Seeing they leave, Qin Yu heaved a sigh of relief.

He looked at the mine in front of him, and a beam of golden light burst out of his eyes.

The golden light spread out and completely enveloped the entire mine.

According to the memories left behind by his father, the hidden treasure was kept underneath the mine. However, there was no so-called entrance to the mine at first glance.

!!

Qin Yu squinted his eyes and said in a low voice, "Could it be that the hidden treasure was buried underneath this mine?"

According to the memories in his mind, the area in front of him should be where the hidden treasure was.

However, under the probing of the desolate divine eye, he could not see anything at all. He could only see some worthless ores.

The slightly larger aristocratic families would not be interested in these ores, so Qin Yu naturally would not be interested in them either.

Thinking of this, Qin Yu's body floated into the air.

His palm burst with an extremely bright light, as if a full moon had grown out of his palm.

Then Qin Yu pressed downward suddenly, and the light exploded instantly below!

"Boom!"

The deafening sound was earth-shattering, almost overturning the entire mine. A huge pit appeared on the ground, and the ores in the pit completely melted under Qin Yu's palm strike!

The terrifying sound spread from the mine to the surroundings!

Yue Lingdong and the others, who were escaping, were instantly stunned by this loud sound.

"Chief Steward, this sound... seems to be from the mine," someone said in a deep voice.

Yue Lingdong remained silent. His face was gloomy, and no one knew what he was thinking.

As the Yue family's steward, his mind was naturally incredibly meticulous. Although his strength could not be considered top-notch, his control over his thoughts was exceptionally precise.

"That kid is definitely not a rogue cultivator. I'm afraid he's from an aristocratic family," Yue Lingdong said in a deep voice.

"This mine has been deserted for a long time. As the son of an aristocratic family, why did he suddenly appear in a place like this and mix with a bunch of worthless people?"

Everyone suddenly understood what Yue Lingdong meant. They looked at each other and said in shock, "You're saying... There's something he wants around the mine?"

"It must be!" Yue Lingdong said coldly.

"But... That kid doesn't seem easy to deal with," the cultivator beside him said with a hint of fear.

Yue Lingdong squinted his eyes and sneered. "Relying solely on our Yue family, I'm afraid we can't touch him. But I can report the news to the City Lord. This way, at least, we can share some benefits!"

At the thought of this, Yue Lingdong immediately ordered, "You guys go back and watch him in the dark. I'll report this news to the City Lord now."

"Yes!"

...

Qin Yu had no idea about this. After he destroyed the mine in front of him, he finally noticed something unusual with his desolate divine eye.

An extremely gloomy light was flickering underneath the mine.

Although the light was not eye-catching, it seemed to cause the surrounding laws of heaven and earth to tremble slightly.

Qin Yu didn't dare to take further action for fear of damaging the treasures underneath.

Therefore, he just relied on his hands and carefully watched and dug the mine in front of him.

As Qin Yu dug deeper, the treasure underneath the mine began to show up, and the dark light became even more dazzling.

Qin Yu didn't stop his hands from digging. He continued digging downward.

Finally, with Qin Yu's relentless efforts, the mine in front of him was completely excavated, revealing the dark light in pieces.

Qin Yu frowned. He picked up the black iron-like thing from the ground, put it in his hand, and carefully stroked it.

"This place is indeed a mine." Qin Yu was extremely shocked.

At this moment, Qin Yu suddenly understood the purpose of the mine above. It was to hide the actual minerals below!

Relying on some worthless ores to interfere with the dao technique, it would not be discovered by others.

"What a good method," Qin Yu thought to himself.

He took the black ore and looked at it carefully, but he couldn't tell what it was.

"Strange." Qin Yu touched her chin. "What's the use of these ores?"

At this moment, Qin Yu suddenly felt the ore in front of him possess a very familiar smell.

"These ores... seem to be similar to the treasures I obtained in the sanctum," Qin Yu thought to himself.

"Could it be that these ores are used to forge Saint Weapons?" At this moment, Qin Yu was suddenly shocked!

In that case, Qin Yu could use the fragments of the Saint Weapon and the ores in front of him to forge a real Saint Weapon!

Although there was a difference to an extent between the Saint Weapon and the divine weapon used by the True Saint, it was still a genuine Saint Weapon!

"I see." Qin Yu finally understood.

He continued to dig downward. As expected, there was a large amount of ore buried underneath!

Even Qin Yu's Spatial Magic Artifact could not accommodate the amount of ore!

"D*mn it! if I had known this would happen, I wouldn't have opened the mine." Qin Yu frowned.

The ores above had already been shattered by Qin Yu, so it was impossible to hide again.

"If need be, I will set up a sky-concealing formation here," Qin Yu thought to himself.

Only through this could the internal qi emitted by the ores be hidden.

...

Qin Yu's method of setting up a formation was not superb, and he was far inferior to a real Formation Master. However, it was obviously too late to look for a so-called Formation Master now.

"It would be great if the man with the mustache were here," Qin Yu thought to himself.

With his ability, he could either take all the ores away or hide them completely.

Qin Yu stopped thinking about it and began to look for a direction, planning to set up a formation nearby.

"Thank you, my friend, for excavating such a treasure for our Serene South City."

At this moment, a voice suddenly came from nearby.

Qin Yu's expression changed drastically. He turned around and saw several cultivators nearby the mine with a big formation.

These people's internal qi was clearly much stronger, and their clothes were even more luxurious.

In just a while, countless people completely surrounded the mine. They held secret treasures in their hands and directly sealed off the space.

Qin Yu frowned and soon noticed Yue Lingdong in the crowd.

"So it's you," Qin Yu said coldly.

...

Yue Lingdong ignored Qin Yu. He cupped his hands at an elderly man and said, "General-in-Chief, this is the person who not only robbed my Yue family's mine, and also injured our people. General-in-Chief, please help my Yue family. My Yue family is willing to hand over this mine to Serene South City!"

The elderly man, who was addressed as General-in-Chief, stroked his beard and said with a smile, "Alright. City Lord will decide on this matter."

Then he looked at Qin Yu and said, "My friend, please come with us to meet the city lord."

Qin Yu's furrowed his brows tightly. He did not expect to be dragged down by the Yue family in the end.

"Let's go quickly," the elderly man who was called the general-in-chief urged.

Qin Yu was silent, looking at the ores in front of him, and felt reluctant.

After much thought, Qin Yu finally sighed.

!!

It was the Si family's territory, and Qin Yu didn't want to cause any trouble. He nodded and said, "Alright, I'll go with you."

Therefore, Qin Yu followed the general-in-chief, prepared to meet the city lord of Serene South City.

"The few of you guard this place carefully. Don't let anyone get close," the general-in-chief ordered and said.

"Yes!"

Several people moved forward and surrounded the mine.

Then the general-in-chief left with Qin Yu.

On the way, Qin Yu's brain was working at full speed, thinking of countermeasures.

He gently touched the general-in-chief's arm and said at this moment, "Senior, I have a suggestion, but I'm not sure if I should say it."

The general-in-chief glanced at Qin Yu and said casually, "Go ahead."

"I know Serene South City belongs to the Si family," Qin Yu said in a deep voice. "Whatever treasures unearthed in the city should be handed over to the Si family to deal with."

"That's right, so?" the general-in-chief said indifferently.

"I have a suggestion. Why don't we split this mine among us and hide it from the Si family?" Qin Yu said.

The general-in-chief was stunned, and a splendor flashed in his eyes. He was obviously tempted.

But he said, "What nonsense are you talking about? Are you trying to harm us?"

"Not many people knew about this," Qin Yu said with a smile. "Only a few of us and a few people from the Yue family knew about it. As long as we kill Yue Lingdong, the Si family will never know about this. When the time comes, I'll set up a great formation that is good be enough to deceive everyone."

"Moreover, you can take away the ores you want in advance and report the rest to the city lord."

The general-in-chief was silent as if he was considering.

Qin Yu continued, "If you hand me over, they'll kill me at most. What good does it do for you? Why must you cause trouble for nothing?"

What Qin Yu said made sense. A hint of greed flashed across the general-in-chief's face. He then looked at Qin Yu and said coldly, "This matter is of great importance. I must report to the city lord first."

Qin Yu heaved a sigh of relief upon hearing this.

Everyone was greedy, and this general-in-chief was no exception. Qin Yu believed that the city lord of Serene South City would make the right choice.

"Alright," Qin Yu responded and did not say anything else.

Soon, Qin Yu and the general-in-chief arrived at the castle of the city lord.

When they reached the entrance of the palace, the general-in-chief glanced at Qin Yu and said, "You wait here. I'll report to the city lord first."

"Alright." Qin Yu nodded slightly.

The general-in-chief was not worried that Qin Yu would escape. After all, there were many hidden talents in the palace. Even if Qin Yu wanted to escape, he couldn't do so.

Qin Yu quietly emitted his divine sense, and it covered a big part of the palace.

Soon, he detected many cultivators in the palace that he could not see through their internal qi.

"It seems that the Si family has sent people to Serene South City," Qin Yu thought to himself.

Judging from the distribution of power, Serene South City was very important to the Si family. Otherwise, they wouldn't have sent so many top-notch cultivators here.

About half an hour later, the general-in-chief walked out.

After looking around to ensure no one was around, he whispered, "City Lord thinks your suggestion is feasible, but you must keep it a secret. Do you understand?"

Qin Yu was overjoyed. He slightly bowed and said, "Don't worry, I'll definitely keep this a secret."

"Mmm. City Lord is busy now and can't see you for the time being. You go back to the mine first and kill Yue Lingdong. After that, you come back to see City Lord," the general-in-chief said.

Qin Yu acknowledged him and said, "If I go by myself, I'm afraid your men won't believe me."

The general-in-chief thought for a moment and then took off his token. Then he handed it to Qin Yu.

"Bring this with you. Seeing this token is like seeing me in person," the general-in-chief said.

"Alright, I'll go now." Qin Yu's face turned cold, and he couldn't help but sneer in his heart.

"Yue Lingdong, you have wanted to take this opportunity to curry favor with the city lord, and you didn't expect to invite a fatal disaster, did you?" Qin Yu thought.

Qin Yu didn't waste time. He immediately turned around and rushed to the mine.

At this moment, Yue Lingdong was looking around arrogantly like a victor. It was as though the ores in front of him had already fallen into his pocket.

“Hehe! As long as we obtain this batch of ores, our Yue family will definitely rise to a higher level.” Yue Lingdong laughed coldly.

This move was indeed killing two birds with one stone. Not only would he take revenge, but he could also obtain the ores. It was indeed a brilliant plan.

Unfortunately, he did not expect Qin Yu to be more skillful and turn the situation around.

Just as Yue Lingdong was feeling pleased with himself, he suddenly felt a chill behind him as if he was being eyed by a ferocious beast.

Yue Lingdong’s expression changed slightly. He quickly turned around and saw Qin Yu looking at him coldly.

“You... What are you doing here?” Yue Lingdong said in a trembling voice.

“You didn’t expect me to come back, did you?” Qin Yu sneered and said.

Yue Lingdong’s face was very ugly. His brain was working at full speed. Then he pointed at Qin Yu and said, “You escaped! This kid has escaped, quickly catch him and bring him back!”

After a loud shout, the city lord’s people quickly walked over and surrounded Qin Yu.

...

Their bodies exuded a terrifying killing intent as if they would attack at any moment.

Seeing this, Yue Lingdong heaved a sigh of relief.

He looked at Qin Yu proudly, sneered, and said, “Kid, don’t blame me. If you want to blame someone, blame yourself for offending the wrong person!”

Qin Yu raised his eyebrows and said sarcastically, “I’m afraid I have to return these words to you.”

After saying that, Qin Yu took out the general-in-chief’s token and shouted, “It’s the general-in-chief who sent me here. He asked me to kill this Yue Lingdong!” Yue Lingdong’s face changed again. He pointed at Qin Yu and said in a trembling voice, “General... Why is the general-in-chief’s token with you? You... You’ve stolen it! You must have stolen it!”

“Quickly arrest him! He has stolen the general-in-chief’s token!” Yue Lingdong shouted with all his might.

However, the people around did not seem to hear him. They lowered their bodies and were extremely respectful as if they had seen the general-in-chief in person.

“Stolen?” Qin Yu raised his eyebrows, sneered, and said, “Yue Lingdong, your plan is indeed not bad. Unfortunately, your wishful thinking is going to fail. You didn’t expect me to know the city lord, did you? You didn’t expect the aristocratic family behind me to be so great, did you? You’re right, you’ve offended the wrong person!”

1928 Gu Xinghe?

Yue Lingdong immediately regretted it. He had guessed earlier that Qin Yu had an extraordinary identity, but he did not expect it to be so terrifying!

Thinking of this, Yue Lingdong immediately knelt and said with a trembling voice, “It’s...it’s my fault. Big Brother, please... please spare me. I beg you...”

“Spare you?” Qin Yu sneered and said. “I let you off once, and then what happened? You wanted to kill me using the strength of another. Do you think you still have a chance?”

After saying this, Qin Yu waved his hand and ordered, “Kill him!”

“Yes!”

The subordinates of the general-in-chief immediately attacked, and several of them slashed at Yue Lingdong simultaneously.

In a short while, Yue Lingdong was smashed into meat paste. Even his primordial spirit could not escape.

After killing Yue Lingdong, Qin Yu put on an act and said, “Alright, you guys keep an eye on this mine. Don’t let anyone get close. Did you hear me? ”

“Yes!” the group of people shouted.

Qin Yu could not help but sigh. No wonder everyone yearned for power. This feeling was really awesome.

After that, Qin Yu left the mine and returned to the palace.

Standing at the entrance of the Great Hall, Qin Yu was waiting for the general-in-chief quietly.

After about an hour, the general finally walked out.

He glanced at Qin Yu and said, "How was it?"

"No problem. I've killed him," Qin Yu said.

"Mmm, " the general-in-chief responded and said, "Follow me. City Lord is waiting for you inside."

After saying that, bringing Qin Yu with him, the general-in-chief took several turns and finally stopped at an entrance.

Big words were written on the door, "Military and Political Affairs Office".

"When you see City Lord later, don't talk nonsense. Understand?" the general-in-chief said.

"Don't worry," Qin Yu nodded and said.

The general-in-chief did not say anything else. He pushed open the office door and walked in with Qin Yu.

As soon as Qin Yu stepped into the Military and Political Affairs Office, he felt an incredibly strong sense of oppression.

This sense of oppression seemed to come from some kind of magical artifact.

Qin Yu looked up. Sure enough, magical artifacts were hanging in every corner. The internal qi emitted by these artifacts was comparable to that of Saint Weapons.

"City Lord, he's here," the general-in-chief cupped his hands and said.

There was a tea table not far away. At this moment, the city lord's back was facing Qin Yu.

Hearing the general-in-chief's words, the city lord slowly turned around.

"Eh?"

Upon seeing the city lord's face, Qin Yu's face turned pale instantly!

It was because this person was none other than an old friend from Earth, Gu Xinghe!

"It's... It's you!" Qin Yu's face was shocked and ashen.

When Gu Xinghe saw Qin Yu in front of him, he was a little stunned. Then he laughed and said, "Qin Yu? It's you! Hahaha! Hahaha!"

Gu Xinghe's exaggerated laughter reverberated throughout the entire Great Hall, hurting people's ears!

"City Lord, you know him?" the general-in-chief asked suspiciously.

"Yes, I know him. Of course, I know him! Back then, he destroyed my cultivation," Gu Xinghe squinted his eyes and said with a vague smile.

Qin Yu had a bad feeling in his heart. He never thought his words would come true that he actually knew this city lord!

"City Lord, I'll kill him now!" the general-in-chief quickly said.

However, Gu Xinghe waved his hand. He looked at Qin Yu with a vague smile and said, "When old friends meet, we should reminisce about the past. How can we fight and kill each other? You can leave first."

The general-in-chief opened his mouth, then bowed and said, "Yes."

After the general-in-chief left, Gu Xinghe stood up and said with a smile, "Qin Yu, you didn't expect this, did you? I've recovered my cultivation, and I'm now a member of the Si family!"

Qin Yu's face was extremely ugly. In his mind, he was thinking about how to escape.

"Qin Yu, you look very nervous," Gu Xinghe sneered and said.

"Gu Xinghe, what do you want?" Qin Yu said coldly. "Just be direct. No need to talk nonsense."

While speaking, Qin Yu had quietly mobilized the internal qi in his body, preparing to fight to the death.

Gu Xinghe sneered and said, "What do you think I want? Back then, you destroyed my cultivation and everything I had! What do you think I want?"

Qin Yu knew it would be difficult to settle this peacefully today. Without further ado, he shook his body and released an extremely terrifying internal qi!

However, Gu Xinghe's tone suddenly changed as he chuckled and said, "Qin Yu, why are you so nervous? I was just joking with you. Hahaha!"

"What do you mean?" Qin Yu was stunned.

Gu Xinghe waved his hand dismissively and said, "let bygones be bygones. I don't have many old friends left. I don't want to be so calculative with you anymore."

Qin Yu was dumbfounded and stood there at a loss.

"Come, sit down and have a drink," Gu Xinghe said with a smile. "Let's catch up."

Qin Yu was silent for a moment and then sat opposite Gu Xinghe.

Gu Xinghe poured a cup of tea for Qin Yu, sighed, and said, "This world is really scary. Speaking of which, I kind of miss our past."

Qin Yu did not say anything. He was wary of Gu Xinghe because this person was extremely sinister.

...

"Speaking of which, do you have any news about the others? I've been looking for them all these years, but I couldn't find anyone other than Yan Ruoxue. Sigh." Gu Xinghe sighed.

"Me too," Qin Yu said in a deep voice.

"If there's a chance, I must find them." Gu Xinghe picked up the cup of tea on the table and finished it in one gulp.

He scanned Qin Yu with his divine sense and said in surprise, "You've already reached the Reversion Void Stage?"

"Yes, I was lucky," Qin Yu answered casually and calmly.

"Not bad. As expected of the number one person on Earth previously," Gu Xinghe said with a smile.

"I'm not comparable to you," Qin Yu said with a vague smile. "I didn't expect you to be at the middle stage of Reversion Void. You've even become the city lord of Serene South City."

"Ah, it's a long story. For the position of city lord, I've put in a lot of effort and suffered a lot," Gu Xinghe said helplessly, shaking his head.

Qin Yu didn't respond, and the atmosphere suddenly became a little awkward.

The two used to be sworn enemies, so Qin Yu did not dare to trust him easily now.

"By the way, Yan Ruoxue is actually the saintess of the Yan family, one of the nine great aristocratic families. Her bloodline is truly unique," Gu Xinghe suddenly said.

...

"Mmm," Qin Yu responded and didn't say anything.

"You know Si Shiyue, do you? He's our young lord, and just like you, he has a chaotic body," Gu Xinghe said.

"I heard that he and Yan Ruoxue are about to get engaged. With your personality, I'm sure you won't tolerate such a thing, will you?"

Qin Yu opened his mouth but didn't know how to answer. He was afraid that Gu Xinghe would convey it to Si Shiyue.

Seeing Qin Yu keeping quiet, Gu Xinghe did not continue asking.

"I really want to see between the two chaotic bodies, who will achieve greater achievements in the future," he said with emotion.

Upon hearing this, Qin Yu couldn't help but be self-deprecating. "How can I compare to the Holy Son of the Si family? You think too highly of me."

"Is that so?" Gu Xinghe's brows twitched, and he said, "Back then on Earth, the Gu family wasn't someone you could mess with, but what happened in the end? I worked very hard for so many years, but then I was destroyed in your hands."

Qin Yu remained silent. As he could not figure out Gu Xinghe's intentions, he naturally did not dare to say anything. The more he said, the more mistakes he would make.

Gu Xinghe laughed and said, "It's all in the past. I don't care about it anymore. Speaking of which, do you have any plans?"

"No, I'll just take it one step at a time," Qin Yu said perfunctorily.

"How about this? How about staying in Serene South City?" Gu Xinghe said with a smile.

"Serene South City might not be big, but to the Si family, it is the southern border. It will have a lot of development in the future."

Only then did Qin Yu suddenly realize why he could sense several powerful internal qi in Serene South City.

“Forget it. I’m used to being free by myself,” Qin Yu waved his hand and said.

Gu Xinghe laughed and said, “Alright, I won’t force you. How about this? You stay in Serene South City for the time being. I’ll send people to mine the mine now. We’ll split it up when the time comes.”

“Alright.” Qin Yu nodded in agreement.

After that, Gu Xinghe arranged accommodation for Qin Yu. The place was quite luxurious, with mountains and rivers, and it was not far from the palace in Serene South City.

After Qin Yu left, the general-in-chief walked in.

He stood by Gu Xinghe’s side and cupped his hands. “City Lord, I didn’t expect you to meet your old friend.”

“Yes,” Gu Xinghe said expressionlessly. “I also didn’t expect to see him so soon. Holy Region is still too small.”

“Compared to the vastness of the universe, Holy Region is indeed very small,” the general-in-chief said.

At this point, the general-in-chief changed the subject and continued, “City Lord is really open-minded and magnanimous. He crippled your cultivation, and you could actually smile away all grudges.”

Upon hearing this, Gu Xinghe’s expression turned cold.

He waved his hand, slapped the general-in-chief’s face, and cursed, “Smile away all grudges? F*ck you! All these years, every day, I can’t wait to tear him into pieces, burn his bones, and scatter his ashes! If it weren’t for him, I would still be the lofty young master of the Gu family!”

The general-in-chief was stunned. He touched his face and frowned. “Then why did you...”

Gu Xinghe snorted coldly and said, “We can’t do anything to him for the time being. He’s full of tricks, and no one knows how many cards he has up his sleeve.”

“City Lord, aren’t you overthinking? This is Serene South City, and you are a member of the Si family. What does his trump card matter?” the general-in-chief laughed bitterly and said.

Gu Xinghe said coldly, "Back then, I had the same thoughts as you. Unfortunately, not only did I fail to get rid of him, but I also passively stimulated his growth. Even a lion would use its full strength when hunting a rabbit. It's always good to be cautious."

Gu Xinghe had indeed grown a lot over the years. He was no longer the reckless and arrogant guy from back then.

"City Lord, I understand now. What do you want me to do?" the general-in-chief asked.

Gu Xinghe sneered and said, "This kid and Yan Ruoxue are in a relationship. I've been trying to get information out of him, but he didn't fall for it. It seems like he doesn't trust me."

"What? He is in a relationship with the saintess of the Yan family?" the general-in-chief was completely dumbfounded.

Placing his hands behind his back, Gu Xinghe snorted and said, "That's right. After I tell this to the Holy Son, he can't escape. Let him stay in Serene South City for the next few days and serve him good food and drinks. We mustn't offend him."

"I understand." The general-in-chief nodded in agreement.

...

On the south of the palace in Serene South City, a house was suspended above the water.

Qin Yu was standing by the railing at this moment, looking at the trickling water, frowning.

"This Gu Xinghe, what is he trying to do?" Qin Yu murmured.

Based on Qin Yu's understanding of Gu Xinghe, he was not the kind of person who would let go of grudges easily.

"No matter what he's trying to do, I have to find a chance to leave this place as soon as possible," Qin Yu thought to himself.

He used his divine sense to probe the surroundings and realized Gu Xinghe did not deploy any men nearby.

This surprised Qin Yu.

"Could it be that this kid had really changed? Did he really start missing his old friends? That was simply unbelievable!"

Gu Xinghe had been cruel and merciless back then. No one knew how many people he had killed!

"If I sneak away now, Gu Xinghe won't discover," Qin Yu thought to himself.

However, after much consideration, Qin Yu finally decided to wait, because the temptation of the ore was too great.

At the same time, this incident also taught Qin Yu a lesson.

If he excavated treasures as a rogue cultivator, they would be taken as stolen even if he found something good.

"If I had known it earlier, I would have brought Saintess Gu along," Qin Yu thought to himself.

He then stopped thinking about it. Instead, he sat down cross-legged and began to meditate.

This was also a kind of cultivation, a kind of cultivation of the state of mind. Although there was no visible effect in the short term, it was very likely to change his entire cultivation path.

In the following few days.

Gu Xinghe brought good wine and food to Qin Yu every day. Not only that, he even gave him several extremely precious pills.

One day, Gu Xinghe came to Qin Yu's place with a brocade box and two bottles of wine in his hands.

He handed the brocade box to Qin Yu and said with a smile, "I remember you're a pharmacist... Oh no, it's called alchemist here. You should be familiar with this pill."

Qin Yu opened the brocade box and soon recognized the origin of the pill.

"Heavenly Astral Spirit Pill?" Qin Yu stared at the pill in front of him and was stunned.

...

"That's right! As expected of an alchemist, you have sharp eyes!" Gu Xinghe nodded.

"This Heavenly Astral Spirit Pill is a top-notch pill. Rumor has it that it's tremendously beneficial to one's divine sense. You..." Qin Yu said in surprise.

"I'm giving it to you," Gu Xinghe waved his hand and said generously.

“Really?” Qin Yu was even more dumbfounded.

“It’s just two pills, not worth mentioning,” Gu Xinghe said with a smile. “Speaking of which, I don’t think you can refine such a pill, do you?”

“With my ability, surely I can’t refine such a pill,” Qin Yu said, shaking his head.

Gu Xinghe suddenly changed the subject as he looked at Qin Yu and smiled. “Do you know who refined this pill?”

“Who?” Qin Yu was puzzled.

“Pavilion Master of the Divine Alchemist Pavilion, your old friend,” Gu Xinghe said mysteriously.

“What? Pavilion Master?” Upon hearing this, Qin Yu got up immediately

...

“That’s right. It’s Pavillion Master of Divine Alchemist Pavillion,” Gu Xinghe nodded and said.

Qin Yu was instantly incredibly excited. Back then, when he was still on Earth, the pavilion master had helped him numerous times. However, he had not heard from her since he arrived in Holy Region.

He didn’t expect to hear news about the pavilion master here today!

Qin Yu quickly turned to Gu Xinghe and said, “Where is Pavilion Master now? When did you see her?”

“Hahaha!” Seeing how excited Qin Yu was, Gu Xinghe could not help but laugh heartily.

He waved his hand and said, “Don’t be anxious. I’ve not seen her but only asked for pills. This pill is not mine. It’s a gift from the Si family.

“As for her whereabouts, if I’m not wrong, she should be at the Alchemist Association. It’s a gathering place for the most authoritative alchemists in the entire Holy Region.”

Upon hearing this, Qin Yu couldn’t wait to get up and go to the Alchemist Association.

But Gu Xinghe stopped him, shook his head, and said, "Even if you go now, you can't see her. It's not easy to see people in the Alchemist Association?"

"She'll definitely see me," Qin Yu said.

"She can see you, but she'll go against the rules of the Alchemist Association. Why must you do that?"

Qin Yu was stunned but calmed down immediately.

He sat down again and said in a deep voice, "Then how do I see her?"

"Don't be anxious. I'll find a way for you in a few days," Gu Xinghe patted Qin Yu's shoulder and said with a smile.

Qin Yu took a deep breath, then cupped his hands and said, "Thank you very much."

"There's no need to thank me between us. I brought two bottles of good wine today. Let's drink and talk," Gu Xinghe said.

Qin Yu no longer declined, and the two drank to their heart's content the whole night.

Fortunately, Qin Yu had a high tolerance for alcohol and did not get drunk and lose his mind.

Gu Xinghe left the place after drinking.

Qin Yu chose to meditate and cultivate in the following few days while waiting for the ores.

As long as he could get the ores, Qin Yu would have a way to make a Saint Weapon.

He might not be invincible with a Saint Weapon in hand, but it would at least provide protection.

Of course, besides meditating and cultivating, Qin Yu also secretly made plans to avoid being tricked by Gu Xinghe.

There were numerous techniques in his mind. After a few days of searching, Qin Yu soon found one.

Several days went by.

One day, Gu Xinghe suddenly came to Qin Yu's accommodation.

"Are you comfortable staying here?" he asked with a smile.

Qin Yu said casually, "I'm fine, but... How long do I have to stay here?"

Gu Xinghe laughed heartily, then said, "The ore is almost completely excavated. Probably tomorrow. Come with me to the mine tomorrow."

"Alright," Qin Yu felt relieved and said.

The following day.

Qin Yu followed Gu Xinghe to the mine. As expected, many cultivators were at the mine.

Gu Xinghe pointed at the mine and said, "These cultivators are all villagers from nearby. That's why the speed of mining speed is slower."

Qin Yu responded to him and glanced around the mine. True enough, a lot of ores had been excavated and packed.

"I'll send someone to send these ores back later, and you and I can slowly divide them," Gu Xinghe said with a smile.

Qin Yu didn't say much. He didn't have much right to say anything now, so he could only accept their arrangement.

After a while, following behind Gu Xinghe, Qin Yu rushed toward the palace.

On the way, Gu Xinghe's expression was a little strange as if he was holding back some strong emotion.

When they arrived at the Military and Politically Affairs Office, Gu Xinghe poured Qin Yu a cup of tea and ordered the general-in-chief, "Place those ores properly. Don't let any mishaps happen."

The general-in-chief nodded and said, "Don't worry. I've already arranged everything. There won't be any mishaps."

Qin Yu frowned slightly.

The conversation between the two seemed a little strange as if they were talking with a hidden message.

Gu Xinghe took a sip of tea, smiled faintly, and said, "Qin Yu, where do you plan to go after taking these ores? Don't tell me you want to go to the Yan family?"

"Why should I go to the Yan family?" Qin Yu raised his head and asked.

"That's true," Gu Xinghe said with a smile. "There's no point in you going to the Yan family now."

At this point, Gu Xinghe changed the subject. "Do you still remember? Back then, we fought for a long time over Yan Ruoxue's bloodline. Speaking of which, I'm curious. Since you knew the uniqueness of Yan Ruoxue's bloodline, why didn't you marry her earlier?"

Qin Yu did not say a word and only raised his head to look at Gu Xinghe.

"Qin Yu, don't tell me you two have already..." Gu Xinghe exclaimed in surprise.

"Of course not," Qin Yu said, shaking his head.

"Tsk! Tsk! What a pity," Gu Xinghe shook his head as he got up. He sighed and said, "Then I'm afraid you won't have another chance."

In that short moment, Gu Xinghe's tone of voice had changed.

Qin Yu was very sharp. Of course, he realized it. Thus he responded impolitely, "Gu Xinghe, you still haven't gotten rid of your habit of jumping to conclusions."

"Hahaha!" Gu Xinghe laughed heartily. Suddenly, he flipped over the tea table in front of him and looked at Qin Yu coldly.

"What are you doing?" Qin Yu raised his eyebrows and asked. "Why did you flip the tea table? It's not good to lose your temper in front of an old friend, isn't it?"

...

Gu Xinghe had completely shed all pretenses of cordiality. He glared at Qin Yu and said through gritted teeth, "An old friend? Do you think you're worthy? Qin Yu, do you really think I'll let you go? To tell you the truth. So what if you've come to Holy Region? In my heart, you're always the most worthless!"

Qin Yu sneered and said, "You've finally said what's on your mind. But it's a pity that the most worthless in your heart has destroyed your cultivation and even caused you nightmares every night."

"You shut up!" Gu Xinghe was furious and said. "Qin Yu, you can't escape today! Let me tell you, I've already told the Si family about your relationship with Yan Ruoxue. To the Si family, you're nothing!"

"If I want to leave, you can't stop me," Qin Yu got up slowly and said.

"I can't stop you by myself, but do you think I will stop you by myself?" Gu Xinghe sneered and said.

As he spoke, the magical artifacts in every corner of the Military and Political Affairs Offices began to flash and glow, exuding extremely oppressive internal qi.

At this moment, the door was pushed open, and several cultivators stepped in with magical artifacts in their hands!

They stood in two rows as if they were welcoming someone.

A moment later, two people walked in. The one leading was the general-in-chief, and the one following was from the Si family!

Qin Yu was shocked. He was a Semi-Saint!
