

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 271 - 271 Cartier; Galaxy!

271 Cartier; Galaxy!

After Lin Fan and Han Tian left Chanel, they walked into the bright and fashionable Cartier jewelry store.

Thank you readers!

“Welcome to Cartier.” The salesperson standing at the door smiled and asked, “May I help you?”

Lin Fan said straightforwardly, “I want to buy some earrings, necklaces, and bracelets for my girlfriend. I want all of these.”

The smile on the salesperson’s face widened.

She secretly sized up Han Tian’s facial features and figure before praising, “Your girlfriend is so beautiful!”

She paused for a moment before continuing, “We received a very beautiful set of jewelry two days ago. It’s called Galaxy.

“Galaxy was designed by a famous designer from Country F, Mr. Huntereb. The entire set includes earrings, a bracelet, and a necklace... Not long ago, Mr. Hunter won a grand prize at the International Jewelry Convention because of Galaxy.

“Currently... In all of Hua Nation, only our shop has Galaxy. It can be said to be a unique set of jewelry.

“Do you want to go to the VIP room with me?”

For cheap jewelry worth thousands, tens of thousands, or even hundreds of thousands, Cartier would put them on the counter outside for people to choose and buy.

If one wanted to buy expensive jewelry that was worth millions or even tens of millions, one would have to go to the VIP room to buy it.

Firstly, it could highlight the mystery and preciousness of the jewelry, thus providing a better experience for the customers.

Secondly, it could also protect the safety of the jewelry.

Under normal circumstances, the sales assistants would not easily let customers go to the VIP room. Some stores even had to verify the customers' capital.

However, Lin Fan was holding eight bags of Chanel clothes.

Of course...

If it was just because of that, the sales assistant would not have let the customer go to the VIP room directly, nor would she have recommended Galaxy.

The most important reason was that the salesperson accidentally saw the watch on Lin Fan's wrist. It was a Vacheron Constantin Tour de l'Île!

The most important ability of a salesperson of a high-end brand was to have a pair of eyes that could easily recognize all kinds of luxury goods.

Obviously, this salesperson was such a person!

She recognized the watch at a glance. Even though she was faced with countless luxury goods every day, her heart could not help but jump.

Vacheron Constantin Tour de l'Île was a luxury watch worth tens of millions!

This was definitely a very distinguished and high-quality customer!

Lin Fan did not hesitate and replied, "Alright."

Then, under the guidance of the sales assistant, Lin Fan and Han Tian walked to the VIP room inside.

The place was very spacious and bright. The entire place was decorated in a European style. The air was filled with a faint fragrance, giving people the feeling of being in a European castle. It was filled with the aura of nobility.

After the employee invited Lin Fan and Han Tian to sit down, she brought over a set of exquisite refreshments.

Then, she carried a diamond-studded sheepskin box and walked over carefully.

Even the box exuded a luxurious aura that filled people with anticipation.

When she arrived in front of Lin Fan and Han Tian, she first put on a pair of white gloves before slowly opening the diamond-studded sheepskin box.

The crescent-shaped earrings, the ripple-like bracelet, the crown-like necklace... All of them appeared in front of Lin Fan and Han Tian.

Under the illumination of the lights, the three pieces of jewelry were all emitting a dazzling light. They were gorgeous and resplendent like a flowing galaxy. They were very beautiful!

This was simply... a box of treasures!

Although the sales assistant had seen Galaxy several times, she would still feel a little surprised each time.

Now that she saw it again, she could not help but be fascinated.

As a result, she did not give a more detailed introduction at the first moment.

After a while, the salesperson finally calmed down and said in a yearning tone, “The earrings in this set of Galaxy consist of two-carat diamonds and eight small diamonds. They represent the sun, the moon, and the eight planets, which is our entire solar system...

“The bracelet is made of platinum and 365 diamonds, representing the edge of the Milky Way.

“The necklace is made of ruby and countless diamonds. It represents the center of the galaxy and countless stars...”

Lin Fan looked at Han Tian, who was already attracted by Galaxy. He said, “Alright, I’ll buy it.”

“Huh?”

The sales assistant was stunned for a moment. She seemed to be in disbelief. She gently moved her throat and said, “You... What do you mean?”

“I’ll pay by card.” Lin Fan took out his bank card.

Buy!

He really wanted to buy it!

The salesperson almost jumped up in joy.

However, she forced herself to calm down and reminded him, “Sir, the price of Galaxy is 4,888,888 yuan...

“As it’s a new product, there’s no discount for the time being. However, I can help you apply for a small gift.”

Lin Fan’s expression did not change at all. He nodded casually and said, “Alright.”

The salesperson swallowed her saliva and calmed herself down a little. She turned around and brought over the POS machine.

Beep!

After the soft sound of the machine, a receipt for 4,888,888 yuan appeared.

For every 10,000 yuan spent, he would receive a red packet.

At the same time, 488 red packets appeared in Lin Fan's phone.

It was this soft sound that pulled Han Tian back to reality.

Lin Fan picked up the earrings, bracelet, and necklace to help Han Tian put them on.

Han Tian looked at her reflection in the mirror, which was as bright as the stars. Her beautiful eyes could not help but become moist.

She did not care that the salesperson was still beside her. She threw herself into Lin Fan's arms and said excitedly, "Lin Fan, thank you."

In fact, the salesperson was not in the mood to look at her at all.

It was because the salesperson was also very excited.

4,888,888 yuan worth of jewelry! She sold it directly!

How much commission could she get from this?

Lin Fan gently patted Han Tian's back and smiled, "Silly girl, what's there to thank between us? Moreover, this is just a small toy."

A small toy?

That was right!

To Lin Fan, an item worth over four million yuan was nothing.

One had to know that even if he only counted his income from breathing, sleeping, and walking, he could earn at least seven million yuan a day.

After a while, the two of them slowly separated.

The salesperson gradually came back to her senses. She pointed at some small items under 5,000 yuan on the counter and said, “You can choose something you like as a gift from our shop.”

In the end, Han Tian picked up a cute hair clip.

After Lin Fan and Han Tian left Cartier, a few salespeople quickly surrounded the salesperson from earlier.

“Xiao Juan, you’re amazing!”

“Xiao Juan, congratulations on selling Galaxy!”

“You must treat us.”

“That’s right!”

...

Lin Fan naturally did not care about the bustling Cartier store.

He accompanied Han Tian to buy two pairs of shoes and some skincare products...

He spent a total of 5,688,993 yuan on this trip.

Correspondingly, Lin Fan received 568 red packets.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 272 Meeting An Acquaintance

When Han Tian went to the washroom, Lin Fan was bored and chose to open all 568 red packets.

[Ding! Congratulations, you've received five yuan.]

[Ding! Congratulations, you've received 1,999 yuan.]

...

[Ding! Congratulations, you've obtained Happy World Amusement Park.]

...

[Ding! Congratulations, you've obtained a one yuan critical hit card.]

...

Out of the 568 red packets, Lin Fan received a total of 432,113 yuan, Happy World Amusement Park, and a one yuan critical hit card.

Seeing this...

Lin Fan could not help but reveal a strange look.

430,000 yuan was naturally not a big deal.

Happy World Amusement Park?

Was this not the largest amusement park in the central region that had been publicized for the past few years? It was claimed to have cost tens of billions to build.

Now... it was his?

The one yuan critical hit card allowed him to earn 100 million yuan by spending one yuan.

In other words, he had just bought so many things for Han Tian, and in the end, he earned this much money?

At this moment, Han Tian walked over with a face full of happiness.

She seemed to have noticed the change in Lin Fan's expression and asked, "What happened to you?"

Lin Fan cleared his throat and smiled, "I encountered something interesting."

Then, he looked at the watch on his wrist and said, "It's almost time for us to go to dinner. I might have to eat with some people later."

"Alright," Han Tian said.

Hence, Lin Fan drove the Mercedes-Benz G-Class toward Imperial Hotel.

The chairman of Little Tanuki Group, President Ma, had arranged to have a meal with him here.

Lin Fan parked the car and walked to the entrance of the Imperial Hotel.

A man in a suit and leather shoes walked out and shouted in surprise, "Han Tian?"

"Wang Zihao?" Han Tian said.

Wang Zihao looked at Han Tian's beautiful face, and a hint of passion appeared on his face.

However, he quickly suppressed it and smiled. "Haha! Han Tian, it really is you! I didn't expect that we would meet here today! We haven't seen each other for a few years since we graduated from university, right?"

"You haven't changed at all!"

"Well no, you've become younger and more beautiful than before!"

"You're exaggerating," Han Tian said.

"How is it exaggerated? This is the truth!" Wang Zihao said seriously.

Wang Zihao seemed to have noticed Lin Fan standing at the side and asked, "Oh right, who is this?"

Lin Fan said, "I'm Han Tian's boyfriend, Lin Fan."

Wang Zihao's expression darkened slightly, and he said, "I didn't expect... the campus belle of our school to already have a boyfriend. By the way, where are you working now?"

"I'm studying at Jiangbei University," Lin Fan said.

When Wang Zihao heard this, a hint of contempt flashed across his face.

In the eyes of some ordinary people, university students were very impressive.

However, in Wang Zihao's eyes, university students were nothing.

"So, you're a student from Jiangbei University!" he said. Speaking of being a student, I couldn't help but think of the time when Han Tian managed the student council in school.

"At that time, I was wondering why there was such a perfect person like Han Tian in this world. Not only was she beautiful, but she was also so capable!

"By the way, I started an internet company after graduation. I'm currently lacking a vice president. Han Tian, are you willing to work with me?"

Han Tian shook her head. "I'm sorry. I've been working in a real estate company since I graduated. I don't know anything about internet companies. I'm afraid I can't be your vice president."

"It doesn't matter. In fact, most of the things in my internet company are done by the contracting companies. We're just a shell," Wang Zihao said.

"As the vice president, you just need to assign tasks to the various companies. With your management skills back in university, this will definitely not be a problem!"

Then, he said to Lin Fan, "The jewelry on Han Tian's body should be from you, right? I know that you want to make Han Tian look beautiful and make her the most eye-catching woman in the crowd.

"But do you know that wearing all this glass jewelry won't make her beautiful at all? On the contrary, it'll only make her be seen as a joke.

"Only when she wears a one-carat diamond will she be amazing!"

Obviously, Wang Zihao thought that the necklace, bracelet, and earrings Han Tian was wearing were all made of glass.

It was no wonder that he thought so...

After all, Han Tian had just said that she worked in a real estate company.

How much money could she earn from working in a real estate company?

How could she afford diamond jewelry?

Lin Fan was just a student, so it was even more impossible for him to afford diamond jewelry. Even if he was a rich second-generation heir, it was still not okay!

Wang Zihao knew very well that the families of rich second-generation heirs were very strict. It was impossible for these heirs to have enough allowance to buy expensive jewelry all at once.

The answer was obvious.

Wang Zihao said again, "I'm sorry, maybe I was a little too direct. However, it's the truth. Without a career, how can love last? Lin Fan, you're a university student, so you should understand this.

"If you really like Han Tian and want her to be happy forever, I think you should persuade her to come to our company to be the vice president. After

you graduate, you can also come to work in my company. In this way, I believe that you'll be able to make your love last!

"As for the scale and strength of my company, as well as your treatment... There's no need to doubt it. You might not know this, but I've just received an investment from Little Tanuki Group! In the future, even A-share listing will be possible! At that time, you'll all be shareholders of the company. You can achieve financial freedom and live happily ever after!"

Wang Zihao used the tone of an elder to talk about great principles.

He believed that Lin Fan would definitely do as he said and help persuade Han Tian to join his company.

It was because Wang Zihao had used similar methods to successfully have sex with several women.

In the end, even if he abandoned them, they never blamed him.

On the contrary, they often felt heartache and regret for certain things.

Even a meticulous woman was like that.

Moreover, Lin Fan was just an ordinary male university student.

At this moment...

Lin Fan's face was filled with a strange expression.

The jewelry that Han Tian was wearing now was being laughed at?

Only by wearing a one-carat diamond would a woman be able to impress others?

If he remembered correctly, never mind the necklace and bracelet...

Han Tian's earrings were made with two-carat diamonds, right?

Her diamonds were being laughed at?

The little diamonds were also looked down on?

What kind of logic was this?

Also, he wanted both her and Han Tian to work in his company? They should not worry about the treatment?

Was he prepared to give her one million or five million a month?

However, even ten million was nothing!

His company received an investment from Little Tanuki?

He owned 10% of the shares of Little Tanuki Group and was also the second largest shareholder of Little Tanuki Group!

In other words, Lin Fan's company had invested in Wang Zihao's company?

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 273 Receive Him Personally; Cancel All Cooperation!

Wang Zihao saw that Lin Fan and Han Tian did not say anything and thought that they were considering his words. He could not help but laugh coldly in his heart.

He then continued, "My internet company is short of people. This is definitely a great opportunity for you. You don't have to think about it anymore."

At this moment, a noblewoman in a Chanel dress, who had about 80 points in appearance, suddenly exclaimed.

"Wow! Galaxy! This is Cartier's Galaxy, right? I just saw it in a magazine! I didn't expect to see the real thing so quickly. It's too beautiful!

"Excuse me, can you tell me where you bought it?" the lady continued.

"Of course!" Han Tian replied. "I bought it at the Cartier flagship store in Xinglong Shopping Mall, but they only had this set."

"Only one set?" the lady said disappointedly.

She then said, "I really like Galaxy. Can you sell it to me? How about five million?"

Clearly, this lady had a certain understanding of Galaxy.

Galaxy's price was 4,888,888 yuan, while the lady offered five million yuan.

Han Tian could almost make 110,000 yuan just by selling it!

If it was an ordinary person, they would probably agree immediately.

However, Han Tian shook her head and said, "I'm sorry, I also like Galaxy very much, so I won't consider selling it!"

When Wang Zihao heard the name Cartier, he felt that something was wrong.

When he heard the figure of five million, his heart thumped wildly.

What was going on?

Was the jewelry Han Tian was wearing not made of glass?

Why would others spend five million to buy it?

What was going on?

Wang Zihao opened his mouth as if he wanted to ask something.

At this moment, behind him... a somewhat familiar voice sounded.

"Mr. Lin, I'm sorry. I'm so sorry to have made you wait!"

Wang Zihao slowly turned around to look...

His eyes almost popped out of their sockets.

That was because he saw a group of big shots from Little Tanuki Group. They had just reviewed his company in the conference hall of the Imperial Hotel. Among them was the chairman of Little Tanuki Group, President Ma!

The voice just now came from President Ma!

At this moment, President Ma actually took the initiative to stretch out his right hand and tightly shake Lin Fan's hand!

This...

This...

What was going on?

That was President Ma!

Why did he shake hands with Lin Fan?

Moreover, from his tone, it seemed like he was here to pick Lin Fan up?

How was this possible?

Could it be that he was seeing things?

Or perhaps... was it an illusion?

However, Wang Zihao quickly realized that... this was not a hallucination, nor was it an illusion.

"I just arrived." Lin Fan pointed at Han Tian and said, "This is my girlfriend, Han Tian."

"Oh? Is this Sister-in-law? How beautiful! Brother Lin, you have good taste!" President Ma praised and extended his right hand to Han Tian.

Han Tian knew that they were going to have dinner with other people today.

However, she never expected it to be President Ma.

As a result, when she suddenly saw President Ma, she was stunned.

One had to know...

In the hearts of many managers and businessmen, President Ma was definitely a god-like existence.

At this moment, the 'god' had appeared in front of her!

He was even shaking hands with her?

After a while, Han Tian extended her right hand and shook President Ma's hand.

Then, Lin Fan and the manager of the Imperial Hotel stood at the entrance and chatted for a while.

At this moment, Lin Fan seemed to have thought of something. He turned around and said, "By the way, President Ma... Wang Zihao seems to be the boss of an internet company? Is our Little Tanuki Group going to invest in his company? But he just said that his company is an empty shell, and they contract out the work to third-party companies."

"What? Really?" President Ma said.

Lin Fan smiled. "That's not all. He even wanted my girlfriend to be his vice president."

President Ma raised his eyebrows, and his expression instantly became extremely ugly.

How smart was he? How could he not understand what Lin Fan meant?

This person called Wang Zihao had opened a shell company, and they had actually wanted to invest in him just now!

More importantly, he actually had improper thoughts about Lin Fan's girlfriend!

What a... bastard!

One had to know...

The reason why President Ma came to Jiangbei was to build a better relationship with Lin Fan.

Now, something like this had happened.

If this ruined Lin Fan's good mood...

In fact, it might even cause some unnecessary conflicts. Wang Zihao really deserved to die!

President Ma said to his assistant standing behind him, "Cancel all cooperation and investments with this Wang Zihao! In addition, issue a notice that Wang Zihao's character is extremely bad. From today onward, anyone who has business dealings with him will no longer be able to cooperate with us!"

Little Tanuki Group was canceling all cooperation and investments with him?!

Heavens!

How much effort had he put in to get Little Tanuki Group to invest in his company?

Now, there was nothing left?

In addition, Little Tanuki Group was going to inform the outside world that it would not cooperate with anyone who had business dealings with them.

Was this not equivalent to being completely banned by Little Tanuki Group?

This...

This...

Wang Zihao only felt his vision turn black...

His legs went weak as he knelt on the ground. He first said to President Ma, "President Ma, I beg you, please don't ban me."

However, President Ma completely ignored his words.

Then, Wang Zihao seemed to have thought of something.

He turned around and kowtowed to Lin Fan while crying, "Lin... Mr. Lin, I'm sorry. It was my fault just now. I shouldn't have said anything. On the account that Han Tian and I were university classmates, please forgive me... I'm sorry, I'm sorry..."

Lin Fan said calmly, "What are you sorry for?"

Then, he held Han Tian's slender hand and said, "President Ma, didn't you say you wanted to treat me to a meal? I'm starving here."

"Yes, yes, yes! Let's eat! Mr. Lin, Ms. Han, please come in!" President Ma was like a waiter. He personally stretched out his hand and led Lin Fan and Han Tian inside.

This scene...

Everyone's hearts started to race as they started to guess Lin Fan's identity.

One had to know... President Ma was a man who had become the richest man in the country several times!

He actually treated a young man so politely!

The group of senior executives of Little Tanuki Group standing behind President Ma could not help but bow slightly towards Lin Fan. They followed closely behind him like his lackeys.

After Lin Fan, Han Tian, President Ma, and the senior executives of Little Tanuki Group left, Wang Zihao collapsed to the ground dejectedly and said in a hoarse voice, "He... Who is he?"

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 274 Reason; Shocking!

In VIP Hall 6 on the 66th floor of the Imperial Hotel, a huge dining table was filled with sumptuous dishes.

At President Ma's request...

Lin Fan sat on the main seat, Han Tian sat on the left, and President Ma sat on the right.

The other executives sat around the table.

"Today, I'm very happy to be able to have dinner with Mr. Lin and Ms. Han. I'd like to propose a toast to the two of you!"

Lin Fan and Han Tian also raised their glasses and said, "President Ma, you're too polite. Let's have a drink together."

After a glass of wine, the atmosphere in the private room immediately became lively.

In people's imagination, a wealthy person like President Ma should have an imposing aura that made people afraid to approach him.

However...

President Ma would occasionally put his arm around Lin Fan's shoulder and laugh heartily at other times.

His appearance was no different from that of an ordinary commoner. He was very approachable.

After downing a few glasses of wine, President Ma's pupils shifted, and he finally spoke of the true purpose of this trip.

"Mr. Lin, thank you very much for your trust and recognition of our Little Tanuki Group. A few days ago, you bought another 5% of our shares. Now... you're the biggest shareholder of our Little Tanuki Group in Hua Nation. I wonder if you have any instructions?"

As soon as he said this...

The private room, which was originally a little lively, immediately quieted down.

The senior executives of Little Tanuki Group finally understood why Da Ma was so polite to Lin Fan.

He bought an extra 5% of Little Tanuki's shares!

He was the largest shareholder of Little Tanuki Group in Hua Nation!

They were very clear about the market value of Little Tanuki Group. To achieve this step, how much money was needed?

This young man in front of them was... He was actually so terrifying?

Han Tian was also slightly stunned when she heard his words.

She knew that Lin Fan was rich, but she did not expect him to be this rich.

...

Lin Fan had already expected President Ma's words. He could not help but laugh, "I do approve of Little Tanuki Group, but at the same time, I'm also a person who hates being troubled.

"So, it'll still be the same as before. I'll only take the dividends, and I don't care about the matters of Little Tanuki Group. President Ma, I believe that you'll definitely be able to make Little Tanuki better and better."

Da Ma laughed heartily when he heard that. He had achieved his goal this time!

Instantly, the atmosphere in the private room became even hotter.

The meal lasted until close to three o'clock before it slowly ended.

President Ma and Little Tanuki Group's higher-ups had been to many drinking parties, and it could be said that they were all huge drinkers.

However, when the banquet ended, everyone was lying on the table.

Lin Fan had Drinking Gentleman, so he would not get drunk even after a thousand glasses. He was fine.

However, Han Tian still insisted on helping him into the car and heading home.

Perhaps it was because there was no one at home, it was a little boring.

Looking at Lin Fan's handsome face, Han Tian's pretty face gradually blushed.

Then, she could not help but move closer to Lin Fan.

? (↔?)

...

It was as if a spring breeze had suddenly come, and thousands of pear trees had bloomed.

Thus, the entire building began to shake from the afternoon until the next morning.

Lin Fan accompanied Han Tian for breakfast before driving the Mercedes-Benz G-Class toward Jiangbei University.

When he walked into Jiangbei University, he was greeted by a series of bright banners.

[Warm congratulations to our school's Lin Fan for solving the Hail Conjecture!]

[Warm congratulations on Lin Fan's thesis being published in Annual Mathematics!]

Lin Fan was stunned for a moment. After a while, he remembered that he had indeed solved the Hail Conjecture last week.

Then, he asked Teacher Tiantian to publish it under her name.

It seemed that Teacher Tiantian published it under his name.

Regarding this...

Lin Fan did not mind and walked straight toward the classroom.

At this moment, the classroom was already filled with discussions.

"Did you see that? Brother Lin Fan's thesis was published in Annual Mathematics!"

"Is the main point about Annual Mathematics? The main point is the Hail Conjecture! Oh my God, Brother Lin Fan has solved another world problem!"

"Just how on earth did Brother Lin Fan get so smart?"

...

When Lin Fan walked into the classroom, all the noise suddenly disappeared.

Everyone's eyes were focused on Lin Fan.

Seeing this...

Lin Fan was stunned for a moment and thought, 'Did I enter the wrong classroom?'

Then, he could not help but look back at the classroom door.

He was at the right place!

At this moment, Song Yi, who was sitting in the back row, stood up and waved at Lin Fan, "Brother Lin Fan, over here!"

Lin Fan heard the voice and walked over slowly.

Then, Song Yi could not help but ask, "Brother Lin Fan, you solved the Hail Conjecture?"

"Yes, I did," Lin Fan replied casually.

As soon as he said this, the classroom immediately became extremely noisy again.

"As expected of Brother Lin Fan!"

"Brother Lin Fan is awesome!"

"Long live Brother Lin Fan!"

In fact...

The students had indeed wondered if the 'Lin Fan' on the school banner was the Lin Fan in their class.

However, doubts were just that, after all.

Now that Lin Fan had personally admitted it, how could they not be excited?!

As for Lin Fan, his expression remained the same. There was no change at all.

He could not help but yawn.

"Brother Lin Fan, when did you start researching the Hail Conjecture?" Ma Zhong asked.

"Last week," Lin Fan said.

Last week?

Ma Zhong opened his mouth, not knowing how to answer.

He researched it last week and solved it this week?

That was an unsolved problem in the world!

However...

What he did not know was that Lin Fan had written the answer to the problem on the same day he started researching it.

If Ma Zhong knew, what kind of expression would he have?

After the bell rang, the old professor with gray hair slowly walked in.

He first scanned the students in the classroom. When he saw Lin Fan, his gaze could not help but linger for a few seconds.

However, he did not talk about anything else and started today's class.

Lin Fan was already a little sleepy. Now that he was listening to the old professor's leisurely pace... The lecture was like a lullaby. After a few minutes, he closed his eyes and fell asleep on the table. He was relaxed and comfortable.

When the old professor's gaze landed on the sleeping Lin Fan, not only was the old professor not angry, but his turbid eyes were also filled with admiration. As expected of Lin Fan. Even though he had just solved the Hail Conjecture, he had studied all night yesterday! However, he was not sure... what Lin Fan was studying this time.

At this moment, a gentle breeze blew across the table, causing the books on the table to rustle.

Hence, the old professor slowly walked down from the podium and skillfully put his coat on Lin Fan.

He could not let a good student who studied every night catch a cold.

275 The Lively Mathematics World; Overturned!

While Lin Fan was sleeping, the mathematics world that had been silent for a long time suddenly became noisy.

Thank you readers!

...

Princeton University, America.

Adivan wanted to bury his head in Annual Mathematics.

“Take your time,” Jeffrey said with a smile.

Adivan ignored Jeffrey and muttered to himself, “It’s actually like this. He could actually use this method to calculate...”

Jeffrey seemed to enjoy seeing Adivan like this, and the smile on his face widened.

After a long time, Adivan slowly moved his gaze away from the magazine and praised, “This mathematician from Hua Nation is really amazing! His name is Lin Fan, right?”

“After solving such an important problem, when do you think he’ll hold a report?”

Jeffrey said, “That depends on the World Mathematics Organization. It’s just that... I wonder if Lin Fan will host the report in Hua Nation again.”

In fact, just as Jeffrey had expected, after the World Mathematics Organization found out that the Hail Conjecture was solved, they sent an email directly to Jiangbei University, hoping that Lin Fan could come to Europe to hold a 60-minute report.

...

As for the main character of this matter, Lin Fan, he was still sleeping soundly on the table.

After the school bell rang, Lin Fan slowly opened his eyes.

When Lin Fan walked out of the classroom feeling refreshed, Counselor Sun Yaodong, the dean of the Mathematics Department, Hu Chuan, and the others were all standing at the door.

“Lin Fan, congratulations on solving the Hail Conjecture!” Hu Chuan said with a smile.

Lin Fan looked like he was still half-asleep. He waved his hand and said, “It’s just a question.”

His tone was so relaxed as if he had only answered a simple question like ‘ $1+1=2$ ’.

After saying that, Lin Fan prepared to continue walking out.

Hu Chuan did not dare to hesitate any longer. He quickly said, “The World Mathematics Organization sent an email inviting you to Europe to hold a 60-minute report on the Hail Conjecture.”

Lin Fan pursed his lips and asked, "Why is it another report? Tell them to come to Jiangbei if they want to attend the report."

Then, he did not say anything else and walked straight into the distance.

The entire Jiangbei University and the entire mathematics community... They were all discussing Lin Fan solving the Hail Conjecture today.

As for Lin Fan himself, he was still the same as before. He ate and slept as he should. There was no difference at all.

After school ended in the afternoon, Lin Fan drove the Mercedes-Benz G-Class toward Coiling Dragon Villa.

In the distance... There was a violent roar of engines. Two cars were actually speeding down the street.

The Land Rover in front seemed to be escaping, while the Volkswagen behind seemed to be chasing.

At this moment, a child suddenly appeared in front of the Volkswagen. In order to avoid danger, the Volkswagen suddenly turned the steering wheel and slammed on the brakes.

However, the speed was too fast, and the car could not stop at all. It crashed into the green belt beside it, and the entire car overturned on the ground.

Seeing this... many people followed and watched from afar.

Lin Fan stepped on the accelerator and arrived beside the Volkswagen.

It was not that he wanted to watch the show but that he knew the owner of the car, Wang Ru!

This was a woman with a strong sense of justice.

Not long ago, Lin Fan encountered an attempted robbery while carrying out an order on DiDi. She was the one who saved him.

Of course, even without her, Lin Fan, who had Violent Aesthetics, would not have let the criminal succeed.

However, it was this incident that gave Lin Fan a good impression of this beautiful woman.

Now, seeing her car overturned, Lin Fan naturally went to take a look.

At the same time, he thought to himself, 'Could she have been chasing a criminal just now?'

At this time, the door of the overturned Volkswagen slowly opened, and Wang Ru climbed out with some difficulty.

“Are you alright?” Lin Fan asked.

Wang Ru was stunned when she saw him.

Clearly, she had not expected to meet Lin Fan here.

Then, Wang Ru’s eyes fell on the Mercedes-Benz G next to her. She took out her ID and said anxiously, “I’m investigating a case. Let me borrow your car!”

As she spoke, she was about to head toward the Mercedes-Benz.

However, she seemed to have hurt her leg after the car overturned, and she was limping.

Lin Fan shook his head, “Let me drive.”

As soon as he finished speaking, he took a step forward to the driver’s seat.

Wang Ru did not hesitate too much. She sat in the passenger seat and said, “Hurry up.”

Then, she looked straight ahead and took out her phone to make a call. “My car got into an accident on Southeast Street. Help me deal with it.”

After saying that, she hung up the phone and made a second call. “He should be heading toward Route 107. Get someone to stop him in front!”

At this moment, Lin Fan had already started the car and stepped on the accelerator.

In an instant, the entire car was like a roaring beast, letting out an earth-shattering roar.

Then, the speed of the Mercedes-Benz GG continued to increase.

100 yards!

120 yards!

150 yards!

...

Seeing this...

Even Wang Ru, who had always been calm and collected, could not help but have a layer of cold sweat on her forehead.

“Mr. Lin, be careful.”

It was no wonder that she would be like this.

One had to know that this was not a highway but a city road!

On the city road, if there was a traffic jam or something happened at this speed, it would not be as simple as the car getting flipped... It would be a total crash!

“Alright,” Lin Fan replied.

As a result, he stepped on the accelerator harder.

160 yards!

170 yards!

...

Wang Ru’s eyebrows twitched slightly.

She had asked him to be careful, yet this was how was being careful?

276 Hidden Mission; Meddle!

Wang Ru saw that the car did not slow down. Instead, it kept going faster.

Thank you readers!

The cars and trees outside the window were like a rapid river that kept flowing backward.

She finally could not help but speak again, “Mr. Lin, slow down.”

Lin Fan tilted his head and looked at Wang Ru with a strange gaze.

That appearance... It was as if he was saying, ‘Didn’t you tell me to be as fast as possible? Aren’t you chasing after a criminal?’

Wang Ru seemed to have realized this and continued, “Safety first... In addition, my colleague has already...”

At this moment, Lin Fan suddenly said, “We’ve caught up.”

Sure enough, there was a car speeding ahead. It was that Land Rover...

The man in the Land Rover... He seemed to have noticed the Mercedes-Benz G-Class that was speeding toward him. He could not help but step harder on the accelerator and increase his speed again.

However, he soon found out that no matter how much he increased his speed, the Mercedes-Benz G-Class kept closing the distance between them.

The man looked at his speed of 130 km/h and cursed, “Is the driver crazy?”

However, the distance between the two did not increase because of this curse.

On the contrary, the car behind was getting closer and closer.

Just as the man was about to be caught, he coincidentally encountered a relatively narrow fork...

Without any hesitation, he turned the steering wheel and drove into the fork at the risk of almost flipping over.

“You’re very fast, aren’t you?” The man grinned. “Let’s see how you’re going to catch up!”

In fact...

It was not just the man who had this kind of mentality. Wang Ru, who was sitting in Lin Fan’s car, also had the same thoughts.

Wang Ru sighed and said, “It’s over. We can’t catch up.”

However, Lin Fan said calmly, “Sit tight!”

Wang Ru seemed to have thought of something. Her heart tightened, and she quickly opened her mouth to say something.

However, it was too late!

Lin Fan turned the steering wheel and stepped hard on the brakes.

The tires of the Mercedes-Benz G-Class revolved at high speed, causing a plume of smoke to appear as the tires rubbed against the ground. The screeching sound of the brakes echoed throughout the entire street.

Wang Ru only felt a huge inertia force that seemed to drag her out. Fortunately, she had fastened her seat belt, and her reaction was quick. She grabbed the armrest with one hand and was able to sit up with difficulty.

At this moment, the Mercedes-Benz’s two tires had already levitated, and it spun 450 degrees on the ground with just the remaining two tires.

After the sound of a heavy object landing on the ground, the Mercedes-Benz G-Class let out a hurried roar again. Like a ferocious beast, it sped in the direction of the Land Rover.

The man sitting in the Land Rover was almost dumbfounded by what he saw through the rearview mirror. He shouted, “F*ck! That driver can drift too?”

It was also because of this that he was dumbfounded. He was careless and accidentally knocked into a big tree on the road. The airbag popped out, and a wisp of black smoke gradually emerged from the vehicle.

When the man slowly got out of the Land Rover, the Mercedes-Benz G had already stopped steadily beside him.

Lin Fan and the wobbling Wang Ru got out of the car.

The man composed himself and took out a switchblade. "Don't... Don't come over..."

However, Lin Fan did not seem to hear him at all as he slowly walked toward the man.

When he was only one meter away from the man, the man finally shouted and stabbed toward Lin Fan.

Lin Fan's body swayed slightly, and he easily dodged the flick blade.

Then, Lin Fan grabbed the man's right hand that was holding the switchblade and twisted it gently.

At the same time, Lin Fan kicked twice.

Three crisp sounds appeared almost at the same time

The man's arm, left leg, and right leg were all dislocated. He fell to the ground and screamed in pain. He lost all ability to resist.

Seeing this...

Wang Ru's pale face showed a touch of surprise. She could not help but say, "You... You're that powerful? Then why were you robbed at that time?"

Lin Fan shrugged his shoulders, "I wanted to resist too, but you just happened to appear."

Wang Ru opened her mouth as if she wanted to say something.

At this moment, the sound of a police vehicle's siren sounded in the distance.

"Your colleague seems to be here," Lin Fan said. "I'll be leaving first."

After all, he had only helped because he saw an acquaintance whom he had a good impression of getting into trouble.

Now, the problem of his acquaintance was already solved.

Naturally, he did not have any reason to stay any longer.

Otherwise, he might have to go to the police station to assist in the investigation later. That would be too troublesome.

As for Lin Fan... He hated trouble.

Then, without waiting for Wang Ru's reply, Lin Fan returned to the Mercedes-Benz and stepped on the accelerator.

Wang Ru looked at the Mercedes-Benz G-Class that was quickly leaving, and a different color appeared in her beautiful eyes.

At this moment, two police cars stopped at the side.

Several investigators walked down one after another. One of them praised, "Team Leader Wang, did you drive that Mercedes-Benz G-Class? You could even drift on the streets. That was too amazing!"

"Sergeant Wang, are you injured?" Another investigator asked.

An investigator in his 30s looked at the switchblade on the ground and the man lying on the ground. He immediately guessed what had just happened.

He said coldly, "This guy actually wanted to attack Team Leader Wang. He really overestimated himself!"

Wang Ru shook her head. "I didn't catch up with him, and I didn't subdue him."

"Huh?" All the investigators looked puzzled.

The younger investigator could not help but ask, "Who, then?"

Wang Ru slowly raised her head and looked in the direction of the Mercedes-Benz G-Class. She was speechless for a long time.

...

When Lin Fan arrived at the Coiling Dragon Villa, a crisp notification sounded out in his mind.

[Ding! Congratulations, you've completed the hidden mission. You've been rewarded with five silver packets.]

When Lin Fan heard that, he rubbed his nose and muttered, "Is this considered good karma?"

After a pause, he said, "Then let's see... Just how much good karma is there?"

"Open the five silver packets!"

[Ding! Congratulations, you've received 500,000 yuan.]

[Ding! Congratulations, you've received 200,000 yuan.]

[Ding! Congratulations, you've obtained Haoting Jiayuan Community.]

[Ding! Congratulations, you've received 300,000 yuan.]

[Ding! Congratulations, you have received 900,000 yuan.]

He received 1.9 million yuan from the five silver packets. Lin Fan did not take it to heart.

He immediately focused his attention... on Haoting Jiayuan Community.

“Haoting Jiayuan Community? I think I've seen it on a billboard before... It seems to be a high-end residential area in the city center that was completed this year...

“I meddled in a situation and got a residential area in the city center worth 1.9 million yuan. Hmm... not bad.”

277 Huang Ling's Friend; Praise!

Perhaps it was because he had done a good deed.

Thank you readers!

It was nighttime... Lin Fan was sleeping soundly.

When he woke up the next day, the sun had already risen high in the sky.

Lin Fan picked up his phone, and a message appeared on the screen.

[Notice from Merchant Bank: 7,520,014 yuan was deposited into your account.]

Lin Fan closed the message and looked at the time on the top right corner.

“It's already 10 AM?

“It seems that class has already started... Forget it, I won't go today.”

Then, he picked up his phone and sent a message to counselor Sun Yaodong.

In the past, Lin Fan had special rights in the school.

Yesterday, Jiangbei University received news that Lin Fan had solved Hail Conjecture. Lin Fan could now have even more special rights.

Therefore, Sun Yaodong did not hesitate at all and directly approved his leave.

Lin Fan took his time to wash up and leisurely ate a few slices of crab roe bread. Then, he drove the Mercedes-Benz G-Class and headed outside.

When he stopped at an intersection, he happened to see Huang Ling on the sidewalk.

Lin Fan turned the steering wheel and walked to the side. He shouted, "Huang Ling!"

Huang Ling turned around and shouted excitedly, "Lin Fan!"

Lin Fan smiled. "What are you doing? Right, isn't Ziqian with you?"

In Lin Fan's impression, Huang Ling and Qiu Ziqian were inseparable.

"She had something to do at home, so she went back," Huang Ling said.

"A few of my high school friends are in Jiangbei. I'm going to meet them."

"A class reunion?" asked Lin Fan.

"Do you want me to go with you?" Lin Fan asked again.

"Really? Do you want to go?" Huang Ling was pleasantly surprised. Her beautiful eyes were faintly glowing.

Initially, Huang Ling had chosen to follow Lin Fan because she envied Qiu Ziqian's life.

However, her envy gradually turned into deep love.

Lin Fan smiled "Where are you guys meeting?"

"Fenglai Hotel in front," Huang Ling hurriedly said.

...

In a private room at Fenglai Hotel.

Three women sat together and chatted casually. They would laugh from time to time. The atmosphere was very relaxed.

At this moment, someone knocked on the door.

Then, Huang Ling and Lin Fan pushed the door open and walked in.

"You're... Huang Ling?" The woman in the beige windbreaker asked.

Huang Ling nodded at first, then said hesitantly, "Zhou Lan?"

"Wow! It really is you, Huang Ling!" The three of them cried out in surprise.

Instantly, the atmosphere in the private room became even more intense.

Lin Fan secretly observed the three of them. He realized that they were well-dressed and had good looks.

At least... they scored 70 points in appearance.

A beautiful woman would always have beautiful friends.

In fact, when Lin Fan was observing them, the three women were also observing Lin Fan.

They all realized that Lin Fan was tall and had a refined aura. His facial features were well-defined... He was simply a rare handsome man!

Finally, Zhou Lan could not help but ask, "Huang Ling, who's this handsome guy next to you? Why didn't you introduce us?"

"I'm Huang Ling's boyfriend, Lin Fan," Lin Fan introduced himself.

Immediately, the three of them began to tease.

"I didn't expect our class belle to have a boyfriend now!"

"But Huang Ling has good taste!"

"A handsome man paired with a beautiful woman, what a splendid sight!"

When Huang Lingyan heard this, her face blushed slightly. Her eyes were filled with happiness and sweetness.

At this moment, the door was pushed open again.

A woman in a Balenciaga dress with heavy makeup and a Gucci bag on her waist strolled in with a beer-bellied man.

Everyone in the private room could not help but look at the door.

However, no matter how they looked at the woman, they did not find her familiar at all. The same went for the man with the beer belly.

Zhou Lan could not help but ask, "You're..."

"I'm Xu Lihua," said the woman with heavy makeup."

"You're Xu Lihua?" Zhou Lan asked in surprise.

The other people in the private room also let out a wave of incredulous sounds.

"Lihua, you've changed a lot."

"I almost didn't recognize you at all."

...

“It looks like it’s worth it to spend tens of thousands of yuan on cosmetics every month,” Xu Lihua said proudly.

In Xu Lihua’s eyes... If everyone said that she had changed a lot, then she must have become more beautiful.

Of course, more importantly, she had to tell them that she used cosmetics that cost tens of thousands of yuan every month.

Then, Xu Lihua scanned the room. When she saw Huang Ling, her heavily made-up face flashed with anger.

In high school, Huang Ling was the most beautiful girl in class. She had excellent grades too.

Therefore, whether it was the teachers or the students, especially the male students, they were all very good to her.

This made Xu Lihua very jealous.

In Xu Lihua’s opinion, if it were not for Huang Ling, everything she had would have belonged to her.

She should be the woman who was praised by all.

At this moment, Xu Lihua noticed Lin Fan. Her face flashed with surprise as she asked, “This is...”

Zhou Lan introduced, “This is Lin Fan, Huang Ling’s boyfriend. Isn’t he handsome?”

Huang Ling’s boyfriend!

Why?

Why was her boyfriend so handsome?!

The surprise on Xu Lihua’s face disappeared and was replaced by... jealousy and hatred.

“Not only is he handsome, but he’s also very young!” The woman beside him immediately praised. “He looks like a student!”

“I’m indeed a student,” Lin Fan said with a smile. “I’m studying at Jiangbei University.”

Everyone in the room became even more excited.

“Heavens! He really is a student!”

Xu Lihua snorted lightly. She fiddled with the LV bag in her hand and said, "So, you're a student! Jiangbei University is alright. Huang Ling, if he graduates in the future, he can join my husband's company!"

"Since we're former classmates, it's not a problem to offer him a salary of 18,000 yuan!"

After a pause, Xu Lihua said to the few people beside her, "You guys too... If you have any relatives or friends looking for a job, you can have them join my husband's company."

"Really?" Zhou Lan and the others were pleasantly surprised.

When Xu Lihua's husband, Zhang Jianbo, walked into the room, he was immediately attracted by Huang Ling's appearance.

At this moment, after he heard everyone's conversation, his eyes shifted slightly as he smiled casually. "Of course, it's true!"

"Although I run a construction company, I want talents from all kinds of backgrounds, including human resources, accounting, management, security, drivers, construction, design, media, and so on. You're all Lihua's classmates, so you'll be treated well!"

"By the way, do any of you want houses in the school district of Second Primary School?"

When Zhou Lan and the others heard this, they were all extremely excited. "That's great!"

278 Assist; Too Funny!

One had to know...

The two things that people from Hua Nation were most concerned about were housing in the school district and work.

At this moment, Zhang Jianbo could easily help everyone solve those concerns.

How could they not be excited?

Zhang Jianbo had his own reasons for saying this.

In his opinion... He was showing off the huge scale and ability of his company.

Huang Ling, this beauty, must be worshipping him now.

When he had the chance to find a way to contact her, he would definitely be able to get his hands on her quickly.

Zhang Jianbo had done similar things many times, so he was very familiar with these methods.

Xu Lihua raised her head like a proud white swan and said, “Haoting Jiayuan Community is next to Second Primary School. You guys should have heard of it before, right?”

“The houses in the residential area are luxurious, and the exquisite decorations inside... will be done by my husband’s company!”

“My husband is very familiar with the boss of the developer of Haoting Jiayuan Community. If you want a house in the school district, just go over and tell them my husband’s name.”

As soon as she said that, the private room became even livelier.

“I’m planning to buy a house. Lihua, I’ll have to trouble you.”

“I want to buy a house too...”

“Haoting Jiayuan Community. There seem to be more than a thousand houses in this community...Wouldn’t the renovation of all the houses cost tens of millions? Lihua, your husband is amazing!”

“Tens of millions? Oh my God!”

...

Xu Lihua looked at everyone’s admiring gazes, and her face was full of pride.

However, she still said in a calm tone, “Have you heard of Haoting Building?”

Zhou Lan immediately said, “I do! It’s a very tall building by the river!”

“Yes!” Xu Lihua nodded. “The renovation of that building will also be done by my husband’s company!”

Everyone exclaimed again.

“Heavens! Such a tall building was actually renovated by your husband’s company. That project was probably worth more than a hundred million yuan!”

“A hundred million yuan?!”

“Your husband is too strong!”

“Lihua, you’ve really found a good husband!”

...

Xu Lihua was so happy that she almost trembled when she heard everyone's envious voices.

She glanced at Huang Ling. That look... It was as if she was saying, 'So what if you've found a young and handsome boyfriend? Compared to my husband, he's far inferior!'

"By the way, do you know about Happy World Amusement Park?" Xu Lihua asked.

"The Happy World Amusement Park in the North District?" someone said.

"If it's that, I've heard of it. It seems to be the largest amusement park in the central region. It cost tens of billions to build!"

"That's right, it's a big amusement park! I even said that I would bring my nephew there to play in the future."

...

"The basic facilities of this amusement park will be built by my husband's company," Xu Lihua said.

In an instant, the entire private room was in an uproar.

"Oh my God!"

"Your husband is really too... too... He's too powerful!"

First, it was Haoting Jiayuan's exquisite renovation. Then, it was Haoting Building. Now... it was Happy World Amusement Park!

Everyone did not know how to praise Zhang Jianbo anymore.

They looked at Xu Lihua with envy and Zhang Jianbo with admiration.

....

Lin Fan, who was standing at the side, had a weird look on his face.

Haoting Jiayuan Community?

Haoting Building?

Happy World Amusement Park?

These... Were they not all his properties?

....

Zhang Jianbo did not expect Xu Lihua to say all that...

His company was indeed going to renovate Haoting Jiayuan Community.

However, it was not all of the houses. It was just for the renovation of one building.

His company was indeed going to renovate Haoting Building.

However, it was not the entire building, just a few floors.

His company was indeed going to build the basic facilities for Happy World Amusement Park, but it was just a few toilets.

All the projects added up to an estimated tens of millions.

From Xu Lihua's words... it seemed like a super project worth billions.

Zhang Jianbo secretly looked at Huang Ling beside him and realized that she seemed to be looking at him as well. He was delighted and secretly praised, 'Wife, good assist!'

Thus, Zhang Jianbo acted as if he did not care and said, "Actually, I don't care about the projects at all. After all, I've already earned enough money.

"If it's possible, I'd rather not take on so many projects and have more free time to rest.

"However, the people in charge of these projects are my friends. If they insist on making me do it, I can't do anything about it."

After saying that, he did not forget to look at Huang Ling again.

It was as if he was saying, 'Beauty, follow me. I'm rich!'

Zhang Jianbo's thoughts and Xu Lihua's hostility toward Huang Ling could not escape Lin Fan's eyes.

"What's your name?" he asked.

"Zhang Jianbo." Zhang Jianbo slowly turned his body, but his answer was directed at Huang Ling as if he was introducing himself to her.

Lin Fan said calmly, "Zhang Jianbo, right? Since you don't want to do these projects, I'll help you reject them."

After saying that, he picked up his phone and dialed the number of Zhang Kai, the general manager of Haoting Jiayuan Community.

When Lin Fan had obtained Haoting Jiayuan Community, the other party had called him once with the excuse of reporting work.

Naturally, Lin Fan did not listen to it seriously. He just casually said a few words to dismiss him.

“Hello, Mr. Lin.” At this moment, Zhang Kai’s extremely respectful voice sounded as soon as the call was connected.

“Did you hand over all the renovations to a man named Zhang Jianbo?” Lin Fan asked.

“Our renovation works were handed over to several companies for renovation...” Zhang Kai said.

As he spoke, he was still flipping through the information.

Soon, he continued, “Zhang Jianbo is renovating one of the houses. It’s a nine-story bungalow. Mr. Lin, we...”

Lin Fan did not wait for Zhang Kai to finish and said directly, “Terminate the contract with him.”

Zhang Kai did not hesitate at all and said, “Yes, Sir!”

After Lin Fan hung up, Xu Lihua asked, “Huang Ling, who did your boyfriend call?”

“The general manager of Haoting Jiayuan Community... Didn’t your husband say he doesn’t want to do so many projects? I’ll help him reduce his workload a little,” Lin Fan said.

“You called the general manager of Haoting Jiayuan Community?” Xu Lihua asked curiously. “Don’t tell me you’re the son of the owner of Haoting Jiayuan Community?”

Lin Fan shook his head, “That’s not the case... I’m the owner of Haoting Jiayuan.”

Xu Lihua could not help but burst into laughter.

“Hehehe! Huang Ling, your boyfriend is so funny! Did you hear that? He actually said that he called the general manager of Haoting Jiayuan to ask him to cancel the cooperation with my husband...”

“Moreover, he even said that he’s the owner of Haoting Jiayuan. This is too funny.”

279 I’m the Owner; As You Wish!

If Lin Fan had said that he was the son of the owner of Haoting Jiayuan, Xu Lihua would have believed him.

However, Lin Fan actually said that he was the owner of Haoting Jiayuan...

In Xu Lihua’s eyes, this was a joke!

What a joke!

One had to know...

Haoting Jiayuan was the school district of Second Primary School in the city center.

Lin Fan was just a student.

As a student, could he be the owner of Haoting Jiayuan?

This was impossible!

Lin Fan ignored Xu Lihua and made another call.

This time, he called the general manager of Haoting Building.

“Hello, Mr. Lin. What can I do for you?”

As soon as the call connected, the general manager’s respectful voice sounded from the other end.

Lin Fan said directly, “Immediately cancel all cooperation with Zhang Jianbo!”

The general manager did not know who Zhang Jianbo was, but he still said without hesitation, “Yes, Sir!”

After Lin Fan hung up, Xu Lihua asked, “Who did you call this time?”

“The general manager of Haoting Building,” Lin Fan said.

“Are you telling me that you’re also the owner of Haoting Building?” Xu Lihua asked, trying hard not to laugh.

Lin Fan nodded. “Yeah.”

“Hahaha!”

Xu Lihua laughed so hard that she could not control herself.

Beside her, Zhang Jianbo shook his head like an elder and said, “I might need to remind you...Although Haoting Jiayuan and Haoting Building have similar names, the residential area and the building weren’t built by the same company.”

What he meant was that the boss of these two properties was not the same person. He should not say that he was the owner of these two properties anymore.

Then, she saw that Lin Fan was still holding his phone. It seemed like he wanted to continue making calls. She could not help but say again, “Are you going to say that you’re the owner of Happy World Amusement Park?”

“I’m indeed the owner of Happy World Amusement Park,” Lin Fan said calmly.

Xu Lihua laughed so hard that her body trembled. Cracks appeared on her face that was covered with heavy makeup. The thick foundation fell on her clothes like snowflakes.

“Is that so? Then... Then hurry up and call Happy World Amusement Park to cancel the contract with my husband. It’ll also make my husband feel a little more relaxed, hahaha!”

Lin Fan said, “As you wish.”

After saying that, he made another call.

“Hello, Mr. Lin.” A flattering voice came from the phone.

Lin Fan said directly, “Terminate the contract with Zhang Jianbo.”

“Alright.”

The call ended.

When Xu Lihua saw that Lin Fan had really gone to make a call, she laughed so hard that tears flowed out.

“Huang... Huang Ling, I finally understand why you chose him as your boyfriend... He must have told you that he’s the CEO of many companies, right?”

“Your boyfriend... Really... He’s really handsome and rich! Hahaha!”

Xu Lihua’s laughter grew louder after she said the last sentence.

Originally, Zhou Lan and the others had a good impression of Lin Fan.

At this moment, they could not help but shake their heads.

They did not like people who bragged.

As for Lin Fan?

He bragged again and again.

Xu Lihua’s husband just said that he had a partnership with Haoting Jiayuan, Haoting Building, and Happy World Amusement Park.

Lin Fan just happened to be the owner of these three?

Was there such a coincidence?

Was he playing with them like a monkey?

Zhou Lan finally could not help but say, “Lin Fan, don’t joke around like this.”

Everyone treated Lin Fan's words as a joke.

Except... Huang Ling.

She looked at Lin Fan in shock.

Those properties were indeed famous, but as long as Lin Fan said it, it was true!

She trusted Lin Fan unconditionally!

At this moment, Zhang Jianbo's phone rang urgently.

He looked at the caller ID, and his eyes lit up. He smiled and said, "What a coincidence! We were just talking about Haoting Jiayuan, and now... the director of Haoting Jiayuan is calling me!"

"Everyone, please be quiet!"

As Zhang Jianbo spoke, he deliberately waved the phone in his hand. He first glanced at Lin Fan with a mocking gaze, then his gaze landed on Huang Ling.

That appearance... It was as if he was saying to Huang Ling, 'Your boyfriend only knows how to brag, while I'm the real rich man!'

Very soon, the entire private room fell silent.

Then, Zhang Jianbo pressed the answer button and turned on the speaker.

The next moment, a roar came from the phone.

"Zhang Jianbo! What the hell are you doing?"

"I kindly gave you a small mansion in Haoting Jiayuan to renovate, but is this how you repay me?!"

Zhang Jianbo was so frightened that his body trembled. He stuttered, "...Director Wang, this... Is there a misunderstanding?"

"Misunderstanding? What f*cking misunderstanding? The owner of Haoting Jiayuan personally called the general manager and said that he wants to cancel the contract with you! Tell me, what misunderstanding could there be?"

"Damn it! If the higher-ups punish me, I definitely won't let you off easily!"

After saying that, Director Wang hung up the phone.

The busy tone kept echoing in the private room.

Zhang Jianbo, Xu Lihua, Zhou Lan, and the others seemed to have been immobilized. They did not move at all.

The owner personally called the general manager and canceled the cooperation with Zhang Jianbo.

When everyone heard these words... they felt that it was so familiar.

Zhang Jianbo's throat moved as if he wanted to say something.

At this moment, his phone rang again.

The caller ID showed that it was Director Liu of Haoting Building.

Like before, Zhang Jianbo hurriedly answered the call.

"Zhang Jianbo! F*ck you! How dare you offend the big boss of our Haoting Building?!" Director Liu shouted angrily.

Zhang Jianbo's body trembled again, and a thin layer of sweat seeped out of his forehead. He stuttered, "D-Director Liu... I... I didn't..."

"Motherf*cker! The big boss just called the general manager! You've harmed my interests this time around! I'm telling you, if you can't satisfy the big boss, I'll definitely make you regret it!" Director Liu shouted sternly.

Then, the other party hung up the phone again.

The busy tone echoed in the private room once more.

The owner of the building had called the general manager again.

Zhang Jianbo, Xu Lihua, Zhou Lan, and the others could not help but think of Lin Fan and his words.

Everyone turned around slowly like puppets and looked at Lin Fan.

280 I Will Grant You Your Wish; The Price!

The sound of the bell broke the silence in the private room.

Zhang Jianbo looked at the caller ID on the screen. It was Director Zhao of Happy World Amusement Park.

He had a bad premonition.

The phone rang in the private room for a long time...

Finally, Zhang Jianbo reached out his trembling fingers and pressed the answer button.

Immediately, another familiar roar resounded throughout the entire private room.

"Zhang Jianbo! F*ck!

“I took pity on you, and that’s why I let you renovate the toilets in the amusement park. But what the hell did you do?!”

Zhang Jianbo said in a panic, “I...” I...”

When Director Zhao heard his voice, he was furious and shouted, “Your *ss! You’re so f*cking bold! How dare you provoke the big shot of our Happy World Amusement Park? He personally called the general manager and told him to cancel all cooperation with you!

“Do you think this will end at just the cancelation of the cooperation? I’m telling you, this matter isn’t over!”

The familiar busy tone echoed in the private room.

At this moment, no matter how stupid everyone was...

They understood that Zhang Jianbo was not contracted to do the renovation of all the houses in Haoting Jiayuan, nor was he contracted to renovate all the floors of Haoting Building. Additionally, he was not responsible for all the facilities in Happy World Amusement Park.

He had always been bragging.

Lin Fan, on the other hand, did not joke around.

He was really the owner of Haoting Jiayuan, Haoting Building, and Happy World Amusement Park.

Zhang Jianbo recalled the words of the three directors, and his entire body was drenched in sweat. He quickly bowed to Lin Fan and apologized, “I-I’m sorry. Please forgive me this time...”

His company only took on the renovation of a bungalow in Haoting Jiayuan, the renovation of a few floors of Haoting Building, and the renovation of a few toilets in Happy World Amusement Park.

The total sum of all the projects was only tens of millions.

However, they were very big projects for his company.

For the sake of these projects, Zhang Jianbo sent a large number of gifts.

Two days ago, he recruited a new batch of employees and purchased a large number of materials.

Zhang Jianbo would lose a large sum of money.

It was already unbearable for Zhang Jianbo.

In addition, the directors of these three companies were going to look for trouble with him.

These three directors were definitely big shots in the industry. Any one of them could suppress Zhang Jianbo until there was nothing he could do.

Now, the three of them would be attacking at the same time.

The consequences...

Just thinking about it made Zhang Jianbo tremble.

Xu Lihua did not expect Lin Fan to be the owner of Haoting Jiayuan, Haoting Building, and Happy World Amusement Park.

She roared angrily in her heart, 'Why? Why is Huang Ling's boyfriend so young and handsome? Moreover, he's a super tycoon! God, are you blind?!'

However, Xu Lihua said, "L-Lin Fan, we were just joking. Why did you take it seriously?"

How could Xu Lihua's expression escape Lin Fan's eyes?

"What do you mean?" He asked lightly. "I just want you and your husband to get what you want. Don't worry, I'll let your husband rest well."

Then, Lin Fan said to Huang Ling, "I don't think I've ever gone shopping or eaten with you alone. Why don't... we do it today?"

Huang Ling's beautiful eyes lit up immediately. She nodded and said, "Alright!"

Although her gathering with her high school classmates had not started yet, how could a mere gathering compare to shopping and eating with Lin Fan.

Hence, Lin Fan held Huang Ling's slender waist and prepared to walk out.

Xu Lihua could not help but feel a little anxious. She shouted, "Huang... Huang Ling, our gathering hasn't started yet..."

"We were high school classmates. You have to help me persuade your boyfriend..."

However, Huang Ling did not care about her at all. She continued to walk out with Lin Fan.

In fact, Huang Ling did not pay much attention to this gathering.

After all, they were not particularly close in high school.

Moreover, after so many years, they had almost become strangers.

As for helping to persuade Lin Fan?

It was even more impossible for Huang Ling to do that.

That was because as long as Lin Fan had decided on something, she would not go against him.

Furthermore, Xu Lihua had mocked Lin Fan earlier.

Taunting Lin Fan?

Well, she had to pay the price now!

Lin Fan and Huang Ling quickly walked out of the room and disappeared from everyone's sight.

At this moment, Zhang Jianbo's phone rang again.

"Boss, this is bad. The construction sites that we used to work with have all chased us out. In addition, the bosses of the places we got the bricks, cement, sand, and other materials from have all come to collect debts..."

Zhang Jianbo's body went limp, and his phone fell to the ground. He slumped on the chair, his face pale. He said dejectedly, "It's over..."

...

Lin Fan and Huang Ling did not care about what happened after that.

Just as Lin Fan sat in the Mercedes-Benz, his phone in his pocket vibrated.

12:00!

The red packets were here!

[Ding! Congratulations, you've received five yuan.]

[Ding! Congratulations, you've received 1,999 yuan.]

...

[Ding! Congratulations, you've received 55 yuan.]

[Ding! Congratulations, you've received 18,888 yuan.]

Lin Fan clicked on the red packets a few times and received a total of 51,331 yuan.

Then, he put his phone in his pocket and stepped on the gas pedal, heading toward the shopping mall.

Today, Lin Fan bought Huang Ling a bunch of clothes, shoes, and cosmetics... He spent a total of 1,398,000 yuan.

When they passed by a car dealership, Lin Fan spent another 470,000 yuan to buy a Mini Cooper for Huang Ling.

In the past, Lin Fan had planned to buy a car for Huang Ling.

However, at that time, Huang Ling said that she was always with Qiu Ziqian and that the two of them could use one car.

As it turned out, when Qiu Ziqian had something to do, Huang Ling did not have a car to use. It was very inconvenient.

At night, Lin Fan and Huang Ling went to a two-star Michelin restaurant. They ordered top-grade foie gras, M5 Wagyu beef, caviar egg tarts, and cheese snails... as well as a bottle of Romanée-Conti.

This dinner cost 43,320 yuan.

As the two of them ate, they listened to the faint sounds in the restaurant while admiring the night view outside the French windows... It was very relaxing and comfortable.

That night, Lin Fan and Huang Ling arrived at Yi Ke City.

Perhaps it was because of the moonlight shining on Huang Ling's body that she gradually felt extremely hot.

Huang Ling's body began to heat up, and her pretty face gradually became hot!
