Chapter 125 Go Visit Galen (1)

No, I couldn't think anymore.

Derek, who used to keep in touch with Tucker, no longer reminisces.

"Grandpa woke up, right? Okay, I will take Val to the hospital to see Grandpa at 10 o'clock."

Derek lowered his voice.

Tucker chuckled softly on the other end of the phone.

He also laughed for a while, but his tone suddenly became serious.

"Derek, do you know if Grandpa had any issues with the Horton family recently?"

"Hmm? I don't think so, but I haven't been home recently, so I'm not sure. What's going on?"

Derek frowned.

Tucker is not usually at home, how could he ask such a question?

After waking up tonight, Grandpa asked my dad to reorganize the Horton family together with Steven.

Wow.

Derek's eyes lit up now.

"Is it confirmed now what Grandpa said?"

"Um... What did you want to do?"

Tucker widened his eyes, he felt like Derek's current mood seemed a bit elevated...

Derek put down the documents in his hand and reached for another one that he had already prepared.

"Since grandpa has already made it clear, it doesn't matter if there's one more of me."

\*\*\*

Wow, it seems like the Horton family has been through a tough time recently.

"Hahaha, alright, take it easy and take good care of Valerie first, we can discuss other matters later."

"No need for you to remind me. I hung up."

Derek smiled and hung up Tucker's phone.

With great enthusiasm, he turned on the computer and began the plan targeting the Horton family.

Valerie, who was sleeping soundly in the room, had no idea what would happen next.

Derek, who was halfway through his work, set aside his work and gently entered Valerie's room, turning on the night light.

In the dim light, he looked at Valerie, who was sleeping, and gently reached out to touch her forehead.

After confirming that there was nothing unusual, he breathed a sigh of relief.

Gently stroking her cheek, Derek began to ponder.

After so many years have passed, tonight there is finally some progress.

Blaming myself, I thought she would always be by my side, so I never fully made a move.

The result was that she moved out without saying a word.

He only realized that he had been lacking awareness.

“Hey... Don’t push me away, Val.”

Derek muttered under his breath.

After watching for a while, he returned to the living room and casually lay down on the sofa, falling asleep in a daze.

And in the hospital, Galen slowly regained consciousness.

He looked at the ceiling, and the pain in his body eased slightly, but it would still come and go from time to time.

The old man felt the pain in his body, but his mind was constantly thinking about some important matters.

Suddenly, his eyes widened.

Because of excitement, the corners of his mouth unconsciously lifted

“This method was feasible! It just depends on whether Valerie is willing or not...”

He was extremely happy with the method he had come up with for himself.

It had already  
reached the point where just thinking about it would make one’s mouth curl up.

But if Valerie refused....

The just raised corners of the mouth fell down again.

“Ah, let’s wait until tomorrow and see if Valerie is willing.”

Galen was happy one moment and worried the next.

He no longer cared about the pain in his body, his mind was now filled with  
thoughts of the conversation after meeting Valerie.

“Val, Val? Wake up.”

In a daze, Valerie heard Derek calling her name and felt the warmth on her shoulder.

She quickly forced herself to open her eyes, hoping to wake herself up.

“What’s wrong, Derry?”

Valerie’s voice, just waking up, sounded soft and tender as she asked Derek.

Derek, who was squatting by  
the bedside, swallowed hard, his Adam’s apple moving up and down.

“Grandpa woke up?! Then let’s quickly get ready to go to the hospital.”

Valerie got up and, with a slightly flushed face from just waking up, smiled at Derek and said.

“Okay... okay, then I’ll wait for you outside.”

Derek had a moment of confusion, immediately stood up, and left the room.

He stood in the living room, his mind replaying Valerie’s appearance just now.

Ah, I don’t want to think about it anymore. Let me prepare some things first.

today the hospital was a bit different...

Everyone in the family came.

Everyone gathered in Grandpa’s ward, perhaps Grandpa had woken up, and everyone in the family was mobilized.

“Yo! Valerie has arrived!”

“How are you, Valerie? Did Derek take good care of you?”

“I heard you joined Derek’s startup team? Don’t tire yourself out, just let Derek handle whatever needs to be done.”

The Fisher family in the ward saw Valerie, whom they hadn’t seen for a long time, and rushed up to greet her and inquire about her well-being.

“Grandfather, how are you!”

Valerie looked at Galen on the bed and approached him with a smile.

Galen reached out and rubbed Valerie’s head.

The people in the ward chatted happily, creating a pleasant atmosphere.

It seemed like a good opportunity, Galen grabbed Valerie’s hand.

“Derek, come over here too.”

The sudden shouting made everyone look at the two of them. What happened?

Derek blinked his eyes and came to the bedside, while Galen also reached out and grabbed his hand.

“So, Valerie, Grandpa has something he wants to discuss with you.”

Galen spoke and looked at Derek.

“Do you like Derek?”

Chapter 126 Get Engaged (1)

Valerie looked at Derek in shock.

Wasn't this sentence supposed to be said by her?

"Grandpa, Valerie is so nice, can I?"

He was still thinking about his efforts to catch Valerie, and it turned out that his grandfather also had the same idea.

"No, this should be what I said... Am I really suitable, Grandpa?"

Valerie hadn't figured out the situation yet, but when she heard Derek say that, she finally realized.

"Grandpa! Isn't it too early?"

Tucker stood there for a while, then finally realized what his grandfather had just said.

He approached anxiously, awkwardly smiled, and placed his hands on Valerie's shoulders, showing a strong sense of protection.

"What? You don't want Valerie to come to our house? Or are you saying you can find a guy better than Derek?"

Tucker was speechless. Search The website to access chapters of novels early and in the highest quality.

"Grandpa, please don't rush. Let's see if Valerie agrees or not first."

Tucker nodded and looked at Valerie.

“Valerie, we didn’t necessarily need you to agree, everything was based on your thoughts.”

He rubbed Valerie’s head.

Derek’s eyes finally became tense, but he concealed it.

“My... grandfather, even if I agree, it wouldn’t be good if Derry doesn’t want to...

”

Valerie’s voice grew quieter and quieter, her cheeks suddenly turned red, and she dared not look at Derek.

Hmm...

All eyes turned to Derek.

Valerie, you didn’t have to worry about this guy.

He must have been extremely happy in his heart now.

Galen caught the first half of Valerie’s sentence.

“So, Valerie, were you willing to get engaged to Derek?”

“I...”

Valerie’s face had turned extremely red, and she was deep in thought.

She glanced at Derek with a helpless look, unable to meet his gaze.

She was unsure if she liked Derek in a romantic way or not.

But she didn't mind him touching her.

Because when Mica held her hand before, she felt uncomfortable.

It was completely different when I held Derek's hand.

Ah!

She nodded!

Derek's eyes had never narrowed before, he seemed to be dreaming, a few days ago he had to wait so long for a hug.

When we got engaged today, she actually nodded her head!

"Derek, Valerie said she could, what about you? Don't you want to?"

"No, I was very willing!"

At least Valerie did not reject herself.

It seems that I have unconsciously spent these ten years allowing Valerie to open up a little bit emotionally.

I was willing to let myself go in.

This discovery excited Derek so much that goosebumps spread all over his body.

He sat back in his seat, this time sitting directly next to Valerie.

Regardless of how others were, at that moment, the two of them were looking at Galen lying on the bed.

“Grandfather, thank you.”

Derek softly expressed his gratitude.

“What are you thanking for? Old man, I just wanted Valerie to come into our house. You, kid, better keep excelling, or else be careful that Valerie gets taken away by someone even more outstanding.”

Derek’s gaze became even more determined.

“I knew my grandfather, don’t worry.

In the face of this joyous occasion.

What could be calculated?

He had ulterior motives.

Besides wanting Valerie to enter the Fisher family, he also wanted to see Valerie wearing a wedding dress.

If possible, he wanted to hold Valerie's hand and personally place it on his grandson's hand.

This way, he really had no regrets.

For the first time, he felt that time was a little insufficient and he was a bit worried if he could hold on until then.

Exhaustion once again spread throughout Galen's body.

Hearing that Galen was looking for him, Mica put down his work and went to Galen's ward.

Galen saw Mica come in, and he looked toward Tucker and Calvin who were still in the room.

"Both of you, go out. I have something to talk to Mica about."

"Grandfather..."

It is a special period now, and Grandpa suddenly asked him to spend time alone with Mica. Naturally, the two of them would think of negative things.

But there was no way, around it, I still had to listen to Grandpa's words.

Mica blinked her eyes and looked at her two older brothers who were leaving. Then she looked at her grandfather on the sickbed and immediately went forward to sit beside Galen.

"Grandfather, is there something you want me to do by looking for

“Mica, it’s just the two of us here now. Grandpa has something that I really need your help with. Can you keep it a secret for me?”
