrong?”

Iris and Louisa looked uncertain.

“That-”

Leon was speechless.

Even though he could see that Jonah was acting strangely, it was still speculation in the end. He still did not know what Jonah wanted, so he had no explanation.

The Ex-Husband’s Revenge By Dragonsky Chapter 965

“Leon, what is the meaning of this? Are you suspecting me of trying to harm all of you?” Jonah’s expression darkened, and he started to look unhappy.

“You know best if that’s true or not!” Leon said coldly. Since he already revealed his thoughts, there was no longer any need for him to hide it.

“Good, very good!”

Jonah was furious at Leon’s suspicions. He looked at Gilbert angrily, “Gilbert, I was trying to help you with the elderly out of the kindness of my heart, but it looks like it’s not appreciated! Since you distrust me so much, just go back. I won’t help with this anymore!”

As he said that, Jonah turned around to leave.

“Jonah, don’t go!” Gilbert was shocked. He hurriedly grabbed Jonah’s arm.  
“Mister Young, just let him go. We should discuss this at length when we’re back,” Leon said hurriedly.

“Shut up! Leon, this is all your fault! If you try to mess things up even more, then I won’t hold back!” Gilbert was infuriated. He glared at Leon with fiery eyes.

It was so difficult for him to get Jonah to help him. Jonah even diverted the guards away. The last step was just to save Elder Young.

Yet, Leon constantly got in the way, almost destroying all his hard work!

It was obvious how angry he felt!

“Mister Young, I’m serious. Jonah doesn’t have any good intentions,” Leon said, still not giving up. However, Gilbert shouted angrily at him before he could finish.

“Leon, do you want to die?!” Gilbert could no longer hold back his anger. He summoned up his internal energy, wanting to slap Leon at that moment.

“Dad, don’t!”

Iris was shocked. She hurriedly stood in front of Leon, worried that Gilbert would actually attack Leon in his rage.

She did not want to see her boyfriend and her father fighting.

“Iris, give way! I didn’t want him coming with us even at home, but you insisted on siding with him! You’re still trying to protect him now. Are you trying to kill me from my anger?!” Gilbert shouted.

“Dad, calm down, Leon isn’t doing it on purpose.”

Iris pulled at Leon’s arm, trying to calm things down, “Leon, just apologize to my uncle. Just go along with it, don’t anger him too much.”

“I’m not wrong, why would I need to apologize to Jonah?!” Leon said firmly.

“You!”

Gilbert was losing control of his temper. He shouted angrily, “Iris, just look at him. He’s clearly trying to cause trouble. He doesn’t want us saving your grandfather!”

“Leon, what’s wrong with you?” Iris looked at Leon in frustration. She even started getting angry at that moment.

“Iris, please believe me. There’s definitely something wrong with Jonah! You’re my girlfriend. It’s one thing that your father doesn’t believe me, are you not going to believe me as well?” Leon started to look anxious. He could not stop the disappointment from showing in his eyes.

“That-  
”

Iris was shocked. She immediately saw the emotion in Leon’s eyes.

When she broke up with Leon the first time, it was because she did not trust Leon. That was what caused so much turmoil in their relationship.

It was so difficult for her to get back together with Leon. If she still distrusted Leon, then it would just be too hurtful to Leon!

“Yes, I believe you!”

## The Ex-Husband's Revenge By Dragonsky Chapter 966

Iris took a deep breath, immediately calming down.

Even though she still did not think that Jonah would harm them, her feelings for Leon meant that she felt the need to listen to Leon. It was still better to be careful.

"Really? That's great!" Leon was incredibly happy. He looked very spirited, and the shadow in his eyes was quickly gone.

"Iris, it's one thing for this brat to act crazy, why are you being crazy as well?" Gilbert said thunderously.

"Dad, I think Leon's right. We need to be careful! I think we should go back for now. Let's make other plans," Iris tried to advise.

"What? That's not happening! If you want to go back, then go back yourselves. I'll go save your grandfather alone!" Gilbert said angrily.

"But—"

Iris still did not give up.

"Iris, it's fine, let's leave first! Since Mister Young doesn't want to leave, he should be fine if he stays here alone!"

The uneasy feeling in Leon's heart was getting heavier and heavier. After that, he no longer cared about anything else as he pulled at Iris at Louisa, hurriedly going back to the car.

As for Gilbert, he should be fine staying there alone.

After all, Leon was just guessing that Jonah had ill intentions. He could not be sure if it was actually true.

If he was wrong and Jonah was actually fine, then Gilbert alone would be enough to save Elder Young.

Instead, if there was actually some sinister plot, then Gilbert's relationship with the Youngs meant that they would probably not be too ruthless to him. Leon would just figure out a way to save Gilbert later on!

"You want to leave? It's too late now!"

Right at that moment, a cold laugh was heard. A few dozen figures quickly came out of the mansion, arriving in front of them and stopping their escape.

Under the moonlight, Leon and Gilbert immediately saw that the middle-aged man at the helm was the Northern King, Harold.

"Harold, it's you!" Leon was shocked.

Even though he already realized that something was wrong, they were still at the Youngs' territory. He never would have expected that Harold would appear here. It exceeded his expectations.

"Harold, why are you here?"

Gilbert and Iris were shocked as well.

They knew of Leon's grudges with the Lowes. With the Lowe's hidden there, they obviously knew that it was not a good sign!

Gilbert in particular finally woke up. He fell for Jonah's plot!

"Jonah, you lied to me!" Gilbert looked at Jonah in disbelief.

He always trusted Jonah quite a lot. Yet, he never would have expected that Jonah would scheme against family like that!

He finally understood that Leon did not try to cause trouble when Leon kept on saying

that something was wrong with Jonah. He was just too dumb and blamed Leon!  
“Gilbert, I’m sorry. I didn’t want to do this. Don’t blame me!”  
Jonah let out a faint smile before he stepped back, retreating behind Harold’s man.  
“Jonah, you despicable, petty man. I really misjudged you,” Gilbert said angrily. His expression was incredibly dark.  
Leon already told him to be careful of Jonah so many times, but he refused to listen!

#### The Ex-Husband’s Revenge By Dragonsky Chapter 967

Now that Gilbert finally saw Jonah’s true intentions, he was filled with regret. If only he just listened to Leon earlier, then he would not have fallen for Jonah’s trick!

“How did this happen?!”

Iris paled, and her heart sank.

She was like Gilbert, and trusted Jonah, not heeding Leon’s warnings that much.

Yet, reality smacked her right on the face!

At that moment, she really regretted not believing Leon earlier, but it was already too late!

“Gilbert, calm yourself for now! The two of us are still cousins in the end. Blood is thicker than water. How could I harm you and Iris? Don’t worry, the Youngs and the Northern King are targeting Leon. As long as Iris and you don’t interfere, we won’t hurt the two of you!” Jonah said calmly.

“So I’m the one you want!” Leon’s expression darkened.

He wondered why the Youngs would be so cruel to Iris and Gilbert despite them being related by blood.

He finally understood, they were not the targets at all. Leon was the true target!

“That’s right! Leon, you sent yourself right to our doorstep today. Let’s see where you can run to!” Harold laughed coldly.

Since the Collins were protecting Leon, he was not able to deal with Young directly, worried about them.

This time, he worked with Jonah to set up bait, wanting to use Gilbert to lure Leon over.

Yet, Leon and Gilbert both appeared here. They had ill-intentions toward the Youngs, which was reason enough for him and the Youngs to attack Leon!

In the end, he had a reason to eliminate Leon without hiding it. The Collins would not be able to do anything about it!

“Dad, you set up such a masterful bait this time! Leon actually fell for it!”

Jacob shot

up a thumbs up beside Harold, not forgetting the flattery.

“Of course! That brat is still too young to go against me!” Harold laughed and said.

“Harold, what do you want? I’m warning you. Leon’s a friend of the Collins. If you do anything to him, the Collins won’t just stand by and watch!”

At that moment, Ruth’s expression was cold as she stepped forward.

“Ruth, you don’t have to use your family name against me! I don’t mind telling you this. Everyone else might be afraid of the Collins, but I’m not! Leon barged into the Young household himself. It’s within the

rights of the Youngs to do with him as they please! If the Collins dare to forcibly interfere in this, then don’t blame me and the Youngs for being rude to you!” Harold

sneered.

“That-”

Ruth was speechless.

Based on the rules of the martial world, sneaking into someone’s home was a big crime. The Collins could protect Leon, but they were not Leon’s pawns.

Leon committed a big crime against the Youngs. No matter what, the Collins could not interfere in the matter. Otherwise, it would do the Collins no good if the matter got bigger.

However, Ruth thought about it and quickly realized the problem with that.

“Harold, stop slandering us! Leon and I are just walking around nearby with Iris, admiring the night sky. We’ve never even stepped into the Young household at all. When did you see Leon committing such a crime?”

The Ex-Husband’s Revenge By Dragonsky Chapter 968

Ruth was very indignant when she spoke.

She knew that Harold’s side was stronger, and that Leon would definitely not be able to handle it. If the Collins could not interfere, then Leon would definitely die there!

She already found an excuse to help Leon. As long as the Collins had a way of interfering, then Leon would at least have a chance!

“You-”

Harold was completely speechless at that moment.

He did not appear immediately earlier because he was hoping that Jonah would lead Leon inside first. Then, it would be easy for them to get what they wanted. The Collins would not be able to interfere.

He did not expect Leon to be so suspicious, and to have already found that something was wrong, already planning on bringing Iris away.

He was forced to appear to stop them.

In the end, Ruth was right. Leon never actually infiltrated the Youngs the whole time!

However, he would be able to get rid of Leon very soon, so how could he give up just like that?!

“Ruth, stop trying to twist things around! I’ll give you one last chance. If you know your place, then step aside. I won’t cause you trouble because of the Collins! However, if you insist on meddling with me, then don’t blame me for being rude!” Harold said coldly.

He tried so hard to lure Leon over because he wanted a reasonable excuse to deal with Leon.

They already had the excuse. It did not matter if Leon really snuck into the Youngs household, that was not important!

Once he got rid of Leon, he would just need to use that as an excuse. Even if the Collins had something to say, they would be forced to clench their teeth and bear with it!

“You-”

H

Ruth was furious.

She was smart enough to see what Harold was thinking!

However, the Collins did not have their men there. If Harold really insisted on

attacking Leon, then she could do nothing about it.

“Ruth, it’s fine. Just leave this to me! Bring Iris and the others away!” Leon said with a sigh as he stepped forward.

Harold already found an excuse to deal with him. It was pointless for Ruth to keep arguing!

“No, I won’t go! I won’t leave you here alone,” Iris immediately objected, looking incredibly worried.

“Iris, don’t worry. I’ll only be able to find a chance to escape if you leave,” Leon whispered.

He knew very well that there was no way he would be able to stand up against Harold and the experts from the Youngs with his skills.

He had to find a way to escape to survive.

However, Iris and the others needed to leave the place first. Otherwise, he would not be able to escape!

“You want to leave? It won’t be that easy!”

Harold immediately saw through Leon’s intentions. He smiled coldly and waved. The experts from the Lowes and the Youngs immediately surrounded Leon and the others, cutting off any path of retreat.

“Harold, what’s the meaning of this? We’ve never harmed the innocents, and Mister Young and Iris used to be part of the Youngs. Are you guys really planning on attacking them?” Leon said unhappily.

“Don’t worry, I’m not planning on doing anything to them. Those pieces of trash aren’t worth my anyway! Once I get rid of you, I’ll naturally let them leave!” Harold said with a sinister smile.

time

He knew that Leon was a scheming person that was not easy to deal with. He deliberately forced Iris and the others to stay so he would be able to restrict Leon, stopping Leon from fleeing.

The Ex-Husband’s Revenge By Dragonsky Chapter 969

Before they got rid of Leon, he would not let Iris and the others leave safely!

“You! Shameless!”

Leon was furious, but his heart sank.

He could be at the level of a Supreme Master. Without Iris and the others around to hold him back, he might have been able to find a chance to escape.

Yet, Harold was too ruthless. Harold did not mind using Iris and the others to threaten him, cutting off his path of retreat. The sliver of hope in his heart was extinguished!

However, he would not give up that easily. He looked at Daisy, Melvin and the others, “Mister Young, is that really what the Youngs want? Iris and her father are still related to you by blood. It’s one thing for you to help Harold scheme against me, but you’re actually using Iris and the others to threaten me! Isn’t that crossing the line?!”

“That-”

Melvin and the others were speechless.

In truth, they knew that it was not appropriate either. It was just that Daisy was already firmly in control of the Youngs, so it was not their decision to make.

Not only that, even the trap against Leon was planned out by Daisy and Harold. They were not a part of the process at all, and merely listened to Daisy's orders.

"Leon, stop trying to twist the truth! I'll tell you this. The Youngs and the Northern King have already formed an eternal alliance. We'll work together forever! What the Northern King wants is what the Youngs want!" Daisy said coldly.

Since her relationship with Harold was not something that could be revealed, she already represented the Youngs in establishing an alliance with Harold to help Harold control the family.

When it came to that, Melvin and the other elders objected to it initially, but after they thought about how the Youngs' power and influence diminished after Elder Young fell ill, they really did need a strong ally.

On top of that, Daisy had the authority as the head of the family through Royce, so Melvin and the other elders were forced to cooperate in the end.

It was precisely because of that, that the Youngs already slowly fell to Harold's claws without them knowing!

"I can't believe one of the four great families of Springfield City are now just doing the Northern King's bidding. You've really fallen! Mister Young, you know very well what kind of person Harold is. If the Youngs end up with him, aren't you afraid he'll swallow you whole?" Leon smiled mockingly.

Even though he did not know what the relationship between Daisy and Harold was, he already saw through what was happening that the Youngs were no longer the same as before. They were falling further and further, and were even about to be swallowed whole by Harold without them knowing!

"What?"

Melvin's expression changed. He thought that the alliance with Harold would only benefit the Youngs.

However, after what Leon said, he felt like he woke up from his dream.

"Daisy, Leon is right! The Youngs are not subordinate to Harold. What he wants doesn't represent us! In the end, I won't object to you wanting to deal with Leon, but I won't allow you to hurt Gilbert and Iris. You have to let the two of them leave!" Melvin said coldly.

Daisy was shocked. She hurriedly said, "Uncle, Leon's clearly trying to drive a wedge between us. He's just trying to sour our relationship with the Northern King. You mustn't fall for it! The Northern King has even already said that he won't harm Iris and Gilbert. Once we deal with Leon, we'll let Iris and the rest leave!"

The Ex-Husband's Revenge By Dragonsky Chapter 970

"That-"

Melvin opened his mouth, unable to say anything.

Even though he could tell that Daisy was deliberately siding with Harold, he did not know the relationship between the two of them. On top of that, Daisy already had control of the family. He would not fight over such a small matter with Daisy!

Suddenly, he felt like he was stuck in a difficult position. He did not know if he should believe Daisy or Leon!

"Uncle, just thinking about it! During Leon's engagement, we've attacked him before. We're already enemies! If we don't work with the Northern King to defeat him now,

he'll definitely destroy the Youngs once he matures!" Daisy added fuel to the flames. "Yes, you're right. The Youngs have to get rid of Leon for our future!" Melvin hesitated for a moment, but was quickly convinced by Daisy.

The Youngs and Leon had deep animosity against one another. It was not just because he wanted to kill Leon during the engagement, but also because of Leon's relationship with Iris!

When Iris was forced out of the family with her father, they lost everything. They definitely had some grudges against the Youngs!

If Leon managed to grow stronger, Leon would not let the Youngs off for a multitude of reasons!

It was urgent that the Youngs dealt with Leon with Harold at that moment. Otherwise, it would be disastrous!

"Despicable! You really are stubborn! No wonder the Youngs have fallen so far!"

Seeing Melvin's reaction, Leon was incredibly frustrated. He already lost all hope toward the idiots that were the Youngs!

Opposite from Leon's disappointment, Daisy let out a pleased and triumphant smile!

"Leon, stop with your nonsense! Prepare to die!" Harold smiled coldly, summoning up his energy as he prepared to get rid of Leon in one blow.

Looking at Harold about to attack Leon, Ruth could not help but panic.

When Leon realized that something was wrong with Jonah and shot her a look, Ruth already secretly sent a message to her grandfather for help.

However, the Collins were not nearby. By the time George arrived, it would be too late!

"Hold it! Harold, you're the Northern King. No matter what, you're still one of the most influential figures in Springfield City! You aren't just trying to attack someone younger right now, but you even worked with the Youngs to use such a despicable trick on someone from the younger generation. How shameless can all of you be?!" Ruth said angrily. She was trying to stall for time. The longer it went, the better it would be for Leon!

"I-

Harold stopped in his tracks, and he had an uncertain look on his face.

Being cussed at by a young girl like Ruth like that, both him and Melvin and the others could not really stand

1. it.

Yet, Ruth was speaking the truth. They could not argue against it.

"Preposterous! He's just a little brat. The Northern King doesn't have to do anything himself. I alone am enough!"

At that moment, a strong looking middle-aged man stepped up.

That person was called Jackson Lowe. He was the second strongest martial artist in their family, losing out to Harold but stronger than Marco.

Marco and Jackson were Harold's left and right hand men. Harold was able to establish so much influence in the underworld in large part because of them!
