2101 The Strength of the Holy Son

The fighting word formula was mysterious and unfathomable. In the entire Holy Region, one could not find any resources for the cultivation.

In other words, the world was controlled by Qin Yu and Jiang He now.

Everyone was instantly shocked by the technique that Qin Yu was using!

Even Yao Xi slightly narrowed his eyes. He seemed to have felt slight pressure.

“Although I’m not a Holy Son, nor do I have the Immortal Emperor’s bloodline, I’ll tell you that my, Qin Yu’s, bloodline is the most powerful!” Qin Yu’s voice echoed through the heavens and the earth, moving people to their core.

As he spoke, Qin Yu once again circulated the true energy in his entire body. The golden light all over his body shone brightly. He did not use anything special but directly circulated his fist-fighting technique instead.

Ten Thousand Spell Breaking Punch!

In the golden light, he swung his fist again, instantly breaking the space in front of him and heading straight for the emperor’s shadow.

Qin Yu used all his strength in this punch.

Boom!

The golden light and the emperor’s shadow collided again, and the heaven and earth seemed to tremble again. However, this time, Qin Yu’s fist did not rebound like last time. Instead, it forcefully tore the emperor’s shadow apart.

“How could it be!” Yao Xi’s expression changed drastically.

He had never thought Qin Yu’s punch could break his Emperor Shadow Technique. However, what surprised him, even more, was that Qin Yu did not use anything special. He only relied on his fist-fighting technique to do so.

A constant rumbling sound was in the void, and the ground continued to crack. Giant rocks shattered one after another.

Even with the support of several elders of the Yao family, the entire mountain was still rumbling non-stop as if it would collapse at any moment!

Everyone exclaimed in shock. They held their breaths and were still and quiet, staring at the battlefield!

It could be called a battle of the peak of the younger generation. They represented the strongest combat power of the younger generation of the Holy Region!

One was the Yao family's Holy Son who had Immortal Emperor's bloodline, and the other was the famous chaotic body!

No one dared to jump to a conclusion as to who, between the two, would win or lose.

"This fighting word formula is indeed terrifying. D*mn it! I must think of a way to get it," Holy Son Jiang thought to himself.

"Not bad, interesting," Yao Xi said coldly as a hint of viciousness flashed across his face. "Let me see if you can still resist my next move!"

As soon as Yao Xi finished speaking, an intense light burst out from his body. He put his palms together, and an incredibly powerful internal qi emitted from his body. That internal qi soared into the clouds as if it wanted to shatter the highest level of heaven.

On his body, there were segments of shadows continuously merging. For a moment, an Immortal Emperor had as if resurrected from his body. A terrifying pressure swept over non-stop and shattered the void!

"Emperor Shadow Technique... the Yao family's techniques are truly terrifying. Even I might not be his match," Holy Son Jiang thought to himself.

A hint of shock flashed across Sanintess Gu's face too. She slightly opened her mouth as if she was trying to hide the surprise in her heart.

"D*mn, this Yao Xi is indeed not simple." Jue Wu was also shocked by this pressure. She had always been stubborn, but at this moment, she had to admit that Yao Xi was terrifying.

Qin Yu's body was slightly trembling. Under this terrifying pressure, Wu Ji's divine robe on his body automatically activated, trying its best to deal with the pressure.

Qin Yu once again circulated all the true energy in his body, and the golden light on his body once again shone brightly, forming a sharp contrast with Yao Xi's dark light.

He clenched his fist again and gathered all his strength into this punch. Then he suddenly rushed toward Yao Xi.

His speed was tremendously fast. In the blink of an eye, he had already arrived in front of Yao Xi. Bringing along an incredibly powerful force, his fist ruthlessly smashed toward Yao Xi.

At the same time, Yao Xi's figure instantly erupted with a powerful internal qi. He did not choose to dodge but to take Qin Yu's punch head-on!

In an instant, black shadows continuously let out from his body and gathered on his arms. At this moment, Yao Xi seemed to have borrowed the power of an Immortal Emperor!

The collision of the two instantly caused heaven and earth to collapse. Even the few elders supporting Mount Phoenix were ashen and trembled non-stop as if they had reached their limits!

The two powerful forces collided in the air, and an intense light instantly erupted, almost lit up the entire space. Everyone was stunned by this intense light.

After that, there was a loud boom, and the entire space shook. Countless spatial rifts formed in the air as if they were going to tear the entire space apart.

Everyone looked at this scene in shock. They did not expect Qin Yu's strength to be so powerful that he could resist an existence like Yao Xi.

They all knew that Qin Yu had powerful strength, but they did not expect it to have reached such an extent. He even had a might that surpassed all of them.

However, in the end, Qin Yu failed to resist this terrifying power. The Emperor Shadow Technique was simply too horrifying. Qin Yu's body was like a kite with a broken string that directly flew out, shattering countless pieces of gravel and leaving behind marks in the void!

If not for the protection of Wu Ji's divine robe, Qin Yu would probably have been smashed, reduced to ashes, and scattered to the winds!

"Emperor Shadow Technique..." Qin Yu murmured. He raised his palm and activated the Star Seal, ruthlessly suppressing Yao Xi.

A light that was like a planet condensed continuously and pressed down on Yao Xi.

However, Yao Xi, supported by Emperor Shadow Technique, was not afraid at all. He raised his large hand and directly split the Star Seal into two!

Qin Yu did not dare to waste even a moment's breath. Following his angry roar, he once again shot toward Yao Xi!

He clenched his golden fist and continuously smashed it at Yao Xi. Meanwhile, Yao Xi did not dodge and chose to meet it head-on.

For a moment, the void rumbled continuously, and large pieces of the void were shattered. If not for the elders supporting Mount Phoenix, the entire space would have been destroyed!

Watching the battle between the two, the shock in everyone's eyes could not be concealed.

Everyone held their breaths, not even dared to blink.

In the blink of an eye, the two had collided hundreds of times. The terrifying fast speed left only traces of light in the void, and it was almost impossible to see the two!

Qin Yu's fist contained the power that could crush everything. Golden light and darkness intertwined in the air like a strange painting scroll. The golden light at times covered the darkness, and the darkness at times spread to the golden light. A loud sound was echoing in the air, and every collision was as shocking as thunder.

Under the impact of these two powerful forces, the sky began to distort. Cracks even appeared as if it was about to be torn apart. Powerful air currents raged in the air forming vortexes that devoured everything around them.

2102 Chaotic Black Hole? Not Worth Mentioning!

At the foot of Mount Phoenix, this powerful air current destroyed numerous trees. They seemed to be swept up by an enormous hurricane, and countless leaves danced in the air, forming green whirlwinds.

The earth began to tremble under the impact of these two powerful forces. Huge cracks spread on the ground like dragons roaming on it. The ground was shaking continuously, and huge rocks were flipping over from the ground as if countless giant beasts were churning underground.

The people at the foot of the mountain were shocked by the power of this battle. They retreated one after another and left the battlefield. Their faces were full of fear. They did not dare to imagine what would happen to them if they were on the battlefield.

Even the elders were ashen. They circulated their true energy with all their might attempting to stabilize the space of Mount Phoenix. However, their strength was very weak in the battle between Qin Yu and Yao Xi.

In the center of the battle, each of Qin Yu's punches was full of immense power. Every time he swung his fist, a golden light would shoot out from his fist, tearing through space and rushing toward Yao Xi.

Yao Xi was unwilling to appear inferior. Every single one of his counterattacks was full of endless darkness. It was a power that could devour everything, causing fear in people's hearts.

The great battle was escalating and clearly reached a tremendously intense and crucial stage. Even though Qin Yu was fighting with all his might, under the augmentation of the Emperor Shadow Technique, Qin Yu was in an increasingly sorry state!

If not for Wu Ji's divine robe, Qin Yu's physical body would probably have been pierced through long ago!

It was also due to Wu Ji's divine robe that Yao Xi could not do anything to Qin Yu for a while!

He was not a True Saint, so he naturally could not directly wipe out Qin Yu's primordial spirit. However, he failed to cause an impact on Qin Yu's physical body by relying on technique, so he was in a deadlock for a moment!

"Wu Ji's divine robe is indeed terrifying," Qin Yu thought to himself.

Relying on this divine robe, Qin Yu even planned to drag this Yao Xi to death!

Once his Emperor Shadow Technique disappeared, Qin Yu would absolutely not be afraid of him!

In this stalemate, Yao Xi's eyes flickered with a cold, sinister light. He knew that he could not let this battle continue. He had to finish off Qin Yu as soon as possible.

Yao Xi's hands began to swiftly form a seal, and an even more powerful dark power began to gather around him. This was his trump card, a technique he called the "Chaotic Black Hole."

The Chaotic Black Hole could devour everything. It had something in common with Xiao Sheng's Rashomon!

"Since I can't kill you, I'll dump you into the void and make sure you're condemned to eternal damnation!" Yao Xi's gaze became even colder, and his killing intent toward Qin Yu became even stronger.

Qin Yu's expression changed drastically. He instantly felt a strong sense of danger!

He could never escape once he was swallowed by that black hole!

That place was like a boundless and endless prison. Stepping into it, one would surely die!

“He’s using deadly force!” Holy Son Jiang narrowed his eyes and muttered.

Sainttess Gu’s face was unprecedentedly solemn. She looked at the black hole that was condensed and said in a low voice, “Qin Yu and Yao Xi are of the same generation. If Qin Yu dies here, even Dean Lei can’t say anything.”

“That’s right,” Holy Son Jiang said in a deep voice. “This Chaos Black Hole is incomparably ferocious. Even if I were to attack, I couldn’t think of a countermeasure either!”

They all came from mysterious aristocratic families and had incredibly terrifying trump card techniques. However, when they faced Yao Xi’s techniques, they felt a headache too.

“Could it be that a new star is about to fall here?” Numerous people had this thought in their hearts.

Qin Yu’s expression was rather ugly. He still could not figure out how to deal with this Chaotic Black Hole.

“Qin Yu, I’m sending you out of this world now. You bring along your secret technique and disappear!” Yao Xi shouted repeatedly.

Qin Yu did not say a word. His mind was constantly deducing the dao techniques, and he even recalled Xiao Sheng’s Rashomon!

Back in Nanzhou, Rashomon was known as being invincible. Once Rashomon appeared, it meant the battle was over. Almost no one survived under his Rashomon.

But subsequently, Rashomon was cracked by Zhao Jing! The scene of Xiao Sheng and Zhao Jing’s fight kept appearing in Qin Yu’s mind!

“Buzz!”

At the same time, the Chaotic Black Hole had fully taken shape!

Yao Xi was dragging a huge black hole with one hand. The black hole was emitting an incomparably mysterious light. Yao Xi looked like a true god, tremendously terrifying!

“Hiss, it’s a black hole!” Someone in the crowd sighed with emotion.

“Wrong! It’s the Chaotic Black Hole empowered by Emperor Shadow Technique! It can devour everything!”

Even Holy Son Jiang and the others exclaimed repeatedly because the pressure of the Chaotic Black Hole was too strong. The pure black caused people nearly not dare to look straight at it!

However, Qin Yu looked at the Chaotic Black Hole in Yao Xi's hand and could not help but laugh heartily.

Seeing Qin Yu laughing wildly, everyone was stunned for a moment.

They looked at Qin Yu with their eyes full of confusion.

"Why are you laughing?" Yao Xi was even more furious and shouted from afar.

Qin Yu looked at the Chaotic Black Hole in Yao Xi's hand and mocked, "Is this also considered an immortal emperor technique? I'm afraid your comprehension is not mature enough!"

Yao Xi frowned slightly. He seemed not to expect Qin Yu to say this.

"It's indeed true that I did not comprehend this technique thoroughly enough," he said with a cold face. "It's far inferior to my family's predecessors, but it's more than enough to deal with you."

Qin Yu sneered and said, "That's true. How can an immortal emperor technique be so shameful?"

"Shameful? Do you know what you're talking about that made you so arrogant?" Yao Xi said angrily.

Holy Son Jiang, watching the battle from afar, could not help but mutter, "This Qin Yu is actually still showing off his eloquence at this time!"

"No, no, no. The Chaotic Black Hole in his hands is indeed not so good." Jue Wu shook her head repeatedly.

Saintess Gu looked at Jue Wu in surprise and said, "This is an immortal emperor technique. Although Yao Xi did not use it to its full potential, it's nearly invincible against cultivators of the same realm. If you can't find a way to crack it, how can you say it's not good?"

Jue Wu smiled and said, "You don't know anything! There's a cultivator in my hometown whose black hole is much stronger than this bullsh*t Chaotic Black Hole! It's bigger, rounder, and darker!"

Holy Son Jiang and Saintess Gu could not help but look at each other, their eyes full of doubt and suspicion.

“Believe it or not, I can’t be bothered to explain to you,” Jue Wu waved her hand and said.

2103 Three Golden Lotuses

The person Jue Wu was talking about was naturally Xiao Sheng and his Rashomon. However, Xiao Sheng was not famous in Zhongzhou, so no one had seen him use Rashomon.

Looking at the Chaotic Black Hole in Yao Xi’s hand, Qin Yu’s eye expression became increasingly determined.

Back then, Xiao Sheng’s Rashomon was also said not to be cracked. However, it was successfully cracked by Zhao Jing in the end.

Now, Qin Yu’s mind was constantly showing the moves that Zhao Jing had used, and he slowly raised his palm.

“Qin Yu, stop pretending. No one can escape from the Chaotic Black Hole,” Yao Xi said coldly while holding the black hole.

Qin Yu ignored Yao Xi and just looked on coldly.

“You’re courting death.” Yao Xi’s voice turned cold. Then he raised his head and shouted. The shadow on the Emperor Shadow Technique was constantly surging, and Yao Xi’s arm was constantly trembling!

“Go to hell!”

Following Yao Xi’s explosive roar, the chaotic space in his hand was thrown toward Qin Yu!

“Rumble...”

A terrifying roar resounded, and the black space emitted incredibly strange light!

Qin Yu’s pupils constricted. Following that, his hands slid in the air, and his fingertips emitted specks of golden halo.

The halo slowly formed a circle in the void. Then, Qin Yu’s hands shook, and the circle pushed toward the Chaotic Black Hole!

“Boom!”

Finally, under everyone’s watchful eyes, the golden halo swiftly collided with the Chaotic Black Hole, creating a violent collision!

Before anyone could exclaim, the golden halo was swallowed by the Chaotic Black Hole!

“Hmm? Just this?” For a moment, everyone was puzzled!

From Qin Yu’s expression, he thought he could easily deal with the Chaotic Black Hole, but now, it did not even cause a ripple!

“You’re courting death.” Seeing this, Yao Xi could not help but sneer.

However, his smile did not even last for half a second before his expression slightly changed.

With a thought, a drop of blood essence flew out from Qin Yu’s glabella and soon entered the black hole!

“Buzz!”

Golden Light suddenly appeared, almost illuminating the entire black hole!

“What’s that? Golden light!”

“Wasn’t that Golden Light devoured just now? Why did it reappear now?”

“Could it be...”

Soon some people at the scene guessed Qin Yu’s thoughts, while Holy Son Jiang narrowed his eyes slightly as if he had guessed Qin Yu’s thoughts.

“Could it be that he wants to blow up the Chaotic Black Hole?” Holy Son Jiang whispered.

“This Chaotic Black Hole is said to be able to swallow everything,” Saintess Gu said with a smile. “It’s unlikely that it will explode from the inside.”

But just as she finished speaking, the words that reached the tip of her tongue suddenly stopped.

In the Chaos Black Hole, the golden light became even more dazzling. As Qin Yu’s second drop of blood essence entered, the golden light instantly became even more dazzling. A force filled with destruction and calamity was continuously surging.

Qin Yu’s looked calm as his fingers slid rapidly in the air as if he was drawing some kind of complicated runes. Every drop of blood essence was infused with immense power as it filled the golden halo that was being devoured by the black hole.

He knew well that this was his only chance. If he failed, he would be swallowed by the Chaotic Black Hole permanently and disappear from this world.

The golden light grew increasingly stronger in the Chaotic Black Hole. The powerful force caused the surrounding space to begin to fluctuate subtly.

“What is it? This...” Yao Xi’s expression changed drastically. He could feel the power within the Chaotic Black Hole was continuously increasing. It was a power that he could not control.

His hands quickly formed a seal, trying to stabilize the power of the Chaotic Black Hole. However, he found the uncontrollable power was rapidly eroding his soul.

“Impossible! I will never let you succeed!” Yao Xi roared. He grabbed the black hole tightly with both hands, trying to suppress the powerful force.

However, Qin Yu did not give him the chance. His finger drew complex runes in the void. Each rune contained a powerful force that was directly injected into the Chaotic Black Hole.

The golden light grew increasingly brighter until it almost illuminated the entire Chaotic Black Hole. The power of destruction and calamity made everyone feel intense pressure.

“Rumble...”

Finally, after Qin Yu injected the third drop of blood essence, the golden light in the Chaotic Black Hole burst out with intense light. At the same time, the power in the Chaotic Black Hole also reached its limit.

“Bang!”

Under everyone’s astonished gazes, the Chaotic Black Hole suddenly exploded. A powerful force erupted from it, instantly shattering the surrounding space.

A terrifying roar resounded continuously, surging in all directions, and the deafening sound shattered numerous people’s eardrums!

In the center of the explosion, Qin Yu stood there calmly. His figure appeared immensely tall within the golden lights like an inviolable god.

Yao Xi was sent flying by the impact of the explosion. His body kept rolling in the air, and his face was full of fear.

He had thought that the Chaotic Black Hole could devour everything, but he did not expect Qin Yu to be able to use his blood essence to detonate the Chaotic Black Hole. This method was really unimaginable.

“This... How is this possible...” Yao Xi looked at the center of the explosion in shock. He could not believe his eyes.

The others were the same. They looked at the center of the explosion in shock. They could not believe that Qin Yu did it.

“Qin Yu... He actually did it...” someone exclaimed.

“He blew up the Chaotic Black Hole...”

The entire scene fell into dead silence for a moment. Everyone was shocked by Qin Yu’s method.

Even Holy Son Jiang and Saintess Gu were slightly stunned as if they did not expect Qin Yu to actually crack this secret technique!

Only Jue Wu looked calm. She muttered, “This Chaotic Black Hole is nothing compared to Rashomon.”

Just as Jue Wu had said, compared to Xiao Sheng’s Rashomon, this Chaotic Black Hole was too inferior!

If Qin Yu were attacked by Xiao Sheng, he would not have been able to crack this technique so easily!

“Yao Xi, it’s a pity that your Chaotic Black Hole isn’t used to its full potential,” Qin Yu said coldly.

Yao Xi gritted his teeth and shouted, “Don’t be happy too early. This is just the beginning! The secret techniques of my Yao family are endless, and I can kill you like an ant!”

“Is that so?” Qin Yu sneered and said. Could it be that you can forcefully erase my divine sense? If you can’t do that, you will definitely lose today!”

“Bullsh*t! No matter what price I have to pay today, I must kill you!” Yao Xi raised his head and roared furiously. The Emperor Shadow Technique was instantly unleashed to its extreme!

Following that, Yao Xi opened his mouth and spat out golden lotuses!

2104 The Great Destruction Technique

The three golden lotuses appeared and emitted an immensely destructive power!

That power constantly surged, and a sense of danger instantly swept across everyone!

Qin Yu's expression changed. He could not help but step back, and his eyes emitted a hint of fear!

He could clearly feel the terrifying power contained within the three golden lotuses! Even with Wu Ji's divine robe, Qin Yu still felt a chill down his spine!

"Is this Yao Xi crazy?" Not far away, Holy Son Jiang's expression changed drastically!

He quickly looked at everyone and shouted, "Everyone, leave this place immediately!"

The crowd, who were already frightened, turned around and fled upon hearing this.

Even Saintess Gu's face turned pale. She grabbed Jue Wu and dashed to the distance as fast as she could!

The three golden lotuses had a tremendously extraordinary background. They were the treasures passed down by the Yao family's ancestors for saving lives.

And these three golden lotuses could only be possessed by the Holy Son.

Now that Yao Xi was using this item in a battle with his peer, it was evident that Yao Xi had gone completely crazy!

"Qin Yu, today, I will definitely kill you!" Yao Xi bellowed repeatedly, and the three golden lotuses in his hands were even more ever-changing and unpredictable.

One of the golden lotuses hovered above Yao Xi's head, while the other two emitted a terrifying destructive power that constantly flickered.

At this moment, Qin Yu was also panicking. He hurriedly took out the Mysterious Heavenly Mirror and adjusted his internal qi to the extreme!

But even so, Qin Yu still felt immensely uneasy!

This kind of uneasiness came from the depths of his bones, and he could not resist at all!

"Worst scenario... I can only escape!" Qin Yu cursed in his heart.

However, once Qin Yu escaped, it would mean he had lost this battle!

It was so difficult for Qin Yu to accept. He was in such a sorry state in his first battle after becoming a Semi-Saint. He was afraid that his dao mind would be destroyed!

“Protecting my life is more important!” Qin Yu gritted his teeth and planned to escape.

Qin Yu also knew very well that once he chose to escape, Yao Xi would probably put away the three golden lotuses! After all, these flowers were incomparably precious, and there were only three in the entire Yao family!

Just as Qin Yu was planning to escape, a light suddenly flashed in his mind!

This light... actually came from another divine sense? The divine sense left in the Traceless Immortal Scripture?

“It’s a secret technique of Wu Ji?” Qin Yu was instantly overjoyed!

At this critical moment, Qin Yu actually comprehended the secret technique in the Traceless Immortal Scripture!

“Great Destruction Technique!” A few big words flashed across Qin Yu’s mind. At this critical moment, Qin Yu actually comprehended Wu Ji’s supreme secret technique!

This secret technique was powerful and overbearing. In Wu Ji’s hands, it had once dominated everything! Who knew how many enemies he had killed in the path ahead of him?

He combined his physical body and spiritual power to the extreme and simplified his techniques to the utmost without any unnecessary complexity or hesitation. He had simplified all the dao techniques and fused them into one punch!

“Ah!”

Qin Yu shouted angrily. The Great Destruction Technique blossomed in his hands, radiating brilliance and engulfing mountains and rivers. Its radiance surged relentlessly, almost overwhelming and suppressing everything in its path!

After this punch, the word “destruction” could be seen faintly in the void. Its terrifying full power swept through the ages, deafening everyone. The entire universe trembled!

The Great Destruction Technique, its exceptional bravery, and fearlessness surpassed the world, and it was a secret technique of Wu Ji!

Wu Ji had always been known for being domineering. When facing his enemies, he would push them all. In his life, he would only sweep through everything!

At this moment, the secret technique had been passed down to Qin Yu. With his chaotic body, he threw out an incredibly domineering punch!

“Boom!”

The three golden lotuses collided violently with the word “destruction”!

What kind of terrifying collision was this? It had caused the spanning across all realms, reaching the farthest reaches of the heavens and the deepest depths of the earth, to tremble. That terrifying light covered everything!

The two terrifying forces collided in the air, causing a destructive explosion. An enormous light seemed to illuminate the entire world. The white light rushed into the sky, straight into the farthest reaches of the heavens as if it wanted to tear the sky apart. The light was so intense that it was impossible to look at it directly. It was a vast expanse of whiteness and even the most powerful divine sense could not penetrate.

Within the light, numerous rays of light and energy shockwaves spread out in all directions like a crazy storm wreaking havoc in the air. This shockwave was so strong that it could crush everything, causing endless fear to people.

Soon the few Yao family elders who were responsible for maintaining the battlefield could not take it anymore. Their faces turned pale as they spat out blood. Then they staggered back a few steps as their expression instantly turned tremendously pale!

“D*mn... Hurry up and retreat!”

Even if they were tremendously powerful, they could not withstand the collision between the two!

A few of them quickly fled far away as if they might be left behind here if they were a little slower!

The earth trembled under this power, and numerous cracks appeared on the ground, spreading like a massive spider web. The earth was instantly torn apart, forming a tremendous abyss that seemed to devour everything.

Those who were watching the battle retreated one after another under this destructive power, their faces revealing shock and fear. In front of this power, they felt infinitely weak, like a grain of sand in the sea, unable to resist.

In the sky, the collision between the three golden lotuses and the word “destruction” was like the final battle between heaven and earth. That destructive internal qi seemed to be about to devour the entire world, making people feel the fear of the end of the world.

In just a short while, the entire battlefield had changed beyond recognition. At this moment, everyone held their breaths in fear, waiting for the outcome of this terrifying conflict.

“Is this just a confrontation between two Semi-Saints...” The crowd watching from afar could not help but sigh. Many Semi-Saints came to watch, but their eyes were filled with a strong sense of helplessness.

Holy Son Jiang could not help but shake his head and say, “Even if it were me, I would probably die under their secret techniques.”

“How did Qin Yu do it? Could it be that he really can resist this golden lotus?” Saintess Gu sighed softly.

At this moment, Teng Zixu walked over.

“It’s Wu Ji’s Great Destruction Technique,” he said quietly.

“Great Destruction Technique?” Holy Son Jiang and Saintess Gu looked up at Teng Zixu at the same time.

“Mmm. Wu Ji’s ‘Great Destruction Technique’ could sweep through everything. It’s domineering and peerless. In the past, Wu Ji could even rely on this technique to kill an immortal emperor whose vitality had been completely drained. It’s just that Qin Yu might not be able to unleash such terrifying might,” Teng Zixu continued.

Holy Son Jiang pursed his lips and muttered, “This kid actually obtained the Traceless Immortal Scripture and even comprehended it!”

“I seem to have heard of the Great Destruction Technique,” Saintess Gu also said in a low voice.

Only Jue Wu said anxiously, “Will anything happen to Qin Yu?”

2105 Defeated!

Jue Wu looked incomparably anxious. She even wanted to charge into the battlefield. However, the aftershock of this battle was too terrifying. The pressure emitted alone made it impossible for others to take even half a step forward!

“No one would dare to jump to conclusions for a battle of this scale until the very last moment,” Teng Zixu shook his head and said.

Saintess Gu walked over with a smile and comforted her, “You should know Qin Yu’s strength better than us. Moreover, he had Wu Ji’s divine robe and the Mysterious Heavenly Mirror. They should be able to protect him.

Furthermore, he had already comprehended Wu Ji's Great Destruction Technique, which was a very overbearing attack. He should be able to resist Yao Xi's golden lotus."

Teng Zixu and the others were silent. They all knew that Saintess Gu was just comforting Jue Wu because they all knew what the three golden lotuses meant.

On the battlefield, Qin Yu's punch had boundless power as it collided with the two golden lotuses.

The surroundings turned into a sea of energy. One of the golden lotuses wrapped around Yao Xi, while the other two constantly surged with terrifying power!

Qin Yu's entire body was enveloped by this power. If he failed to destroy these two golden lotuses as soon as possible, he would be completely devoured sooner or later!

"Ah!"

Qin Yu raised her head and roared angrily. The word "destruction" became even clearer, and his strength increased too!

The Great Destruction Technique was incomparably terrifying, but this was Wu Ji's close-bodied technique after all. It could not fully unleash its power in Qin Yu's hands at all!

The origins of Yao Xi's two golden lotuses were too mysterious. It was almost impossible to defeat them in a short time!

"With my ability, I'm already quite exhausted to unleash this punch..." Qin Yu muttered in pain.

No one knew how terrifying it was for Wu Ji to throw out hundreds of punches casually!

Standing in the center of the sea of energy, Qin Yu was surrounded by two scorching hot golden lotuses.

His body had already started to turn blurry as if he would be devoured by the endless power at any moment.

His face turned pale as paper, and his hands were trembling non-stop because of the extreme consumption of his energy.

Qin Yu knew that this might be his last attack. He needed to make this punch strong enough to resist the power of the golden lotus.

Qin Yu took a deep breath and slowly raised his fist. His body began to flash with an intense light. That was the light of the Great Destruction Technique!

His eyes were full of determination, but at the same time, they were full of anticipation. He hoped that this punch could destroy everything. He hoped that this punch could lead him away from the brink of life and death. He closed his eyes tightly and felt the power surging in his body with all his might.

Soon, Qin Yu's body began to tremble. That was because the power of the Great Destruction Technique was gathering in his body. A gleam of determination flickered in his eyes, and the radiance of faith rejuvenated him!

Qin Yu understood deep down that no matter what, he could not be defeated here!

"I may not be able to throw hundreds of punches, but can't I at least throw a second punch?"

The surrounding air seemed to have been torn apart by his fist. The sea of energy began to fluctuate violently, and the golden lotus trembled in front of his fist.

At that moment, the entire world seemed to have fallen silent. All sounds were swallowed by his fist, and all light was covered by his fist.

After that, his fist slammed onto the golden lotus. It was a shocking power that could change the world.

Qin Yu's fist left a deep mark on the golden lotus. Then the golden lotus began to tremble. Under this punch, the ground collapsed once again! Everything was gone!

"Ah!" Qin Yu's roar spread throughout all directions and regions. The second punch of the Great Destruction Technique erupted with the power to destroy the world!

"Crack!"

With a crisp sound, cracks began to appear on the two golden lotuses!

Before the crowd could exclaim in surprise, another cracking sound rang out!

The golden lotuses began to shatter. Then they broke inch by inch and soared into the sky, turning into a rain of light scattered all over the sky!

It was a tremendous spectacular scene, a scene that would be unforgettable. This scene could even be described as exquisite.

Countless people raised their heads to look at the falling light spots and were stunned.

“How beautiful...”

“It’s like a rain of light that cleanses the entire world...”

Everyone’s exclamations echoed in the air. Even those who had been watching from the edge of the battlefield were deeply shocked by this scene.

Nevertheless, under this beautiful rain of light, some people came back to their senses.

They hurriedly looked at the center of the battlefield and held their breaths, waiting for the outcome of this battle.

On the battlefield, Qin Yu panted slightly. His body had stretched to its limit, and his mental strength had also been exhausted. He almost could not support his body anymore, and his face was as pale as paper.

If Yao Xi did not fall, Qin Yu would fall subsequently!

Finally, the rain of light disappeared. Qin Yu stared at the other end of the battlefield, and his heart was in his mouth.

Through the rain of light, a figure could be seen standing there.

Qin Yu’s heart thumped, and his expression changed drastically!

Could it be that this Yao Xi had other trump cards?

“You...” Qin Yu opened his mouth and was about to say something when he heard a loud bang.

Following that, Yao Xi fell straight to the ground.

His breathing became extremely weak as he fell to the ground and panted with difficulty.

The Emperor Shadow Technique on his body had long disappeared. Blood stained his body red, and his body nearly shattered.

Seeing this scene, Qin Yu finally heaved a sigh of relief.

He rallied his spirits, looked at Yao Xi coldly, and said, “Yao Xi, you lost, but I don’t want to kill you. I’ll spare your life for now.”

Yao Xi, lying on the ground, did not say a word. His eyes were empty as he gazed at the sky. No one knew what he was thinking.

Qin Yu felt a sweet taste in his throat and had a strong urge to spurt out blood. However, he took a deep breath and sealed his acupoints, forcefully suppressing it.

“Yao Xi, I hope you take care of yourself,” Qin Yu said coldly.

After saying this, Qin Yu turned around and was about to leave.

“Where are you going!”

At this moment, those few elders of the Yao family suddenly rushed over and blocked Qin Yu’s way.

Their bodies emitted terrifying killing intent, and their eyes were extremely gloomy.

Qin Yu coldly glanced at them and said, “What? The Yao family has lost this battle, but now you want to ruin your integrity?”

The elders were speechless, but their hearts were full of unwillingness!

Their Holy Son had been defeated just like that! No one could accept this!

2106 It Shocked the World

Qin Yu coldly glanced at the several elders of the Yao family and said, “I don’t believe the Yao family would do such a despicable thing in front of everyone. But of course, even if you are shameless, I, Qin Yu, am not afraid.”

After saying that, with a loud shout, Qin Yu forcefully adjusted his internal qi to the extreme!

A terrifying internal qi swept out, shaking in all directions!

Everyone was instantly shocked!

“After experiencing such a great battle, Qin Yu still has such terrifying battle prowess!”

“From the looks of it, Qin Yu hasn’t used his full strength yet!”

“It’s terrifying, too terrifying! Where is Qin Yu’s peak state?”

Everyone was discussing animatedly, but the faces of the Yao family’s elders were ashen.

They snorted coldly and said, “My Yao family would never do such a thing. But let me tell you, Qin Yu, you’ve long made enemies with the people of the world. It’s only a matter of time before you die!”

“That you don’t have to worry,” Qin Yu said coldly.

After saying this, Qin Yu turned around and left.

He walked toward the crowd. Before he could get close, Jue Wu had run over. She threw herself into Qin Yu's arms and said excitedly, "I knew you would be fine!"

Qin Yu's face turned pale. He lowered his voice and said softly, "Quick, I can't hold on any longer. Let's quickly leave this place..."

Jue Wu was quick-witted. She quickly understood Qin Yu's meaning and hurriedly transferred true energy to him. After that, she quickly left the place with Qin Yu.

Everyone wanted to come forward to congratulate him, but Qin Yu did not give them the chance at all. He left the place extremely fast, hiding her achievements and fame.

Seeing Qin Yu's back quickly disappear, everyone was stunned for a moment.

"Qin Yu... He..."

"This is too shocking! He actually broke through Yao Xi's golden lotus defense. This kind of power... is unbelievable!"

"I thought he had reached his limit. I didn't expect him to have remaining strength. It's unbelievable!"

"That's right, Qin Yu's battle prowess is simply beyond imagination. Yao Xi's strength is already unrivaled in our eyes, but in front of Qin Yu, he's like a fragile paper!"

"This is clearly not his true strength! Most importantly, he did not have any intention to show off at all. He just turned around and left!"

"The demeanor of a top-notch martial artist. This is the demeanor of an expert!"

The discussions were endless, and everyone's faces were full of surprise and shock. Qin Yu's strength had undoubtedly broadened their horizons.

As for the Yao family's elders, their expressions were extremely ugly at this moment. They did not expect Qin Yu to still have the strength to escape under such circumstances. This instilled a profound sense of terror in them.

"We have to find him as soon as possible. Otherwise, once he recovers his strength, the consequences will be unimaginable!" an elder said in a deep voice.

The others nodded solemnly. They understood the seriousness of this matter.

While everyone was discussing animatedly, Jue Wu had already brought Qin Yu away from this place and disappeared from everyone's sight.

Qin Yu's body was tremendously weak at this moment. Although there was still determination in his eyes, his body could no longer support him to continue walking.

"Don't be afraid. I'll take you away from here," Jue Wu patted Qin Yu's head and said.

"Thank you very much..." Qin Yu said weakly.

Jue Wu did not say anything. Bringing Qin Yu along, she rushed toward a city.

Qin Yu was in urgent need of rest and also needed the transfer of true energy. It was obviously unrealistic to return to Thunder Courtyard directly.

Thus Jue Wu brought Qin Yu to a city called "Quiet Wind City." It was located between Qin Yu's location and Thunder Courtyard. It was a big bustling city with convenient transportation and bustling streets and crowded areas due to the significant flow of pedestrians.

After entering Quiet Wind City, Jue Wu checked in a quiet inn and settled Qin Yu down.

Although they were in a foreign land, Jue Wu was very careful with Qin Yu's treatment and did not dare to be careless at all. She stayed by Qin Yu's side the whole time, transferring true energy to him and at the same time, using pills to treat his injuries.

Looking at Qin Yu's gradually stabilizing internal qi, the worry in Jue Wu's heart also lessened a little.

At this time, Qin Yu had already fallen into a deep sleep. Although his face was pale, his breathing had become much more stable.

After Qin Yu settled down, Jue Wu left the inn. She needed to find some herbs in case of emergency.

In the Yao family, the elders of the family had ugly expressions on their faces.

They learned from the witnesses that Qin Yu had escaped, which shocked them tremendously.

"That Qin Yu actually has such strength..."

"We must find him as soon as possible. Otherwise, the consequences will be unimaginable..."

Turning around, they saw Yao Xi lying on the bed, half-dead. Clearly, he was severely injured.

What was even more unacceptable was that Yao Xi had lost three golden lotuses.

The outside world only knew that the three golden lotuses were for saving lives, but they did not know that three golden lotuses were equivalent to three lives.

As long as their primordial spirits were not destroyed, they could be revived perfectly.

But now, to defeat Qin Yu, Yao Xi had used all three golden lotuses.

Most importantly, he did not win!

It was a great insult to everyone.

The outside world was discussing this matter animatedly. Almost the entire Holy Region was discussing this matter.

“Yao Xi lost, and it was such a tragic loss!”

“That Qin Yu’s strength is too terrifying!”

“I’m afraid the Yao family will suffer heavy losses this time. Yao Xi’s strength has been greatly damaged, and it will take a long time for him to recover.”

“I heard that Qin Yu hasn’t used his full strength yet. If that’s true, then how strong is he?”

All these made the elders of the Yao family feel even more uneasy. They had to find Qin Yu as soon as possible. Otherwise, the consequences would be unpredictable.

In the inn in Quiet Wind City, Qin Yu was still in a deep sleep. His injuries were slowly recovering, and Jue Wu was also constantly sending true energy to him to help him recover.

Seeing Qin Yu’s condition gradually improved, Jue Wu heaved a sigh of relief. Several days passed.

Qin Yu, lying on the bed, finally opened his eyes slowly.

He spat out a mouthful of black blood, and his pale face instantly gained a hint of rosy color.

“You’re awake!”

Seeing Qin Yu wake up, Jue Wu was incredibly excited.

Qin Yu rubbed his eyes and said, "How long have I been unconscious?"

"I don't remember, but it's been a long time anyway." Jue Wu counted with her fingers for a long time, but still could not figure it out.

Qin Yu frowned slightly and said, "During this period... Did anyone come and look for trouble?"

"No, it's very quiet," Jue Wu said.

Qin Yu heaved a sigh of relief. He slowly got up from the bed and went to the window.

A bustling scene could be seen by the window with crowds of people and an extraordinary liveliness.

2107 Alchemist Association

"Accompany me for a walk," Qin Yu said.

"Okay." Jue Wu nodded and accompanied Qin Yu out of the inn.

This city was called Quiet Wind City. Contrary to its name, the city was bustling with noise and vibrant with activity.

There was a large trading market in the center of the city, which was the most prosperous place in the city. Every day, numerous merchants and adventurers were trading all kinds of rare treasures and resources there.

Qin Yu and Jue Wu came to this trading market. Shuttling among the many stalls, they were looking for things that might be useful.

Suddenly, Qin Yu's gaze lingered on a stall. He walked over and looked at a strange stone on the stall.

The stone was about the size of a fist and light yellow in color. There were some strange patterns on its surface.

"This is..." Qin Yu's eyes flashed with surprise.

"This is a soul stone," seeing Qin Yu's expression, the stall owner immediately explained. His eyes were full of eagerness. "It's a precious soul stone. It can help people restore their primordial spirit. It's an excellent support tool for cultivators like you guys."

Qin Yu was interested. He happened to need something like this to help him restore his primordial spirit.

"How much is it?" Qin Yu asked.

The stall owner smiled and revealed a cunning expression. “Young hero, it’s a rare soul stone. I’m asking for one million spirit coins.”

Qin Yu frowned slightly. This price was clearly inflated. He was about to open his mouth to bargain when Jue Wu, beside him, impatiently took out one million spirit coins and threw them to the stall owner.

“Here you go,” Jue Wu said.

Qin Yu smiled helplessly. He knew Jue Wu was worried about his injury. Thus she was in a hurry to buy this soul stone.

After paying, Qin Yu and Jue Wu prepared to leave. But at this moment, a voice suddenly sounded.

“Wait, this price doesn’t seem right.”

It was the voice of a middle-aged man. Looking at the soul stone in Qin Yu’s hand, a strange look flashed in his eyes.

“Brother, what did you see?” Qin Yu looked at the middle-aged man with his eyes full of doubt.

The middle-aged man walked over and sized up the soul stone in Qin Yu’s hand seriously. Then, he slowly opened his mouth and said, “This soul stone should be worth more than one million spirit coins.”

When Qin Yu and Jue Wu heard this, they were very surprised. They did not expect the value of this soul stone to be higher than they had imagined.

“How did you know?” Qin Yu asked.

He placed the tool on the soul stone and observed it carefully for a while before saying, “This soul stone isn’t an ordinary soul stone. It contains tremendously powerful spiritual power. Such a treasure can be sold for at least five million spirit coins in the market.”

When Qin Yu and Jue Wu heard this price, they were tremendously shocked. They did not expect to buy such a valuable treasure at such a cheap price.

The stall owner was also shocked. He obviously did not expect this soul stone, which he thought was only worth one million spirit coins, to be worth five million spirit coins.

Looking at the stall owner’s shocked expression, the middle-aged man smiled. Then he said to Qin Yu and Jue Wu, “Congratulations, you guys have scored a big bargain this time!”

Qin Yu frowned slightly. He looked at the mysterious middle-aged man in front of him and said in a low voice, "May I know your name?"

The middle-aged man replied indifferently, "My name is Hu Kai, and I'm from the Artifact Refining Guild."

"As expected," Qin Yu thought to himself.

Qin Yu had heard a little bit about the Artifact Refining Guild. It was an organization that was as famous as the Alchemist Association. However, it was extremely difficult to enter the Artifact Refining Guild. Ordinary people could only go to Divine Fortuity City. They were not qualified to go to the Artifact Refining Guild to search for treasures.

"You should be Qin Yu, who has been in the limelight recently," Hu Kai suddenly said.

Qin Yu's brows instantly furrowed even tighter, and he had a sense of unease in his heart.

"You're Qin Yu? You're the famous Qin Yu?" When the stall owner heard this, he was incomparably excited!

He ran to Qin Yu and said excitedly, "Mr. Qin defeated the Yao family's Holy Son in one go and left in a carefree manner. You're the role model of our generation. I didn't expect to see the famous Qin Yu here today!"

Qin Yu was slightly embarrassed. He did not expect his reputation to have reached such a level.

The stall owner at the side chattered non-stop, but Qin Yu looked at Hu Kai with apprehension.

"Mr. Qin, you don't have to worry about the nine great aristocratic families. It has nothing to do with us," Hu Kai seemed to have seen through the doubt in Qin Yu's heart and immediately smiled and said.

"May I know why Senior has come here?" Qin Yu said in a deep voice.

"I want to take you to see someone," Hu Kai put his hands behind his back, smiled, and said.

"To see someone?"

Hearing this, Qin Yu and Jue Wu immediately became extremely vigilant.

Jue Wu stepped forward and shielded Qin Yu behind her.

"Mr. Qin, don't worry. You know this person. He's from the Alchemist Association," Hu Kai continued.

Qin Yu was stunned.

Alchemist Association? Could it be Pavilion Master?

Qin Yu was instantly excited! The Pavilion Master of the Divine Alchemist Pavilion was a benefactor to Qin Yu. It was just that he never had the chance to meet her because ordinary cultivators were not qualified to enter!

But now, this middle-aged man in front of him claimed to want to bring Qin Yu to the Alchemist Association. How could he not be excited?

“Why should we believe you?” Jue Wu’s words reminded Qin Yu.

Qin Yu came to his senses. He looked at Hu Kai in front of him, frowned, and said, “That’s right. Why should I believe you?”

“Hahaha!” Hu Kai couldn’t help but laugh out loud. “Don’t worry, he’s waiting for you nearby, so we don’t have to go far. Of course, you can reject if you don’t want to go.”

After saying that, Hu Kai turned around and left.

Qin Yu stood behind him and hesitated for a moment. Then he gritted his teeth and quickly chased after him.

“Qin Yu, why do I feel that this fellow doesn’t look like a good person?” Jue Wu whispered beside Qin Yu.

“It’s alright. If it’s really a trap, I can still escape,” Qin Yu said in a deep voice.

“Moreover, not many people in the Holy Region know about my relationship with Alchemist Association. Even if they want to set a trap, they don’t have to use the Alchemist Association to attract me.”

Thus Qin Yu and Jue Wu followed behind Hu Kai and walked forward.

After walking for a long time, Hu Kai brought Qin Yu to a rather quiet private courtyard. Although this courtyard was small, the layout was exquisite. Every part of it revealed a peaceful atmosphere.

Bringing Qin Yu and Jue Wu along, Hu Kai walked toward the depths of the courtyard.

2108 The Vice President

They walked into the courtyard and came to a small building. Hu Kai went upstairs first, followed by Qin Yu and Jue Wu. When they went upstairs, Hu Kai stopped in front of a door and knocked on it.

“Please come in.” A familiar voice came from the room.

Hu Kai pushed open the door, then Qin Yu and Jue Wu followed him into the room. In the room, an elderly man sitting at a desk was reading a book attentively.

He wasn't tall, but his expression was rather cold and stern. The faintly discernible internal qi he emitted was extremely overbearing.

Seeing Qin Yu and Jue Wu enter, the elderly man raised his head and said with a smile, "You guys are here."

"You are..." Seeing this elderly man, Qin Yu immediately frowned.

This person was not the Pavilion Master, but the elderly man who had fought with Qin Yu for the Beast Spirit Pill at an auction!

"What? You don't recognize me anymore?" the elderly man said as he was pouring tea.

Qin Yu came to his senses and hurriedly said, "It's you, Senior!"

The elderly man waved his hand, indicating for Qin Yu to sit down. Then he called out to Qin Yu and said indifferently, "Since you came to Zhongzhou, why didn't you look for me?"

Qin Yu laughed bitterly and said, "Senior, ever since I came to Zhongzhou, I've been plagued with evil things. How did I dare to disturb you?"

"Oh? Is that true?" the elderly man said indifferently.

Qin Yu was a little embarrassed for a moment. In fact, he had long forgotten about this matter.

Moreover, it seemed to be just a polite remark at that time. Given Qin Yu's personality, he would not stoop to flattery.

"Let me introduce. This is the vice president of the Alchemist Association, Li Shen," Hu Kai, sitting at the side, said indifferently.

Qin Yu was shocked.

He did not expect this person to be the Alchemist Association's vice president!

Qin Yu was even more shocked that this Alchemist Association and the Artifact Refining Guild actually had such a close relationship!

"Qin Yu, I've seen for myself your talent in alchemy. Are you interested in joining the Alchemist Association?" Li Shen went straight to the point.

Looking at Li Shen in a daze, Qin Yu could hardly believe these words.

As Qin Yu had offended too many people, a normal person might want to avoid him desperately. Why did he invite him proactively?

“What? You’re unwilling?” Li Shen took a sip of tea and said indifferently.

“To tell you the truth, I’ve seen many talented people,” Li Shen said indifferently. “Although your talent is indeed impressive, it’s really not worth me personally inviting you.”

Qin Yu did not dare to say anything and waited for him to continue.

“However, someone has recommended you to me,” Li Shen said indifferently.

Qin Yu was silent for a moment before saying, “Is the person you’re talking about Ji Yuhong?”

“That’s right,” Li Shen answered right away.

“According to her, your talent is even above hers. Although I don’t quite believe it, I’m still willing to recruit you to join the Alchemist Association,” Li Shen said with a faint smile.

“Is she doing fine now?” Qin Yu asked hurriedly.

“Don’t worry, she’s fine. You should take care of yourself.” Li Shen could not help but shake his head.

Qin Yu smiled bitterly and said, “President Li, I now can be said the public enemy of the nine great aristocratic families. If I join the Alchemist Association at this point, I will likely bring trouble to the Alchemist Association...”

“Hahaha!” Li Shen waved his hand and said, “Do you think the nine great aristocratic families will attack the Alchemist Association? Moreover, you have Thunder Courtyard backing you up.

“The Alchemist Association, the Artifact Refining Guild, or Thunder Courtyard, any of these alone might not be sufficient to cause fear to the nine great aristocratic families. However, once the three join forces, no one in the Holy Region would dare to show disrespect.

“To tell you the truth, other than because of your talent and Ji Yuhong, I’m inviting you to join the Alchemist Association for another reason.”

“Because of Thunder Courtyard?” Qin Yu asked in a deep voice.

“That’s right!” Li Shen nodded in satisfaction.

“All these years, our Alchemist Association has always been seeking opportunities to cooperate with Thunder Courtyard. We have wanted Dean Lei to establish an exclusive peak for the Alchemist Association in Thunder

Courtyard to recruit talents. Unfortunately, Dean Lei has repeatedly rejected us. However, with you around, there might be a chance,” Li Shen said with a smile.

“Why doesn’t your Alchemist Association set up a separate academy to recruit talents?”

“That doesn’t conform to my Alchemist Association’s initial intentions. You can also see that the Alchemist Association’s reputation in the Holy Region isn’t considered great. It’s because our Alchemist Association is unwilling to be tainted by the secular world,” Li Shen explained.

“Oh, isn’t that a b*tch building a chastity memorial arch?” Jue Wu muttered softly.

Qin Yu’s face darkened, and he could not help but break out in cold sweat.

As for Li Shen, he could not help but burst into laughter.

“Your words may be rough, but the underlying meaning is valid,” Li Shen said with a faint smile. Then, he looked at Jue Wu and said, “You must be the personal disciple of Dean Lei?”

“That’s right.” Jue Wu did not hide anything and immediately responded.

“With the help of the two of you, I believe Dean Lei will agree.”

Qin Yu was silent as if he was considering it.

“I can give you a few days to consider.” Li Shen immediately expressed his stance when he saw the situation.

Qin Yu laughed bitterly and said, “Although I yearn for the Alchemist Association, my aspiration is not focused on this. I’ll definitely visit you if there’s a chance in the future.”

After saying this, Qin Yu looked at Jue Wu and continued, “President Li, if you want to cooperate with Thunder Courtyard, you don’t have to go through me. Jue Wu’s help is sufficient.”

Qin Yu had too many things to do at the moment. How would he have the mood to refine medicine?

Moreover, the day of the Path of Heaven was about to come. At that time, Qin Yu would probably be wandering the world far and wide with Yan Ruoxue.

“Are you really not joining?” Li Shen said in a deep voice.

Qin Yu nodded emphatically and said, “I’m really sorry. I have failed to live up to your kind intentions.”

“Alright, I won’t force you then.” Li Shen waved his hand.

Qin Yu bowed slightly to express his apology.

At this moment, Qin Yu suddenly thought of something.

“Oh yes, President Li, I would like to trouble you with something,” Qin Yu hurriedly said.

Li Shen nodded slightly, indicating for Qin Yu to continue.

Thinking of Yao Meng, Qin Yu frowned and said. “I have a friend who has been infected with a deadly poison. She is unable to cultivate now. In this world, only the Alchemist Association can save her. Therefore, I...”

“No.” Li Shen shook his head. “According to the rules of the Alchemist Association, we absolutely won’t make a move. Even the nine great aristocratic families have to depend on our mood.”

Qin Yu sighed and could only nod helplessly.

At this moment, Li Shen swiftly changed the subject and continued, “But... If you join the Alchemist Association, the Alchemist Association will have a valid excuse to help your friend.”

2109 The Quick-witted Jue Wu

Qin Yu sighed, waved his hand, and said, “Forget it.”

In the current situation, he could only let Yao Meng wait.

“Wait!” Just as Qin Yu felt dejected, Jue Wu suddenly shouted at the side.

She ran to Li Shen, slammed the table, and said, “You want me to plead with Old Man Lei, right?”

Li Shen was startled. Facing the somewhat unruly Jue Wu, he had no choice but to nod.

Pointing at Qin Yu, Jue Wu said, “You want my help? Sure, but you have to agree to Qin Yu’s request first!”

Li Shen laughed bitterly and said, “This isn’t something I alone can decide. The Alchemist Association has its rules. I can only...”

“What rules? It’s none of my business! In that case, forget it!” Jue Wu rolled her eyes.

Then she held Qin Yu’s hand and said, “Let’s go!”

Li Shen sat there dumbfounded as if he didn't expect Jue Wu to have such a hot temper.

Seeing Jue Wu and Qin Yu about to leave, Li Shen said helplessly, "I can try to suggest to the dean, but I can't guarantee he'll agree..."

"I can try to suggest to Old Man Lei, but I can't guarantee he'll agree..." Jue Wu said, imitating Li Shen.

Li Shen was instantly speechless.

Without a doubt, Jue Wu already had complete control over Li Shen.

Li Shen shook his head helplessly. Looking at Qin Yu and Jue Wu, he sighed and said, "Alright, I'll do my best, but I need some time. I hope you guys can wait for a while."

Jue Wu pouted. Obviously, she was not very satisfied with Li Shen's words. However, she did not say anything and just pulled Qin Yu to sit down.

"If this matter can be settled, I can help you." Although Li Shen was somewhat displeased, he still agreed in the end.

Only then did Jue Wu say smugly, "Don't worry. As long as I plead with Old Man Lei, he will surely agree! Tell me, when are you going to help Qin Yu save that friend?"

"Are you sure Dean Lei will agree?" Li Shen sized up Jue Wu and said.

"Of course! If he doesn't agree, I'll pull his beard..."

Before Jue Wu finished speaking, Qin Yu hurriedly stopped her and said with a smile, "President Li, don't worry. Jue Wu holds a very important position in Dean Lei's heart."

"Alright then." Li Shen nodded. "Then you guys go and make the arrangements. When the time comes, bring that person to me. I'll take you guys to the Alchemist Association."

After leaving the place, Qin Yu looked at Jue Wu with gratitude and said, "Jue Wu, thank you."

"If you continue to be so polite with me, I'll beat you up!" Jue Wu said, waving her small fists.

Looking at Jue Wu's cheeky appearance, Qin Yu was indescribably joyful.

After that, Qin Yu and Jue Wu went to a restaurant to have an extravagant meal. After they were full, the two planned to go to the Yao family.

“You’ve just won against Yao Xi and even injured him severely. If you go to the Yao family now, I’m afraid the Yao family won’t let you off,” Jue Wu said on the way to the teleportation formation.

“Worst scenario, let me go, and you wait here.” Jue Wu grabbed Qin Yu’s arm.

“I know how they wish they could tear me into pieces, but I don’t think they’ll do that,” Qin Yu sneered and said.

“The Yao family’s reputation has been tarnished. If they rely on the family’s elders to make a move, Yao Xi’s dao mind will definitely destroy!”

Jue Wu frowned and said softly, “But I heard the Yao family has been looking for you.”

“It was just a boastful claim. Even Hu Kai could find me. If the Yao family really wanted to look for me, they would have come long ago,” Qin Yu said coldly.

Just as Qin Yu had guessed, the Yao family was indeed looking for Qin Yu. However, they could not do anything even if they could find him.

Therefore, Qin Yu and Jue Wu took the teleportation formation and headed straight for the Yao family.

Yao City, the city of the Yao family, had unparalleled magnificence and grandeur.

The city walls were hundreds of feet tall, and all kinds of protective formations that could block all attacks were engraved on them.

At the opening of the city gate, two tall stone lions bared their fangs and brandished their claws. Their eyes widened as they looked outside the city gate as if they could swallow their enemies alive.

Qin Yu had long been accustomed to this scene. The only thing that surprised Qin Yu was that everyone in this city was from the Yao family.

Therefore, not long after Qin Yu stepped into Yao City, he was targeted by numerous people.

Their icy gazes were as chilling as the icy wind that was bone-piercing. If eye expression could kill, Qin Yu would have long become a cold corpse.

Soon, some people could no longer restrain themselves.

Several young cultivators blocked Qin Yu’s way. Staring at Qin Yu coldly, immensely terrifying killing intent surged from their bodies.

“Why? Is there something you want from me?” Qin Yu appeared rather indifferent, not taking these few people seriously at all.

One of them shouted, “You’ve just severely injured our Holy Son. How dare you come to Yao City? You’re really audacious!”

“Why wouldn’t I dare?” Qin Yu sneered and said. “Yao Xi himself was not as skilled and lost to me. He can’t blame anyone else!”

“Bullsh*t! Our Holy Son was just kind enough to let you off easy. Otherwise, how would you be a match for our Holy Son?” another young man shouted.

Qin Yu sneered and said, “Do you believe this yourself? What? Is the Yao family such a sore loser? What a disgrace!”

“You!” Qin Yu instantly angered these few people, but they were helpless because of their weak strength. No one dared to make a move against Qin Yu.

Qin Yu could not be bothered with them. He pushed everyone aside and continued to rush toward the Yao family.

Qin Yu encountered numerous cold gazes along the way, but no one stopped him.

Soon, Qin Yu and Jue Wu arrived at the main gate of the Yao family.

The gate was incredibly imposing, symbolizing the Yao family’s powerful strength.

Qin Yu took a deep breath and was just about to step forward when a person was directly thrown out!

“Don’t think that I don’t know about your relationship with that Qin Yu! You both came from the same place, so you definitely know each other!”

“That’s right. Qin Yu injured the Holy Son, and you still have the guts to stay in the Yao family?”

“You’re a useless person, a useless person who can’t cultivate. And you still want to mooch off the Yao family?”

A few of them were cursing, and the person who was thrown out was none other than Yao Meng.

Yao Meng was silent. Her body was full of bruises, and she struggled to get up.

At this moment, Qin Yu reached out and helped Yao Meng up.

Yao Meng was stunned. She looked up and saw Qin Yu's familiar face.

"Qin Yu, you..." Yao Meng opened her mouth in surprise and joy.

"Hahaha, this Qin Yu actually came to the door. Yao Meng, how are you going to explain this?" The few Yao family cultivators immediately shouted when they saw this.

2110 Fate-defying Disease

Yao Meng didn't say a word. She seemed to have become accustomed to this kind of abuse.

Qin Yu supported Yao Meng. He looked at the cultivators and said coldly, "You guys dislike Yao Meng because she now can't cultivate. Why do you find so many excuses?"

"So what if it's true?" the few people sneered and said.

"Then do you know Yao Meng's talent?" Qin Yu sneered and said. "Do you know her talent was once on par with Saintess Gu?"

"Hahaha!" The group of people suddenly burst into laughter as if they had heard the funniest joke in the world.

"She? Talent?"

"Qin Yu, you dare to say that. She's just a good-for-nothing. You dare to say that she's not inferior to Saintess Gu?"

Yao Meng pulled Qin Yu's arm and said softly, "Forget it."

Qin Yu ignored Yao Meng. He sneered and said, "Then please open your eyes wide. Soon, Yao Meng's name will be among the younger generation of the Holy Region!"

"Let me tell you, the Yao family will definitely regret this!"

After saying this, Qin Yu pulled Yao Meng away.

A few of them left Yao City and arrived at a nearby city.

They found a restaurant and sat down in the meantime.

Yao Meng was certainly quite excited to see Qin Yu. She looked at Qin Yu and said, "Now that the Yao family is looking for you. Why do you still dare to go to Yao City?"

"Isn't it because he was looking for you?" Jue Wu said angrily.

“Looking for me?” Yao Meng was stunned, and she did not seem to understand.

Qin Yu said mysteriously, “I want to give you a surprise. As for what surprise, don’t ask. Hurry up and eat.”

Yao Meng was stunned and then looked at Qin Yu. She knew Qin Yu’s character. Since he said that, he must have his reasons.

Thus she nodded and began to focus on eating.

At the dining table, Qin Yu and Jue Wu did not say anything else and just ate quietly.

“Qin Yu, where are you taking me?” Yao Meng couldn’t help but ask. “Why is the Yao family looking for you?”

Qin Yu smiled mysteriously and said half-jokingly, “You’ll know soon. The place I’m taking you to this time will be a turning point in your life.”

Yao Meng’s heart was full of anticipation and doubt. She believed Qin Yu would not take her away from Yao City for no reason. It must be an important reason.

Qin Yu did not waste time. He and Jue Wu again returned to Quiet Wind City and arrived at Li Shen’s residence.

“Where is this place?” Yao Meng asked in confusion.

Qin Yu did not reply. He just brought Yao Meng into the residence.

The three moved forward and soon arrived at a room where they found Li Shen.

“Senior.” After entering, Qin Yu bowed slightly to Li Shen.

As usual, Li Shen sat there slowly sipping his tea.

He looked up at Qin Yu, and his eyes fell on Yao Meng.

“Is she that friend that you mentioned?” Li Shen asked.

Qin Yu quickly nodded and pulled Yao Meng to Li Shen.

“This is the Alchemist Association’s Vice President, Li Shen,” Qin Yu introduced.

Hearing this, Yao Meng was instantly stunned. Then she looked at Qin Yu in shock. The excitement and surprise in her eyes could not be concealed!

Yao Meng had always wanted to visit the Alchemist Association, but she was not qualified to do so.

The Yao family did not want to waste time on her, so Yao Meng could not cultivate.

“Senior, Yao Meng came from the other side of the universe. When she descended into the Holy Region, she was infected with a strange disease and could not cultivate since then,” Qin Yu, sitting opposite Li Shen explained in detail.

Li Shen glanced at Yao Meng and said, “She’s suffering from the ‘Fate-defying Disease’.”

When Yao Meng heard this name, she was shocked. She had never heard of this disease before. She could not help but ask, “What’s the Fate-defying Disease?”

Li Shen took a sip of the tea and calmly explained, “The Fate-defying Disease is a rare disease. It is considered an extremely disadvantageous condition in Daoist cultivation. This disease would cause the true essence in the body to circulate in reverse, unable to smoothly fuse with the power of heaven and earth, and thus lose the ability to cultivate.”

Yao Meng listened carefully, and a complicated feeling rose in her heart. She had long become accustomed to the fact that she could not cultivate. However, she understood her predicament more clearly when she heard this name.

“How did I get this disease?” Yao Meng could not help but ask with a hint of helplessness and confusion.

Li Shen frowned slightly. He took a deep look at Yao Meng and said gravely, “The Fate-defying Disease is not an ordinary disease. It is often caused by the invasion of powerful negative energy. This negative energy usually came from some powerful evil existence or ancient taboo.”

When Yao Meng heard this, she felt a chill in her heart. She recalled the mysterious rune she had encountered and that bottomless dark power.

Before Yao Meng could speak, Qin Yu asked impatiently, “How is it? President Li, do you have a solution?”

“Tsk tsk, why are you more anxious than her?” Jue Wu’s tone carried a hint of jealousy.

President Li took a sip of the tea and said indifferently, "In the Holy Region, there's no disease that Alchemist Association can't cure."

Hearing this, Qin Yu and Yao Meng were overjoyed and tremendously excited!

"Tomorrow, you guys can go to the Alchemist Association with me," Li Shen said.

Qin Yu and Jue Wu said almost at the same time, "Thank you very much, President Li!"

Li Shen nodded slightly. His eyes fell on Yao Meng, and he said in a serious tone, "However, Yao Meng, you need to understand that the Fate-defying Disease is not easy to treat. Although the Alchemist Association has certain methods and resources, the success rate was not high. You must be mentally prepared."

Hearing Li Shen's reminder, Yao Meng bit her lip tightly and nodded with a determined expression, indicating that she was mentally prepared.

After that, Qin Yu bade goodbye to Li Shen and planned to leave.

"Qin Yu, are you really planning not to join the Alchemist Association?" Li Shen suddenly asked at this moment.

Qin Yu smiled bitterly and said, "Thank you for your kind offer, President Li. I'll definitely not disappoint you if the opportunity arises in the future."

Seeing Qin Yu so determined, Li Shen did not say anything else and nodded.

After leaving the residence, Qin Yu and the others temporarily found a place to stay.

In the inn, Yao Meng's eye expression was complicated. She looked at Qin Yu and opened her mouth as if she wanted to say something. However, after hesitating for a long time, she only said: "Thank you".
