### Chapter 376 Slap Yourself; This Isn't Over! (2)

At this moment, Xu Jingrou could not help but think back to the scene of Lin Fan playing the piano and the scene of him beating people up.

Quiet as a scholar, moving like a demon god!

No matter which it was, it was fascinating all the same!

Now, both sides had appeared on the same person!

At this moment, a crisp notification rang out in Lin Fan's mind.

[You've triggered Charming Aura, an unforgettable memory!]

Lin Fan couldn't help but look at Xu Jingrou.

[Appearance: 95]

[Favorability: 95]

"Ouch!"

At this moment, Feng Jiaqi, who had been slapped ten times by Lin Fan, started to scream.

His voice was like a stone thrown into a calm lake, causing ripples.

Everyone in the room finally reacted.

"CEO Feng, are you alright?" Wang Zhi asked.

"Alright?" Feng Jiaqi shouted. "Can't you see that I've been beaten up like this? Hurry up and call security!" *Novelnext.com*

"Alright, alright..." Wang Zhi hurriedly said.

Then, he quickly pressed the service button under the table and said, "There's a fight here. Get the security guards here!"

Feng Jiaqi shouted at the top of his voice, "I'm Feng Jiaqi, the CEO of Hengxin Company. I know your manager, Zhao Feng. Tell him that I was beaten up!"

Soon, a respectful voice came from the speaker under the table. "Mr. Feng, please wait a moment. We'll be right there."

After saying that, the call ended.

After Feng Jiaqi received the waiter's affirmation, he became extremely arrogant and said fiercely, "I've never been beaten like this before. You have guts! I hope you'll have the same guts later!"

Lin Fan glanced at Feng Jiaqi and said, "Looks like you haven't been beaten up enough!"

He turned around and slapped Feng Jiaqi again.

The strength of this slap is heavier, and a trace of blood overflowed from the corner of Feng Jiaqi's mouth. The man even spat out a tooth.

Everyone did not expect that Lin Fan would dare to hit someone. They were all shocked.

Feng Jiaqi did not dare to say anything else.

Xu Jingrou, who had been in a state of infatuation, finally reacted.

"What should we do now?" she asked in a panic. "Lin Fan, why don't you leave?"

Xu Jingrou knew that Lin Fan was a student.

Feng Jiaqi's Hengxin Company was going to be listed soon. He was definitely a rich and powerful big shot.

Now that Lin Fan had beaten Feng Jiaqi, he would definitely suffer.

"Now you know how to be afraid?" Feng Jiaqi endured the pain and said.

"Well, it's too late!"

Lin Fan's cold gaze made Feng Jiaqi shiver and shut his mouth immediately.

Then, Lin Fan stroked Xu Jingrou and said, "Don't worry."

At this moment, the door to Room 6 was suddenly pushed open.

Then, a large group of security guards and a middle-aged man in a white shirt strode in.

When Feng Jiaqi saw who it was, he shouted excitedly, "Manager Zhao, you're finally here!"

Zhao Feng sized up Feng Jiaqi and could not help but ask in puzzlement, "And you are?"

Earlier, Feng Jiaqi did not lie. He did know Zhao Feng.

However, at this moment, Feng Jiaqi's entire face had been beaten into a pig's head.

How could Zhao Feng recognize him?

"Manager Zhao, I'm Feng Jiaqi from Hengxin!"

"CEO Feng? Why are you like this?" Zhao Feng said in surprise.

Feng Jiaqi pointed at Lin Fan and said, "It's him. He hit me! Manager Zhao, you must help me!"

"Don't worry, CEO Feng!" Zhao Feng immediately said.

When he turned around and looked at Lin Fan, he was about to say something.

At this moment, hurried footsteps sounded from outside the corridor.

Qiu Kai quickly walked in and said anxiously, "Mr. Lin, are you alright?"

Even though Qiu Kai felt that he did not have the right to toast Lin Fan, he remained standing far away where he kept an eye on the door of Room 6.

Qiu Kai's thoughts were simple.

In a while, when Lin Fan was done eating, he would walk over and create a scene where he happened to meet him.

He wanted to show his face in front of Lin Fan and leave a good impression.

It would definitely be of great benefit to his future.

However...

Qiu Kai had only been thinking about it for a while when a large group of security guards rushed into the private room.

He understood that something had happened in the room.

Therefore, Qiu Kai did not hesitate at all and ran over quickly.

Lin Fan looked at Qiu Kai's anxious expression and nodded in his heart. 'Qiu Kai is not bad!'

"I'm fine. It's just that this person called Feng Jiaqi wanted to force my girlfriend to drink and even wanted to hit her, so I taught him a lesson."

Forcing Lin Fan's girlfriend to drink?

He even wanted to hit Lin Fan's girlfriend?

How dare he?

"Motherf\*cker!"

Qiu Kai was furious and kicked Feng Jiaqi.

Feng Jiaqi took a few steps back and fell to the ground, curled up into a shrimp ball.

Attacking someone in front of so many security guards?

Everyone was dumbfounded.

The security guards could not help but pull out the rubber batons at their waists.

When Zhao Feng saw this, a drop of cold sweat immediately appeared on his forehead. He shouted at the security guards, "Put them down, all of you!"

When the security guards heard this, their faces revealed a hint of confusion.

However, they still put down the rubber batons as they were told.

Then, Zhao Feng bowed and said in an extremely respectful tone, "Hello, Young Master Qiu."

Although the Qiu family could not compare to the Zhou family, a woman from the Qiu family had married into the Zhou family.

This was enough to prove that the Qiu family was extraordinary.

Qiu Kai was a direct descendant of the Qiu family!

Of course, more importantly, Qiu Kai was the nephew of the Zhou family!

Qiu Kai did not pay any attention to Zhao Feng and continued to punch and kick Feng Jiaqi.

In the blink of an eye...

Feng Jiaqi was about to faint from the beating. Lin Fan said, "Alright."

When Qiu Kai heard this, he stopped and bowed again. "Yes, Mr. Lin."

Lin Fan gently stroked Xu Jingrou who was in a daze.

Then, he said, "I'll leave this to you. Is there a problem?"

"No problem! Mr. Lin, don't worry. Leave it to me. I'll definitely give him a severe punishment!" Qiu Kai said.

The meaning of his words was very clear. The beating just now could not be considered a severe punishment.

Lin Fan said casually, "Do as you see fit."

"Jingrou, let's go."

"Ah... Ah... Alright." Xu Jingrou said.

Qiu Kai quickly went to the door of the private room to send Lin Fan off.

After Lin Fan and Xu Jingrou left, Qiu Kai turned around and returned to the private room. He looked at Feng Jiaqi, who was lying on the floor like a dead man.

Then, his gaze landed on Zhao Feng, and he said in a deep voice, "Zhao Feng, you weren't rude to Mr. Lin just now, right?"

At this moment, how could Zhao Feng not understand that Lin Fan's identity was extremely terrifying? He hurriedly said, "No, no, no, no."

When Qiu Kai heard this, his expression softened.

Zhao Feng reminded Qiu Kai, "This person is the CEO of Hengxin Company, Feng Jiaqi. He's from the Feng family."

The Feng family was considered a small family in the capital.

Of course, the Feng family could not be compared to the Qiu family.

However, if the Qiu family wanted to completely ignore the Feng family, it was impossible.

"The Feng family?" Qiu Kai snorted. "Old Master Zhou will personally investigate this matter!"

Hiss!

When Zhao Fengyan heard this, he sucked in a breath of cold air, and his eyes widened.

Perhaps there were many old people with the surname Zhou in the capital.

However, the old master of the Zhou family that Qiu Kai mentioned could obviously only be one person—the old master of the Zhou family, Zhou Guotao!

That was Old Master Zhou, who had single-handedly founded a top-notch family in Hua Nation!

He... would personally investigate this matter?

Who was that young man called Lin Fan?

Then, Zhao Feng suddenly remembered what he was going to say to Lin Fan and could not help but shiver.

It was alright...

It was alright... His mouth was slow, and Qiu Kai came before he could say anything.

Otherwise, it would definitely be an extremely terrifying matter.

Then, Zhao Feng's gaze fell on Feng Jiaqi, who was lying on the ground. He was furious.

This fellow... He had almost offended Lin Fan because of him!

How despicable!

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

### Chapter 377 Receiving Da Mi Group; Welcome! (1)

The Qiu family could not ignore the Feng family.

However, in the eyes of the old master of the Zhou family, a mere Feng family... was probably just bigger ants.

CEO Wang, CEO Zhao, CEO Liu, and Sister Qin were trembling in fear when they saw Feng Jiaqi's miserable appearance.

At this moment, when they heard that Old Master Zhou would personally investigate this, they were even more scared out of their wits.

That was the pillar of the top-notch Zhou family!

At this moment, Qiu Kai seemed to have thought of something. He glanced at CEO Wang, CEO Zhao, CEO Liu, and Sister Qin with his sharp eyes and asked in a deep voice, "Did you offend Mr. Lin?"

When the four of them heard this, they broke out in a cold sweat, and their hair shook like rattle drums.

What a joke. Even the old man of the Zhou family was going to personally investigate this.

If they had provoked Lin Fan, the consequences would be... They were definitely not something they could bear.

"Then why did Mr. Lin come here for dinner today?" Qiu Kai asked.

Wang Zhi stammered, "M-Mr. Lin's woman is an employee of my company."

How smart was Qiu Kai?

With just a little thought, he knew the general process.

He swept a cold glance over and let out a muffled grunt.

Wang Zhi and Sister Qin were so frightened that they almost fell to the ground.

...

Lin Fan naturally did not know what happened in the private room and what happened afterward.

At this moment, Lin Fan and Xu Jingrou had already walked out of the Qingting Hotel.

There were wide asphalt roads and winding brick sidewalks in Jingbei...

Due to the narrow path, the two of them were very close to each other. Their shadows were almost fused together, and their fingers touched each other from time to time...

At this moment, Xu Jingrou stepped on a loose brick and fell to the side.

Lin Fan's reaction was extremely fast. He grabbed Xu Jingrou's slender waist.

Their eyes met.

Their breaths intertwined.

In the next moment, the two of them seemed to be attracted to each other and kept approaching...

$o(\overline{\varepsilon}^*)$

$(\overline{*}3)(\overline{\varepsilon}^*)$

...

In the eastern district of Jing City, in a sub-new residential area called Jingeyuan.

Xu Jingrou was staying in Room 2104 of Block C.

Today, the entire Block C seemed to be shaking as if there was an earthquake.

...

The next morning.

Lin Fan could vaguely hear a series of low footsteps.

He slowly opened his eyes and saw that Xu Jingrou had already changed into her business attire and was ready to leave.

"Are you awake?" Xu Jingrou said.

Lin Fan nodded. "Are you going to work?"

"Yes," Xu Jingrou replied. She looked at her watch and said, "I have something important to do today. There's breakfast and a spare key on the table..."

"I'll be leaving first."

After saying that, she hurriedly walked out.

After the door was closed, the entire house fell silent.

Even though Xu Jingrou had witnessed Lin Fan's extraordinary abilities yesterday, she still chose to go to work on time today and did not stay to accompany Lin Fan.

Regarding this...

Not only was Lin Fan not angry, but he even smiled.

If his woman wanted to be a canary...

For example, Huang Ling and Qiu Ziqian, Lin Fan would be happy to give them the best food and the most luxurious clothes.

There were also strong women like Qin Yuxuan, Han Tian, Chu Yunyue, and so on.

Lin Fan had never thought of keeping them by his side.

There was also Hu Tian, who liked math.

Lin Fan was happy to call her 'Teacher'.

...

Everyone had their own personality and hobbies, and Lin Fan would not interfere.

Lin Fan picked up his phone out of habit.

At this moment, a text message appeared on the screen.

[Notice from Merchant Bank: 7,489,000 yuan was deposited into your account.]

Lin Fan was already used to this, and his expression did not change at all.

Then, he turned his attention to the sign-in system.

"Sign in!"

[Ding! Congratulations, you've obtained 51% of Da Mi Group's shares.]

Seeing this...

Lin Fan's expression changed slightly.

Da Mi Group was involved in many industries such as cell phones, television, air conditioning, and so on. Moreover, they were doing well in each industry.

Lin Fan remembered that he had used Da Mi's phone before.

At that time, Lin Fan had to spend a long time in front of the computer before he succeeded.

The functions and price of the Da Mi phone did not disappoint Lin Fan.

Today, Da Mi Corporation's market value had exceeded 500 billion yuan.

51% of the shares, which meant... His assets had increased by another 50 billion yuan?

Thinking of this, Lin Fan rubbed his nose.

At this moment, a gust of wind blew over from afar.

The curtains rustled in the wind, and the cabinet door that was not closed slowly opened.

In the next moment, Lin Fan was attracted by the neatly folded white bedsheets with a touch of red.

He looked at the bedsheet and thought of the first time he met Xu Jingrou. He could not help but smile.

After a while, Lin Fan slowly got up from the bed.

After he came to the living room, he picked up his chopsticks and ate the lean meat noodles on the table. He nodded and said, "It tastes good!"

After finishing the noodles, Lin Fan did not stay in the house for long. He leisurely walked downstairs.

He walked along the winding sidewalk and watched the old men in the park playing chess while quarreling. He observed the cars speeding along the road and passersby walking in a hurry.

Not long after, many tall buildings appeared in Lin Fan's vision.*NovelNext.com*

Lin Fan swept his gaze over, and it landed on the Da Mi Building.

He rubbed his nose and muttered, "I didn't expect to accidentally walk here."

### Chapter 378 Receiving Da Mi Group; Welcome! (2)

At this moment, the phone in Lin Fan's pocket rang.

He looked at the caller ID and saw that it was an unknown number from Jingbei. *NoVeInext.com*

Lin Fan did not hesitate and answered the call.

"Excuse me, are you Mr. Lin Fan?" The voice on the other end of the phone was clearly not fluent in the language of Hua Nation.

When Lin Fan heard this voice, he immediately knew who it was.

It was the CEO of Da Mi Group, Leibs!

That was because Lin Fan used to watch Leibs' live broadcast speech often.

"You're CEO Leibs, right? I'm Lin Fan," Lin Fan said.

"Mr. Lin, you're really amazing. You guessed me right away," said Leibs excitedly.

Lin Fan thought to himself, 'With your half-baked language, it's hard not to guess!'

"Thank you, Mr. Lin, for your trust in our Da Mi Group. You've directly purchased 51% of the shares, allowing us to have more funds and thus obtain better development opportunities."

Even though that was what Leibs said, in reality?

His heart was bleeding and filled with regret.

Back then, in order to develop the company, he had no choice but to dilute and sell a large number of shares.

It was not easy for him to develop Da Mi Group into a company that was influential in Hua Nation today.

In the end, Leibs suddenly realized that 51% of the company's shares had been collected by someone else.

More than half of the shares!

This was equivalent to the company that he had founded completely becoming someone else's.

As long as the other party wanted to, he could easily replace him as the CEO.

Lin Fan randomly came up with a reason and said, "I only made a small investment. It's because you're capable that Da Mi Group is doing well."

He could only say this.

Otherwise, could he say that he obtained the shares from the system sign-in?

Even if he said it out loud, Leibs would not believe it.

"Thank you for your praise, Mr. Lin.

"Our Da Mi Group has just moved into a new building. I wonder when you'll be free? Can you come and give us some guidance?

"In addition, we still need your approval for our future plans."

"Review the plans and guide the company?" Lin Fan asked. "There's no need for that. The reason why I invested in Da Mi Group is because I believe in your abilities.

"Therefore, everything should still develop slowly according to the direction you set."

When Leibs heard this, his face revealed a look of unconcealable joy.

Da Mi Group was his blood and sweat.

In his eyes, it was like his own child.

Leibs had already laid out a very complete route for the development of Da Mi Group.

He believed that as long as he followed this path, Da Mi Group would eventually become a first-class enterprise that stood at the top of the world!

However, if this major shareholder, Lin Fan, suddenly intervened and made changes...

If it was just a small change, it would be nothing.

However, if the core was changed, what would happen to Da Mi Group?

This was something that Leibs had always been worried about.

Now, he could finally relax.

However, Leibs still had a regretful tone as he said, "Then I can only follow your instructions and slowly develop."

Even though Leibs did not sound happy, how could Lin Fan not tell what was the true situation?

However, he did not care too much about it.

Every time Leibs did a live broadcast, Lin Fan could easily feel his love for Da Mi Group.

Lin Fan continued, "I'm not far from Da Mi Group's building. I'll go and take a look inside."

"That's great!" Leibs said excitedly. "I'll go downstairs to welcome you!"

As for welcoming him...

Lin Fan was not really interested.

However, he remembered that the security guards did not know him at all.

What if he was not allowed to go upstairs later?

In addition, he was not familiar with Da Mi Group's office building at all, so he did need a guide.

"Alright." He nodded.

After hanging up the phone, Lin Fan walked slowly toward Da Mi Group's office building.

As for Leibs, he was busy.

He hurriedly walked out of the office and said to the very capable male secretary outside the door, "Quick, inform all the management level above P7 to line up and gather on the first floor of the building as soon as possible!"

In the eyes of outsiders, Leibs was an entrepreneur who would joke around.

In the eyes of the male secretary, Leibs was a steady, calm, and capable man.

The male secretary had never seen Leibs so anxious before.

What exactly happened?

The male secretary did not dare to hesitate at all and hurriedly said, "Yes, Sir!"

Then, he quickly dialed a number.

The next moment, a large group of men and women in suits and leather shoes stopped what they were doing and rushed downstairs.

Moreover, under Leibs' arrangements, they all stood neatly.

This scene caught the attention of all the employees.

Qiao Shiya was one of them.

A few months ago, due to Qiao Shiya's poor performance at the Internet Conference, she was forced to leave.

She was fired from the company.

After that, she had no choice but to look for a new job in Jiangbei.

However, all the major internet companies in Jiangbei attended the conference.

After seeing Qiao Shiya's performance, they naturally would not choose to accept her.

As for some small companies, the pay was low and the workload was high. Qiao Shiya tried to work for a period of time, but she could not persist at all.

Qiao Shiya hesitated for a long time. In the end, she still chose to come to the capital.

In Jingbei... she was a completely new face.

At the same time, the overall salary and benefits far surpassed the jobs in Jiangbei.

After spending a long time preparing, Qiao Shiya successfully entered Da Mi Group.

At this moment, Qiao Shiya also noticed the movement in the hall on the first floor. She could not help but ask in puzzlement, "Why do I feel like a lot of leaders have gone downstairs?"

Beside her, a man wearing black glasses said, "I just received news that all the management levels above P7 in the company were dispatched."

Qiao Shiya was quite good-looking, and the black-rimmed glasses man had always had feelings for her.

Therefore, he directly told her what he knew.

"All of them?" Qiao Shiya was even more confused.

The black-rimmed glasses man said, "Yes, look... Director Huang, Director Liu, and Director Lei all went down."

Then, they watched as Leibs personally instructed the leaders above level P7 to line up.

Seeing this scene, the black-rimmed glasses man said, "They seem to be welcoming someone. So many leaders are welcoming that person together... Even the last time when the big leader of Jingbei came, we didn't make such a big scene out of it.

"This time... I'm afraid it's a higher-up!"

As the black-rimmed glasses man said this, his eyes flashed faintly.

As a man, he could not help but feel a sense of yearning when facing a big leader.

Qiao Shiya, who was beside him, could not help but look over even more attentively.

At this moment, a tall and handsome figure appeared in the hall.

At the same time, Leibs hurriedly went forward and said excitedly, "Hello, Mr. Lin!"

Then, the leaders above level P7 who were standing neatly shouted in unison, "Welcome, Mr. Lin!"

This scene...

The black-rimmed glasses man was surprised. "Mr. Lin? CEO Lei and the others are actually welcoming such a young man?"

Compared to the black-rimmed glasses man's surprise, Qiao Shiya was completely stunned.

Lin Fan!

It was Lin Fan!

The CEO of Da Mi Group and the employees above management level P7 were all downstairs to welcome him!

What was his identity?

The black-rimmed glasses man saw that Qiao Shiya had been paying attention to the lobby and thought that she was very curious about the young man who Leibs and the others were welcoming.

Hence, he quickly did a search online on his phone.

"No wonder CEO Lei and the others want to welcome Mr. Lin. Shiya, don't look at how young Mr. Lin is. He's actually the largest shareholder of our Da Mi Group!"

When Qiao Shiya heard this, her delicate body trembled slightly.

Lin Fan was the biggest shareholder of Da Mi Group!

How much money would that be?

If...

If... she had agreed to go out with him during the blind date.

Then she would have been the wife of the major shareholder of Da Mi Group.

Now, Leibs and the other leaders were all waiting to welcome Lin Fan!

Thinking of this...

Qiao Shiya was filled with endless regret.

She even shed a tear of regret.

## RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

### Chapter 379 Regret; Apologize! (1)

Under the company of Leibs and many other leaders, Lin Fan strolled around Da Mi Group's office building.

"This is the editorial department. They're mainly in charge of Da Mi Group's live broadcast, news, product promotion, planning, and so on.

"The product development department is in front. They're mainly responsible for the development of new cell phones and smart home appliances."

...

Every time they went to a place, Leibs would enthusiastically introduce it in detail.

After a while, Leibs arrived at the IT department.

At this moment, Qiao Shiya and the black-rimmed glasses man were sitting near the corner.

Like before, Leibs introduced, "Mr. Lin, this is the IT department. They're mainly responsible for the network architecture, software development, and so on."

The employees who were originally working stood up one after another and said respectfully, "Hello, CEO Lei!"

Leibs pointed at Lin Fan and introduced, "This is Mr. Lin, the largest shareholder of our Da Mi Group!"

Many of the employees were shocked.

Lin Fan was simply too young.

However, the employees reacted quickly and immediately said, "Hello, Mr. Lin!"

Compared to the ordinary employees' surprise, Qiao Shiya's entire heart felt as if it had been hit by a hammer.

It was true!

It really was Lin Fan!

Furthermore, Lin Fan was the biggest shareholder of Da Mi Group!

Qiao Shiya recalled the scene of the blind date back then, and tears of regret flowed out of the corners of her eyes again.

Lin Fan just glanced at Qiao Shiya casually and did not care.

Following that, under the lead of Leibs and the rest, Lin Fan continued walking forward.

The man with the black-rimmed glasses looked at the retreating figures of Lin Fan and the others and exclaimed, "So young! I never thought that the major shareholder of our Da Mi Group would be so young.

"In fact, it feels like he's about our age, right?"

As the man spoke, his gaze fell on Qiao Shiya, and he realized that her eyes were a little red. He could not help but ask, "Shiya, what's wrong?"

Qiao Shiya shook her head and said, "I'm fine..."

At this moment, the phone in her pocket rang.

Qiao Shiya looked at the caller ID. It was her mother.

Hence, Qiao Shiya picked up her phone and walked out before picking up the call.

"Shiya, when will you get your salary this month? Your brother's rent is due."

As soon as she picked up the phone, her mother, Chen Minfen's, loud voice sounded from the other end of the phone.

Qiao Shiya said, "It should be in these two days."

"That's good!" Chen Minfen said with satisfaction. "By the way, there are many rich people in Jingbei. Hurry up and find a rich boyfriend. That way, your brother will have money to study and buy a house in the future!"

After saying that, Qiao Shiya immediately thought of Lin Fan.

Two streams of hot tears rolled down from the corners of her eyes again.

She sobbed, "There's no more, no more..."

"What are you talking about?" Chen Minfen was puzzled.

...

Lin Fan did not care about Qiao Shiya's reaction at all.

He spent the entire morning strolling around Da Mi Group's office building.  
It was time for lunch.

Leibs had wanted to invite Lin Fan to a high-class hotel for a meal.  
However, Lin Fan suggested that they eat at the company cafeteria.  
Thus, everyone went to the third floor together.

After they arrived, the employees in the queue shouted, "Hello, Mr. Lin and CEO Lei!"

Lin Fan had to admit that the food in the canteen of Da Mi Group's office building was pretty good.

There was beef, chicken, duck, vegetables, meat soup, and so on. The dishes were all exquisite and delicious.

Lin Fan was very satisfied.

After eating his fill, Lin Fan did not stay in Da Mi Group for long. Instead, he continued to stroll around Jingbei.

He passed through wide streets, narrow alleys, overlapping high-rise buildings, and ancient courtyards...

Gradually, Lin Fan started to feel tired.

When Lin Fan raised his head and saw a small restaurant called Zhou Ji Zhajiang Noodles, he muttered, "Anyway, I don't have anything much to do. I'll go to the Zhou family to take a look."

After all, he had met Qiu Kai yesterday and said that he wanted to visit Old Master Zhou.

Lin Fan waved for a taxi and said, "Soaring Road No. 1."

"Alright!" the driver replied.

He stepped on the accelerator and sped forward.

Lin Fan sat in the car and looked at the scenery of Jingbei. He had a different feeling.

Perhaps it was because he had been driving for too long and was bored, the driver said, "You should be a foreigner, right?" *nOVEnExt.com*

Lin Fan said, "You can tell?"

"The locals usually don't go to Soaring Road because the people who live there are all very important people," explained the driver.

"Although the buildings on Soaring Road are very beautiful, if we go over there and accidentally bump into a big shot, it'll be too late for regrets.

"Later... Just look from afar. Don't offend anyone."

Lin Fan knew that the other party had good intentions. He nodded and said, "Thank you for the reminder. I'm just going to Special Road No. 1 as a guest."

The driver looked at Lin Fan with a strange expression and smiled. "Bro, your serious look is really scary!"

Obviously, the driver thought that Lin Fan was bragging.

Was that not so?

Soaring Road No. 1, what kind of place was that?

It was the residence of the Zhou family, one of the top families in Hua Nation!

Was this a place that ordinary people could enter as guests?

As for those who could enter as guests, which one of them was not picked up by a luxury car?

**RICHEST MAN: GETTING 7 BILLION RED POCKETS TO

## Chapter 380 Regret; Apologize! (2)

How could someone take a taxi?

Perhaps the driver felt that Lin Fan was not sincere enough.

Therefore, he could not be bothered to chat with him anymore.

A moment later, the driver stepped on the brakes and stopped in front of a gorgeous manor.

This... It was the Zhou family's residence at Soaring Road No. 1.

After Lin Fan paid the money, he strode forward.

The driver looked at the red light in the distance and could not be bothered to drive forward immediately. He looked at Lin Fan's figure from afar and sneered, "He's really going to Soaring Road No. 1. This guy is too good at pretending. If he really has the ability, let me see if he can just walk in."

As Lin Fan got closer and closer to the entrance of Soaring Road No. 1, the smile on the driver's face grew wider.

In the next moment...

The driver froze.

That was because the two security guards standing at the door quickly went up to Lin Fan when they saw him.

One of them even led him in very respectfully.

This young man... He was really a guest of the Zhou family!

Heavens!

What kind of big shot was he?

Just as the driver was in a daze, a honk sounded from behind.

It turned out that the taxi had stopped for too long and the red light had turned green.

Only then did the driver put away his thoughts and forcefully suppress the shock in his heart. He suddenly stepped on the accelerator and sped into the distance.

...

Even though Lin Fan had come to the Zhou family a few months ago and had seen the tall rockery, the clear stream, and the colorful flowers...

When he saw them again, he could not help but sigh in admiration.

It was extremely beautiful.

A moment later, he arrived at the main hall of the Zhou family.

At this moment, the Zhou family's old master, Zhou Guotao, Zhou Zhen, Zhou Shihong, Zhou Zishan, and the other core members of the Zhou family, as well as Qiu Kai, who he had met yesterday, were all standing in front of the hall waiting.

"Long time no see, Little Brother Lin!" Zhou Guotao laughed heartily.

Obviously, the Zhou family... was all waiting for Lin Fan... This young man was only in his 20s!

If there were outsiders here, their jaws would definitely drop to the ground in shock.

This was the Zhou family, one of the top families in Hua Nation!

Even if Lin Fan had saved Old Master Zhou's life, he did not need to be so polite, right?

However, ordinary people did not know that Lin Fan was a member of the Dragon Division.

At the same time, he also saved the lives of Old Master Zhang Jian's grandson and Old Master Qin Weiming's grandson.

In addition, Lin Fan invented the earthquake prediction device, super battery, and medicine to treat diabetes. He also solved many math problems.

These... It made Lin Fan befriend the Zhou family, the Zhang family, and the Qin family. Furthermore, he became the pillar of the country!

Zhou Guotao understood that as long as Lin Fan wanted to... In the future, he would definitely not be weaker than the Zhou family. In fact, he would far surpass the Zhou family!

Lin Fan said, "Old Master Zhou, long time no see."

The two of them talked as they walked inside, laughing from time to time.

Zhou Guotao had already treated Lin Fan as someone of the same generation.

At this moment, a man in a suit walked over and said respectfully, "Old Master, Feng Baohua, the head of the Feng family, brought a few people from the Feng family and said that he's here to apologize."

Zhou Guotao did not reply immediately. He looked at Lin Fan and said, "Little Brother Lin, do you want to meet them?"

"Let's see what they have to say first," Lin Fan said.

Zhou Guotao nodded at the man in a suit.

After a while, Feng Baohua, who had white hair on his temples, and Feng Jiaqi, who had been beaten up till his face looked like a pig's head yesterday, walked over.

The Feng family was based in Jingbei... It could even be said that they had a certain reputation in the entire Hua Nation.

In the past, no matter where the Feng family went, they could be arrogant.

However, at this moment, they were all hunched over, extremely nervous.

Feng Baohua said, "Greetings, Old Master Zhou."

Zhou Guotao only replied with a soft hum, his attitude extremely cold.

Feng Baohua became even more flustered and hurriedly said, "Yesterday's matter was due to our Feng family's lack of discipline. Today, we specially came over to apologize..."

"You didn't offend me; you offended Little Brother Lin!" Zhou Guotao said indifferently.

Feng Baohua followed Zhou Guotao's finger. Yesterday, he had already found out about Lin Fan from Feng Jiaqi.

He also knew that Lin Fan was very young.

However, after seeing him, he could not help but be shocked.

Such a young man had actually made the old master of the Zhou family personally question him. Moreover, he had even let out a thunderous rage.

From last night to this morning, all of the Feng family's businesses had suffered a terrible blow.

Many of his business partners had severed all ties with the Feng family.

"Mr. Lin, I'm sorry. Our Feng family isn't strict with our discipline. This has caused a junior to bully others..." Feng Baohua hurriedly said.

At this point, Feng Baohua turned to Feng Jiaqi and shouted, "Hurry up and apologize to Mr. Lin!"

Feng Jiaqi was so frightened that he trembled and knelt on the ground. He said in a trembling voice, "M-Mr. Lin, I'm sorry. It's all my fault. I was blinded by greed. I beg you... I beg you, please forgive me..." *nOVELnExt.com*

As he spoke, snot and tears flowed down his face.

Yesterday, after Feng Jiaqi returned to the Feng family, he was scolded badly. Some said that they were going to kidnap him and send him to the Zhou family.

Some said that they should break his four limbs to show the Feng family's sincerity.

Some said that he had to kneel in front of the Zhou family's door for three days and three nights.

...

Lin Fan looked at Feng Jiaqi's pitiful face and said, "Feng Jiaqi has learned his lesson. Let's forget about this matter."

Feng Jiaqi was so excited that he could not stop kowtowing. "Thank you, Mr. Lin, thank you."

"Thank you, Mr. Lin..." Feng Guohua also said.

Then, his gaze fell on Zhou Guotao.

"Little Brother Lin is kind-hearted, so he easily forgave you..." Zhou Guotao said. "However, I don't want something like this to happen again."

"Yes, yes, yes... I promise that this will never happen again," Feng Guo Hua replied repeatedly.

"Alright, you can go now," Zhou Guotao said.

Then, Zhou Guotao, Lin Fan, and the core members of the Zhou family sat in the living room and chatted.

At night, they had a sumptuous dinner together.

Lin Fan was undoubtedly the main character of the banquet.

Originally, the Zhou family wanted Lin Fan to stay.

However, Lin Fan realized that Xu Jingrou might still be waiting for him at home.

Hence, he tactfully declined.

...

When Lin Fan arrived at Unit 2104, Xu Jingrou had just taken a shower. There were still a few drops of water on her snow-white skin.

Under the illumination of the light, her skin was as translucent as jade, and the water droplets were as translucent as gems embedded on the surface.

Coupled with Xu Jingrou's voluptuous figure and exquisite facial features...

Her entire person was like a perfect piece of art. Lin Fan was stunned for a moment.

Xu Jingrou saw that Lin Fan was staring at her with his naked eyes. She blushed and said, "Why are you standing at the door? Why aren't you coming in?"

"Ah... Ah... Alright..." Lin Fan replied.

The moonlight was like a blanket, and the ground was like a bed.

....

It was a sleepless night.

....

The next day, the sky was bright.

When Lin Fan opened his eyes, Xu Jingrou had already changed and was about to leave.

When she saw that Lin Fan had woken up, she said, "Breakfast is on the table. I'm leaving."

After saying that, she hurriedly walked out.

Lin Fan smiled and shook his head. He looked at his phone.

[Notice from Merchant Bank: 7,598,000 yuan was deposited into your account.]

Then, Lin Fan turned his attention to the sign-in system.

"Sign in!"

[Ding! Congratulations, you've obtained ten units of Ocean Villa Lavie.]

Ocean Villa Lavie. Lin Fan was rather familiar with this name.

This was because he had seen this villa often when he was watching reels a while ago.

According to the reels, this was the most luxurious villa in the capital, and each one cost more than one billion yuan.

In addition, even if one had money, one might not be able to buy it. One had to have an extremely high status.

It was even rumored that when President Ma wanted to buy a villa, he did not succeed.

Now, he had directly obtained ten villas?

They were worth tens of billions?

It seemed... not bad.

Then, Lin Fan slowly got out of bed and leisurely ate the noodles on the table.
