

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 541 - 541 Game Continues; Tug-of-War!

541 Game Continues; Tug-of-War!

Under everyone's anticipation, the loud and clear voice finally sounded from the broadcast again.

"The second game is folding stars!"

Many people were stunned when they heard this.

Folding stars?

According to the TV show, should it not be a game that involved sugar cookies?

Why did it become folding stars?

How would they know that Lin Fan had specially instructed them to change it?

According to the TV show, one had to lick the sugar cookie with their tongue.

Lin Fan did not want to do that.

The voice on the broadcast did not care about the doubts of the crowd and continued, "Within five minutes, fold as many stars as you can and you can clear the level. For every star that is folded, you'll receive a reward of 200,000 yuan. The losers will receive a reward of 100,000 yuan."

As soon as he said this, the entire venue was instantly ignited with enthusiasm.

Everyone completely forgot that the second round did not involve sugar cookies.

200,000 yuan for every star folded!

It was simply a good opportunity to get rich!

Lin Xiaoyao, in particular, shouted excitedly, “Brother, that’s great. It’s folding stars!”

That was because she liked to fold stars when she was free at home. She was very skilled at it.

Lin Fan smiled and nodded.

...

The eyes of the audience outside the stadium turned red.

This was pure jealousy.

“Oh my god! It’s actually folding stars! I can fold one in two minutes... With five minutes... doesn’t that mean I can earn at least 400,000 yuan?!”

“When I was studying, I was bored every day and would fold stars!”

“Why wasn’t I chosen to participate in the game?”

“I regret not signing up!”

...

Amidst the crowd’s excitement and discussion, the masked men in red handed the colorful origami paper to the participants.

The voice on the broadcast said again, “The countdown for the second game, folding stars, begins now!”

10!

9!

8!

...

The numbers on the stage screen kept jumping.

2!

1!

With a soft sound, the players began to fold stars.

Someone once said that time was money.

At this moment, they had a deep understanding of it.

Those who did not know how to fold stars were standing by the side, secretly learning.

Those who knew how to do it would naturally be able to fold it successfully.

It looked simple, but when one really tried to do it, it was not that easy.

Of course, Lin Fan was not one of them.

Lin Fan did not fold the stars. He just watched Lin Xiaoyao's fingers move quickly. In just a minute, a star was folded.

"200,000!" she muttered.

Then, she hurriedly folded the second star.

Seeing this...

Lin Fan could not help but shake his head.

He had never folded stars before, but he had memorized Lin Xiaoyao's steps by scanning them with his skills.

His speed and skill even surpassed Lin Xiaoyao.

Lin Fan's first star only took about 40 seconds.

For his second star, the time was shortened to about 30 seconds!

Some people could learn it right away, while others could not.

It seemed like the steps were the same, but in the end, they realized that the stars were actually knotted.

Thus, they had to fold it again.

One mistake, two mistakes...

Five minutes passed.

“Time’s up, stop!”

A loud voice sounded from the broadcast.

Some people did not stop and continued to fold the stars.

The masked men in red raised their guns.

Immediately, the green clothes of the participants who did not fold even one star and those who did not stop folding even after the round ended had a touch of red paint on them.

Eliminated!

Nearly a hundred people were eliminated!

The losers’ faces were filled with sorrow.

The people who passed were filled with joy.

Then...

The phones in everyone’s pockets vibrated.

[Notice from Construction Bank: 200,000 yuan was deposited into your account.]

[Notice from Merchant Bank: 400,000 yuan was deposited into your account.]

[Notice from Merchant Bank: 100,000 yuan was deposited into your account.]

...

When everyone saw the text message, their faces were immediately filled with smiles.

After the losers left, the broadcast sounded again.

“The number of people who passed the second game is 268.

“Next, let me introduce the third game!”

Instantly, everyone became spirited again.

The two consecutive games earned the participants at least 400,000 yuan.

This made them realize the reality of the game.

No one would complain about having too much money. There was still 500 million in cash hanging above their heads!

“The third game is a tug-of-war!

“The two people closest to each other will form a tug-of-war team, and then the competition will be randomly assigned. The winners will clear the stage, and each person will receive a prize of 500,000 yuan! The losers will each receive 200,000 yuan.”

Hearing this, everyone’s hearts began to beat wildly.

In other words, they could at least get another 200,000 yuan!

Once they won, they would get 500,000 yuan!

Everyone hurriedly looked at the person standing beside them.

The strong men and weak women... revealed happy and depressed expressions respectively.

The masked men in red did not pay much attention to them. They took out blue and red number plates and handed them to everyone.

“Brother, can we get through this?” Lin Xiaoyao asked nervously.

After all, she was only a third-year high school student and did not have much strength.

She knew that Lin Fan had solved many difficult math problems, invented many amazing things, and even won the Nobel Prize... He was an amazing professor!

However, the more it was like this, the more it meant that Lin Fan did not have much time to train. He probably was not strong.

How could Lin Fan not understand the meaning behind her words? He smiled and patted her head. “Don’t worry, I can pass.”

One had to know...

He had drunk the Constitution Enhancement Potion several times, and it would not be an exaggeration to say that his current strength was superhuman.

Playing tug-of-war was a piece of cake for him.

Even if the opponent was 20 men, he could still easily win.

When Lin Xiaoyao heard this, her initial nervousness immediately disappeared and was replaced with confidence.

As long as Lin Fan said so, then it would definitely be the case!

The host’s voice rang out again.

“The participants of the tug-of-war will compete according to the blue and red numbers.”

Lin Xiaoyao and Lin Fan had the blue number 33.

After a while, a round-faced man and a tall, thin man walked over with a red number 33.

The number plate was the same, but the color was different!

They were Lin Fan and Lin Xiaoyao's tug-of-war opponents.

The round-faced man and the lanky man also noticed this.

They chuckled.

"We seem to be quite lucky."

"Yes, we are."

As they said this, their eyes flickered.

It was as if they could already see the victory of the tug-of-war round in their hands. They would successfully obtain 500,000 yuan!*novelNext.com*

Chapter 542 - 542 Last Round; Eliminated!

542 Last Round; Eliminated!

It was no wonder the round-faced man and the tall, thin man would have such thoughts.

Lin Fan looked more normal, but Lin Xiaoyao appeared very weak.

Their advantage was too great!

...

The audience outside the stadium started discussing again after hearing the rules and prize money of the tug-of-war game.

“As long as you win the tug-of-war, you can get 500,000 yuan! Why wasn’t I chosen?”

“500,000!”

“If I was chosen, I’d definitely get 500,000 yuan immediately...”

...

Amidst everyone’s discussion...

The host’s voice once again sounded loud and clear.

“All participants of the tug-of-war round from Team 1 to Team 10, please step forward!”

The players holding the respective numbers walked to the area that had already been marked.

They picked up the rope in pairs, their eyes filled with determination.

They had to win!

“The tug-of-war competition begins!”

The women who had always been soft, the old men who could fall at any time...

At this moment, it was as if all of them had endless strength. They pulled the ropes in their hands and kept pulling.

After relentless efforts, some people finally won.

They shouted excitedly.

Some people won, and some people lost.

Those who failed were immediately covered in red paint and eliminated!

Soon, it was Lin Fan and Lin Xiaoyao's turn.

Lin Xiaoyao stood on the competition field and gripped the rope tightly. Her palms were sweating.

Lin Fan looked at her nervous expression and could not help but laugh.
"Relax, we'll win soon."

At this moment, the voice from the broadcast sounded again.

"The tug-of-war competition begins!"

As soon as he finished speaking, Lin Fan and Lin Xiaoyao's opponents did not care if they were prepared or not. They pulled the rope with all their might without hesitation.

However, they were surprised to find that the other side was not moving at all.

One had to know...

At this moment, Lin Fan, who was standing in front, was only using one hand to pull the rope.

What was going on?

When Lin Fan was pulling the rope with one hand, he even turned around to look at Lin Xiaoyao, who was clenching her teeth and exerting her strength.

Seeing this...

Lin Fan pulled with his right hand.

In the next moment...

The round-faced man and the tall, thin man seemed to be dragged by a train. They were unable to resist at all and flew forward.

The match had ended!

The masked men in red standing at the side raised their guns at them.

Lin Xiaoyao was a little confused at first, but she quickly reacted.

She jumped into Lin Fan's arms and shouted excitedly, "Brother, we won!"

Lin Fan nodded. "Yes."

The tug-of-war took a relatively long time.

When it ended, the entire venue was obviously much more spacious.

"The number of people who cleared the third round is 134.

"The fourth round is also the last game of this event, Tentacles!"

When everyone heard this, their bodies all turned solemn.

It was the last round, which meant that they were only one step away from the 500 million prize money.

At this moment, everyone's hearts were beating wildly like drums.

"Randomly form a group of 13 or 14 people... There'll be a total of ten groups, and there'll be a stool in the middle of each group.

"After the tune ends, everyone must sit on the stool within one second of the first person sitting down. Otherwise, it'll be considered a failure. Take note, the first to sit will also fail.

"The losers will receive a prize of 300,000 yuan.

"For every successful attempt, the winner will receive a prize of 500,000 yuan.

"The game will go on until the final victor is decided!"

This time, there were more instructions than in the previous rounds.

Everyone's hearts beat faster and faster with every word the host said!

The masked men in red were very efficient. In a short while, 10 ordinary stools appeared on the field.

At the same time, they took out the translucent box meant for drawing lots. According to the lots, Lin Fan was placed in Group 2 and Lin Xiaoyao was placed in Group 5.

Without Lin Fan's company, Lin Xiaoyao felt uneasy. Lin Fan was extremely calm.

"Let the countdown for the fourth game begin!"

10!

9!*nOveLnext.cOm*

...

As the countdown sounded, the participants all discarded their thoughts and focused their gazes on the stool in the middle.

They only had one thought in mind, and that was to sit on the stool as soon as possible!

3!

2!

1!

Instantly, the lively music from the beginning appeared again.

"One, two, three, wooden figure."

In an instant, everyone seemed to have transformed into hungry wolves in the cold wind and pounced on the stool.

Each group's stool was quickly filled with people.

Lin Fan was one of the players sitting on the stool in Group 2. His body was very stable.

Lin Xiaoyao also sat on the stool for Group 5, but her body was a little shaky.

As for those who were late or could not sit on the stools, they were greeted with a wave of paint guns.

They were eliminated!

This time, almost half of the people were eliminated.

Hence, the groups merged into five groups.

Lin Fan looked at Lin Xiaoyao, who was extremely focused and serious, and wanted to laugh.

“One, two, three... Wooden figure!”

This time, the tune was obviously a little longer. Some were so anxious that they took the lead to sit on the stool, while others were a little behind, causing them to not be able to sit on the stool at all.

Lin Fan was one of the people who could not sit on the stool.

However, Lin Fan was not slow.

After all, there was no one in this world who could surpass him in terms of speed and reaction.

If Lin Fan wanted to, he could easily obtain the final victory.

However, there was no need.

The prize money was only a few hundred million yuan.

The reason why Lin Fan joined the game was to play with Lin Xiaoyao.

Now, he had played with her for so long. It was enough.

The masked men in red picked up their guns and shot out a wave of paint.

He was eliminated!

Lin Xiaoyao, who was sitting on the stool, quickly noticed the situation on Lin Fan's side.

“Brother, don’t worry. I’ll continue to play the game and win the final victory! You can go without worry.”

Lin Fan looked at her impassioned expression as if she was about to do something big. He could not help but let out a strange smile and said, “Alright, work hard.”

“But what do you mean by I can go without worry?”

Lin Xiaoyao did not pay attention to the rest of his words. Her eyes fell on the stool again, and she said seriously, “Alright!”

At this moment, there was only the game and the stool in her heart.

"One, two, three... Wooden figure!"

Everyone rushed toward the stool.

Relying on her petite figure, Lin Xiaoyao sat down almost immediately.

pandasnovel.com Some of the larger people were not so lucky.

This time, almost half of the people were eliminated.

It had to be said that Lin Xiaoyao was very serious about the game.

Every time, she would use all her strength and speed to sprint forward.

After a few rounds, she had not been eliminated.

At this moment, only Lin Xiaoyao and a man who was about 1.75 meters tall were left in the huge scene.

They allowed the sweat to flow down their foreheads, but their eyes were fixed on the stool without blinking.

The air... seemed to have become heavy.

The final victory would be between the two of them!

The audience standing outside the stadium also became nervous and began to discuss.

"Who do you think will win?"

"Of course, it's that man! A man's speed, reaction time, and endurance are better than a woman's. Moreover, that lady looks so young. She might even still be in high school, so she can't compare to a man."

"That's not necessarily true. I saw that girl's speed just now."

"If they win, they can get at least 500 million yuan!"

"500 million? I think they can get at least 600 million!"

As everyone said this, they could not help but look at the stadium with even more focus.

...

Lin Xiaoyao and the man in the stadium felt their hearts beating wildly.

"One, two, three... Wooden figure!"

Almost at the same time, Lin Xiaoyao and the man sat on the stool together.

They were evenly matched!

The two of them slowly stood up and looked at the stool again.

The round began again!

"One, two, three... Wooden figure!"

This time...

Perhaps because the man was too excited, he accidentally tripped.

Lin Xiaoyao seized the opportunity and sat on the stool.

The victor was decided!

"Yay!"

Lin Xiaoyao shouted happily.

In fact, not only was Lin Xiaoyao extremely excited, but the audience outside was also very excited.

"She won!"

"Didn't I say that the young lady stands a chance at winning?"

"That's amazing!"

... *noveLnExt.cOm*

At this moment, a loud voice sounded from the broadcast.

"Congratulations to this lady for obtaining the final victory. The prize money is 798,500,000 yuan!"

As soon as he said this, the entire stadium was in an uproar.

Lin Xiaoyao jumped up excitedly.

The man lying on the ground was filled with regret.

Almost, he almost... won 800 million yuan!

After receiving so much prize money, Lin Xiaoyao might have to face reporters. It would be very troublesome if she was surrounded...

However, at this moment, a luxurious private jet flew over from afar. It picked up Lin Xiaoyao and Lin Fan and sped off into the distance under everyone's gaze.

On the plane, Lin Xiaoyao was still extremely excited.

"Brother, I won! I earned 800 million yuan!"

When she said this, she could not help but dance.

Lin Fan looked at her happy face and smiled. "Yes, you did."

Then, Lin Xiaoyao threw herself into Lin Fan's arms and said, "Brother, thank you!"

In her opinion, the reason why Lin Fan spent one billion yuan to organize this game event was to make her happy.

It was great to have such a brother!

Lin Fan said, "What's there to thank between siblings?"

At this moment, a crisp notification rang out in Lin Fan's mind.

[Mission completed—host a large-scale Tentacle World event with more than 500 people and receive more than 80% positive comments from the participants. You've received five golden packets.]

Mission accomplished!

When Lin Fan heard this, the smile on his face widened.

...

After the event ended, the crowd in the stadium slowly dispersed after a long time.

On Weibo.

Satisfied: [Qing City's Tentacle World event is really awesome! Just like what was publicized on the internet, the prize money is a billion! I thought it was just a gimmick.]

Liked Chuzheng: [Placing 500 million in cash in a hot air balloon is simply too spectacular!]

Douban: [1,2,3, Wooden Figure, stacking stars, tug-of-war, Tentacles? As long as you complete any game, you'd receive at least 200,000 yuan! Heavens! Even if you don't win in the end, you still earned a few hundred thousand!]

Great Cool: [I actually forgot to sign up! It feels like I've missed out on hundreds of millions!]

On Duty: [I don't want the hundreds of millions in prize money. But I like to play all those games. So, when is the next game?]

Dusk and Night: [In the end, a girl actually got 790 million. I'm really envious.]

...

As more and more people joined the discussion, the popularity of Tentacle World's event quickly rose to the top of the hot topic list.

Then, the shares of Naifei Corporation rose by two points, and the shares of Penguin Group rose by one point.

According to the proportion of shares that Lin Fan held, Lin Fan's assets had increased by 44 billion!

In other words, Lin Fan's assets had increased by 86 billion after spending one billion on the event!

Of course, regarding these...

Lin Fan did not care at all.

Chapter 544 - 544 School Begins; Registration! (2)

544 School Begins; Registration! (2)

After returning home, he placed his attention directly on the golden packets.

“Open!”

[Ding! Congratulations, you’ve received 500,000 yuan.]

[Ding! Congratulations, you’ve received 100,000 yuan.]

[Ding! Congratulations, you’ve received 900,000 yuan.]

[Ding! Congratulations, you’ve obtained a one yuan critical hit card.]

[Ding! Congratulations, you’ve obtained the skill—Divine Shooting.]

Lin Fan ignored the first four golden packets and focused all his attention on Divine Shooting.

A skill!

It had been a long time.

It had been a long time since he had obtained a skill!

[Divine Shooting: You know the specific structure and usage of all firearms. Within the effective range of all firearms, you have a 100% accuracy. The more accurate the shot, the greater the charm!]

At the same time, countless complicated firearms knowledge appeared in Lin Fan's mind.

Seeing this...

Lin Fan's eyes lit up.

There was a time when he liked to watch gunfight movies.

The reason was that he felt that shooting firearms was very cool.

Who would not like to shoot?

He had also fantasized about becoming a sharpshooter.

Unexpectedly, it became a reality today.

...

In the blink of an eye, the summer vacation came to an end.

Lin Fan had been staying at home for the past two months.

This was the longest time Lin Fan had spent with his family ever since he started working. It was extremely heartwarming.

Today, Dai Weixue made a table full of dishes. The whole family ate happily and contentedly.

Then, under the gaze of Lin Tao and Dai Weixue, Lin Fan drove the Cullinan and Lin Xiaoyao toward Jiangbei University.

Tomorrow was the day of the new students' registration.

When she was at home, Lin Xiaoyao looked forward to going to Jiangbei as soon as possible every day to experience the good times of university.

The high school teachers had painted a beautiful picture of university.

However, when it was time to leave, she looked at the houses and streets outside the car window and felt very reluctant to leave.

“I’ll be in Jiangbei,” Lin Fan said.

“Yes, yes!” Lin Xiaoyao nodded vigorously.

Perhaps Lin Fan’s words had worked.

When the Cullinan drove onto the highway, Lin Xiaoyao’s face was full of smiles again.

She looked at the lush green trees outside the window and the sun hanging in the mountains. She said excitedly, “Brother, look... It’s so beautiful!”

“Yes, it is,” Lin Fan said.

“Brother, is university really easy and fun?” Lin Xiaoyao asked.

Lin Fan said, “It’s really easy. Whether it’s fun or not, I don’t know.”

Lin Fan was not lying.

That was because he had slept in almost every class when he was in university.

Moreover, he could skip classes and take leave whenever he wanted. If this was not relaxing, then what was?

Lin Xiaoyao said, “So what the teacher said was true.”

About an hour later, the Cullinan arrived at Jiangbei.

Lin Fan first brought Lin Xiaoyao to the supermarket and bought a lot of daily necessities.

Lin Xiaoyao almost bit her tongue, exclaiming from time to time.

Finally, the two of them arrived at the Coiling Dragon Villa.

The last time she came to the Coiling Dragon Villa, Lin Xiaoyao had only taken a look at the exterior.

Now that she was living here, she took a good look at the gorgeous decorations and luxurious furniture. It made her feel like she was in a palace, and she became the princess in the story.

Tonight, Lin Xiaoyao slept very comfortably.

...

The next day, the birds outside the window had already landed on the branches and let out a crisp cry.

“I ate a worm today.”

“I haven’t eaten yet...”

Lin Fan slowly opened his eyes and looked at his phone.

[Notice from Merchant Bank: 37,899,200 yuan was deposited into your account.]

Then, he turned his attention to the sign-in system.

“Sign in!”

[Ding! Congratulations, you’ve received ten million yuan.]

He got up.

Lin Xiaoyao was already sitting on the sofa in the living room.

When she saw Lin Fan, she smiled and said, “Brother, good morning!”

Lin Fan said, “Morning. How was your sleep yesterday?”

“It was very comfortable!” Lin Xiaoyao said seriously.

“Alright, then let’s go out and have some breakfast. Then, we’ll go to school,”

Lin Fan said.

“Alright,” Lin Xiaoyao replied.

...

It was peak hour.

Moreover, today was September 1st, the first day of school! The road was even more congested.

Therefore, they could have reached in 20 minutes, but Lin Fan spent close to an hour.

Generally speaking, the school gate would be the most prominent place during the new school year. They would hang banners there welcoming the new students.

This year, however...

There were many other banners hanging in the prominent positions.

[Congratulations to Professor Lin Fan for winning the Fields Medal!]

[Congratulations to Professor Lin Fan for winning the Nobel Prize in chemistry!]

[Congratulations to our school's Professor Lin for winning the Nobel Prize in medicine!]

...

Everyone looked up and saw banners congratulating Professor Lin Fan.

There was only a small banner in a corner that was hard to notice that read 'Welcome New Students!'

Regarding this...

Whether it was the seniors or the freshmen, none of them were unhappy.

On the contrary, their faces were filled with excitement and admiration!

It was an honor for their school to have a professor like Lin Fan!

Lin Xiaoyao exclaimed excitedly, "Brother, you're too awesome!"

Lin Fan rubbed his nose and said, "Go in and settle the admission procedures first."

Lin Xiaoyao picked up her phone and, like many others, took a few photos of the gate and banners before saying, "Alright."

No matter what, Lin Fan had been at Jiangbei University for nearly a year. Besides, he was also a professor at Jiangbei University...

Therefore, he was very familiar with the registration location and process.

After waiting in line for about ten minutes, it was almost their turn to register.

At this moment, a tall and thin man walked over and said with a smile, "Hello. I'm the head of the student council. I have something urgent to deal with later. Can I please cut in line?"

His tone was full of inquiry.

However, he did not even wait for Lin Fan to reply and immediately stood in front of him.

Lin Fan did not even lift his eyelids as he said, "No."

The tall and thin man was stunned on the spot.

He could not believe his ears.

In his opinion, as the head of the student council, who would reject him if he asked with such a good attitude?

The tall and thin man took a deep breath and said, "I'm the head of the student council. There's an important matter for the student council to deal with later..."

Lin Fan acted as if he did not hear him and continued walking forward, "Lil Yao, take out the notice."

“Alright,” Lin Xiaoyao replied.

Directly ignoring him?

The tall and thin man frowned. He was very unhappy, and his face was gloomy.

Normally, new students took an hour or two to complete the enrollment process.

However, Lin Fan only used 20 minutes to complete all the procedures. Then, he sent Lin Xiaoyao to the entrance of the female dormitory.

That was right.

Lin Xiaoyao was going to stay in the dormitory.

Generally speaking, all university students had to live on campus.

With Lin Fan’s special status in the school, he could make special arrangements for her.

Even so, Lin Xiaoyao still decided to stay in the dormitory.

Lin Fan did not object much.

He felt that sometimes living in school was not a bad thing.

After all, Lin Xiaoyao had grown up. She had to spend time alone with people from all over the world.

After Lin Fan was done with Lin Xiaoyao’s registration, he walked toward his office.

After all, he was a professor now.

He had not seen his students for two months. What if they encountered a problem?

He needed to help solve the problems.

At this moment, the student council president who was stopped from cutting the line earlier walked over from afar.

He looked at Lin Fan's figure, and his eyes moved.

Seeing that Lin Fan was about to leave, he quickly took out his phone and took a photo of Lin Fan's back.

"You won't let me cut the queue? Fine then!" He sneered.

As he spoke, he slowly opened his Moments and Weibo...*nOveLnext.cOm*

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 545 Ask And Answer

Man in the Wind: [On the first day of school, when I walked past the basketball court on the field, I saw a guy pick up a black wallet. After secretly stuffing it into his pocket, he hurriedly left. He wasn't wearing glasses and was wearing a gray T-shirt. He's about 180 meters tall. If someone dropped their wallet, get it back from this person. Back.jpg]*nOveLnext.cOm*

After Tang Yuan sent the message to his friends, he sent the same message to the class group, the grade group, and the school group, which caused a lot of discussion.

Second Brother Song: [Picking up a wallet and stuffing it into your pocket? There's actually such a person in this world?]

Chaos: [Man in the Wind seems to be the head of the student council, Tang Yuan. His words must be true. I'll keep an eye out for the guy.]

King: [I'll keep an eye out too.]

Poor Man: [So, it's Tang Yuan. Then his words are definitely true. He's the leader of our student union.]

Bear: [As expected of Tang Yuan. He's brave and full of a sense of justice. He exposes injustice directly when he sees it. Awesome!]

One, Two, Three, Wooden Figure: [This guy is really embarrassing Jiangbei University!]

Xue: [Embarrassing? This isn't just embarrassing! It's already a crime. If there was more than 2,000 yuan in the wallet, he could even be sentenced to theft! Tang Yuan, I suggest you call the police now and have them arrest him!]

As more and more people joined the discussion, Tang Yuan looked at everyone's insults toward Lin Fan and their flattery toward him. He felt like he was on cloud nine.

He liked this feeling very much.

Tang Yuan sneered in his heart, 'Kid, you didn't want to let me cut queue, huh? Let's see how doomed you'll be this time.'

At the same time, Tang Yuan's mind began to work.

Many internet celebrities suddenly became popular because of a certain matter.

If this worked, could he also become an internet celebrity?

In that case, he would not have to worry about food and clothing in the future.

Thinking of this, Tang Yuan's heart began to beat faster.

He opened Weibo and posted the same message online.

Then, he went to place an order and hired a group of internet trolls to repost and comment on it.

As one of the 10 top universities in the country, Jiangbei University had a certain level of popularity.

After Lin Fan joined Jiangbei University, he solved many math problems and won the Fields Medal. He also invented many high-tech products such as super batteries, the earthquake prediction device, carbon-based chips, and so on. After winning four Nobel Prizes, Jiangbei University became even more famous.

The place really attracted the attention and discussion of many people.

Later on, under the push of some people, the number of comments on Tang Yuan's Weibo post went from a few hundred to a few thousand. It later reached tens of thousands!

Finally, a headline appeared on Weibo: [The thief from Jiangbei University!]

This headline even climbed to the top of the trending searches.

Some people berated Lin Fan, some suggested calling the police, and some even came to Jiangbei University to find the man in the gray T-shirt!

...

Lin Fan did not care about any of this at all.

At this moment, he had already arrived at the office.

Most students would not be in the mood to study or read on the first and last day of school.

However, Xia Bing, Xia Xue, Hao Zhiwu, Nie Zhenjiang, and the others had already buried their heads in learning.

"Meow!"

Lil White, who was on Hao Zhiwu's shoulder, was the first to notice Lin Fan and let out a loud cry.

"Master, you're finally here!

"Master, I missed you so much!

"Master, can you give me something delicious?"

Lil White meowed as it came to Lin Fan's feet. It kept rubbing against him.

To be honest, Lin Fan missed not petting the cat for two months.

He bent down and rubbed it from its head to toe a few times.

Then, he picked up a bag of premium beef cat food and placed it on the ground.

Lil White stuffed its entire head into the cat food and began to eat.

It was super delicious!

At this moment, Hao Zhiwu felt his cat, Lil White, jump off his shoulder. He looked up and saw Lin Fan. He shouted excitedly, "Professor Lin!"

Then, everyone raised their heads.

"Professor Lin!" I think you should take a look at

They had not seen each other for two months. At this moment, everyone was very excited.

Firstly, it was because they missed Lin Fan.

Secondly, they were grateful to Lin Fan!

Gratitude?

That was right!

That was because before the summer break, all of the theses they wrote had successfully been published in top journals after Lin Fan's revision.

In other words...

Each of them was a top-tier author!

One had to know...

Many university professors did not even have their works published in a single top-tier publication!

This was definitely an incredible matter.

They understood that it was all Lin Fan's credit.

...

Xia Bing and Xia Xue took out two bottles of energy drink and handed them to Lin Fan.

Lin Fan nodded his head at them. Then, he took the energy drinks and drank a mouthful of each. "Did you encounter any problems in the past two months?"

In fact, he was just asking casually.

Usually, summer vacation was a good time for students to rest.

However...

Lin Fan's students were obviously not ordinary.

"Professor Lin, I've done some research on the nervous system, but there are still many things that I don't quite understand..." Hao Zhiwu was the first to speak.

As he spoke, he took out a stack of draft paper.

Every page of draft paper was filled with densely packed figures and characters, and there were also marks of different colors.

If it were an ordinary teacher, they would probably have a headache seeing so many draft papers.

However, Lin Fan did not care at all. He just looked at Hao Zhiwu with a slightly different expression.

Then, he picked up the papers and quickly flipped through the stack.

In about two minutes, Lin Fan had read through all the content and understood everything that was involved.

"You need to strengthen your neural connections and neurons. Also, there's a problem with your reaction here..."

"I see. Thank you, Professor!" Hao Zhiwu said.

At the same time, his admiration for Lin Fan grew.

He had only flipped through it a few times and already knew the problem. As expected of a professor!

Then, Jiang Chaoqun walked over with a stack of draft paper and asked questions.

Then, it was Liu Qianqian and Nie Zhenjiang...

Lin Fan spent about ten minutes answering their questions.

Then, his gaze fell on Xia Bing and Xia Xue.

"Have you encountered any questions that you can't answer?"

Xia Bing and Xia Xue's pretty faces instantly blushed. They nodded lightly and said, "Yes!"

After saying that, they took out a stack of draft paper.

Some people said that geniuses were a result of 99% sweat and 1% inspiration.

This sentence... Perhaps it was an exaggeration.

However, one thing was right.

Geniuses often worked harder than ordinary people.

Xia Bing, Xia Xue, Hao Zhiwu, Nie Zhenjiang, and the others were the best proof.

They came to the office early every day. Even though it was a leisurely summer vacation, they did not relax.

Chapter 546 - 546 They Are Talking Nonsense; Slandering!

546 They Are Talking Nonsense; Slandering!

On the first day, Hao Zhiwu, Nie Zhenjiang, Jiang Chaoqun, and the others asked questions, and Lin Fan kept answering them.

As the sun set, Lin Fan returned to the Coiling Dragon Villa after dinner. He sat on the soft sofa, sipping some Spirit Tea while admiring the scenery outside the window. He was extremely satisfied.

...

Now, it was the online world.

As the topic of 'Jiangbei University Thief' continued to rise in popularity, more and more people joined the crusade team.

Distant: [Taking without asking is a thief!]

Snowflake: [How can there be such a shameless person who steals someone else's wallet? Pah!]

Poor Man: [He's actually a student of Jiangbei University. There's still a long way to go for quality education!]

Feng Baobao: [Who's in Jiangbei University? Hurry up and find him!]

Flowers by the Sea: [Jiangbei University, when are you going to expel this student?]

Feng: [Only expulsion? That would be too easy for him! he must bear legal responsibility!]

...

Tang Yuan's Weibo followers also began to increase rapidly. From the initial 1,120 followers, it directly increased to 300,000 followers in one day!

He looked at the notifications on his phone, and his entire face broke into a smile.

He could already see himself becoming a super internet celebrity, driving a luxury car and wearing a luxury watch... No matter where she went, he would be greeted by countless fans screaming and asking him to take photos with them.

He did the right thing by posting this! *nOveLnext.cOm*

Many people on the internet asked Tang Yuan to call the police and arrest the thief.

He replied in a kind tone: [After all, it wasn't easy for him to get into Jiangbei University. I don't want to be too harsh. I should give others a chance.]

The reason why Tang Yuan replied like this was because he knew that Lin Fan did not steal the wallet. If they were to investigate and intervene, it might be disadvantageous to Tang Yuan if they found out anything.

Secondly, it was because he wanted to create a persona. A kind persona was more likable!

Sure enough, after he replied, his followers increased again.

However, he refused to call the police, so the enthusiastic netizens could not stand it anymore. Someone still called the police in the end.

Soon, the Jiangbei Investigation Department announced that they would be investigating the matter.

Some 'enthusiastic' netizens even tagged Jiangbei University, wanting to get a reply.

Jiangbei University did not want to reply to such a matter and only wanted to conduct a self-examination.

However, the issue was too big of a deal. Due to the pressure... they issued an announcement that night, saying that they would conduct a strict investigation and that they would publicly announce the follow-up.

...

In the male dormitory.

Jiang Chaoqun had been studying the entire day. After taking a cold shower, he sat on the bed and casually scrolled through his phone for a while.

When he saw the trending topic of 'Jiangbei University Thief,' he clicked on it out of curiosity.

After all, he was now a student at Jiangbei University.

“350 million views and 87,000 comments? Why are there so many people discussing it?” Jiang Chaoqun said in surprise. “Sigh, I’m afraid our school is going to be completely ruined by this thief.”

Then, Jiang Chaoqun looked down and his gaze fell on the back of the thief.

He frowned and muttered, “This back view and the clothes... It seems...”

Jiang Chaoqun pondered for a moment before opening the Take Off group chat and sending a message.

Jiang Chaoqun: [Have you seen the popular post on Weibo?]

The group chat consisted of Hao Zhiwu, Jiang Chaoqun, Nie Zhenjiang, Xia Bing, Xia Xue, Liu Qianqian—Lin Fan’s students.

Take Off... To everyone, as long as they could learn from Lin Fan, they would be able to take off one day.

Hao Zhiwu: [Weibo? If he had the time to look at that thing, wouldn’t it be nice to game instead?]

Nie Zhenjiang: [Is there any special news on Weibo?]

Liu Qianqian: [I didn’t expect there to be boys who like to use Weibo. I rarely use it.]

Jiang Chaoqun: [No. 1 trending search, Jiangbei University Thief.]

Then, he sent the link.

Xia Bing: [They’re talking nonsense!]

Xia Xue: [They’re talking nonsense!]

Xia Bing and Xia Xue recognized at a glance that the man was Lin Fan.

They obviously did not believe the insults online.

Liu Qianqian: [This back view is of Professor Lin... He would never steal someone else's wallet!]

After Liu Qianqian sent this message, the image of Lin Fan answering the difficult questions and throwing the basketball appeared in her mind.

Hao Zhiwu was speechless. These people were definitely slandering Professor Lin! What the f*ck?!

Nie Zhenjiang said, "We have to get this student named Tang Yuan to come forward and clarify things. Otherwise, Professor Lin will be affected."

They all knew how amazing Lin Fan was.

Just the bonus he received was enough to ensure he would not have to worry for a lifetime.

Why would he steal someone else's wallet?

How could he be a thief?

...

Xia Bing and Xia Xue did not continue to send messages to the Take Off group.

They hurriedly turned on the computer and started typing on the keyboard.

They wanted to clear Lin Fan's name!

Not long after, dense codes appeared on the computer screen.

Then, Tang Yuan's student status, exam results, school performance, class information, contact information, and so on appeared on the screen.

Even with the contact information, Xia Bing and Xia Xue did not directly clarify things.

There was no need!

Since the other party was slandering Lin Fan, he had to pay the price!

Their hands continued to move quickly on the keyboard.

Their roommate, Zhao Ni, took a sip of iced Coke and burped. She asked curiously, "Xia Bing, Xia Xue, what are you busy with?"

Xia Bing, Xia Xue, and Zhao Ni had a good relationship.

In the past, as long as Zhao Ni spoke, they would answer.

However, today, it was as if they did not hear her. Their fingers were still jumping on the keyboard.

Xia Bing and Xia Xue only wanted to clear Lin Fan's name as soon as possible and punish the slanderer!

A moment later, a video appeared on the screen.

It was the surveillance footage of Jiangbei University!

In the morning, students were registering. The entire campus was filled with students and it was very noisy.

Not long after, a tall and handsome figure appeared on the screen.

It was Lin Fan!

When Xia Bing and Xia Xue saw Lin Fan, their beautiful eyes seemed to flash with light and were extremely gentle.

Then, a tall and thin man appeared on the screen. It was Tang Yuan!

When Xia Bing and Xia Xue saw him, their beautiful eyes turned slightly cold.

Lin Fan walked in front, and the two of them did not have any contact.

Lin Fan did not pick up any wallet at all!

After Tang Yuan took a photo of Lin Fan, he sneered. It was over!

The truth was revealed!

This was a false accusation!

Chapter 547 - 547 The School's Self-Inspection; Announcement!

547 The School's Self-Inspection; Announcement!

The Song family.

The entire Song family also began to become busy. They were expanding the market and growth line.

Originally, the Song family wanted to wait for Song Jiaxin to graduate and open a random company for her to train.

Then, she would come to manage the entire Song Herbal Tea.

However, as the Song family became busier and busier... The Song family changed their decision.

Of course, the most important thing was that Song Jiaxin was Lin Fan's classmate. Moreover, their relationship was not ordinary.

In this situation, they had to give Song Jiaxin the power she needed as soon as possible.

As a result, on the first day of school, Song Jiaxin did not report to school as she was dealing with company matters.

Today, she dragged her tired body back to the villa at night and took an extremely comfortable hot bath.

Then, Song Jiaxin sat in front of the window sill, picked up her phone, and started to browse.

It was only at this time of the day that she had a little entertainment time of her own.

Tired and fulfilling!

Song Jiaxin opened Weibo out of habit.

Soon, her gaze fell on the top trending topic—Jiangbei University Thief.

Song Jiaxin frowned.

She was naturally disgusted by thieves.

She did not expect such a person to appear in her school.

With a hint of anger, she clicked on the topic.

In the next moment...

Song Jiaxin frowned even more.

With just a glance, she could confirm that this person was Lin Fan.

How was this possible?

Song Jiaxin instantly understood that this was a false accusation!

She had seen many similar things.

Most of the time, even if it was proven that the person was framed, the slanderers would only receive a little criticism.

Meanwhile, the victim would be deeply affected.

However, the other party actually dared to frame Lin Fan!?

Song Jiaxin's face instantly turned cold. She opened her contact list, found Black 001, and dialed the number.

The internet was one of the most important parts of any enterprise.

noVeLnExt.cOm

It involved important information such as accounts, operations, and planning.

Therefore, many large enterprises had their own hackers to stop and conquer their enemies.

Hacker 001 was Song Herbal Tea's most powerful hacker.

"Hello, Ms. Song." A slightly hoarse voice came from the phone.

Song Jiaxin said, "Help me investigate the surveillance cameras of Jiangbei University. I want footage that's related to the thief in Jiangbei University, as well as other related information!"

"Yes, please wait a moment," the hoarse voice said.

A moment later, a compressed file appeared on her computer desktop.

Song Jiaxin quickly felt relieved. It turned out that Tang Yuan and Lin Fan met for the first time at the registration office, and then they met for the second time at the field. That was where Tang Yuan took a photo...

Then, Tang Yuan first posted the message on his WeChat Moments before posting it on Weibo to frame Lin Fan. He even hired fake commenters.

The more Song Jiaxin read the information, the colder her expression became.

"How vicious! Hmph!"

Then, she dialed the number of the public relations department.

"Help me post a video and an article. I want it to enter the top of the trending list in the shortest time possible!"

“Got it!” A solemn tone came from the phone.

...

Director Huang of the Academic Affairs Office, Professor Wang of the School of Computer Science, Director Liu of the Security Department, and the others were all gathered together.

“Director Huang, the school’s surveillance footage is all here.”

“Thank you for your hard work,” said Director Huang.

Then, he said to the bald middle-aged man beside him, “Professor Wang, I’m sorry to trouble you.”

“It’s just a small matter,” said Professor Wang.

After saying that, he sat in front of the computer and prepared to copy the surveillance video.

At this moment, Professor Wang said, “Huh? The surveillance footage seems to have been hacked.”

“Someone has hacked in and forced me out.” Director Huang frowned slightly.

The location of this particular surveillance camera was not a private location.

However, it was also troublesome if the hacker was someone with evil intentions.

Director Liu obviously realized this and asked, “When was it hacked?”

“Today, just now...” Professor Wang said. “However, you don’t have to be too nervous. The other party only hacked into today’s surveillance cameras and only copied the footage.”

When Director Huang and Director Liu heard this, they both heaved a sigh of relief.

If it was just today, it should not have had too much of an impact.

Professor Wang did not say anything else. His hands were jumping on the keyboard.

Then, he quickly compared the back view of the thief from Jiangbei University with the surveillance footage.

It had to be said that knowledge had an extremely magical ability.

It would have taken hours to get the information.

In less than ten seconds, the front, side, and back of the man in the gray T-shirt and Tang Yuan appeared on the screen.

“I’ve already found out,” said Professor Wang.

Then, the three of them looked at the screen.

The next moment, Director Huang, Professor Wang, and Director Liu widened their eyes and shouted, “What?”

Lin Fan!

The thief Tang Yuan was talking about was Lin Fan?

“Nonsense!” Director Huang was the first to break out of her mouth. “Slander!”

“The moral values of the world are declining day by day, and the hearts of the people are no longer what they used to be! Does he think he can spout nonsense on the internet? That’s simply unreasonable!”

“How vicious!” Director Liu exclaimed.

According to their initial thoughts, after checking the surveillance video, even if they found out that the other party did not secretly pick up a wallet, they would find him and interrogate him in detail.

Now, there was no need!

It was completely unnecessary!

Who was Lin Fan?

He was a mathematician who had solved several unsolved mathematical problems, a super scholar who invented the earthquake prediction device, the carbon-based photolithographic machine, the super battery, and the human islet recovery drug!

This time, he even won the Fields Medal and four Nobel Prizes!

That was right!

He was enough to be called a great existence!

Now, someone actually said that he was a thief?

How was this possible?

“Director Huang, I think the school must handle this matter properly. Otherwise, I’m afraid a great scholar like Professor Lin will be wronged!” Professor Wang said seriously.

“I’ll report this to the school now and deal with this matter in the strictest and swiftest way possible. I’ll try my best to reduce the grievances Professor Lin has suffered!” Director Huang said solemnly.

That night, the chancellor, vice-chancellor, director of academic affairs, director of education, and many other high-ranking officials of Jiangbei University held an emergency meeting.

Generally speaking, in order to ensure the accuracy of the information, it would take at least three days of investigation before it was announced.

However...

Before dawn the next day, Jiangbei University started behaving strangely... They released an investigation notice regarding the thief at Jiangbei University.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 548 - 548 News from All Sides; Results!

548 News from All Sides; Results!

On Weibo.

The topic of Jiangbei University's thief was still brewing.

More and more people joined the discussion.

Everyone's emotions kept climbing.

They kept praising Tang Yuan.

There were even signs that the thief would be expelled immediately.

At this moment, a trending topic suddenly appeared on Weibo: [Nonsense!]

Bing: [Tang Yuan's talking nonsense! video.mp4]

Xue: [Tang Yuan's talking nonsense! video.mp4]

These were Xia Bing and Xia Xue's newly registered accounts.

They were posts by new accounts, so how could they get any popularity?

However, their thoughts were that they had to let more people know that Lin Fan had been wronged!

Therefore, they used their own network technology to push the topic to the trending list.

This attracted a few comments.

Chaos: [F*ck! Tang Yuan's spouting nonsense? He's framing someone?]

Tian: [Framing? Commenter, why don't you take a look at the situation first? There are only a few comments, but it became a trending topic. Isn't that strange?]

The Charm of Nowhere: [That's disgusting! The thief must have paid for this post! Moreover, he's buying traffic! He even used two newly registered accounts to make these posts! Pah! Do you think that this will make everyone deny what you've done? Impossible!]

Flower: [Thief, I advise you to quickly go to jail and stop resisting!]

Comparing Heart: [Shameless thief! You actually blurred your face in the video. Since you're taking things this far, then show your face! Are you afraid? You have a guilty conscience, huh? Pah!]

Did not show his face?

That was right!

Xia Bing and Xia Xue indeed did not reveal Lin Fan's face.

That was because they had been observing Lin Fan's information every day.

Gradually, Xia Bing and Xia Xue realized that Lin Fan did not like to be exposed on the internet. As a result, even though he had achieved such huge achievements, there was not a single photo of him on the internet.

In addition, Xia Bing and Xia Xue did not want to cause Lin Fan any negative effects.

What Xia Bing and Xia Xue did not know was that the video could be posted only because they had blurred Lin Fan's face.

Otherwise, their video would not have appeared on the internet.

That was because Lin Fan had the super smart watch, Lil White, which was always carrying out Lin Fan's orders. As long as any videos or photos of him appeared on the internet, they would be deleted immediately.

At this moment, the internet was attacking Lin Fan.

Even if Xia Bing and Xia Xue pushed the topic to the hot searches and even if there was video evidence, it was useless.

However, not long after...

Jiangbei News, Weibo News, Daily News, Hot News, and other major media outlets released the news at the same time.

[The Slander at Jiangbei University!]

The news released the surveillance footage of Lin Fan and Tang Yuan.

Then, they analyzed and summarized all the details, including how Tang Yuan had hired commenters. The content was clear and understandable.

Initially, after a day since the news broke, the people on the internet were boiling with excitement over the thief at Jiangbei University.

When they saw the new update, they immediately felt as if they had been doused with cold water.

Everyone calmed down again.

Lin Zi: [We seem to have been used?]

Huanhuan: [This...]

Ling Bo Qiu Tang: [What's the real situation?]

Zhou Yan: [Why do I still feel that something is not right? This news article is all analysis and reasoning. In the end, it's all speculation! If they wanted to report on this, they should also investigate it, right? At the very least, the outcome should be reported by the official department of Jiangbei University, right?]

No Sugar in Coffee: [The commenter above is right! The entire thing was strange! I suspect that the thief might have hired these verified accounts!

[I'll analyze it here!

[This thief might be a young master of a large consortium. The reason why he did such a thing might be because of some special hobby!]

Cheng Cheng Cheng: [That's impossible, right? These accounts seem to be official accounts.]

...

This was done by Song Jiaxin.

Even though she could not completely convince everyone, it made some people less radical.

...

While everyone was discussing, Jiangbei University's official website also released an announcement.

Jiangbei University: [An announcement regarding the theft case at our school. Our school has attached great importance to this incident. After careful investigation, we're now responding to the process and results of the incident.

[This incident started when Tang Yuan wanted to cut the queue. After the other party refused, Tang Yuan seemed to harbor hatred for the other party.

[Therefore, when they met again, Mr. Tang took a photo and took revenge.

[Later, because Tang Yuan wanted to use this opportunity to create a hot topic and become famous as an internet celebrity, he deliberately made a big deal out of the incident.

[Therefore, this incident has nothing to do with the man in the photo.

[The school has decided to give Tang Yuan a major demerit and put him on probation for framing someone.

[We hope all students will take this as a warning!

[Finally, we would like to thank everyone for paying attention to Jiangbei University.]

This announcement quickly attracted the attention and comments of countless people.

Fang Yuan: [Terrifying! It's really a false accusation! Isn't that too vile?]

Dazhuang's Mother: [I was praising Tang Yuan so much, but he actually framed someone else!]

Watermelon: [He took revenge because the other party didn't let him cut the queue? He's too evil.] *nOVELNext.com*

Windy People: [This is too disgusting. Also, I hate it when people cut in line!]

Frosty: [Jiangbei University's investigation is so fast this time, but is it true?]

...

Soon after, the Jiangbei Police Department also issued a similar announcement.

The Jiangbei Police Department: [After investigation, we can confirm that Tang Yuan did frame someone else.

[However, the police were not called for this.

[Now, Mr. Tang should publicly apologize to the other party on the internet.]

...

Soon, the post received many comments.

MMM: [So he really framed another person!]

Shallow Smile: [Winning public sympathy and wasting public resources!]

Lan Lingling: [If what some people said is true and that the thief is the young master of a big corporation... It's terrifying to think about it!]

Wenwen: [Terrifying!]

...

Even though many major media outlets, Jiangbei University, and the Jiangbei Police Department had released news and announcements, they still did not gain everyone's trust.

That was until midnight!

The Nation Daily posted on Weibo.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 549 Meeting Li Xinyue Again; Introduction!

Nation Daily: [Defamation and slander are both crimes! Recently, Tang Yuan from Jiangbei University has been using the internet to slander others. Little did he know that he's already embarked on the path of crime! I hope everyone will take this as a warning!]

This article was not long.

However, it made everyone believe that Tang Yuan was framing Lin Fan!

This was the Nation Daily!

It was the fairest and most loyal news outlet!

Li Ruo: [So that's how it is. I was almost deceived by Tang Yuan.]

Chen Niannian: [I hope that this matter can be dealt with seriously to prevent such things from happening again.]

Xu Yue: [He took advantage of everyone's sympathy. This kind of person is very despicable.]

Qiankun Tianxia: [I saw someone say something. The person who's framed is a rich second-generation heir. He's delusional, right?]

The Wind Blows Over: [If he's committed a crime, the Jiangbei Police Department and Jiangbei University can't let him off so easily!]

Love You for Ten Thousand Years: [Severe punishment!]

Wood-Type: [Yeah, severe punishment!]

...

It was nighttime.

Tang Yuan looked at his increasing number of followers and smiled widely.

However, before he could smile for long, he was called to the meeting room by the leaders of Jiangbei University.

There, he saw the professor, the director, the dean... Even the chancellor!

Tang Yuan had always thought that he would not be ordinary in the future. He would either become a senior official of a listed company or a big internet celebrity!

However, when he saw so many leaders, he could not help but be at a loss.

It was very stressful to answer questions in front of so many leaders.

In addition to the professional and strict review, as well as the concrete evidence...

Not long after, Tang Yuan told them everything.

Therefore, Jiangbei University punished Tang Yuan that day.

According to the chancellor and the others, the impact of this incident was very bad.

If Tang Yuan did not admit his mistake, he would be expelled.

This was not the end!

Tang Yuan had just returned to his dormitory when two police officers rushed over.

"Hello, are you Mr. Tang? You're suspected of slandering others. Please come with us."

On the first day of school, Tang Yuan was given a major demerit and was kept on probation.

Furthermore, he had to spend the entire night at the police station...

He became extremely haggard, and his heart was filled with endless regret.

...

Lin Fan was completely oblivious to all of this.

Of course, even if he knew, he would not care.

The next day, he arrived at Jiangbei University as usual.

Last night, Xia Bing and Xia Xue already knew what had happened to Tang Yuan. They were very happy and constantly smiling.

They had some involvement in yesterday's incident.

This made them feel like they had helped Lin Fan, so they were very happy.

A few days passed in a flash.

In the blink of an eye, it was Saturday.

During the summer break, Lin Fan stayed at home in Qing City. It was very warm and comfortable.

However, it lacked the bustling experience of a big city.

After breakfast, Lin Fan went to the financial street of Jiangbei. He looked at the tall buildings on both sides of the road and experienced the bustling city that he had not seen in a long time.

...

Today, Wang Tong and Li Xinyue went shopping on the financial street.

Originally, Li Xinyue did not want to go out.

However, since Wang Tong had invited her again and again, Li Xinyue could not keep refusing.

After all, the two of them were roommates, after all. It would not be good if their relationship was too strained.

On the second day of school, under Wang Tong's suggestion, four of them held a dinner party.

Wang Tong happened to run into her boyfriend and his two friends.

Hence, they decided to eat together.

After that, Wang Tong often praised one of the men called Tan Jiayou in front of Li Xinyue.

It was said his family's assets were close to 100 million yuan, he lived in a big villa, drove a supercar, and so on.

She even asked Li Xinyue what she thought of him.

Li Xinyue was not a child who did not know anything.

She naturally understood what Wang Tong meant.

The other party wanted to matchmake her and Tan Jiayou.

Hence, Li Xinyue said straightforwardly, "I have someone I like."

At this point...

Wang Tong stopped talking about such topics.

Today, after Wang Tong's invitation, Li Xinyue agreed to go shopping together. She did not expect to meet Tan Jiayou, who was dressed in a suit.

It was a coincidence.

Two coincidences.

How could there be so many coincidences in this world?

Li Xinyue was not happy, but she did not want to say anything.

However, Tan Jiayou was like a mangy dog, sticking close to her and constantly looking for a topic to talk about.

This annoyed Li Xinyue, and she frowned. Just as she was about to find an excuse to leave, she looked up and saw a tall and handsome figure.

It was Lin Fan!

At this moment, Li Xinyue's brows instantly relaxed. Her face was very pretty, and now it looked extremely brilliant.

When Lin Fan invited Chief Physician Li to treat Li Xinyue's father who was suffering from a tumor, Li Xinyue's heart went through many changes.

At first, she was grateful. But as time passed, Lin Fan seemed to occupy a bigger position in her heart.

When Li Xinyue was alone, the image of Lin Fan chatting with her father would often appear in her mind. The image of Lin Fan smiling, the image of Lin Fan opening the door...

Gradually, Li Xinyue knew that she had fallen in love with Lin Fan.

She wanted to be with Lin Fan forever.

It was this mentality that made Li Xinyue study hard last semester. In the end, she entered Jiangbei University with excellent results.

Ever since she came to Jiangbei University, Li Xinyue had been looking forward to meeting him.

Today, it finally became a reality!

Li Xinyue called out in a trembling voice, "Brother Lin!" *noVelnexT.com*

Lin Fan smiled and said, "Xinyue."

Then, Li Xinyue ignored Tan Jiayou who was nagging and ran toward Lin Fan.

During the college entrance exam, Lin Fan realized that Li Xinyue had already become slim and graceful.

After the summer break, Lin Fan realized that Li Xinyue's face, waist, and thighs had not changed. However, her neck had elongated.

"You're at Jiangbei University?" Lin Fan asked.

"Yes, yes!" Li Xinyue nodded her head vigorously. As she spoke, her beautiful eyes shone with a brilliant light. Her entire face was flushed red with excitement.

Tan Jiayou's face darkened when he saw this.

Wang Tong, who was beside him, asked, "Xinyue, is this your friend? Why didn't you introduce us?"

After a pause, she said, "Hello, I'm Wang Tong from Xinyue's university."

"This is my boyfriend's friend, Tan Jiayou."

As she introduced him, her eyes were sizing him up.

Lin Fan said, "Hello, I'm Lin Fan. I'm Xinyue's senior from high school."

Even though Lin Fan didn't like this kind of scrutiny, the other party was Li Xinyue's friend after all. He could not make things too ugly.

RICHEST MAN: GETTING 7 BILLION RED POCKETS TO START WITH

Chapter 550 - 550 Promotion; Doing Business!

550 Promotion; Doing Business!

Wang Tong believed that she had a pair of sharp eyes that could see through men. She could easily discover a man's financial status.

Then, she looked at his clothes.

Finally, she looked at his shoes.

The poor played with cars, the rich played with watches.

As long as a man had some money, especially a young man, he would definitely wear a luxury model watch! Not to mention the likes of Patrick Philippe, Vacheron Constantin, and Rolex... At the very least, it should be a Longines, right?

Lin Fan was wearing an electronic watch!

How ridiculous!

He was not afraid of losing face!

Wang Tong did not know that Lin Fan had dozens of watches worth millions of yuan, such as Vacheron Constantin watches and Patek Philippe watches!

However, Lin Fan did not wear any of them because those watches could only tell the time.

How could it compare to a super smart watch?

...

Clothes made the man.

Clothes represented a man's taste.

In Wang Tong's opinion, taste was equivalent to big brands!

Rich men should wear LV, Prada, Armani...

If it was sportswear, it would at least be Nike or Adidas, right?

But what about Lin Fan?

He did not wear any branded items. *nOVelNext.com*

He probably got his outfit from street stalls!

Naturally, she did not know about it!

In Wang Tong's opinion, any man with a little money had to at least have good shoes!

Even if he did not wear Gucci, Hermes, LV... At the very least, he should wear Chanel, right?

What about Lin Fan?

His shoes were not branded!

It was probably another street stall item!

Wang Tong did not know that the shoes were also custom-made for him.

However, this time, they were designed by Gucci's famous designer, Harston.

After all, Lin Fan was a shareholder of both LV and Gucci!

LV had sent a professional designer, so how could Gucci dare to fall behind?

...

Wang Tong was completely unaware of all of this.

However, in her eyes, she had already seen through everything about Lin Fan.

He was a loser!

Wang Tong rolled her eyes and laughed disdainfully. "So you're Xinyue's senior from high school..."

"Mr. Lin, are you working in Jiangbei?"

Lin Fan said, "You can say so."

This sentence was partly perfunctory and partly true.

This was because he had the largest shares in companies such as Xiao Wu Wholesale City and Yinshan Group.

Even though he only took the dividends, he was also holding onto the title of director of these companies. It could be considered as working.

Li Xinyue looked at Lin Fan curiously.

Was Brother Lin not studying at Jiangbei University?

Why was he working now?

“Then today is a good opportunity!” Wang Tong said with a smile.

“You might not know, but Mr. Tan Jiayou next to me is the young master of the famous Waffle Corporation. As long as you build a good relationship with him, there’ll definitely be no problem for you to be promoted and get a raise in the future!

“Oh right, Jiayou, is your family’s Waffle Corporation going public soon?”

First, she mentioned the young master, then the listed company, which raised Tan Jiayou to a very high position.

Promotion and raise?

Li Xinyue blinked her big eyes and remained silent.

She knew that Lin Fan had a supercar and that he could easily look for the association director, Li Quan.

He even took out a very magical potion that instantly cured her father’s injuries.

Everything showed that Lin Fan did not lack money at all.

Tan Jiayou raised his head and pretended to be casual. “Three years at the latest. Waffle Corporation is already in the process of an IPO.”

Wang Tong immediately opened her mouth wide and praised, “This is too amazing!”

This praise came from Wang Tong’s heart.

She knew very well what going public meant.

It was also possible for his net worth to increase by a hundred times in an instant!

Tan Jiayou still looked like he did not care, but his neck was raised even more.

“Actually, I don’t really care about my family’s company.

“I want to achieve something with my own abilities. That’s why I joined Maple Leaf Ventures. Now, I have some achievements and is a department manager at Maple Leaf Ventures.”

“Not only do you have a good family background, but you’re also so capable!” Wang Tong praised again. “Jiayou, you’re too amazing!”

As she spoke, her eyes seemed to flash with light, and she seemed to have transformed into a fangirl.

“I’m just a manager. It’s not a big deal. I have to become a partner first.”

Although Tan Jiayou said that, he could not help but reveal a smug look on his face.

He was that powerful!

Tan Jiayou was lost in the praises. Perhaps even he had forgotten that his family was only fantasizing about going public in three years.

It was still unknown when the company would be listed, or whether it would have a chance to be listed.

As for the position of department manager of Maple Leaf Ventures, he did not get it based on his ability at all. It was directly obtained through his family’s connections.

After Tan Jiayou was pleased with himself, he seemed to realize that Li Xinyue’s senior, Lin Fan, was still beside him.

He glanced at Lin Fan and said, “Mr. Lin, you’re Xinyue’s senior, so you’re my friend. If your work isn’t going well, you can come to my family’s company. I’ll give you twice the salary of your previous company!”

Double the salary?

Lin Fan's expression turned weird.

One had to know...

In addition to the dividends from companies such as Xiao Wu Wholesale City and Yinshan Group, these companies also specially prepared tens of millions of yuan for his annual salary.

Double the salary?

It was probably 100 billion, right?

Did Waffle Corporation have an annual profit of 100 million?

Tan Jiayou did not wait for Lin Fan's reply and said, "Of course, if you don't want to work and want to do business, I can also get Maple Leaf Ventures to get you an investment or something."

Lin Fan smiled, "Really? I do want to do business."

"No problem! How much investment do you need?" Tan Jiayou asked.

Lin Fan said, "Let's test the waters first..."

As he spoke, he extended a finger.

Test the waters?

How much could this be?

10,000?

100,000?

Not to mention the venture capital company, even Tan Jiayou himself could fork out that money.

He immediately said, "Don't worry. As long as you want it, I can give you the money immediately!"

At this moment, a Lamborghini roared like a ferocious beast and sped over from afar.

When it passed by Lin Fan, the driver stepped on the brakes and stopped beside him.

Then, a man in a checkered shirt quickly got out of the car.

He called out in an extremely excited and respectful voice, "Brother Lin Fan, what a coincidence. I didn't expect to meet you here!"

As soon as he said that, the entire scene suddenly fell silent.
