### 2011 The Chaos Grave

The reason why Xiao Yu protected the demonic egg was that it was very important to her.

In that case, Xiao Yu would naturally protect Jue Wu to protect the demonic egg.

After bidding farewell to Jue Wu, Qin Yu left Five Mountain City, planning to head to Divine Fortuity City.

Similarly, Divine Fortuity City was a very small city. It was more like a marketplace than a city.

The top-notch magical artifacts in the Holy Region were being sold here. Provided you had money or treasure, you could definitely find your desired magical artifact here.

It was too bad that Divine Fortuity City was not as safe as other cities. On the contrary, it was a place not within the jurisdiction of any of the neighboring magistrates. Stepping into Divine Fortuity City, one would have to take care of their own safety. Killing and looting were common here.

Qin Yu's journey to Divine Fortuity City was relatively safe, and it was even relatively quiet.

When Qin Yu arrived at Divine Fortuity City, three days had passed.

Qin Yu thought of the part material of the Saint Weapon in his hands. After much thought, he decided to take the opportunity to forge a Saint Weapon for himself in the Divine Fortuity City.

As soon as he stepped into the Divine Fortuity City, a mysterious internal qi assailed him. It was like various ancient internal qi that had fused together and was extremely strange.

Many shops were on both sides of the Divine Fortuity City. The shops were not big from their looks, but they had tremendous mysterious magical artifacts.

Cultivators with extraordinary internal qi were standing at the entrance of the shops.

They had powerful strength, and most of them came here to guard the shops.

In other words, anyone who could open a shop in Divine Fortuity City must have a powerful background. Otherwise, they would have been ransacked long ago.

After making many inquiries, Qin Yu soon arrived at a shop.

A flirtatious woman stood at the door of the shop. She sized up Qin Yu and said, "Little brother, do you want to buy something?"

"I want to buy a magical artifact that can conceal internal qi," Qin Yu said.

"You've chosen the right place," the woman said with a flirtatious smile. After saying that, she invited Qin Yu into the house earnestly.

Soon after Qin Yu entered the shop with this woman, he saw the magical artifacts displayed in various cabinets, and each was quite extraordinary.

After glancing around, Qin Yu said, "Please help me find a few magical artifacts that can hide internal qi."

As the woman rummaged through, she chatted with Qin Yu. "Little brother, you are also preparing for the Chaos Grave, are you?"

"What Chaos Grave?" Qin Yu was stunned and frowned.

"Don't you know?" The woman was slightly surprised and explained, "Not long ago, the Yao family found a Mystic Realm in a barren mountain. Rumor has it that it was a Chaos Grave, and a perfect chaotic corpse was hidden there."

Qin Yu was instantly shocked. He hurriedly asked, "Lady Boss, where is the place you mentioned?"

"How should I describe it?" The woman thought for a while, then roughly described a place and its landscape.

After listening to her description, Qin Yu seemed to have recalled something.

Wasn't that the Tai Chi Diagram he had discovered not long ago? A chaotic body corpse was actually hidden there!

"No wonder the skeleton reacted to me," Qin Yu thought to himself.

"Has the Chaos Grave opened yet?" Qin Yu pretended to ask casually.

The lady boss smiled and said, "Not yet. I heard it requires a secret technique to move the earth to open it. Now, the nine great aristocratic families have already sent people to try to use the formation. I think it won't be long before the formation can open it."

Qin Yu was slightly excited. Once the corpse of the chaotic body appeared, it would probably alarm the entire Holy Region!

Qin Yu was a chaotic body himself. If he could obtain this corpse, he could pry into the chaotic body's secret of cultivating. Even if he could just borrow the corpse, he could avoid the detours of cultivation.

"Lady Boss, do you know what cultivation realm that corpse is at?" Qin Yu asked.

The lady boss rummaged through the items and said, "I don't know the specifics, but there are rumors that he must be above the True Saint. "

"Phew."

Hearing this, Qin Yu was instantly incomparably excited.

He suppressed the excitement in his heart and asked casually, "Lady Boss, why aren't you going?"

"Hahaha! I'm not as stupid as them. Why would I waste my time?" The lady boss shook her head.

As she spoke, she had already taken out a few magical artifacts and placed them in front of Qin Yu.

"What do you mean?" Qin Yu tried to probe.

The lady boss smiled and said, "Don't forget the Holy Son of the Si family is a chaotic body. He hasn't stepped into the Semi Saint cultivation realm yet. If he can get this corpse, the Holy Son of the Sii family will naturally take the opportunity to comprehend the dao."

Qin Yu nodded slightly. The lady boss was right. No matter what price they had to pay, the Si family would never give up on this corpse.

"Little brother, take a look and see which one you'll choose," the woman said.

Qin Yu picked up a cloak from the table.

This cloak was big. It was like an umbrella, and a veil was hanging around it, which was quite beautiful.

"I'll take this one," Qin Yu shook it and said.

Then he put the cloak on his head.

Immediately after, Qin Yu felt a mysterious internal qi gathering in front of his face. Looking from the outside, he could only see a patch of fog.

"What's the price?" Qin Yu said as he picked up the cloak.

The lady boss stretched out a finger and said, “10 billion.”

“So expensive?” Qin Yu was stunned and asked in surprise.

The lady boss smiled faintly. “If you think it’s expensive, I feel the same. If you had come two days earlier, you could have bought it for at most one billion. However, due to Chaos Grave, the price of this item has increased. If you don’t buy it today, it will be more expensive tomorrow.”

Qin Yu thought for a moment and felt it made sense.

However, 10 billion was still too expensive for Qin Yu.

...

“Why don’t you take this one? This one can be slightly cheaper,” The lady boss took out a tremendously ugly mask and said.

“I’ll take this cloak,” Qin Yu shook his head and said.

After saying that, Qin Yu took out his card. Then, with a thought, he transferred the 10 billion from the card.

The 10 billion spirit coins turned into a faint light and entered the lady boss’s card.

“By the way, I want to ask you something,” Qin Yu said as he kept away the cloak.

“You have to pay to inquire about something,” the lady boss said with a smile.

Hearing this, Qin Yu could not help but stick out his tongue.

The people of Divine Fortuity City were really obsessed with money.

“So be it.” Qin Yu didn’t want to be calculative.

Before Qin Yu could inquire, a few people walked in from outside.

The man leading was a young man with a folding fan in his hand. He looked rather handsome.

...

Two elderly men were behind him, who seemed to be the young man’s attendants.

## 2012 Forging the Saint Weapon

Their purpose for their visit here was quite similar to Qin Yu. They also wanted to find a magical artifact that could hide internal qi.

As long as the internal qi was concealed, they would not have to worry about taking the treasures away from the Chaos Grave.

It was also due to this reason that the price of magical artifacts that could conceal internal qi had soared recently.

Qin Yu ignored the elegantly dressed young man. He cautiously brought the lady boss to the side and said in a low voice, "Lady Boss, who should I look for if I want to forge a Saint Weapon in Divine Fortuity City? "

!!

Upon hearing what Qin Yu said, the lady boss said in surprise, "The conditions for forging a Saint Weapon are very harsh. Are you sure you want to forge one? "

"I'm just asking casually," Qin Yu quickly corrected what he had said.

The lady boss obviously had guessed Qin Yu's thoughts. She smiled and said, "I can only tell you one thing. The power of a Saint Weapon comes from the Holy Power. Otherwise, it would be in name only."

After saying this, the lady boss walked to the side.

Qin Yu thought for a while and soon understood what the lady boss meant.

In her opinion, Qin Yu did not understand the true significance of the Saint Weapon.

She naturally did not expect Qin Yu to have plenty of Saint's bones in his hands, which contained the Holy Power.

Therefore, Qin Yu walked to the lady boss's side again and said, "So no one in Divine Fortuity City can forge it?"

"Go to the middle section of Heavenly Star Street and find someone called Mr. Gen. He might be able to help you," the lady boss said casually.

"Thank you very much," Qin Yu bowed slightly and said.

After saying this, Qin Yu paid her another three million spirit coins and turned to leave.

After Qin Yu left, the elegantly dressed young man sized Qin Yu up and asked casually, "This kid is also here to ask for a magical artifact?"

"I can't simply say. Otherwise, how can I continue to do business?" the lady boss smiled and said.

The elegantly dressed young man snorted slightly and asked for the price.

His expression instantly turned somewhat ugly when he found out the magical artifact cost 10 billion spirit coins.

“It’s so expensive now...” The elegantly dressed young man gritted his teeth.

The lady boss said half-jokingly, “Looking at how you dressed up, you don’t look like you’re short of 10 billion, do you?”

When the elegantly dressed young man heard this, he immediately snorted coldly and said, “Of course, I don’t lack this little money. It’s just that I need a lot of magical artifacts.”

The lady boss smiled and said nothing but snorted coldly in her heart.

“You guys catch up to that kid just now and see if he has any treasures on him.” The elegantly young man seemed to have thought of something and immediately ordered the two elderly men beside him to go after Qin Yu.

“Yes, Young Master.”

The two elderly men bowed and quickly walked out.

On the other end, Qin Yu followed the direction the lady boss had pointed out and arrived at the middle section of Heavenly Star Street.

A small shop with the signage “Rootless” was by the side. It was probably Mr. Gen that the lady boss had mentioned.

Qin Yu thus pushed open the door and walked into the shop.

After entering, he realized the shop was very small and did not display any magical artifacts. It was extremely simple and crude.

However, there seemed to be a courtyard in the depths of the shop. A magical artifact had sealed off that courtyard, and outsiders could not enter.

“Who is Mr. Gen, please?” Qin Yu cleared his throat and shouted.

After about two to three minutes, a dragging sound sounded from inside.

Then he saw a sloppy man slowly walking out.

He held a wine pot in his hand, and his beard almost covered his entire face.

This person did not look old, but he was too sloppy, causing him to look like he had been through many vicissitudes.

Mr. Gen gulped down a mouthful of wine and leaned back on the recliner.

“Is there anything?” Mr. Gen said drunkenly.

Qin Yu couldn’t help but feel suspicious.

Did such a person really have the ability to forge Saint Weapon? Was he more powerful than those people from Divine Artifact City?

"I would like you to forge a Saint Weapon for me." Since he was already here, Qin Yu expressed the purpose of his visit.

"Do you think the Saint Weapon is cheap stuff on the street?" Mr. Gen sneered. "Do you know what it takes to forge a Saint Weapon?"

"Yes, I do. I've prepared all the materials. As long as you can forge a Saint Weapon, you can make it," Qin Yu said.

Only then did Mr. Gen look at Qin Yu and stretch his back. "Alright, I want three holy bones as payment."

"Alright." Qin Yu agreed without even thinking.

Seeing this, Mr. Gen couldn't help but sneer. "You're quite arrogant. Alright. If you can give me the materials and three holy bones, I'll accede to your request."

Qin Yu did not say anything and immediately took out eight holy bones and ores that had not been sold.

"It should be enough," Qin Yu said.

Mr. Gen sniffed and suddenly sat up from the rocking chair. Then he grabbed the holy bones in front of Qin Yu and examined them carefully.

"It's indeed holy bone." Mr. Gen frowned.

He raised his head to look at Qin Yu opposite him and said, "Where did you get this?"

"This has nothing to do with you, right?" Qin Yu said.

Mr. Gen didn't ask further. He put the three holy bones on the table into his bag and said, "To make a decent Saint Weapon, you need at least eight holy bones. Give me three more, and I'll forge it for you."

"Alright." Qin Yu took out another eight without saying anything else.

...

"Since I'm already forging one, let's forge a better Saint Weapon," Qin Yu said.

Mr. Gen rubbed his eyes and frowned. "Where did you get so many holy bones? Could it be that you came from an aristocratic family?"

Before Qin Yu could answer, Mr. Gen denied it and said, "It's impossible. If you really came from an aristocratic family, why would you look for me?"

"Can you forge or not?" Qin Yu frowned.

Mr. Gen picked up the holy bones on the table and said, "I can't guarantee that. I can only try."

"What do you mean?" Qin Yu was a little unhappy.

This Mr. Gen looked too unreliable. It was as if he was fooling people.

Mr. Gen glanced at Qin Yu and said, "Why are you in such a hurry? If you want to forge a Saint Weapon, you must first revive this holy bone and obtain the Holy Power within it. Without Holy Power, the Saint Weapon naturally can't be forged.

"At the same time, to create Holy Power, you'll need a lot of materials to be the inducer. As for what kind of materials are needed, it depends on the situation. Do you think it's that simple?"

Qin Yu was silent for a while before he said, "Alright, how long will it take?"

"Come back three days later." Mr. Gen kept the bones and lay down again.

...

"Please speed it up. I'm in a hurry," Qin Yu reminded.

Mr. Gen waved his hand casually and ignored Qin Yu after that.

2013 The Overbearing Elder Si

This Mr. Gen did not seem very reliable, but Qin Yu had no choice at this moment. He could only wait for him for three days.

After that, Qin Yu turned around and left the shop, wandering around Divine Fortuity City.

Divine Fortuity City wasn't big and was even a little cramped. However, it was full of shops.

Whenever Qin Yu walked into a shop, he would discover tremendously extraordinary magical artifacts.

!!

In the backyard, there were even master refiners refining magical artifacts.

Rumor had it that these master refiners were all from the Artifact Refining Guild, and their refining skills were tremendously mighty.

At this moment, Qin Yu noticed many people standing at the entrance of a shop.

They gathered together, observing something.

Qin Yu walked over quickly. He squeezed into the crowd and came to the forefront.

Soon, Qin Yu noticed a transparent pearl displayed in front of everyone.

This pearl was incomparably smooth. Deep inside, there seemed to be a stream flowing, which was incredibly magical.

“This pearl is called Yuan Ding Divine Pearl. It’s inherited from Immortal Emperor Yuan Ding and contains endless secrets and hidden treasures of the Immortal Emperor. There are rumors that the Yuan Ding Divine Pearl contains the secrets of Immortal Emperor Yuan Ding’s dao comprehension.” The shop owner was shouting hard to attract the attention of numerous people.

Hearing his words, Qin Yu could not help but snort.

If it contained the secret of the Immortal Emperor, it would probably attract everyone to come and fight for it. No one would be so stupid to sell it.

“Of course, this Yuan Ding Divine Pearl was copied by the later generations when they observed Immortal Emperor Yuan Ding comprehending the dao. Nonetheless, it contains a trace of the Immortal Emperor’s dao.” At this moment, the shop owner suddenly changed the subject and said with a smile.

“This pearl does look extraordinary. I was lucky enough to have comprehended it in Immortal Emperor Yuan Ding’s sanctum. It does have a similar internal qi,” someone said at the side.

“That’s right. Rumor has it that Lord Zhu obtained the real Yuan Ding Divine Pearl by chance. After comprehending the Dao within it, he created twelve imitation Yuan Ding Divine Pearls for future generations to comprehend.”

“According to the rumors, 38 of them comprehended dao from Yuan Ding Divine Pearl and stepped into the True Saint cultivation Realm.”

“38 people? Weren’t there only twelve pearls?” someone asked curiously.

“There were indeed only twelve, but each was passed down in the hands of many. Each time it passed through a person’s hand, its remaining dao technique would weaken a little. Therefore, we can’t determine whether this pearl still has any value.”

After hearing their comments, Qin Yu came to a realization.

Qin Yu had heard of Lord Zhu when he was in Luminous City.

He was a Tribulation Stage great cultivator of the Yao family and also one of the most powerful Tribulation Stage great cultivators in history.

“Boss, do you know how many generations this pearl has been passed down?” someone by the side asked.

“If I knew it, why would I sell it?” the boss laughed and said.

“How much do you plan to sell it for?” someone asked.

The boss shook his finger and said, “There is no fixed price for this item. It will be auctioned off. Everyone, please make your bids.”

“I’ll pay three million spirit coins.” Soon, someone offered.

“Three million? You really look down on this item. I’ll offer 10 million!”

“I’m willing to pay 50 million!”

“100 million!”

The price quickly increased. Qin Yu remained silent at the side. He quietly extended a wisp of divine sense and covered the pearl, wanting to pry something from it.

However, the moment he touched it, the shop owner noticed it. He glanced at Qin Yu and said, “Sir, you should follow the rules.”

Qin Yu stuck out his tongue and could only withdraw his divine sense silently.

The price continued to rise, and soon, it had increased to a billion or so spirit coins.

When the price reached two billion spirit coins, more people had already gathered around, but fewer people were bidding.

Obviously, these people were not rich, and two billion had almost reached their limit.

Qin Yu counted the spirit coins in his hand and felt that two billion was not expensive. Thus he planned to bid for it.

However, at this moment, there was a commotion in the crowd.

He turned around and saw an elderly man in a white robe walking over. The people around him consciously made way for him.

When Qin Yu saw this person, his brows furrowed tightly.

This person was none other than Elder Si, who had attended the meeting not long ago!

“He’s here too.” Qin Yu frowned slightly and quickly hid in the dark.

With Elder Si’s ability, it was very likely that he could discover Qin Yu’s true identity. Therefore, he could only avoid him for the time being.

Elder Si’s arrival immediately silenced the scene. Some people greeted Elder Si, but he ignored them.

“So it’s the arrival of the Third Elder of the Si family. Please forgive me for not welcoming you from afar,” the boss said with a fake smile.

Elder Si ignored him. He looked at the pearl in front and examined it for a long time.

“Elder Si is also interested in this item?” The boss took the opportunity to ask.

Elder Si glanced at him and said indifferently, “Do you know the origin of this item?”

“Of course, I know,” the boss smiled and said. “My ancestor got this by chance when he was traveling.”

“By chance?” Elder Si snorted and said, “This item was once in the hands of my Si family’s ancestors, but they accidentally lost it later! I don’t know how your ancestor obtained this item, but this pearl belongs to my Si family!”

Hearing Elder Si’s shameless words, the shop owner couldn’t help but sneer and say, “If we were to trace its source, I’m afraid this item belongs to the Yao family. It doesn’t have much to do with your Si family, right?”

Elder Si wasn’t surprised. He put his hands behind his back and said indifferently, “Don’t worry. The Si family has always been kind to people. Thus we can give you a decent amount of spirit coins.”

“Oh? How much does Elder Si intend to give me?” the shop owner asked.

...

Elder Si extended three fingers and said, “30 million spirit coins.”

“30 million spirit coins? Elder Si, is this any different from daylight robbery?” the shop owner said with a dark face.

“You can’t be too greedy,” Elder Si said calmly. “30 million spirit coins is already a lot. Besides, this item belongs to the Si family.”

Hearing Elder Si's shameless words, Qin Yu could not help but curse repeatedly at the side.

This old b\*stard was truly shameless to the extreme!

"30 million spirit coins. Do you want it or not?" Elder Si's tone was full of threat.

"Three billion," the shopkeeper said coldly. "This pearl will be yours. Otherwise, no deal!"

As soon as he said that, a terrifying internal qi burst out from Elder Si's body.

"Are you sure?" he asked coldly.

2014 Met Xiao Hai in Divine Fortuity City

The overbearing internal qi on Elder Si's body made the surrounding people step back voluntarily.

In Divine Fortuity City, killing and robbing were not rare, even for the various aristocratic families.

Qin Yu touched his chin and could not help but feel a little strange.

Three billion wasn't a big amount for the Si family. Elder Si had no reason to tarnish the reputation of the entire aristocratic family for such a small amount of spirit coins.

"Just what is this Elder Si thinking..." Qin Yu thought to himself.

Looking at Elder Si, even though the shop owner was unwilling, he hesitated.

The Si family was too huge. If he went against such an aristocratic family, he would definitely suffer in the future.

The shopkeeper took a deep breath. Just as he was about to agree, a voice suddenly sounded by the side.

"I'm willing to pay three billion for this item." This voice was tremendously loud and clear, instantly attracting the attention of numerous people.

When Qin Yu heard this voice, his body trembled!

It was because this hearty and righteous voice was too familiar!

"Xiao... Xiao Hai!" Qin Yu was instantly incredibly excited!

Looking at this man who looked exactly like Xiao Sheng, Qin Yu could not help but feel excited!

He did not expect Xiao Hai to appear in Divine Fortuity City! He even publicly challenged Elder Si!

The abrupt change made everyone look at Xiao Hai. Elder Si's eyes were even more sinister and terrifying!

"Do you know who I am?" Elder Si said coldly.

Xiao Hai stepped forward. "I don't care who you are, but you can't buy or sell by force. I like this item. If you don't want to pay, I'm willing to pay three billion for it."

"Are you courting death?" Elder Si flew into a rage, and the internal qi on his body erupted to the extreme!

Xiao Hai didn't show any fear on his face. He even ignored Elder Si. He instead walked up to the shop owner and said, "Three billion. I'll buy it."

"This..." Although the shop owner was willing to sell it to Xiao Hai, he didn't dare to offend Elder Si.

Xiao Hai patted the shop owner's shoulder and said, "Don't be afraid. If he wants to find trouble, he should look for me."

"I think you're tired of living!" Elder Si shouted. He waved his sleeve, and his palm rapidly approached Xiao Hai directly!

Xiao Hai was not afraid at all. He snorted coldly and immediately raised his palm to receive the attack!

"Boom!"

With a loud bang, a terrifying internal qi instantly swept in all directions!

Xiao Hai immediately raised his other hand to protect everyone!

Elder Ji stumbled back a few steps before he managed to stabilize himself!

Seeing this scene, Qin Yu was incomparably excited!

Xiao Hai was still the same Xiao Hai. Not only did he have unimaginable strength, but he also had a tremendously kind and righteous heart!

"If you want to attack, I will accompany you," Xiao Hai said coldly.

Elder Si's expression was incomparably ugly. He knew he was no match for the burly man opposite him, so he could only suppress his anger.

"Do you know I'm from the Si family?" Elder Si said coldly.

"I've told you," Xiao Hai replied without changing his expression. "No matter who you are, you can't force anyone to buy or sell. The same goes with the Si family."

"How arrogant!" Elder Si shouted. "Do you know the consequences of offending my Si family?"

"That I really don't know," Xiao Hai said calmly.

Elder Si sneered and said, "The last person who offended our Si family is now unknown if he's dead or alive. He doesn't even dare to show his face. Have you considered the consequences?"

"Are you talking about Qin Yu?" Xiao Hai laughed.

"It seems you've heard of it," Elder Si said with narrowed eyes.

"Qin Yu is my friend. I also believe he won't fall so easily," Xiao Hai said.

Qin Yu, who was standing in the dark, was incredibly excited. Tears welled up in his eyes!

"Alright, kid," Elder Ji said coldly. "I'll remember you. The Si family won't let you off!"

After saying this, Elder Si turned around and left.

After he walked far away, the people in the surroundings immediately cheered.

They looked up at Xiao Hai as if they were looking at a hero, and the respect in their eyes could not be concealed.

Xiao Hai's uprightness was worthy of everyone's respect, and so was Qin Yu. He took out his card and transferred three billion to the shop owner.

"Sell this to me. I'm afraid it's not safe to keep it in your hands," Xiao Hai said.

The shop owner nodded repeatedly. He bowed to Xiao Hai and said, "Hero, thank you for your help!"

Xiao Hai waved his hand and turned to leave.

Qin Yu looked at Xiao Hai's back. He hesitated for a while before finally chasing after him.

"Brother, please wait." Qin Yu ran up to Xiao Hai and blocked his path.

Xiao Hai glanced at Qin Yu and smiled. "Is there anything?"

“Brother, did you come to Divine Fortuity City for the matter of the Chaos Grave?” Qin Yu asked.

Xiao Hai laughed heartily. “The Chaos Grave. That’s right. I’m indeed quite interested. However, that’s not why I came to Divine Fortuity City.”

...

“Oh? What’s the reason then?” Qin Yu said in surprise.

“It’s a long story,” Xiao Hai sighed and said.

“Brother, if you don’t mind, we can talk in detail in the tavern next door,” Qin Yu bowed and said.

Xiao Hai was a straightforward person. He waved his hand and said, “Okay!” Thus the two came to the tavern together.

After sitting down, Xiao Hai ordered three large pots of wine. As he was drinking, he told Qin Yu his purpose for coming to Divine Fortuity City.

Through Xiao Hai’s narration, Qin Yu learned that Xiao Hai was not like Xiao Sheng, who wholeheartedly pursued the dao. Instead, he had been traveling around and been to most places in the Holy Region.

He had come to Divine Fortuity City this time to seek a magical artifact called the Ten Thousand Feet Umbrella.

The umbrella was not rare, but the conditions to forge it were relatively harsh. Thus he could only come to Divine Fortuity City to look for it.

“Why don’t you go to the Artifact Refining Guild?” Qin Yu asked.

“I’ve been there, but unfortunately, I couldn’t meet them,” Xiao Hai shook his head and said.

...

Qin Yu came to a sudden realization. Thinking about it, it made sense. This Artifact Refining Guild should be similar to the Alchemist Association. Ordinary people were not qualified to see them at all.

“Brother, you’ve offended the elder of the Si family. Aren’t you afraid of their revenge?” Qin Yu asked tentatively.

Xiao Hai smiled and said, “I’m not afraid. If I die in battle, it’s my fate. Moreover, that old man just now is probably not my match.”

Qin Yu was silent. He tried to sense Xiao Hai’s strength but realized he could not see through it.

“Speaking of which, when will the Chaos Grave open?” Xiao Hai suddenly asked.

Qin Yu was stunned. He did not answer this question. Instead, he shook his head and said, “Brother, you shouldn’t go. If you go to the Chaos Grave, you’ll definitely run into the people of the Si family. By then, it’ll be too late to run away.”

2015 Killing Elder Si!

Xiao Hai shook his head and said carefreely, “If I were afraid of him, I wouldn’t have come into a conflict with him.”

Qin Yu opened his mouth and wanted to persuade him, but Xiao Hai waved his hand and said, “Thank you for your concern, friend. I have my ways to protect myself.”

Following that, Xiao Hai left the money on the table and left.

After he left, Qin Yu could not help but secretly grit his teeth.

With the Si family’s style of doing things, they would definitely not let this matter rest.

If they bumped into Xiao Hai, they would definitely make a move. “No matter what, I can’t let anything happen to Xiao Hai,” Qin Yu thought to himself.

After much thought, an incredibly bold idea suddenly appeared in Qin Yu’s mind. That was to kill Elder Si! As long as he killed him, there would be no more risk!

“If I had a Saint Weapon, I might have a chance to kill Elder Si,” Qin Yu thought to himself.

However, he did not know if Elder Si had any Saint Weapon or other self-protection items with him.

“Once I make a move, there’s no turning back. Therefore, this operation can only succeed. I can’t fail!” Qin Yu’s face flashed with coldness.

Since he couldn’t solve the problem, he would eliminate the person who caused the problem.

After that, Qin Yu also stood up and left the tavern.

He was not in a hurry to return to his accommodation. Instead, he wandered around Divine Fortuity City.

“I remember in the map my father left behind, Divine Fortuity City used to have Big Graves. It was also because of this that Divine Fortuity City was so

barren. Even with countless magical artifacts, it still could not develop,” Qin Yu thought to himself.

Such a place naturally had the remnants of an incredibly terrifying internal qi.

If he could use the formation to outline the dao technique of heaven and earth, there was a possibility of winning to a certain extent.

However, currently, Qin Yu did not have much understanding of formation. Thus he returned to his accommodation and began to search for formations.

Qin Yu’s father was a Guardian, so he was tremendously proficient in formation. There were countless of them left in Qin Yu’s mind.

There were countless formation blueprints in Qin Yu’s mind. The most suitable one was the Nine Palaces Eight Trigrams Formation.

The Nine Palaces Eight Trigrams Formation was a kind of formation that complemented and countered the yin and yang of heaven and earth. It had tremendously powerful defensive and offensive capabilities.

The core of the formation was the nine palaces and eight trigrams. Specific magical artifacts and spells needed to be set up in each palace.

To successfully activate the Nine Palaces Eight Trigrams Formation, at least three formation masters were required to operate it together to unleash its greatest power.

However, it was clearly unrealistic to find three formation masters in Divine Fortuity City. If Qin Yu activated the formation by himself, the power he could unleash would not be enough to kill Elder Si.

After hesitating for a while, Qin Yu began to search for other formations.

Formations were not rare to Guardians. Therefore countless formations were left in Qin Yu’s mind.

Qin Yu hesitated in his heart for a while. In the end, he decided to choose a more aggressive formation, the Endless Killing Formation.

The Endless Killing Formation was a tremendously cruel formation that could kill all the living beings within. It was very powerful.

Qin Yu knew that choosing this formation meant he would have to pay an enormous price. However, he also knew this was the only method he could use. If he could get rid of Elder Si, he could save Xiao Hai’s and his lives.

Thus Qin Yu began to search for information on the Endless Killing Formation.

After searching, he finally found some information about the Endless Killing Formation. It required 108 formation cores, each requiring a weapon that was at least a high-grade magical artifact.

These weapons had to pierce into the formation cores instantly to activate the formation successfully.

Moreover, these 108 weapons had to have similar attributes. Otherwise, the formation could not unleash its greatest power.

Qin Yu sighed in his heart. Such conditions were indeed very harsh.

Fortunately, he was in Divine Fortuity City. As long as he had money, he could find enough magical artifacts.

Qin Yu counted the spirit coins in his hand and could not help but sigh.

D\*mn it! The money he had painstakingly saved up was probably going to be spent again.

“As long as I can kill Elder Si, everything will be worth it.” Qin Yu took a deep breath.

Just as he got up and was about to go out to look for the magical artifact, Qin Yu suddenly felt two strange internal qis approaching.

Qin Yu’s eyes narrowed slightly. Then he thought to himself, “These two internal qis... seem a little familiar.”

After thinking for a while, Qin Yu decided to remain silent.

He was lacking magical artifacts right now. If someone really came to cause trouble, he would save money.

Thus Qin Yu stood up and walked out of her accommodation. Then he deliberately walked toward a sparsely populated area.

Divine Fortuity City wasn’t big. After coming out of the city, it was no longer as lively as before. Instead, it was desolate.

At a glance, the surrounding desolation made one’s heart feel cold. No one seemed to be willing to stay in such a place.

However, Qin Yu walked to the place and stopped in his tracks. He put his hands behind his back and said indifferently, “Are you still not coming out?”

Soon after he finished speaking, two figures walked out from the darkness.

Qin Yu raised his head and saw two elderly men walking out. These two elderly men were tall and had deep eyes. They emitted a fierce aura that made people feel they could not be offended.

These two people were no strangers to Qin Yu because they were the attendants of the young man he had met in the magical artifact shop not long ago.

“Your divine sense is very sharp,” one of the elderly men said indifferently.

“Why did you two follow me to this desolate place?” Qin Yu sneered and said.

“Hehe! I am an elder of the Chu family. I have come under the orders of the young lord of the Chu family, Chu Sheng, to ask for something from you,” one of the elderly men said with a fake smile.

Qin Yu raised his eyebrows, sneered, and said, “Chu Sheng? Your young lord is indeed good at naming.”

Hearing this, the expressions of the two elderly men instantly turned cold.

“Sir, please mind your words. Our young lord doesn’t like people to make fun of his name,” one of the elderly men berated.

...

“What does his liking have to do with me?” Qin Yu said coldly.

Seeing Qin Yu’s unyielding attitude, the elders of the Chu family did not stand on ceremony and said directly, “You should know what we want.”

“Oh? Is that so?” Qin Yu smiled. “Then may I ask, why should I give that magical artifact to you?”

“It’s best if you don’t play with our patience,” the other elder of the Chu family said coldly. “We don’t want to fight. But if you don’t hand over the item, we don’t mind taking it by force.”

Qin Yu’s eye expression became sharp. He could feel the internal qis of these two elderly men tremendously extraordinary. Obviously, they were both top-notch martial artists with high cultivation.

However, Qin Yu was not afraid. As long as they were Semi-Saints, he could kill them all!

2016 The Yin Yang Sword

Looking coldly at the two elderly men, Qin Yu stepped forward, sneered, and said, “You want to kill and rob, do you? I’m afraid the two of you don’t have the ability!”

As soon as he finished speaking, the internal qi on Qin Yu's body suddenly erupted, instantly transforming into waves of power that made the two elders of the Chu family feel a surge of pressure.

The expressions of the two elderly men changed slightly. They obviously did not expect Qin Yu's internal qi to be so powerful!

But soon, their expression resumed to normal. One of the elders stepped forward and mocked, "You're only at the middle stage of Reversion Void. You don't have the strength to fight back against the two of us!"

!!

Qin Yu could not be bothered to talk nonsense with them. Right now, he was lacking magical artifacts and spirit coins. They had come at the right time!

Qin Yu's feet shook, and a golden light immediately erupted from his body!

His Golden Fist shot out, and an endless internal qi swept over. A golden dragon-like radiance headed straight for the two of them!

The terrifying internal qi caused the entire space to become chaotic instantly. Sparks and gravel flew everywhere. Qin Yu's figure kept stepping forward in this chaotic space. The power contained in his fists was even more powerful!

The two elders of the Chu family were shocked by Qin Yu's internal qi. The expressions on their faces immediately became even more shocked. Obviously, Qin Yu's strength exceeded their imagination!

"Attack together." The two did not dare to be reckless anymore and immediately looked at each other.

After that, they split up and came to Qin Yu's left and right sides and attacked him together.

One elder held a sword in his hand, and the sword light was dazzling. The other received it with his palm, and the palm wind whistled.

Qin Yu's expression did not change. He crossed his fists and a powerful golden air current gushed out, blocking the attacks of the two elders.

"This kid indeed has some ability!" one of the elderly men exclaimed.

"But if this continues, he will still be defeated by us in the end!" another elderly man said coldly.

The two elderly men attacked again. Qin Yu was not afraid. He waved his fists, and each punch carried a golden internal qi as he pounced toward the two elderly men like a golden dragon.

In this chaotic space, the three of them passed by each other, and the air was full of murderous internal qi.

The two elders of the Chu family felt Qin Yu's powerful internal qi, and their expressions changed slightly. They knew the other party was not an ordinary person, and they had to use all their strength to deal with him.

They quickly formed hand seals and chanted. A powerful spiritual power was instantly released, turning into two blazing flames that attacked Qin Yu.

Qin Yu's gaze became solemn. He knew the strength of these two elders was not simple, and he had to deal with them carefully.

His figure flashed, and his spiritual power surged, transforming into a massive golden shield that received the two flames.

"Rumble!"

A loud explosion sounded as the flames exploded. The golden shield also disappeared in an instant. Qin Yu was forced back a few steps by the blazing flames.

Qin Yu's eyes narrowed slightly. Then he sneered and said, "No wonder you dared to kill and rob people. You do have some ability, but unfortunately... You've chosen the wrong person!"

After saying that, Qin Yu quickly rushed toward the two elders. His fists flickered with golden light, turning into sharp golden fist shadows that bombarded the two.

The two elders nervously faced Qin Yu's attack. They quickly formed seals in their hands and released powerful spiritual power again, which turned into streams of water and strong winds that welcomed Qin Yu.

The water current and the strong wind interweaved together, forming a powerful barrier that blocked Qin Yu's attack.

"Your techniques are not strong enough!" Qin Yu roared, and his fists struck the barrier of water and wind non-stop. Waves of powerful energy were instantly released, breaking the barrier.

The two elders felt the internal qi on Qin Yu's body getting even stronger. They knew they had to end this battle as soon as possible. Otherwise, the consequences would be unimaginable.

They quickly formed hand seals again and chanted. A powerful spiritual power was instantly released, turning into rays of violent lightning bolts that bombarded Qin Yu.

Qin Yu's gaze turned solemn. He knew this was the final blow of the two elders, and he had to use all his strength to deal with it. His body flashed, turned into a golden whirlwind containing a powerful force, and collided with violent lightning.

"Rumble!"

The attacks of the two elders of the Chu family surged like a tide, but Qin Yu still maintained a calm expression. His fists were already constantly changing into different fist techniques.

Suddenly, Qin Yu shouted and punched out abruptly, directly blasting toward the two elders.

The power of this punch caused the entire space to emit a loud sound. The originally storm-like attacks instantly dissipated, and Qin Yu's fist momentum became even more violent!

"Ten Thousand Spell Breaking Punch breaks all techniques!" Qin Yu shouted angrily. His fist turned into a ray of golden light and smashed fiercely onto the two elders' bodies with an unstoppable force.

In an instant, the bodies of the two elders were sent flying violently. Their inner breath instantly stagnated, and blood flowed from the corners of their mouths. Obviously, they had suffered severe injuries!

The two elders were no match for the Ten Thousand Spell Breaking Punch. Their hearts trembled, and their expressions turned incredibly ugly!

"How is this possible? He's clearly only at the middle stage of Reversion Void..." One of the elders gritted his teeth, and a trace of fear flashed across his eyes.

"I'm afraid this kid is hiding his strength!" The other elder seemed to have understood something!

Qin Yu's gaze was cold. He stepped forward, and the golden internal qi on his body became even more intense, instantly covering the entire space.

"Kid, I know you have some ability. We were blind. Let us go," one of the elders saw things not going well and immediately began to change his words.

Qin Yu raised his eyebrows, sneered, and said. "Let you go? Do you think it's possible?"

"Are you going to kill us? This place is not far from the Chu family. If anything happens to us, the Chu family will not let this matter rest!"

“The Chu family?” Qin Yu sneered. “I’m not even afraid of the Si family, why would I be afraid of you?”

The Si family?

The two were stunned, looking at each other, and a hint of fear instantly flashed across their eyes!

“Who exactly are you!” one of the elders hurriedly asked.

“You’d better go down and ask the King of Hell!” Qin Yu said coldly.

As soon as Qin Yu finished speaking, his figure instantly disappeared from where he was. After that, a golden light tore through the sky and directly smashed toward the two elders!

The expression of the two elders changed drastically. They knew they could no longer escape Qin Yu’s attack and could only fight with all their might!

“Quickly take out your magical artifact to kill this kid!” one of the elders shouted.

The other elder immediately nodded. With a thought, black and white swords appeared in their hands!

It seemed to be some kind of incredible magical artifact. The moment he took it out, the surrounding void began to tremble, and a mysterious and terrifying power surged!

...

Qin Yu’s eyes narrowed slightly. Then he whispered to himself, “The Yin Yang Sword?”

2017 Suppress and Kill!

Looking at the black and white longswords in the hands of the elder of the Chu family, Qin Yu soon recognized the origin of these two longswords.

“It seems you know about the Yin Yang Sword,” the elder holding the black sword said coldly.

The white sword elder continued, “Although this sword isn’t the real Yin Yang Sword, its power isn’t inferior. It’s good enough to kill you.”

“Taking out this sword means you will completely vanish from this world.”

!!

The two echoed each other, and the discouraged look earlier on had been swept away and replaced with indescribable confidence.

There were many legends about the Yin Yang Sword. According to the legends, the Yin Yang Sword was a mysterious double sword forged by the two major sects of Yin and Yang, representing the power of the two extremes of Yin and Yang.

Not only did the Yin Yang Sword have limitless power, but it also had tremendous mysterious power.

"It's a pity you don't have the real Yin Yang Sword. It's just a replica." Qin Yu sneered.

The black sword elder shouted immediately, "Even if it's a replica, its power is not something you can imagine. We'll kill you like killing an ant!"

"With the Yin Yang Sword, we and a Semi-Saint can be evenly matched, let alone a mere middle stage of Reversion Void like you!" the white sword elder shouted angrily.

Qin Yu raised her eyebrows slightly.

Evenly matched with a Semi-Saint? It might be exaggerated to say so, but he had to admit the terrifying power of these two swords.

"Let's not talk about whether you can fight a Semi-Saint. Even if it's true, I'm not afraid!" Qin Yu shouted loudly, and his internal qi instantly erupted to the extreme!

He didn't want to waste time with these two people, so he immediately activated the Star Seal!

The dao technique of heaven and earth immediately gathered in Qin Yu's hand, condensing the outline of a planet in his palm!

And the incredibly terrifying pressure was even more overwhelming!

Even though the two elders held the Yin Yang Sword, a hint of shock flashed across their faces!

"I want these two swords. After I kill you, they will be mine!" Qin Yu held the Star Seal in his hand, and his internal qi had already erupted to the extreme!

The golden light was like lightning, emitting a sizzling sound. The surrounding void was distorting non-stop!

"What a terrifying internal qi!" the black sword elder exclaimed.

The white sword elder was silent. He had never expected this ordinary-looking young man to have such terrifying strength!

If he had known this would happen, he wouldn't have risked his life to come and snatch this bullsh\*t magical artifact!

"Since we have come to this point, there's no way out. Let's kill him!" The black sword elder saw through the white sword elder's thoughts. He roared angrily and immediately began to activate his black sword!

The terrifying black path inscription continuously interweaved, and a strange power surged!

The white sword elder did not lose out. He immediately activated his white sword, and rays of white holy light also emitted!

In the end, the two path inscriptions began to fuse, forming the incredibly terrifying power of heaven and earth!

Qin Yu was taken aback as if feeling a little surprised.

However, he wasn't afraid. Under the Star Seal, even a Semi-Saint wouldn't dare to take it head-on, let alone two Reversion Void Stage cultivators!

"Buzz!"

At this moment, Qin Yu activated the fifth level of the fighting word formula, and her internal qi erupted again!

It was Qin Yu's state of complete victory. It was enough to show Qin Yu's determination to kill the two of them at this moment!

"Go to hell!"

Qin Yu roared furiously. The Star Seal instantly covered the sky and earth, crushing toward the two of them!

It was the third time Qin Yu activated the Star Seal. Its power had once again erupted, and even the patterns on the star had taken shape!

Although the two elders were frightened, they had no way out. They could only activate the power of the two swords to attack Qin Yu!

"Boom!"

The two forces soon collided, and the Star Seal was temporarily blocked!

The surrounding void continued to collapse, and the two forces continued to fight!

The black and white elder used all their might to activate the two swords. Their faces were covered in sweat, and blood began to flow from all over their bodies!

However, the Star Seal was simply too terrifying. It was a technique that had been passed down from the Guardian, a technique that the Guardian had created by observing the starry sky. How could two mere elders resist it?

In the end, they could no longer resist the Star Seal. The terrifying power of the star continued to change and crushed the two of them!

“Boom!”

Finally, the white sword elder, who had already lost his will to fight, was the first to give in. The white sword in his hand was sent flying, and his body was knocked back a few steps before finally falling onto the ground!

Without the balance of the white sword, the black sword elder was naturally even more miserable. He was counterattacked by the power and exploded to death on the spot!

Everything in the surroundings instantly turned into dust as if a sandstorm had been triggered. It lasted for some time before it gradually calmed down.

A breeze blew over, and Qin Yu walked over step by step.

On the ground, the white sword elder kept vomiting blood, and his internal qi was extremely weak.

He stretched out his hand and wanted to say something, but he could not say it.

Qin Yu stretched out his palm, and the black and white swords instantly landed in his hands.

He tried to swing the two swords, and a strange power immediately spread out.

“They are indeed two good swords. It’s a pity that they were wasted in your hands.” Qin Yu shook his head.

The so-called Yin Yang Sword should have been wielded by a man and a woman to unleash its true power. Unfortunately, it fell into their hands.

Qin Yu walked up to Elder Bai. He bent down and said, “So, the real Yin Yang Sword should be in your Chu family?”

Elder Bai opened his mouth and wanted to speak, but he could not say a thing.

...

Qin Yu sighed and could not help but mutter, “F\*ck, I was too harsh. I’m afraid I can’t get anything out of him now.”

Before Qin Yu could stand up, Elder Bai had completely stopped breathing. Without delay, Qin Yu searched Elder Bai's body and found three magical artifacts.

Although these three magical artifacts were not top-notch, they were still excellent for activating formation.

"This is an unexpected gain," Qin Yu thought to himself. "If I have a chance in the future, I'll probably have to make a trip to the Chu family."

Since they could take out a replica and only took out the Yin Yang Sword at the critical moment, the Chu family might have the real Yin Yang Sword!

Qin Yu did not know much about the Chu family. But he guessed it was not a great aristocratic family. Otherwise, they would not kill and rob people for ten billion spirit coins.

After packing up, Qin Yu returned to Divine Fortuity City.

Although this battle was not considered a great battle, the Star Seal and the fighting word formula still consumed a lot of Qin Yu's energy. When he returned to his accommodation, he had become extremely weak.

"When I gather enough magical artifacts, I can activate the Endless Killing Formation." Qin Yu took a deep breath, and a trace of viciousness flashed in his eyes.

If he could kill Elder Si, not only could he protect Xiao Hai, but he could also avenge Wen Da.

...

## 2018 Two Big Money Grubbers

### Two Big Money Grubbers

Qin Yu knew well that the requirements of the Endless Killing Formation were very harsh. It required 108 high-grade magical artifacts made of the same materials and had the same attributes.

In Divine Fortuity City, it was not difficult to find the high-grade magical artifact. However, Qin Yu was not familiar with Divine Fortuity City. Finding 108 high-grade magic artifacts in a short time was not that simple.

After much thought, Qin Yu decided to look for Mr. Gen the following day and ask him to help. At the same time, he would take the opportunity to see if the forging of the Saint Weapon was successful.

!!

The following day, Qin Yu hurriedly got up and rushed to Mr. Gen's shop.

"I wonder when Elder Si will leave Divine Fortuity City," Qin Yu thought to himself.

He released his powerful divine sense, covering more than half of Divine Fortuity City.

People like Elder Si would never deliberately hide his internal qi. Therefore, Qin Yu soon located Elder Si's location.

Elder Si was currently in a courtyard in the depths of Divine Fortuity City. To everyone's surprise, this courtyard was privately owned. It seemed to be Elder Si's residence.

As for why Elder Si would set up a residence in Divine Fortuity City, no one knew.

Soon, Qin Yu arrived at Mr. Gen's residence.

After entering, he found Mr. Gen still lying on the rocking chair, looking extremely sloppy.

Qin Yu could not help but frown. He walked forward and asked straight to the point, "My Saint Weapon..."

"Oh, you came at the right time. I've seen your bones. I need to use a formation to revive your Holy Power," Mr. Gen said.

"Then let's revive it," Qin Yu said subconsciously.

"You have to pay more," Mr. Gen sneered and said.

"You're indeed a money-grubber," Qin Yu muttered. "How much do you need?"

Mr. Gen extended a finger and said, "10 billion."

"Why don't you go and rob?" Qin Yu's eyes widened as if he could not believe what he had heard.

"I don't rob because I'm too lazy," Mr. Gen said lazily.

Qin Yu was speechless. He knew that people like Mr. Gen were unreasonable. He didn't want to waste time arguing with him about these meaningless questions.

Therefore, Qin Yu took out a black card and said, "I'll give you five billion first. I'll give you the remaining five billion when I get the thing."

"No, I won't do anything if I don't pay," Mr. Gen shook his head and said.

Qin Yu was speechless. "Alright, I'll give it to you. But let me tell you, if you dare to lie to me, I won't let you off easily."

"Pay, and it'll be done," Mr. Gen replied cleanly.

Qin Yu had no choice but to give 10 billion to Mr. Gen.

"When will you start?" Qin Yu asked.

"I'll start after you leave," Mr. Gen said gently.

Qin Yu had gotten used to Mr. Gen's tremendously irritating way of talking.

"Can I trouble you with something?" he asked immediately. "I need 108 high-grade magical artifacts now. I wonder if you have any here?"

"I don't have any trash here," Mr. Gen said.

Qin Yu was speechless. "Can you help me buy them? I can give you money."

"I'm not a junk collector," Mr. Gen sneered and said.

"D\*mn it!" Qin Yu couldn't take it anymore. He cursed in his heart and turned around to leave.

Since Mr. Gen couldn't do it, he could only think of other ways.

At this moment, Qin Yu thought of the beautiful and flirtatious lady boss.

"I think she shouldn't have any problem," Qin Yu rubbed his chin and muttered.

Therefore, Qin Yu immediately rushed to the lady boss's shop.

He rushed to the lady boss's shop. As soon as he entered, he was attracted by the exotic decorations.

All kinds of jewelry were hanging in the shop, sparkling and dazzling.

The lady boss was an attractive beautiful woman with a pair of enchanting eyes and a curvy figure that made people's hearts flutter.

Coincidentally, Chu Sheng was also there.

His expression did not look too good, and a hint of anxiety was even in his eyes.

When Chu Sheng saw Qin Yu, his expression became even uglier. He subconsciously said, "Why are you here?"

Qin Yu raised his eyebrows and said with a faint smile, "Why? Are you surprised that I'm still alive?"

Hearing Qin Yu's words, Chu Sheng immediately understood something. His face darkened as he said coldly, "You killed them both, did you?"

"What are you talking about? I don't understand," Qin Yu sneered and said.

"But I must advise you to find two decent attendants next time."

After saying this, Qin Yu ignored Chu Sheng.

"Just you wait!" Chu Sheng gritted his teeth and said.

"Alright, I'll wait for you, little b\*stard," Qin Yu said sarcastically.

Chu Sheng trembled in anger when he heard this.

However, with his ability, he did not dare to challenge Qin Yu at all. He could only suppress his anger and leave the place.

After he left, the lady boss said in surprise, "Little Brother, did you really kill his two attendants?"

...

Qin Yu spread his hands and did not comment.

"You'd better watch out. The Chu family isn't far from here," the lady boss said in a low voice.

"Thank you for your reminder," Qin Yu bowed slightly and said.

"But, Little Brother, what are you here for this time?" Seeing Qin Yu not be bothered, the lady boss changed the topic.

Qin Yu straightaway stated his purpose for coming.

After hearing Qin Yu's words, the lady boss said in surprise, "108 pieces? And high-grade magical artifacts? What're you going to do?"

"I need to use them," Qin Yu said with a smile.

Seeing Qin Yu unwilling to answer, the lady boss did not ask further.

She thought for a while and then said, "Of course, I can't gather 108 magical artifacts here. However, I can help you ask. It's just that the price..."

"Money is not a problem," Qin Yu immediately said. "Lady Boss, just tell me the amount."

The lady boss was obviously an old fox. She smiled and said, "I don't want much either. I'll only charge you 20 billion. How about it?"

...

Qin Yu could not help but secretly grit his teeth!

D\*mn it! The people of Divine Fortuity City were all wily money-grubbers!

However, Qin Yu had no choice at the moment. He could only agree and said, "Alright, I'm fine with 20 billion. How long will it take?"

"Give me three days," the lady boss said after some thought.

"No, it's too long." Qin Yu immediately shook his head.

No one could guarantee when Elder Si would leave. Once he left, it would be troublesome.

"I can only give you one day," Qin Yu said in a deep voice.

"Why are you in such a hurry?" the lady boss asked in surprise.

"Can't you do it?" Qin Yu asked.

"Hmm... How about you give me another billion and come back at the same time tomorrow?" the lady boss said.

"Alright." Qin Yu was too lazy to argue. As long as he could kill Elder Si, everything would be worthwhile.

2019 The Endless Killing Formation

The Endless Killing Formation

After the negotiation with the lady boss, Qin Yu returned to his accommodation.

For the entire night, Qin Yu was thinking about the arrangement of the Endless Killing Formation.

This kind of formation was tremendously brutal. It was usually used as a mountain guarding formation or emerged in Big Graves.

Now Qin Yu wanted to use this killing formation to kill Elder Si. It was indeed quite brutal.

"I can't drag innocent people into it," Qin Yu thought to himself.

Once he activated the Endless Killing Formation, all the living beings in the formation would be slaughtered. Unless the formation was broken, it would never stop.

Therefore, Qin Yu had to find a quiet and uninhabited area to avoid harming innocent people.

"I have to think of a way to trick Elder Si out," Qin Yu thought to himself.

Qin Yu definitely couldn't do it in person because he had to control the formation. Thus he had to find someone he could trust.

However, in Divine Fortuity City, Qin Yu didn't know many people, not to mention anyone he could trust.

Qin Yu rubbed his chin and muttered, "Since I don't have any acquaintances, I can only trick Elder Si into leaving the city through profit."

Qin Yu did not sleep the entire night. After a whole night of thinking, Qin Yu finally thought of a countermeasure.

As all the aristocratic families were attracted by the Chaos Grave now, they had given up their pursuit of Qin Yu.

However, to Elder Si, Qin Yu was still a temptation to him. He would definitely not miss it if there was an opportunity.

"There's a way." Qin Yu narrowed his eyes and could not help but sneer.

After he set up the killing formation, he could deliberately expose his location to attract Elder Si.

"It's settled now." Qin Yu got up and left his accommodation, planning to bring back the 108 magical artifacts.

After that, Qin Yu arrived at the lady boss's shop at the agreed time.

Seeing Qin Yu, the lady boss smiled and took out a storage bag. "I've prepared the magical artifacts you wanted. I spent quite a bit of effort to gather these magical artifacts."

Qin Yu smiled but did not say anything. He could not help but think to himself, "I spent a lot of money!"

Nevertheless, Qin Yu did not say much. He only checked the magical artifacts and left after confirming they were in order.

Qin Yu took his magical artifacts and left Divine Fortuity City.

The area around Divine Fortuity City was barren, so it was not difficult to find a quiet place.

Soon, Qin Yu found a somewhat hidden valley in this barren land.

On this barren land, there was almost no vegetation. There were only some scattered dead tree branches, making people feel desolate.

There was no sunlight in the valley, only a faint light shining through the broken branches and scattered on the ground, reflecting a gloomy scenery.

Gloomy internal qi permeated the air and made people shudder.

“Looks like this place was once a graveyard,” Qin Yu could not help but think to himself when he sensed the strange internal qi that permeated the air.

Of course, to Qin Yu, this was naturally the best place to set up an Endless Killing Formation.

Qin Yu had long memorized the method to set up the Endless Killing Formation. Perhaps it was because he had inherited it from his father, so Qin Yu was tremendously talented in formation.

“As long as the killing formation arrangement is completed, it won’t be difficult to kill Elder Si,” Qin Yu thought to himself.

After that, Qin Yu did not dare to waste time. After all, no one knew when Elder Si would leave, so he had to set up the killing formation as soon as possible.

He first placed the magical artifacts on the ground one by one, then began to circulate his spiritual power to connect the connection points between the magical artifacts.

These connection points had formed in Qin Yu’s mind. He had to draw them out accurately, or the entire formation would fail.

The Endless Killing Formation that Qin Yu had meticulously designed was a mysterious killing formation. The magical artifacts in the formation could cooperate with each other and continuously absorb the internal qi in it. In the end, they would transform it into energy and store it in the formation, waiting for Qin Yu to activate it.

Qin Yu arranged the magical artifacts into an Eight Trigrams Formation and began to leave his consciousness mark in the formation.

He constantly circulated his spiritual power and fused his mental strength with the formation.

During this process, Qin Yu had to remain vigilant at all times and not let anyone interfere with his formation arrangement.

Time passed by. After two full days, Qin Yu finally completed the arrangement of the entire formation.

At this moment, Qin Yu’s physical and mental strength had already been exhausted, but he did not care. Instead, he let out a long breath.

“Fortunately, the arrangement of this killing formation is still considered smooth.” Qin Yu wiped the sweat off her forehead somewhat weakly.

Looking at the work he had completed perfectly, Qin Yu was quite satisfied.

Subsequently, Qin Yu was only required to begin guiding the spiritual energy in the formation and dripping the blood essence on the formation cores, the formation would be completely activated.

Of course, Qin Yu urgently needed rest for now. After covering up the formation, he returned to Divine Fortuity City.

After returning to Divine Fortuity City, Qin Yu did not immediately look for Elder Si. Instead, he found an inn to rest for a night.

He swallowed all the qi-replenishing pills in his hand to restore his internal qi and physical strength as soon as possible.

Under the effect of the qi-replenishing pills, Qin Yu’s strength recovered by more than half the following day.

He tried clenching his fist and felt the surging power in his body. Then, a trace of coldness burst out from his eyes.

“It’s almost ready.” Qin Yu took a deep breath. “Elder Si, it’s time for you to pay the price for your actions! ”

After that, Qin Yu began to spread the news according to his plan.

Divine Fortuity City wasn’t considered big, so the news naturally spread very quickly. In a short while, it had circulated in more than half of Divine Fortuity City.

“Did you guys hear the news? Qin Yu actually came to Divine Fortuity City!”

“What? Qin Yu? The Qin Yu who kidnapped the third princess?”

...

“Does he also want to go to the Chaos Grave?”

“You’re talking nonsense! Qin Yu has a chaotic body. How can he resist the temptation of the Chaos Grave?”

“Obviously, he came to Divine Fortuity City to look for a magical artifact that could conceal internal qi. It’s a good idea, but it’s a pity that he has exposed himself.”

“Rumor has it that he’s currently in a valley 30 stars away from Divine Fortuity City!”

Just as Qin Yu had guessed, the news quickly spread. It did not take long for the news to get to Elder Si's ears.

In a courtyard deep in Divine Fortuity City, Elder Si listened to the report of the person beside him, and a hint of coldness appeared on his face.

"This Qin Yu has indeed come to Divine Fortuity City," Elder Si said sinisterly.

"Third Elder, I've already locked onto Qin Yu's location."

Elder Si slowly stood up and said with a vicious expression, "Because of this Qin Yu, I was almost banished from the Si family! I'm not even qualified to participate in this Chaos Grave! This time, I must kill him personally!"

2020 Facing Elder Si

Elder Si's tone was full of anger and resentment, causing the people around him to tremble in fear.

"Third Elder, what are your plans?" a trusted aide asked discreetly.

Elder Si narrowed her eyes and said, "Kill him. As long as I kill Qin Yu, I can make up for it!"

"Elder Si, what if Qin Yu is plotting something?" the trusted aide frowned.

Elder Si glanced at him, sneered, and said, "Plotting? In the face of absolute strength, everything was futile! I can crush him like crushing an ant!"

Hearing Elder Si's words, the trusted aide couldn't help but feel worried. However, he knew Elder Si had made up his mind, so it was useless to remind him again.

"Alright, I'll get someone to prepare," the trusted aide bowed and said.

Elder Si did not say anything else. He had already begun to plan how to deal with Qin Yu.

As far as he was concerned, Qin Yu was just an unremarkable nobody, and he could deal with him easily.

Moreover, Elder Si was so eager to achieve something that he couldn't care less.

Not only did Elder Si hear about the news, but so did Xiao Hai.

In a tavern, Xiao Hai suddenly stood up after hearing the discussions of the people around him.

He looked outside Divine Fortuity City and said in a low voice, "Qin Yu is here?"

Xiao Hai, who suddenly stood up, naturally attracted the attention of the people around him.

“Isn’t he the person who had a conflict with Elder Si a few days ago?” they whispered.

“That’s right. It’s him. He offended Elder Si by standing up for someone. I didn’t expect him to be here still.”

“Could it be that he knows Qin Yu?”

Everyone was discussing animatedly. Some busybodies even came forward and asked, “Brother, could it be that you know Qin Yu?”

Xiao Hai did not deny it and immediately nodded. “That’s right. I’ve known Qin Yu for many years.”

“My friend, may I ask if you know where Qin Yu is?” Xiao Hai asked.

“It’s in a valley 30 stars away from Divine Fortuity City,” the person at the side immediately said.

Xiao Hai did not say anything else. He immediately stood up and planned to look for Qin Yu.

However, at this moment, the person beside him hurriedly stopped Xiao Hai.

“Brother, you have offended Elder Si. You must not go now. Otherwise, Elder Si will definitely deal with you as well.”

“That’s right. Brother, why don’t you temporarily stay out of it? Qin Yu probably has left.”

Everyone’s advice did not change Xiao Hai’s determination.

“Thank you for your kindness, everyone.” He cupped his hands and said, “But I, Xiao Hai, am not a coward. I will not abandon my friends!”

After saying this, Xiao Hai flashed and left Divine Fortuity City.

At this moment, Qin Yu was at the center of the killing formation in the valley.

In front of him was a jar of dragon blood. The dragon blood emitted a strange smell.

“The Endless Killing Formation requires fresh blood to activate. The higher the quality of the blood, the more powerful the formation will be,” Qin Yu said coldly.

"If I use dragon blood, I can unleash the full potential of this Endless Killing Formation. However, if I use too much power, I might suffer a backlash, causing me to be unable to control this formation."

Qin Yu looked at the dragon blood in front of him and took a deep breath. In the end, he decided to use the dragon blood to activate the Endless Killing Formation.

He knew that doing so was risky. But to ensure he could kill Elder Si, he had to try.

"If that's the case, I'm afraid my face will be exposed," Qin Yu thought to himself.

He sat cross-legged with his eyes closed slightly, quietly waiting for Elder Si's arrival.

A moment later.

Qin Yu felt a powerful internal qi approaching. He suddenly opened his eyes and looked in the direction of the source of the internal qi.

"Are you here?" Qin Yu placed his palm on the dragon blood jar in front of him, ready to unleash the formation at any time.

But soon, Qin Yu saw who it was. It was not Elder Si, but Xiao Hai!

"Mr. Xiao, you...Why are you here?" Qin Yu frowned and said.

Xiao Hai looked at the face opposite him and instantly laughed out loud.

"Qin Yu, it's really you! A few days ago, I felt your internal qi was somewhat familiar!" Xiao Hai laughed heartily.

But now was not the time to reminisce. Qin Yu frowned and said, "Mr. Xiao, leave this place quickly!"

"I came here to save you," Xiao Hai said in a deep voice.

"I don't need it!" Qin Yu frowned even more because he had already sensed several internal qis approaching!

Knowing Xiao Hai would not retreat so easily, Qin Yu pointed at the ground under his feet and said, "I've set up a killing formation here. Once I activate the killing formation, everyone in the formation will die except for the one controlling it! Hurry up and leave!"

"The Endless Killing Formation?" Xiao Hai instantly guessed something.

"That's right. Hurry up and leave, or it'll be too late!" Qin Yu said anxiously.

"It's too late." A cold voice came from the dark.

Qin Yu looked up and saw Elder Si walking over with a few cultivators following him.

A powerful internal qi surged. The might of a Semi-Saint was fully displayed at this moment!

"You used a secret technique to change your appearance, did you?" Elder Si looked at Qin Yu's blurry face and could not help but snort coldly.

Qin Yu looked at Elder Si coldly and said, "As expected of the elder of the Si family. You could see through my technique with a glance."

...

Elder Si snorted and said, "You're like an ant in my eyes. Your so-called technique is even more worthless."

At this moment, Elder Si looked at Xiao Hai. He narrowed his eyes and said with a faint smile, "So you both know each other. Just nice. I'll kill you today too!"

Although Elder Ji said that, he was actually a little uncertain.

After all, he could not see through Xiao Hai's strength at all. If Xiao Hai joined, it would add unknown variables to this battle.

Before Xiao Hai could speak, Qin Yu said, "I don't know him at all. I just happened to meet him here."

Xiao Hai understood Qin Yu's intentions. He looked at Elder Si and said, "We indeed don't know each other. As for the grudge between the two of you, it has nothing to do with me."

After saying this, Xiao Hai turned around and wanted to leave.

"What? You want to run away?" Elder Si shouted. "I thought you were very capable!"

Although he said that, he felt relieved in his heart.

To Elder Si, killing Qin Yu was more important than anything else. He did not want any unforeseen circumstances to occur.

After Xiao Hai left, Elder Si's face turned cold.

...

"Qin Yu, I have been looking for you for a long time..." Elder Si narrowed his eyes and gritted his teeth.

“Looks like you missed me very much, old b\*stard,” Qin Yu sneered and said.

“You’re about to die, yet you still dare to be stubborn!” Elder Si gritted his teeth and said.
