

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 191 Returning To Jiangbei; Sister Arrives!

At this moment, Ah Mei had washed her face several times and raised her head to ask, "Brother, Sister, is there anything dirty on my face?"

Her voice was very clear and pleasant, like the sound of spring water.

At this moment, it was like a stone thrown into a lake, setting off ripples and completely breaking the silence of the scene.

Su Ningjing recalled the scene just now, and her heart raced again. Her pretty face turned red, and she quickly lowered her head.

Lin Fan turned around and smiled, "Let me see... Mhm, there's nothing else. Your face is very clean."

"Alright!" Ah Mei said happily.

At this moment, an old man carrying a bamboo basket slowly walked over and said with a smile, "Young man, your farming skills are really good!"

Lin Fan said, "Grandpa, you flatter me. I just watched you and learned from there."

...

In the blink of an eye, two days had passed.

In the past two days, Lin Fan had gone into the river to catch fish, climbed trees to pick fruits, and climbed mountains to pick flowers... He took a good look at the surrounding scenery.

Moreover, he planted all the top-grade coffee varieties on the hillside.

Today, Lin Fan packed his luggage and sat quietly in the Porsche Cayenne with Su Ningjing. Under the gazes of Granny, Sister, and Big Yellow, they sped toward the airport.

After all, the old lady's body had completely recovered, and the top-grade coffee beans had been planted.

Although the air in the mountains was good and the environment was great...

Lin Fan felt that it was not suitable for him to stay for too long.

Perhaps, when he was old, he would choose to find a mountain forest and live a life in a garden.

Lin Fan parked the Porsche Cayenne in the airport parking lot.

Then, under the meticulous care of the stewardess, they passed through the VIP passage and lay down on the spacious first-class seats.

Rumble!

After a loud roar, the plane began to accelerate. Like a majestic goshawk, it pierced through the clouds and soared freely under the blue sky.

About two hours later, the plane finally landed steadily.

Then, Lin Fan drove the Pagani Huayra from the parking lot and sped toward the Coiling Dragon Villa.

When they arrived at Coiling Dragon Villa, the sun was setting.

Perhaps it was because of the sunset, Su Ningjing sniffed the empty villa and smelled Lin Fan's scent. Her pretty face was as red as the setting sun.

At this moment, Lin Fan's stomach suddenly let out a soft growl.

"I'll go cook first," Su Ningjing said hurriedly.

It had to be said that the refrigerator in Coiling Dragon Villa was indeed something that Lin Fan had spent 100,000 yuan to buy.

Even if the vegetables and meat were placed in the refrigerator for several days, there was no change at all.

With the sound of vegetables being washed and stir-fried, the kitchen began to fill with a fragrance that made one salivate.

After eating wild animals in the mountains for a few days, returning to the city for a meal gave Lin Fan a different feeling.

After eating, Lin Fan went to the bathroom to take a hot shower.

Then, he lay on the sofa leisurely and played with his phone.

Su Ningjing tidied up the kitchen and cleaned the villa again. Then, she went to the bathroom.

Lin Fan played with his phone for a long time and could not help but feel a little bored.

Hence, he turned his attention to the sign-in system.

He muttered in his heart, 'These few days... I kept getting ten million. I hope that there'll be something different today.'

"Sign in!"

[Ding! Congratulations, you've obtained 51% of Cha Yue's shares.]

Cha Yue was a unique milk tea chain from Sha City, but it was also a famous milk tea brand in the country.

In Sha City, one could see a Cha Yue milk tea shop every few steps.

Even so, every Chayue shop was extremely popular.

Lin Fan touched his chin and said, "In other words, I'm now the biggest shareholder of Cha Yue? Today's sign-in is barely considered good."

Barely good?

Cha Yan had not been listed yet. Once it was listed, it would be estimated to be at least tens of billions!

In other words, Lin Fan had obtained billions of dollars worth of assets!

Creak!

At this moment, the bathroom door opened, and a thick mist filled the air.

Then, Su Ningjing, who was wearing loose white home clothes, slowly appeared.

At this moment, Su Ningjing's black hair was still a little wet.

However, it was also because of this that her hair was even straighter, like a waterfall flowing down the river.

Snow-white skin, beautiful facial features, and a perfect figure!

In addition, the bathroom behind her was filled with mist...

At this moment, Su Ningjing seemed to have transformed into a fairy who had descended into the human world.

Su Ningjing saw that Lin Fan was staring at her, and she could not help but be at a loss.

She had just taken a shower, and her shoes were wet. They were already a little slippery, and she fell to the ground.

Lin Fan's eyes were sharp, and his hands were fast. He took a big step forward and hugged her slender waist.

Their eyes met, and the two of them could even smell each other's unique scent.

Time froze again.

Her heartbeat kept accelerating.

Following that, the two of them seemed to be attracted to each other as they continued to approach each other...

It was late at night.

Coiling Dragon Villa was extremely noisy.

It was endless!

...

The next day, Lin Fan opened his eyes when a ray of sunlight shone on the windowsill.

He glanced at the bright red stain on the white bed and picked up his phone out of habit.

A text message appeared on the screen as usual.

[Notice from Merchant Bank: 3,560,000 yuan was deposited into your account.]

Then, Lin Fan slowly got up and walked out.

At this moment, the dining table was already filled with fried dumplings, buns, eggs, and other delicacies.

Lin Fan said, "You were so tired last night. You should rest well today."

Speaking of last night, Su Ningjing immediately thought of something. Her entire pretty face blushed, and she wished she could bury her entire head in her clothes.

Seeing this...

Lin Fan wanted to laugh.

After breakfast, Lin Fan and Su Ningjing spent some time together.

At this moment, his phone rang.

"Brother, I'm in Jiangbei!" As soon as he picked up the call, he heard his sister, Lin Xiaoyao's, excited voice.

"What? Why are you in Jiangbei?" Lin Fan asked curiously.

"Brother, shouldn't you be very happy to hear that your sister is in Jiangbei?" Lin Xiaoyao pouted and complained.

Lin Fan said, "I'm happy! Of course, I'm happy! But shouldn't you be in school?"

"I finished our final exams yesterday and have a day off today, so I came to Jiangbei with two classmates," Lin Xiaoyao said excitedly.

Lin Fan nodded his head and said, "Okay, where are you? I'll pick you up now!"

"Alright! I'm getting off at East Station later!" Lin Xiaoyao cheered.

After hanging up the phone, Lin Fan walked out and sat in the Mercedes-Benz. He stepped on the accelerator and sped into the distance.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 192 Miss Out On 100 Million?

Jiangbei East Station was the largest railway station in Jiangbei and also the hub of the country.

Every day, more than 100,000 people would get on and off the trains here.

In addition to the people who picked them up...

There were hundreds of thousands of people at Jiangbei East Station every day!

It could be said that East Station was filled with people at all times.

After Lin Fan parked the car, he stood at the exit with many people.

Not long after, a crisp shout sounded from the large crowd.

"Brother! I'm here!"

Then, Lin Xiaoyao, a quiet little girl wearing pink glasses, and a girl with a mid-part hairstyle who looked like a little adult walked over quickly.

"Let me introduce you guys. This is my brother, Lin Fan! He's studying at Jiangbei University, and he's still single!" Lin Xiaoyao chuckled.

When Lin Fan heard that, he almost choked.

This little girl... Could it be that she wanted to introduce her two friends to him?

Two high school girls?

Lin Fan subconsciously used his Eyes of Truth to observe the two of them.

The quiet little girl...

[Appearance: 85]

[Favorability: 40]

The girl who looked like a little adult...

[Appearance: 84]

[Favorability: 40]

Their looks did not even hit 90, and their favorability toward him was at the level of a passerby.

His women all scored above 90 points.

How could he have any ideas about them?

Of course, the main reason was that he already had a girlfriend!

Yes, that was it!

Lin Xiaoyao pointed at the quiet girl and said, "This is Tang Jiao."

Then, she pointed at the girl who looked like a little adult and said, "This is Du Yujia."

Lin Fan nodded politely as a form of greeting.

"You guys should be hungry, right? Let's go and eat something first."

"I want to eat Jiangbei's hot dry noodles! And glutinous rice chicken!" Lin Xiaoyao shouted excitedly.

"Okay!" Lin Fan replied and led them to the parking lot.

Soon, everyone arrived in front of the Mercedes-Benz.

Girls did not know much about cars.

Moreover, Tang Jiao and Du Yujia were only high school students, so they were even more unclear.

However, when they looked at the tall and sturdy appearance of the Mercedes-Benz G, they could not help but reveal a hint of surprise on their faces.

Boom!

Lin Fan stepped on the accelerator, and the car sped forward like a ferocious beast.

Tang Jiao and Du Yujia felt the powerful driving force of the Mercedes-Benz G-Class... As a result, they had a good impression of Lin Fan.

At this moment, the phone in Lin Fan's pocket vibrated.

12 pm!

The red packets were here!

Hence, Lin Fan slammed on the brakes.

Then, he turned the steering wheel and parked the car in a temporary parking space by the roadside.

He quickly picked up his phone and kept tapping on the red packets.

[Ding! Congratulations, you've received three yuan.]

[Ding! Congratulations, you've received ten yuan.]

...

Lin Xiaoyao asked curiously, "Brother, what are you doing?"

"Oh, I'm snatching red packets," Lin Fan replied.

Lin Xiaoyao was speechless.

Tang Jiao was speechless.

Du Yujia was speechless.

The three of them were speechless.

Snatching red packets?

If they remembered correctly, a red packet was only 200 yuan at most, right?

That was the most!

Under normal circumstances, it would only be a few yuan or even a few cents, right?

This...

Why was he so agitated?

If others did not know, they would think that he was about to miss out on 100 million yuan.

Initially, Tang Jiao and Du Yujia had a good impression of Lin Fan.

At this moment, it had completely vanished.

Lin Xiaoyao smiled in embarrassment.

Lin Fan's lips curled up into a smile.

That was because Lin Fan had just received 10% of Weibo's shares from a red packet!

One had to know...

Weibo was a huge enterprise with a market value of hundreds of billions!

10% of the shares were worth more than ten billion!

If only Lin Fan knew what Tang Jiao and Du Yujia were thinking.

He would probably tell them that if he had missed out on these red packets just now, he would not have just missed out on 100 million yuan.

It was ten billion!

Then, Lin Fan started the car again and sped toward Cai Ji.

Cai Ji Restaurant was indeed a famous snack bar in Jiangbei.

The upper and lower floors were packed. It was extremely lively.

Lin Xiaoyao and the others ordered hot dry noodles, glutinous rice chicken, steamed dumplings, and many other specialties. They ate very happily, and their stomachs began to expand.

"Where do you want to go next?" Lin Fan asked.

"Yujia said she just finished her exams and wants to buy a bag to reward herself," Lin Xiaoyao said.

"Oh? What about you? Do you want to buy one as a reward?" Lin Fan continued to ask.

"Why would I want a bag? It's so tiring to carry it every day." Lin Xiaoyao waved her hands.

Lin Fan did not force it and asked, "Where do you want to go to buy a bag?"

"MK Mall! I want to buy a Gucci bag!" Du Yujia said hurriedly.

When Lin Fan heard this, a weird look appeared on his face.

MK Mall?

Was that not his own mall?

Speaking of which, he had not entered the mall since the last time he obtained it.

As for the Gucci bag?

He even owned 5% of Gucci's shares.

Du Yujia thought that Lin Fan was wondering where she got the money to buy such a high-end bag. She explained, "It's my pocket money."

Lin Fan nodded his head casually. Then, he drove the few of them to MK Mall with ease.

When Lin Fan arrived at the elevator, a middle-aged man in a suit walked over.

"Mr. Lin!" he said excitedly.

"You are..." Lin Fan asked curiously.

"I'm the general manager of MK Mall, Yuan Hong!" The middle-aged man did not feel unhappy at all when Lin Fan did not recognize him.

On the contrary, there was a hint of respect in his excited tone.

It was no wonder that he would be like this.

After all, Lin Fan was the boss of MK. A single word from him could make him pack up and leave!

"Oh, so it's you, Manager Yuan," Lin Fan said.

"Mr. Lin, are you here for the year-end meeting today?" asked Yuan Hong.

"No, I'm here today because my sister's classmate wants to buy a bag," Lin Fan said.

After a pause, he seemed to feel that as the boss, he had never held a meeting.

It could even be said that he did not manage the mall at all, which was a dereliction of duty.

Thus, Lin Fan said, "It's mainly because I'm in a rush today."

Ding!

At this moment, the elevator arrived.

Yuan Hong was like the most considerate waiter. He bent down and personally blocked the elevator door. Under Lin Fan's instructions, he pressed the button for the fourth floor.

Tang Jiao and Du Yujia were dumbfounded.

The middle-aged man in front of them was the general manager of MK?

Why was he so polite to Lin Xiaoyao's brother?

Since Yuan Hong was still beside them, they could not ask directly. They could only look at Lin Xiaoyao with puzzled eyes.

Obviously, they wanted to draw a conclusion from her.

However, Lin Xiaoyao only shook her head, indicating that she was not sure either.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 193 Line Up; This Is Mine!

Ding!

The elevator stopped steadily on the fourth floor.

It had to be said that KM Mall was indeed a famous mall in Jiangbei.

The luxurious and trendy decorations, coupled with the presence of many big brands, attracted many people to stroll around.

Walking out of the elevator, one could see the crowd coming and going, and one could hear the sound of laughter.

When shopping in the KM mall, one would feel as though one's entire person had been elevated.

Lin Fan and the others walked and looked around. Not long after, they arrived at the Gucci store.

Du Yujia's eyes lit up as she looked at the high-end and fashionable decorations of the Gucci store. She could not wait to walk in.

"Welcome to Gucci!" The female sales assistant standing at the door smiled.

Women seemed to be born with no resistance against bags.

Du Yujia and Tang Jiao looked at the gorgeous Gucci bags with their mouths wide open.

The female salesperson was already used to seeing this expression. She continued, "May I help you?"

Du Yujia finally reacted and said, "I want to buy a bag."

"Are you using it yourself? Is there a style requirement?" the saleswoman said.

"Yes, it's for me! Moreover, I've already seen the bags on the internet!" As Du Yujia spoke, she took out her phone and pulled out a photo of a bag from her photo album.

It had to be said that the female sales assistant's professional knowledge was very solid.

With just a glance, she could tell the model of the bag and the inventory.

"This is the latest KP bag, but we don't have it in stock yet..." the saleswoman said apologetically.

"What? You don't?" Du Yujia said in disappointment.

"Yujia, is there anything else you like?" Tang Jiao asked.

"I've been looking at this bag for a long time. I really like it," Du Yujia said.

At this moment, Lin Fan happened to see the photo of the bag on Du Yujia's phone. He was slightly stunned.

This bag?

One had to know...

When Lin Fan obtained 5% of Gucci's shares, the CEO sent a bunch of Gucci clothes and bags to Coiling Dragon Villa.

Even though Lin Fan did not check the clothes and bags, he had the scanning ability. With just a glance, he remembered everything.

One of the items was the bag shown in Du Yujia's photo!

Lin Fan sighed in his heart, 'If I had known that Du Yujia wanted to buy this bag, I would have taken her to Coiling Dragon Villa. I wasted a trip here.'

"I know where to find this bag," Lin Fan said.

"Really?" Du Yujia said excitedly.

She had long planned to buy her favorite bag after her finals.

Therefore, whenever she had free time, she would look through the information and photos of many bags on the internet.

In the end, she chose the Gucci KP bag.

However, the specialty store did not sell it... Du Yujia could not help but feel disappointed.

However, now, Lin Fan said that he knew where to find it. This made Du Yujia feel like she had seen the light at the end of the tunnel.

Lin Fan nodded. "Yes, I'll bring you there."

"Alright!" Du Yujia said happily.

Then, Lin Fan, Lin Xiaoyao, Du Yujia, and Tang Jiao returned to the parking lot.

Lin Fan stepped on the accelerator and drove out.

When they arrived at the exit, Yuan Hong was waiting in front with a large group of men and women in suits and leather shoes. They even wore their name tags that stated their roles—director, deputy general manager, and so on.

When they saw Lin Fan's car, they immediately stood in two rows like soldiers waiting for a general to inspect them.

"Goodbye, Mr. Lin!"

Their voices were uniform and very imposing.

This was a send-off arranged by Yuan Hong.

In his opinion, Boss Lin Fan had finally come to KM Mall. Although he could not give them any guidance, they had to show that they valued his presence.

Du Yujia, Tang Jiao, and Lin Xiaoyao were stunned.

After the Mercedes-Benz G-Class left KM mall, the three of them slowly came back to their senses.

Lin Xiaoyao asked, "Brother, those people are... The general manager and director of KM Mall?"

Lin Fan had also seen the name tags on those people. He nodded and said, "Yes, they are."

"Then... Why did they do that for you? They lined up just to send you off," Lin Xiaoyao continued to ask.

Du Yujia and Tang Jiao pricked up their ears.

Obviously, they were also very curious about this question.

Lin Fan said casually, "Oh, because I'm the owner of KM Mall."

Silence!

The entire car suddenly fell silent!

The owner of KM Mall?

One had to know that KM Mall was located in the heart of Jiangbei City, where every inch of land was worth an inch of gold!

Such a huge building with such luxurious decorations and so many big brands in it...

How much money did it cost?

Tens of millions?

A few hundred million?

Even though Lin Xiaoyao knew that her brother was very impressive and was even the largest shareholder of Yinshan Mall, she was still shocked.

Lin Fan did not care about it that much. He drove the Mercedes-Benz and went straight to the Coiling Dragon Villa Complex.

At this moment, Lin Xiaoyao and the others finally recovered from their shock.

They looked at the beautiful environment in the Coiling Dragon Villa Complex, and their eyes seemed to glow.

"These houses are like castles in fairy tales," Tang Jiao praised.

"Look... There are several sports cars over there!" Du Yujia exclaimed, "Oh my God! Is that a helicopter?"

Lin Xiaoyao exclaimed and asked, "Brother, aren't you bringing us to buy a Gucci bag? This seems to be someone's home."

Lin Fan did not answer immediately. Instead, he pressed his index finger on the passcode lock.

Beep!

The door opened.

The next moment, they saw that the house was filled with Gucci clothes and bags.

Their mouths immediately turned into an 'O' shape.

Initially, Lin Fan was living in this villa.

However, after the logistics company shipped Gucci's clothes and bags to this villa, he moved to another villa.

As for these clothes and bags, they were no longer cared for.

Lin Fan saw that they were all stunned and did not move at all.

He could not help but walk in first. From the pile of clothes and bags, he took out the Gucci KP bag that Du Yujia wanted.

Lin Fan smiled. "Lil Yao, you said something wrong. This isn't someone else's home. It's mine."

His voice was like a stone thrown into a calm lake, immediately setting off ripples.

"Brother, you mean... Is this villa yours?" Lin Xiaoyao asked in disbelief.

"Yes, it is." Lin Fan nodded.

"Then... these Gucci clothes and bags..." Lin Xiaoyao continued to ask.

"They're mine too," Lin Fan said matter-of-factly.

"Ah! Heavens! Hahaha!" Lin Xiaoyao shouted excitedly. She ran toward the mountain of clothes and bags and finally pounced on them.

194 The Security Guards Are Really Too Professional; Only Me!

Lin Xiaoyao struggled in the sea of clothes and bags.

Then, she picked up a few bags and came in front of Lin Fan. She said excitedly, "Brother, do you think I look better carrying this bag or this one?"

"Mhm, this one seems more elegant!"

"This is not bad either..."

"Wow, this bag is so cute!"

Lin Fan looked at her fiddling with the bags and thinking seriously. He could not help but laugh, "Didn't you say that it's hard to carry a bag around?"

In fact, Lin Xiaoyao did not find it difficult to carry a bag around.

Even though she knew that Lin Fan was amazing and he said that she could spend his money freely, Lin Xiaoyao had never been someone who liked to spend money extravagantly.

Now, it was completely different!

That was because her brother already had a lot of clothes and bags. It would not be a problem for her to take a few!

Of course, Lin Xiaoyao would not admit to this...

She blinked her big eyes and said, "Really? Maybe it's because I suddenly gained a lot of strength."

Lin Fan looked at the way she was spouting nonsense and could not help but smile as he pinched her cheeks, "Eat more. You're all skin and bones."

Initially, Lin Xiaoyao was overjoyed.

Upon hearing this, her entire little face turned into a ball of anger. She pouted and shouted, "Brother!"

Seeing this...

Lin Fan smiled even more happily. Then, he handed the KP bag he had just taken out to Du Yujia and said, "Your bag."

"Thank you." Du Yujia quickly took the bag. Then, she took out her phone and said, "I'll transfer the money to you."

Lin Fan could not help but think highly of Du Yujia.

"It's alright. You're Lil Yao's friend. It's rare for you to come to Jiangbei. Take this bag as a gift."

Then, he said to Tang Jiao beside him, "You should go and pick a bag too."

Du Yujia and Tang Jiao hesitated.

Even though Lin Fan had a lot of bags, more than ten years of education had taught them not to take other people's things casually... Especially if it was such an expensive Gucci bag.

Lin Xiaoyao said, "Don't stand on ceremony. My brother has a lot of them anyway. It's a waste to let them sit here!"

When the two of them heard this, they did not stand on ceremony anymore.

"By the way, Brother, why did you buy so many Gucci clothes and bags?" Lin Xiaoyao asked.

Tang Jiao and Du Yujia pricked up their ears.

Obviously, they were also very curious.

"Oh, I didn't buy these bags. They were gifts from the president of Gucci. I'm a shareholder of the company," Lin Fan said.

Silence.

The entire place suddenly fell silent.

Gucci's shareholder?

Did that not mean that Lin Fan was one of the bosses of Gucci?

Heavens!

They did not know how much Gucci was worth.

However, this was still enough to shock them.

That was because... that was an internationally renowned company!

Lin Fan looked at the three of them and rubbed his nose. "What do you want to do next?"

Lin Xiaoyao was the first to react. "Flower Stem... Right, we're going to buy Flower Stem's essence.

"Flower Stem's essence is very useful. After applying it a few times, your skin will become fair and bright. Acne marks and blackheads will disappear completely!"

Lin Xiaoyao's tone became even higher.

Obviously, she really desired Flower Stem's essence.

When Lin Fan heard this, his face turned weird.

Ever since Lin Fan handed the Beauty Water to Chu Yunyue, he never bothered himself with the matters of Flower Stem again.

Not long ago, Chu Yunyue had called him to tell him that Flower Stem's essence was receiving a good response in the country.

However, Lin Fan did not think too much about it.

Now, even his sister knew about it?

Lin Xiaoyao thought that Lin Fan did not know about Flower Stem.

"Brother, you don't know how popular Flower Stem is in Qing City! Their products are all snatched up as soon as they're put on the shelves!"

Then, Lin Xiaoyao sighed and said, "I came to Jiangbei this time to try my luck. I just don't know if I can buy it."

Others could not buy it?

In fact, if Lin Fan wanted to, he could just buy the Beauty Water from the system with a thought!

One had to know...

Flower Stem's essence was made by blending the Beauty Water with hundreds of times the amount of distilled water!

...

In the future, he would give his younger sister a better essence.

Now, he should satisfy her wish to get Flower Stem's essence.

Thinking of this, Lin Fan said, "Let's go. I'll bring you to buy Flower Stem's essence."

"Alright!" Lin Xiaoyao said happily.

Then, Lin Xiaoyao carried a few bags into the Mercedes-Benz.

When they passed by the entrance of the Coiling Dragon Villa Complex, two rows of security guards had already lined up. Like soldiers, they greeted Lin Fan.

"The security guards are really dedicated to their work." Tang Jiao could not help but sigh.

Lin Xiaoyao said, "I don't know how many people live here. If they have to line up and salute like this to every owner who goes out, that'll be too tiring."

“That won’t happen,” Lin Fan said.

“Why?” Lin Xiaoyao asked.

“Because all the villas here are mine. They only need to salute me. How can they be tired?” Lin Fan said.

...

Silence!

The entire Mercedes-Benz G-Class suddenly fell silent!

All the villas were his... He had said this very calmly.

However, this sentence reverberated in the ears of Lin Xiaoyao, Du Jiayu, and Tang Jiao, causing their eardrums to hurt.

Gulp!

Du Jiayu felt her throat go dry. She could not help but swallow her saliva. She said, “Then...the sports cars and helicopter in the villa...”

“They’re all mine,” Lin Fan said.

“Ah! Brother, Brother! Go back! Let’s return quickly!” Lin Xiaoyao shouted excitedly.

“What’s wrong?” Lin Fan asked.

“I want to take a good look at our home!” Lin Xiaoyao shouted.

Lin Fan looked at her excited expression and did not dampen her spirits.

He turned the car around and returned to the Coiling Dragon Villa Complex.

The security guards standing at the door saw Lin Fan return and stood up straight again, greeting him.

Under the watchful eyes of the security guards, Lin Fan led Lin Xiaoyao, Du Jiayu, and Tang Jiao to open the doors of one villa after another.

They looked at each villa and saw that the decoration style was very different. Their eyes were dazzled.

When they arrived at Lin Fan’s villa, Lin Xiaoyao did not go in. Instead, she rushed to the helicopter and shouted, “Brother, do you have the key? I want to go in and take a look!”

“It’s not locked.” Lin Fan pulled open the door of the helicopter.

Whoosh!

Instantly, the luxurious interior of the helicopter appeared in front of everyone. Lin Xiaoyao could not wait to get into the helicopter. She kept jumping around in the helicopter. She was as happy as a child.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 195 Can I Buy Some?

Tang Jiao and Du Yujia, who were in the helicopter, were equally surprised.

However, they were relatively restrained.

They only touched around for a while...

Perhaps it was because they had been under the sun for too long, their little faces gradually blushed.

After a long time, Lin Xiaoyao, Tang Jiao, and Du Yujia reluctantly got out of the helicopter.

Lin Xiaoyao looked at the helicopter, then at the supercar beside it, and then at the tall villas...

Like a general inspecting soldiers, she nodded in satisfaction and said, "As expected of my house!"

Finally, she said, "Brother, let's go buy Flower Stem's essence!"

"Alright," Lin Fan replied.

Hence, Lin Fan and the rest were once again escorted out by two rows of security guards.

Lin Fan drove the Mercedes-Benz G-Class through the wide roads and soon arrived at the downtown area.

Lin Xiaoyao, Tang Jiao, and Du Yujia looked at the flourishing shops and yearned to go inside.

"Stop!" Lin Xiaoyao suddenly shouted. "Brother, stop!"

Hiss!

Lin Fan stepped on the brakes and asked, "What's wrong?"

"Flower Stem! It's Flower Stem's shop!" Lin Xiaoyao pointed at the crowded shop not far away and shouted excitedly.

Then, she, Tang Jiao, and Du Yujia ran over excitedly.

However, after a while, the three of them walked back listlessly.

"Flower Stem's essence here is also sold out," Lin Xiaoyao sighed.

Lin Fan smiled and said, "Get in! The place I'm taking you to will definitely have the essence!"

"Really?" Lin Xiaoyao asked.

"When have I ever lied to you?" Lin Fan said.

Then, Lin Fan started the Mercedes-Benz G-Class again and continued to move forward.

Not long after, the Feiyang Building appeared in everyone's sight.

The most eye-catching spot in the Feiyang Building was the advertisement for Flower Stem.

"Flower Stem! This is Flower Stem's headquarters?" Lin Xiaoyao asked.

"Not bad. You have some knowledge," Lin Fan said.

When Lin Xiaoyao, Tang Jiao, and Du Yujia heard this, they all looked excited.

Flower Stem's headquarters!

They would definitely have the essence!

The group took the elevator and went straight to the 17th floor!

Ding!

As the elevator door opened, a refreshing fragrance greeted them.

Through the glass, they could see the busy figures of the employees in the office.

Lin Fan did not say anything and walked in.

At this moment, Lin Xiaoyao pointed at the sign in front of the door. 'Non-employees are not allowed to enter.'

After the success of Rainbow Perfume and Flower Stem Essence, Flower Stem became extremely popular.

Especially after the launch of Flower Stem Essence, countless businessmen came to seek cooperation every day, and countless consumers wanted to come and buy the essence.

Too many people entered the company, making it difficult for Flower Stem to carry out its normal work.

That was why non-employees were barred from entering.

Lin Fan did not seem to hear Lin Xiaoyao's words or see the sign. He led the way in.

The receptionist noticed someone coming in and stopped what she was doing and looked up.

Lin Xiaoyao, Du Yujia, and Tang Jiao thought, 'It's over, it's over. We're going to be chased out.'

However...

The next moment, the three of them were stunned.

The beautiful receptionist quickly stood up and said in a very sweet voice, "Hello, Mr. Lin."

Lin Fan nodded his head and said casually, "Hello."

Although it was just a polite greeting, it made the beautiful receptionist smile even wider.

"Mr. Lin, are you here to look for the president? She should be in the office now."

"Alright," said Lin Fan.

Then, Lin Fan continued walking in.

However, he soon noticed that Lin Xiaoyao and the others were standing still. He could not help but turn around and say, "Lil Yao, what are you guys doing there? Let's go."

"Ah... Alright... Alright."

Lin Xiaoyao answered and followed him, though a little stiffly.

Just as she was about to ask something, she had already arrived at the door of the president's office.

Thus, she could only swallow her words back.

Lin Fan raised his hand and knocked on the door. Soon, a crisp voice sounded from inside.

"Please come in."

At this moment, Chu Yunyue was working on some documents with her head lowered. She looked tired but satisfied.

When she raised her head and saw the person who walked in, her beautiful face immediately revealed a touch of unconcealable joy.

"Lin Fan, you're here!"

Soon, she noticed Lin Xiaoyao and the others standing beside Lin Fan.

"This is my sister, Lin Xiaoyao, and her classmates, Du Yujia and Tang Jiao," Lin Fan introduced.

When Chu Yunyue heard this, the smile on her pretty face widened.

"Hello! My name is Chu Yunyue," Chu Yunyue said happily.

"President Chu, you're so beautiful," Lin Xiaoyao could not help but praise.

Any woman would like to hear compliments from others, and Chu Yunyue was no exception.

"Thank you for your praise, Lil Yao. You're very cute too. In the future, you'll definitely be more beautiful than me! Also, it's too formal to call me President. Just call me Sister Chu."

"Yes, yes!" Lin Xiaoyao nodded vigorously.

After chatting for a while, the few of them became quite familiar with each other.

Lin Xiaoyao finally revealed the purpose of her trip.

"Sister Chu, we want to buy some Flower Stem Essence. Do you still have it in stock?" Lin Xiaoyao asked with anticipation.

When Chu Yunyue heard this, she could not help but look at Lin Fan strangely.

It was as if she was saying, 'You brought your sister here to buy essence?'

That was because Flower Stem Essence was blended with Lin Fan's Beauty Water. It was just that they had added some other spices.

Lin Fan shrugged his shoulders helplessly.

Lin Xiaoyan saw that Chu Yunyue did not say anything and could not help but droop her head. She said pitifully, "Is there no more stock?"

"We still have a lot of stock!" Chu Yunyue smiled. "Let's go, I'll bring you over! Today, you can take as much as you want!"

"Really? That's great!" Lin Xiaoyao jumped up in joy.

Du Yujia's and Tang Jiao's eyes also lit up with excitement.

Then, they went straight to the product department under Chu Yunyue's lead.

There were many boxes here, and each box was filled with Flower Stem Essence.

Lin Xiaoyao could not help but swallow her saliva and say, "S-Sister Chu, can we really take anything we want?"

"Of course, there's a bag over there," said Chu Yunyue.

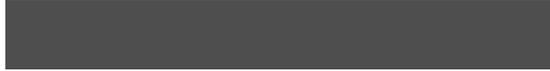

Then, Lin Xiaoyao looked at Lin Fan.

Lin Fan smiled and said, "Go get it."

"Then we won't stand on ceremony!" Lin Xiaoyao said.

Thus, Lin Xiaoyao, Du Yujia, and Tang Jiao filled a large bag with different types of Flower Stem's essence products. They were almost unable to carry the bags, and they left the product department satisfied.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

The smile on Qiu Ziqian's face froze.

What did Liu Silu mean?

A flight attendant was a waitress?

In the first-class cabin, they could not wait to kneel down and serve customers?

Qiu Ziqian used to be a flight attendant, so it was clear she was being insulted.

Liu Siqi did not seem to notice the change in Qiu Ziqian's expression and continued to say, "I didn't choose to apply for Xia Airlines because I knew about the nature of flight attendants."

'What do you mean by you didn't apply to Xia Airlines because you knew the nature of flight attendants?'

'Who was the one who bribed the interviewer back then and ended up being reported, which is why they weren't successfully accepted by Xia Airlines?'

Initially, Qiu Ziqian was happy because it was a former classmate she had not seen for two years.

Therefore, even if they were not good friends in the past, she still wanted to have a friendly exchange.

Now it seemed like... there was no need for that.

She treated her as a classmate, but she just wanted to show off.

Liu Siqi said apologetically, "Oh, sorry... I definitely didn't mean to criticize you... After all, you're not a flight attendant anymore. You shouldn't mind, right?"

Qiu Ziqian did not reply.

At this moment, Liu Siqi finally noticed Lin Fan who was beside Qiu Ziqian. She asked, "Oh right, this is..."

"Oh, I'm Ziqian's boyfriend, Lin Fan," Lin Fan replied.

"Ziqian, congratulations on ending your singlehood!" Liu Siqi praised.

Lin Fan was just too handsome.

She thought of her fierce-looking husband and could not help but feel jealous.

Speaking of Lin Fan, a sweet smile appeared on Qiu Ziqian's face. "Thank you."

She felt that the happiest thing in her life was meeting Lin Fan.

Liu Siqi looked at Qiu Ziqian's happy face and felt a wave of displeasure. She asked, "Lin Fan, right? What do you do for a living?"

"For the time being... I'm a student at Jiangbei University," Lin Fan said.

Liu Siqi almost laughed out loud.

She was laughing at Qiu Ziqian for finding a student boyfriend.

Yes!

Lin Fan was handsome!

However, what was the use of being handsome?

Could being handsome put food on the table?

He just had to live a bitter life every day.

Liu Siqi held back her laughter and said, "Ziqian, I'm so envious of you. You found a university student as your boyfriend... In that case, he must have a lot of time to spend with you, right? The two of you must be very happy!

"Sigh, unlike me! I found a husband who runs a company. Let alone accompany me... he's busy outside every day. Sometimes, I don't see him even once in half a month."

Liu Siqi looked helpless and continued, "Just like today. He said he wanted to accompany me, but in the end, the chairman of Yinshan Group and the chairman of Xiao Wu Wholesale City both said they wanted to treat my husband to a meal.

"You guys should have heard of Yinshan Group and Xiao Wu Wholesale City, right? These are two big companies with a market value of tens of billions!

"The chairmen for these two companies can be said to be my husband's seniors. They keep wanting to treat my husband to a meal, and my husband couldn't reject them at all...

"Besides, he can't really let them treat him to a meal. After all, they're both big seniors.

"So, my husband wants to book a floor at the Imperial Hotel and treat them to a meal instead..."

Liu Siqi spoke with confidence as if everything was the truth.

In reality?

How could the chairman of Yinshan Group and the chairman of Xiao Wu Wholesale City take the initiative to treat her husband to a meal?

It was her husband who had been spending a lot of effort to treat the boss of Yinshan Group and Xiao Wu Wholesale City to a meal.

However, Liu Siqi was not worried about being seen through.

She firmly believed that Qiu Ziqian and Lin Fan would never have any dealings with the chairman of Yinshan Group and Xiao Wu Wholesale City.

Liu Siqi said, "My husband and I are always away. We're not familiar with the Imperial Hotel at all. We're struggling a little to book the Imperial Hotel.

"Oh right, Ziqian, Lin Fan, you two have been in Jiangbei, right? Do you know anyone in the Imperial Hotel? Can you help us book a floor?"

Liu Siqi had only said this casually.

A student and a young woman... How could they possibly know someone from the Imperial Hotel?

It was just a joke!

In fact, her husband had never even thought of booking a floor of the Imperial Hotel.

That was the Imperial Hotel!

It would probably cost hundreds of thousands to cover one floor!

Were they crazy?

Her purpose was to show off her husband's strength.

At this moment, Lin Fan smiled and said, "The Imperial Hotel? I do know someone. I should be able to help you."

Then, Lin Fan picked up his phone and dialed the number of the general manager of the Imperial Hotel, Wang Fengyi.

The call went through very quickly.

"Hello, Mr. Lin," Wang Fengyi said excitedly.

Lin Fan said, "Manager Wang, someone wants to book a floor at the Imperial Hotel. Is that possible?"

"Most of the halls in our hotel have been reserved," said Wang Fengyi. "If they want to book a floor, they can choose our top-floor luxury hall."

Lin Fan nodded. "Alright, as long as it's possible! You can contact them directly later. They don't lack money."

"Yes!" Wang Fengyi replied.

For Wang Fengyi to be able to become the general manager of the Imperial Hotel, he could be said to be the smartest among the smartest. How could he not understand what Lin Fan was saying?

Then, he directly dialed the number Lin Fan sent him.

...

"Lin Fan, who did you send my husband's number to?" Liu Siqi asked curiously.

"I sent it to the general manager of the Imperial Hotel. He said that he can book a luxury hall for you," Lin Fan said.

"Is that so?" Liu Siqi almost laughed out loud.

The general manager of the Imperial Hotel? A luxurious room on the top floor?

Lin Fan was a student!

She was about to laugh to death!

Lin Fan said, "Oh, right, you and your husband... It seems that you guys don't want to eat with the chairman of Yinshan Group and the chairman of Xiao Wu Wholesale City. In that case, you shouldn't have to."

"You just said that your husband's name is Chen Kai, right?"

Then, Lin Fan picked up his phone and dialed the number of the chairman of Xiao Wu Wholesale City, Zhang Zhou.

As soon as the call connected, Zhang Zhou's extremely respectful voice sounded from the other end.

"Hello, Mr. Lin."

"Zhang Zhou, are you going to have dinner with someone called Chen Kai?" Lin Fan asked.

"He did ask me out a few times, but I haven't agreed yet..." Zhang Zhou said carefully.

Even though Zhang Zhou was a shrewd person, facing Lin Fan's sudden question, he had to answer carefully.

"It's fine even if you don't agree. Don't agree in the future! He wants to have dinner with his wife," Lin Fan said.

"Got it!" Zhang Zhou replied respectfully.

Then, Lin Fan dialed the number of the chairman of Yinshan Group, Song Zhifeng.

"Hello, Mr. Lin."

"Song Zhifeng, are you having dinner with Chen Kai?" Lin Fan asked.

"Yes, he made a reservation at a restaurant tonight," Song Zhifeng answered truthfully.

"Just reject it. Also, don't eat with him in the future. He wants to accompany his wife," Lin Fan said.

"Alright," Song Zhifeng quickly responded.

199 What Did You Do? Apologize!

Liu Siqi looked at Lin Fan's serious face as he made the calls. He kept telling them not to eat with Chen Kai. She almost laughed out loud.

At that moment, she saw Lin Fan hang up the call and could not help but ask, "Lin Fan, who were you on the phone with just now?"

“Oh, didn’t you say that your husband is very busy?” Lin Fan said calmly. “He doesn’t have time to accompany you, right?”

“I called the chairman of Yinshan Group and the chairman of Xiao Wu Wholesale City and told them not to have dinner with your husband.”

!!

“Hahaha!”

Liu Siqi held her stomach and laughed so hard that she almost cried.

Lin Fan...

First, he called the general manager of the Imperial Hotel and asked him to book a hall there for her husband.

Then, he called the chairman of Yinshan Group and the chairman of Xiao Wu Wholesale City and told them not to have dinner with her husband.

Who did he think he was?

He was just an ordinary student!

How could he have the phone numbers of these big shots?

Would these big shots listen to him?

What a joke!

Liu Siqi was laughing as she said “Qiu... Qiu Ziqian... It’s not that I want to laugh. It’s just... It’s just that your boyfriend is too funny...”

“Oh, I can’t take it anymore...”

“My stomach hurts from laughing.”

Qiu Ziqian did not reply. She just looked at Lin Fan with admiration.

It was because she knew... this was definitely not a joke!

At this moment, Liu Siqi’s phone rang.

She was laughing so hard that her hands were trembling. She picked up her phone and looked at the incoming call notification.

It was her husband, Chen Kai.

“Hello, hubby...” Liu Siqi laughed.

“Liu Siqi, what the hell are you doing?!” Chen Kai’s stern voice came from the phone.

This roar shocked Liu Siqi so much that her entire body trembled.

She stammered, “What... What am I doing?”

“The general manager of the Imperial Hotel just called and said that you booked an entire floor for me! When did I ask you to book it?” Chen Kai shouted.

“What? I... I...” Liu Siqi was completely dumbfounded.

“Do you know how much it costs to book an entire floor of the luxurious hall? 1.5 million! Are you crazy?” Chen Kai shouted.

“Hubby, I... I thought it was a joke...” Liu Siqi panicked.

“Are you kidding me? You thought it was a f*cking joke and I have to spend 1.5 million! Don’t do such a stupid thing again!” Chen Kai shouted and hung up the call.

Liu Siqi was still in a daze when she heard the busy tone on the phone.

He had spent 1.5 million yuan to book an entire floor of the luxurious hotel...

This...

This...

Then, Liu Siqi turned to look at Lin Fan.

It was him!

It was him!

He had really called the general manager of the Imperial Hotel just now!

He was not joking!

If that was the case...

Then did he really call the chairman of Yinshan Group and Xiao Wu Wholesale City just now?

If this was true...

Then...

Liu Siqi’s face turned pale instantly. A bad premonition surged into her heart like a tidal wave.

At this moment, Liu Siqi’s phone rang again.

The ringing of the bell was like the roar of a malicious spirit, causing her to tremble in fear.

Then, Liu Siqi picked up her phone shakily. When she saw that the caller ID was her husband, Chen Kai, her entire body trembled even more.

“Liu Siqi! What the hell did you do?”

“Do you know how much effort I’ve put in to build a relationship with the chairman of the Yinshan Group and the chairman of Xiao Wu Wholesale City?”

“Do you know how much I paid to invite them to dinner?”

“It’s all ruined now! Do you know how much I’ve lost?”

As soon as the call connected, Chen Kai’s roar came from the other end.

“Hubby... What happened?” Liu Siqi said guiltily.

...

“What happened? Good! Let me tell you! Just now, the chairman of Yinshan Group and the chairman of Xiao Wu Wholesale City called me and told me that because I have to accompany my wife, they won’t be eating with me anymore!” Chen Kai shouted, “Liu Siqi, why are you so shameless?”

“Damn it! Tell me, have I not accompanied you enough?”

“Let me tell you, I’ve had enough!”

“If you don’t change the minds of the two chairmen, you can just get lost!”

Chen Kai hung up the phone after shouting.

These words were like thunder on a sunny day, echoing in Liu Siqi’s ears. She was so scared that her fingers were weak. If she was not careful, her phone would fall to the ground.

It was the sound of her phone falling that finally brought Liu Siqi back to her senses.

She quickly turned to look at Lin Fan and bowed, “I’m sorry. It was my fault just now. It was my fault... Please, let me go...”

“I’m sorry, I’m sorry...”

At this moment, no matter how stupid she was, she knew that Lin Fan was definitely not an ordinary student.

He was a true big shot!

...

Lin Fan said calmly, "What do you mean by this? Didn't I help you book the hotel as you said? Then, I told the chairman of Yinshan Group and the chairman of Xiao Wu Wholesale City not to have dinner with your husband.

"You don't have to be so polite. After all, you're Ziqian's classmate."

How could Liu Siqui not understand what Lin Fan meant? She bent her legs and knelt in front of Qiu Ziqian.

"Ziqian, it was my fault just now... I'm sorry. I shouldn't have spoken nonsense..."

"I beg of you, please forgive me this time on account of us being classmates..."

She lowered her head and clenched her fists. Her face was filled with resentment and anger.

There was no doubt that Liu Siqui would definitely take revenge for today if she had the chance in the future!

Liu Siqui's sudden kneeling shocked Qiu Ziqian.

Qiu Ziqian did not notice the change in Liu Siqui's expression and actions.

As a result, she did not know what to do.

Hence, Qiu Ziqian looked at Lin Fan and asked for his opinion.

Liu Siqui's actions were hidden from Qiu Ziqian, but how could she hide from Lin Fan?

Lin Fan held Qiu Ziqian's slender waist and said, "Let's go. It's better to teach some people a lesson."

Qiu Ziqian immediately understood what Lin Fan was thinking. Even if she forgave some people, they probably would not have any regrets.

After entering the SK Mall, Qiu Ziqian looked at Lin Fan with a puzzled gaze.

It was as if she was asking, 'How do you know so many chairmen? Moreover, you can directly request them.'

Lin Fan easily understood her thoughts. He rubbed his nose and said, "You should know that I own 51% of the shares of Xiao Wu Wholesale City.

"Also, I've bought 51% of Yinshan Group's shares.

"As for the Imperial Hotel... it belongs to me completely."

Silence!

The surrounding air seemed to have quietened down.

Qiu Ziqian could not help but gape, unable to close her mouth for a long time.

200 Move the Car; Reward!

Lin Fan and Qiu Ziqian strolled around SK Mall. They passed by many women's clothing stores and only glanced at the entrance a few times. They never entered.

"Nothing caught your eye?" Lin Fan asked curiously.

Qiu Ziqian nodded. "There used to be a Chanel shop in SK Mall. Why is it suddenly gone?"

Chanel?

Lin Fan remembered that he had seen this shop when he went to the shopping mall with Lin Xiaoyao and the others.

"I think there's Chanel in KM Mall," Lin Fan said.

Then, the two of them went downstairs and headed to KM Mall.

When they arrived at SK Mall, Qiu Ziqian spent a lot of effort parking the car.

In order to avoid trouble, Lin Fan drove the Mini Cooper this time.

On weekends, KM Mall was even more crowded and lively than SK Mall. There were basically no extra parking spaces.

Lin Fan drove around the underground parking lot for a while and saw an empty spot beside the elevator. Without any hesitation, he turned the steering wheel and smoothly parked the car.

Honk, honk!

At this moment, a white Mercedes-Benz drove over and honked at Lin Fan and Qiu Ziqian.

The underground parking lot was enclosed, and the sound of car horns was loud.

Lin Fan frowned.

However, he did not pay too much attention to it. He held Qiu Ziqian's hand and prepared to leave.

Bang!

At this moment, the door of the Mercedes-Benz suddenly opened and a woman in high heels got out.

“I honked for a long time! Didn’t you hear? Are you deaf?”

Lin Fan’s face darkened, “What’s with the way you talk?!”

“What’s wrong with the way I talk? Didn’t you see the picture in this parking space? This is my parking space! I honked for a long time, but you ignored me!

“Hurry up and move the car away!” the woman in high heels shouted.

Lin Fan and Qiu Ziqian glanced at the floor of the parking space. Indeed, there was a picture.

Ordinary people could see this picture through the camera footage when reversing.

However, Lin Fan had Professional Driving Skills. Why would he need to look at the camera when parking?

With a simple turn of the steering wheel, he could park perfectly in the parking space.

Therefore, he did not notice the picture in the parking space.

If this woman had spoken to him nicely, Lin Fan might have given up the parking space.

However, at this moment, he did not have such thoughts.

Lin Fan said, “There are no parking spaces for rent or sale in KM Mall. Do you think that just by drawing a picture, you can claim a parking space? What a joke! I won’t move my car today. Let’s see what you can do!”

When the high-heeled woman heard this, she was furious and shouted, “What I’ll do? Good, good! When I call security, I’ll see if you still dare to say this!”

At this moment, a middle-aged man in a suit walked over.

The woman in high heels saw this and said happily, “Third Uncle, you came at the right time! This person is occupying my parking space. Hurry up and call security to chase him away.”

The man in the suit looked in the direction the woman in high heels was pointing at and immediately became serious.

The man in a suit was a senior executive at KM Mall.

A few days ago, he was standing at the door with the general manager, Yuan Hong, and the others to send Lin Fan off.

After that, he asked around and found out that Lin Fan was the real owner of the mall.

Therefore, the man in the suit had been looking for an opportunity to please Lin Fan.

However, he did not even have the chance to meet him, let alone fawn over him.

Today, they finally met!

Lin Fan said calmly, "Really? Then I'll wait for the security guards to chase me away."

The man in the suit recognized Lin Fan. With Lin Fan's scanning ability, he naturally recognized him.

However, Lin Fan did not mind at all.

"Do you think I'm joking? You'll cry later!"

The high-heeled woman was already used to being arrogant. At this moment, when she saw that her third uncle was here, she was even more fearless.

Chase Lin Fan away?

Make Lin Fan cry?

The man in the suit's face turned pale, and his body trembled.

"Third Uncle, what's wrong? Quickly call the security guards over. This kind of person should be taught well..."

"Shut up!"

The high-heeled woman spoke again, but before she could finish, the man in the suit interrupted her. At the same time, he raised his hand and slapped her face.

A crisp sound echoed in the underground parking lot.

This slap stunned the high-heeled woman.

Then, the man in the suit ignored her.

...

He quickly bent down and said in a panicked voice, "M-Mr. Lin... I'm sorry. I didn't discipline her well..."

"Mr. Lin!" A surprised voice sounded from afar.

General Manager Yuan Hong, who was wearing a white shirt, hurried over.

“Hello, Mr. Lin!”

Lin Fan glanced at Yuan Hong and pointed at the camera not far away. “You’ll know what happened when you look at the surveillance footage later. I’ll leave it all to you to handle.”

Yuan Hong could easily hear the unhappiness in Lin Fan’s tone. His heart tightened, and he quickly said, “Don’t worry, Mr. Lin. I’ll take care of everything.”

Lin Fan nodded his head casually. Then, he held Qiu Ziqian’s waist and strode into the elevator.

After Lin Fan left, Yuan Hong’s face darkened. He looked at the man in the suit with an extremely cold gaze.

The man in the suit trembled and stuttered, “G-General Manager, let me explain...”

“You don’t have to explain. I’ll look at the surveillance footage myself!” Yuan Hong said coldly.

...

...

At this moment, Lin Fan and Qiu Ziqian arrived on the fourth floor.

Qiu Ziqian looked at Lin Fan in confusion.

It was as if she was saying... ‘Why were those people so afraid of you?’

Lin Fan seemed to have sensed Qiu Ziqian’s doubts and said, “I’m the owner of KM Mall.”

Silence.

Qiu Ziqian felt that the surroundings were suddenly silent.

The first time she saw Lin Fan, Qiu Ziqian knew that Lin Fan was very impressive.

Therefore, she tried her best to guess Lin Fan’s family background and chose to follow him.

Until now...

Qiu Ziqian realized that she had underestimated Lin Fan.

He was the owner of the Imperial Hotel, had 5% of LV's shares, 51% of Yinshan Group's shares, 51% of Xiao Wu Wholesale City's shares, and was the owner of KM Mall...

At this moment, the two of them had already arrived in front of Chanel's clothing store.

"Ziqian, what clothes do you want?" Lin Fan asked.

Qiu Ziqian finally came back to her senses.

It had to be said that Chanel was indeed an internationally renowned brand. Whether it was the style or the workmanship, everything was very good.

Coupled with Qiu Ziqian's perfect figure, her overall appearance made Lin Fan admire her.

Hence, Lin Fan specially bought more than ten different designs.

...

On the 25th floor of a residential building in Yi Ke City.

Qiu Ziqian looked at the new clothes in her wardrobe, and her pretty face slowly became sweet.

"Darling, thank you."

Lin Fan chuckled. "How do you want to thank me?"

"Darling, how do you want me to thank you?" Qiu Ziqian pretended not to understand.

"The imported candy from last time was pretty good. Let's have another one," Lin Fan said.

Qiu Ziqian answered and tore open a candy, putting it into her mouth.

Then, she moved closer to Lin Fan.
